LINDA LINGLE

A BILL FOR AN ACT

RELATING TO CANCER.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Hawaii breast
2 and cervical cancer control program was established in 1997 to
3 provide breast and cervical cancer screening. Since that time,
4 the Hawaii breast and cervical cancer control program,
5 administered by the department of health, and the breast and
6 cervical cancer treatment program, administered by the
7 department of human services, have worked together to help
8 screen and treat women in Hawaii for breast and cervical cancer.
9 Chapter 346, Hawaii Revised Statutes, was amended in 2001
10 to provide for a breast and cervical cancer treatment program to
11 be administered by the department of human services for women
12 who are not eligible for federally-funded medicaid coverage as
13 provided by the Breast and Cervical Cancer Prevention and
14 Treatment Act of 2000. In addition to treatment, breast and
15 cervical cancer screening, education, and outreach are important
16 services in promoting women's health.

1 The purpose of this Act is to reach more women who are
2 eligible to be screened for breast and cervical cancers by:

3 (1) Requiring the department of human services to
4 collaborate with the department of health to assist
5 with breast and cervical cancer screening, education,
6 and outreach; and

7 (2) Transferring \$150,000 from the department of human
8 services to the department of health for cervical and
9 breast cancer screening, education, and outreach.

20 cervical cancer control program, but who are not eligible for
21 federally-funded medicaid coverage as provided by the Breast and
22 Cervical Cancer Prevention and Treatment Act of 2000.

1 (b) Under the comprehensive breast and cervical cancer
2 ~~[treatment]~~ control program, the department of human services
3 shall provide state-funded medical assistance, as appropriated
4 by the legislature, to women who are diagnosed with breast or
5 cervical cancer through the Hawaii ~~[Breast and Cervical Cancer~~
6 ~~Control Program,]~~ comprehensive breast and cervical cancer
7 control program, but who are not eligible for federal medicaid
8 coverage; provided that the person either:

9 (1) Is a resident alien of Hawaii who is not eligible for
10 medicaid; or

11 (2) Would be eligible under medicaid except that the
12 person has health care coverage that specifically does
13 not provide coverage for cancer treatment.

14 (c) The department of health shall work collaboratively
15 with the department of human services to assist in and support
16 the screening, education, and outreach process regardless of a
17 woman's eligibility for medicaid coverage.

18 (d) Under the comprehensive breast and cervical cancer
19 control program, the department of health shall provide state-
20 funded medical assistance, as funded by the legislature, to:

21 (1) Screen women for breast and cervical cancer;

- 1 (2) Educate women regarding the risks associated with
2 breast and cervical cancer; and
- 3 (3) Provide outreach to women who are at risk for breast
4 and cervical cancer."

5 SECTION 3. Of the funds appropriated out of the general
6 revenues of the State of Hawaii to the department of human
7 services in Act 213, Session Laws of Hawaii 2007, for the
8 comprehensive breast and cervical cancer control program,
9 pursuant to section 346-59.2, Hawaii Revised Statutes, the sum
10 of \$150,000 or so much thereof as may be necessary for fiscal
11 year 2008-2009 for cervical and breast cancer screening,
12 education, and outreach shall be transferred to the department
13 of health for the purposes specified under this Act.

14 SECTION 4. The department of health and the department of
15 human services shall submit an annual report to the legislature
16 no later than twenty days prior to the convening of each regular
17 session on the expenditure of all funds for the comprehensive
18 breast and cervical cancer control program.
