# A BILL FOR AN ACT

RELATING TO GASOLINE DEALERS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1 SECTION 1. For decades, published gasoline prices always  
2 contained a fraction of a cent. Years ago, when gasoline was  
3 twenty cents a gallon, this fraction of a cent made some  
4 marketing sense. Today, with gasoline prices hovering at times  
5 near \$3 per gallon, adding a fraction of a cent to the price  
6 makes no sense, but remains a marketing anachronism.

7 The purpose of this Act is to prohibit the marketing of  
8 gasoline with prices containing a fraction of a cent.

9 SECTION 2. Chapter 486H, Hawaii Revised Statutes, is  
10 amended by adding a new section to be appropriately designated  
11 and to read as follows:

12 "§486H- Gasoline pricing. No gasoline dealer shall set  
13 the retail price of gasoline with a price containing a fraction  
14 of a cent."

15 SECTION 3. New statutory material is underscored.

16 SECTION 4. This Act shall take effect July 1, 2007.
