Keeping Medicare Fee-for-Service Providers Informed through E-mail

Let CMS keep you up-to-date!

In the fast-paced, ever-changing world in which we live, it's all too easy to find yourself inundated with information. The Centers for Medicare & Medicaid Services (CMS) offers a way for you to receive consistent and accurate information regarding recent news, policy changes, and updates: **CMS Mailing Lists**. Also referred to as listservs, these electronic mailing lists enable you to receive e-mails about the latest CMS Fee-for-Service (FFS) initiatives. All that is required to subscribe is your name and a valid e-mail address, and you can start receiving electronic updates automatically!
