## STATE OF HAWAI'I

## DEPARTMENT OF EDUCATION

P.O. BOX 2360 HONOLULU, HAWAI'I 96804

OFFICE OF THE SUPERINTENDENT

January 14, 2008

The Honorable Colleen Hanabusa, President and Members of the Senate State Capitol, Room 409 Honolulu, Hawaii 96813

Dear Madam President and Members of the Senate:

Subject: Department of Education List of Capital Improvements Program Projects

Attached is a list identifying Capital Improvements Program projects needed by Department of Education (DOE) schools.

The DOE's primary goal is to have the projects in our fiscal year 2009 supplemental budget request funded (see attached budget request). Beyond that, should the need to identify additional legislative add-on projects arise, we request that they be selected from the attached list. As you are aware, funding falls far short of what schools actually need, and we believe our schools can get maximum benefit from available funds if legislative add-on appropriations are focused on these projects.

Thank you for your consideration. If you have any questions, please Sanford Beppu of the Facilities Development Branch at 377-8301.

Very truly yours,

Patricia Hamamoto Superintendent
