# **UnitedHealthcare Options**

a Preferred Provider Organization (PPO)

Fall/Winter 2007

FWPPO30-587

# Welcome!

We're glad you have chosen UnitedHealthcare for your health coverage. We want to help you take control and make the most of your health care benefits. Here are a few suggestions and reminders to help you get started.

It is important that every individual establish a relationship with a physician to facilitate easier access to care, should the need arise. Establishing a relationship has proven to improve access to care when you do need it and help promote continuity in your health care.

Remember that your choice of a physician or other health care professional is your own. We will provide you with information to help you make informed choices, such as physicians' and health care professionals' credentials, range of services offered, fees they charge and performance on quality measures and surveys. But, this information is not an endorsement of a particular physician or health care professional's suitability for your needs.

Typically, you will have lower out-of-pocket expenses by visiting a physician or health care professional who participates in our network. These physicians and health care professionals have contracted with us to provide financial discounts and participate in programs that may facilitate and enhance your health care experience. You can find the most up-to-date information about participating network physicians and health care professionals by consulting our online directory at **www.myuhc.com.** 

# This is Your UnitedHealthcare Directory of Physicians and Health Care Professionals

This directory lists physicians and other health care professionals, hospitals and clinics — that offer services to UnitedHealthcare customers enrolled in our Options PPO health plan.

Our network is always evolving, so once you've chosen the doctor, other health care professional or hospital you'd like to visit, we recommend you go online to www.myuhc.com. Here, you will find the most up to date information about participating network physicians and health care professionals, including credentials, maps and directions, comparisons of hospitals based on quality of care, and various other resources designed to help you make informed decisions about your medical care. Since frequent updates are made to myuhc.com, you'll also find physicians and other health care professionals who have recently joined the network, but are not yet listed in this directory. If you do not have access to the Internet, or to verify any doctor or hospital's participation in the network, you can call Customer Care at the toll-free number shown on your UnitedHealthcare ID card.

This directory also contains information about the hospital admitting privileges that each network doctor enjoys and it identifies which of the network physicians are multilingual.

Please note that the purpose of this directory isn't to provide you with information about your policy. For information about your health care coverage, and to help you make the most of it, please refer to your Certificate of Coverage, Summary Plan Description or go to www.myuhc.com.

# You Make the Decisions

When it comes to medical treatment, UnitedHealthcare keeps the decision making where it belongs — in the hands of patients and their doctors. As part of our innovative approach to health care coverage, we've dramatically reduced the number of procedures that require doctors or other health care professionals to notify us in advance. That means in most cases, once you and your doctor decide on a course of treatment, you can simply proceed.

# First Things First — Choose Your Doctor

Once you've enrolled as a UnitedHealthcare Options PPO customer, you may select a physician — the doctor you will see for checkups and preventive health care. You can locate physicians in our network by using "Find a Physician" at www.myuhc.com. Some doctors in our network may not be accepting new patients. So to make sure that the physician you select is accepting new patients, please contact his or her office directly.

You can choose any physician in our network without a referral. This is called Open Access — it gives you the freedom to make your own health care choices. If you have family members who are covered by your policy, they can either see your doctor or choose their own. Individuals enrolled in UnitedHealthcare Options PPO have the additional option of selecting a doctor outside our physician and health care professional network, but at a somewhat higher out-of-pocket cost.

It is important to note that you benefit by choosing physicians in our network. They submit claims on your behalf and they offer discounts on the services they provide to you. As a result, your benefit dollars go further and you don't have to worry about filing claims. They receive direct reimbursement for covered services from UnitedHealthcare. You are responsible for applicable copayment, deductibles, coinsurance and charges for non-covered services, either at the time of service or when you receive a bill - depending on your physician's payment policies.

Remember that your choice of a physician or other health care professional is your own. The information provided in this directory is not an endorsement of a particular physician or health care professional's suitability for your needs.

# **Common Types of Physicians:**

Family practitioners and general practitioners are doctors who provide a broad range of medical care for all family members.

**Internists, or internal medicine physicians** specialize in the diagnosis and treatment of disease in adults.

**Pediatricians** are doctors who specialize in health care for children from birth to approximately age 16.

**Obstetricians/Gynecologists (OB/GYN)** are doctors who specialize in health care for women.

# Our Network Meets Credentialing Standards

Before being accepted into our network, every physician and health care professional — from doctors and therapists to labs and hospitals — is evaluated by UnitedHealthcare. We review physicians' and health care professionals' credentials, using standards developed with national accrediting agencies. All education, training and licensing information is verified with the appropriate public, government and private agencies. Finally, each practitioners qualifications are reviewed by a panel of medical experts to ensure that they meet the highest standards of training and experience.

# **Doctors Are Screened For:**

Medical licenses

Training, education and board certification

Network hospital-admitting privileges

Medicare and state regulatory agency sanctions

Appropriate professional liability insurance

# **Hospitals Are Screened For:**

Accreditation

INTRO-1

Medicare certification

Required state licenses

Appropriate liability insurance

# Seeking Care From a Specialist

You can see a specialist within our network without a referral. Specialty physicians listed in this directory may offer services that are not covered services within your benefit plan. Please check your Certificate of Coverage or Summary Plan Description for detailed information about your benefits. Your benefits may vary, including the amount the plan or employer covers as well as the portion that is your responsibility.

# Changing Your Physician

If you'd like to choose a new physician for any reason, you may do so at any time.

# Using UnitedHealthcare Options PPO to Get Services Outside Our Physician and Health Care Professional Network

If you're covered under UnitedHealthcare Options PPO, you may select a physician or health care professional who is outside our network. However, when you visit a nonnetwork physician or health care professional, please keep the following in mind:

Your out-of-pocket costs will be higher.

You'll need to file a claim. Refer to your Certificate of Coverage or Summary Plan Description to learn how.

You may be required to notify us for hospital stays and certain out-patient procedures.

# Signs of an Emergency

Symptoms that can signal an emergency can include, but are not limited to:

Difficulty breathing

Bleeding that can't be controlled with local pressure

Sudden change in mental status such as unusual behavior, confusion or decreased alertness

Sudden severe pain anywhere in the body

Vomiting blood

# What to do in an Emergency

Call 911 or go to the nearest hospital emergency room.

Notify your physician as soon as possible.

Notify UnitedHealthcare within 24 hours or as soon as reasonably possible.

# What is Urgent Care?

Illness and injuries that are of a less serious nature than an emergency may require urgent care. Urgent Care Centers are usually open evenings, weekends and holidays and are designed to give patients fast, effective service. Urgent Care Centers commonly treat conditions like:

Minor injuries and cuts

Upper respiratory infections

Ear infections

Sprains

Sore throats

Urinary tract infections

A list of Urgent Care Centers available in your network is printed in the back of this directory in the section entitled Other Health Care Professionals (OHCP).

# An Opportunity to Save

Although emergency medical conditions should always be evaluated and treated at a hospital Emergency Department, going to an Urgent Care facility will save you money for non-emergency care. Most plans have a lower copayment when you visit an Urgent Care facility as opposed to a hospital Emergency Room.

# Transplant Services

UnitedHealthcare provides access to a transplant benefit program. This gives you access to a network of transplant programs located at medical centers around the country. These centers have shown clinical excellence in the field of transplantation. Access to this network provides individuals with an opportunity for the best transplant outcomes available.

# Getting Prompt Answers to Your Questions

As a UnitedHealthcare customer, you can get fast, secure answers to your questions about the network of physicians and health care professionals or your benefit coverage. Just go to **myuhc.com** for information that is specific to your plan or follow the instructions provided by your employer. Or, you can call Customer Care at the toll-free number shown on your UnitedHealthcare ID card.

# Customer Rights and Responsibilities

# You have the right to:

- Be treated with respect and dignity by UnitedHealthcare personnel and network physicians and health care professionals.
- Privacy and confidentiality for treatments, tests or procedures you receive.
- Voice concerns about the service and care you receive.
- To register complaints and appeals concerning your health plan or the care provided to you.
- Receive timely responses to your concerns.
- Participate in a candid discussion with your physician about appropriate and medically necessary treatment options for your conditions, regardless of cost or benefit coverage.
- Be provided with access to health care, physicians and health care professionals.
- Participate with your physician or other caregivers in decisions about your care.
- Make recommendations regarding the organizations customer's rights and responsibilities policies.
- Receive information about UnitedHealthcare, our services and network physicians and health care
  professionals.
- Be informed of, and refuse to participate in, any experimental treatment.
- Have coverage decisions and claims processed according to regulatory standards.
- Choose an advance directive to designate the kind of care you wish to receive should you be unable to express your wishes.

# You have the responsibility to:

- Know and confirm your benefits before receiving treatment.
- Contact an appropriate health care professional when you have a medical need or concern.
- Show your ID card before receiving health care services.
- Pay any necessary co-payment at the time you receive treatment.
- Use emergency room services only for injury or illness that, in the judgment of a reasonable person, requires immediate treatment to avoid jeopardy to life or health.
- Keep scheduled appointments.
- Provide information needed for your care.
- Follow agreed-upon instructions and guidelines of physicians and health care professionals.
- Participate in understanding your health problems and developing mutually agreed upon treatment goals.
- Notify your employer's human resource department of changes in address or family status.
- Visit our Web site myuhc.com<sup>sM</sup>, or call customer care when you have a question about your eligibility, benefits, claims and more.
- Access our Web site myuhc.com or call customer care to verify that your physician or health care professional is participating in the UnitedHealthcare network before receiving services.

# HIPAA Standards for Privacy of Individually Identifiable Health Information

To review our Privacy Policy and Notice of Privacy Practices describing how medical information about our customers may be used and disclosed and how customers can get access to this information, please visit our Customer Web site at www.myuhc.com.

# **UnitedHealth Premium® Programs**

# Having trouble finding a physician or facility that's right for you?

Getting information about a doctor or facility can be difficult. That's why UnitedHealthcare has developed and supports programs that provide greater access to information about quality and cost-effective delivery of care.

# The UnitedHealth Premium® Physician and Specialty Center program.

The UnitedHealth Premium program identifies network physicians and facilities that specialize in cardiac care, spine surgery, joint replacement, infertility services, neonatal services, and CHD that meet evidenced based and nationally published, standards for quality care. Quality criteria for each specialty area of medicine and specialty center programs are built on nationally recognized clinical standards, evidence-based medicine, and expert physician advice. Only physicians and specialty centers that meet the quality criteria are evaluated for the cost effective delivery of medical care.

# **NCQA Physician Recognition Programs**

The National Committee for Quality Assurance (NCQA) Physician Recognition Programs help you identify physicians who have met NCQA's quality-based criteria across three important specialty areas of medicine - diabetes care, cardiac care, and stroke care. NCQA is an independent non-profit organization that has developed these programs in association with the American Diabetes Association, the American Heart Association and American Stroke Association.

# These UnitedHealthcare Premium Programs Offer You:

- **Informed Choice** we've done the homework for you, providing you with important information on physicians and facilities, so you can make an informed choice for you and your family about seeking healthcare that 1s right for you.
- Peace of Mind You can rest easy knowing that you are receiving care from leading physicians and facilities that have met quality of care criteria.
- **Resources at Your Fingertips** These programs make it easy for you to get information, online or over the phone, so you can spend time focusing on important decisions about your care.
- Easy Access These physicians are part of the UnitedHealthcare network. That means you can easily identify and access leading physicians without a referral.

# How to Find a UnitedHealth Premium designated physician

Simply visit myuhc.com®, search find a physician or facility, then select "Find a UnitedHealth Premium physician." and look for these symbols next to your search results:

- ★ ★ Meets UnitedHealth Premium Quality and Efficiency Criteria
  - ★ Meets UnitedHealth Premium Quality Criteria

DPRP NCQA Diabetes Physician Recognition Program

HSRP NCQA Heart/Stroke Recognition Program

ABIM Practice Improvement Module: As part of maintaining board certification, physicians complete American Board of Internal Medicine's Practice Improvement Modules (PIMs). The PIM helps physicians evaluate and improve their performance in many clinical areas such as asthma and diabetes.

# How to Find a UnitedHealth Premium Specialty Center

Simply visit myuhc.com®, search find a physician or facility, then select "Find a UnitedHealth Premium Specialty Center." You will be presented with a drop down box of the various Specialty Center programs. Select the correct program for you. The results will provide you with the specialty center programs that you requested along with how each rated for quality of care and cost efficiency.

The UnitedHealth Premium® programs uses data from publicly available data sets, UnitedHealthcare claims and survey data from physicians and facilities to create a multi-dimensional view of physician and facility performance.

Only individual physicians and facilities that meet UnitedHealth Premium designation criteria, or physicians in designated specialties that are part of medical groups that meet UnitedHealth Premium criteria for group practices and who have sufficient claims data for analysis, may be designated. Physicians in the network but not designated, have declined designation, did not have adequate claims data, were in a specialty that is not evaluated for the designation program or did not meet program criteria. Oncologists without quality designations may have not applied for designation or did not meet program criteria. Facilities listed in the network but not designated, either have not applied for designation, or did not meet program criteria.

This designation is intended as a resource for informational purposes. UnitedHealthcare does not provide health care services nor practice medicine. Physicians are solely responsible for medical judgments and treatments. This designation does not guarantee the quality of care being rendered. All physicians and facilities that contract with UnitedHealthcare have met credentialing requirements. Regardless of designation, plan enrollees have access to all physicians and facilities in the UnitedHealthcare Network.

Specialties for which there are no quality guidelines currently established in the program are excluded from evaluation and are noted as such. Specialties excluded in the review for the UnitedHealth Premium designation program are: colorectal surgery, dermatology, gastroenterology, general surgery, hematology, neonatology, nuclear medicine, ophthalmology, otolaryngology, pediatric sub specialties, plastic surgery rehabilitation medicine, therapeutic radiology, urology and vascular surgery.

# **EXAMPLES OF MEDICAL SPECIALTIES**

ADOLESCENT MEDICINE

—Diagnosis and treatment of diseases or disorders of older children and young adults.

ALLERGY

—Diagnosis and treatment of allergic conditions (i.e. "hay fever", asthma). —Use of medications and substances to prevent or relieve pain during surgery.

ANESTHESIOLOGY CARDIOLOGY

—Diagnosis and medical treatment of diseases and disorders of the heart and its functions.

CHIROPRACTIC

—Diagnosis and treatment which employs manipulation and specific adjustment of body structures.

DERMATOLOGY

—Diagnosis and treatment of diseases and disorders of the skin.

EAR, NOSE & THROAT (Otolaryngology)

—Diagnosis and treatment of diseases and disorders of the ear, nose and throat.

**EMERGENCY MEDICINE** 

—Diagnosis and treatment of medical and surgical emergencies.

**ENDOCRINOLOGY** 

—Diagnosis and treatment of diseases and disorders of the ductless glands (thyroid, pancreas, pituitary, adrenal and ovaries.)

FAMILY PRACTICE

-Physicians who provide medical care to all age groups (including obstetrics, internal medicine, pediatrics, and some surgery in many instances.)

GASTROENTEROLOGY GENERAL PRACTICE

—Diagnosis and treatment of diseases and disorders of the stomach and intestine. —Physicians who provide medical care to all age groups as in family practice.

GERIATRICS

—Medical treatment of the elderly.

GYNECOLOGY

—Diagnosis and treatment of diseases and disorders of the female reproductive system.

HEMATOLOGY IMMUNOLOGY

—Diagnosis and treatment of diseases and disorders of the blood. —Diagnosis and treatment of the body's cellular response to fight disease.

INFECTIOUS DISEASE INTERNAL MEDICINE

—Medical diagnosis and treatment of acute and chronic infectious disorders. —Diagnosis and non-surgical treatment of diseases and disorders for adults generally over 18 years old.

NEONATAL/PERINATAL

—Treatment and care of the unborn child, premature, and newborn babies.

MEDICINE NEPHROLOGY NEUROLOGY

—Diagnosis and non-surgical treatment of diseases of kidneys, including kidney dialysis. —Non-surgical diagnosis and treatment of diseases and disorders of the nervous system.

NUCLEAR MEDICINE

—Diagnosis and treatment of disorders by means of radioactive substances.

OBSTETRICS ONCOLOGY OPHTHALMOLOGY

—Management and care of pregnancy and childbirth. —Diagnosis and treatment of cancer and tumors. —Treatment of diseases and disorders of the eye.

**OPTOMETRY** 

-Diagnosis and non-surgical treatment of diseases of the eye, including visual problems treated with eyeglasses or contact lenses; illness and injury to the globe of the eye; glaucoma testing and examination of the retina, including dilated eye

examinations, as allowed by state law.

**PATHOLOGY PEDIATRICS** 

—Laboratory study of body tissue and fluids to diagnose disease.

PHYSICAL MEDICINE

-Care of the development of the infant and child generally between the ages of 0 to 18 and diagnosis and treatment of diseases and disorders.

AND REHABILITATION

Use of physical therapy and mechanical aids in the treatment of injury or disease.

**PODIATRY** 

—Diagnosis and treatment of the human foot in health and disease. —Diagnosis and treatment of mental conditions.

**PSYCHIATRY PULMONARY DISEASES** 

—Diagnosis and medical treatment of diseases and disorders of the lung.

RADIOLOGY

—Use of X-rays and radioactive materials to diagnose and treat disease and injury.

RHEUMATOLOGY

—Medical diagnosis and treatment of arthritis and rheumatic disorders.

SURGERY

—CARDIOVASCULAR —Surgical treatment of diseases and disorders of the heart and blood vessels.

-COLON & RECTAL

—Diagnosis and surgical treatment of diseases or disorders of the lower digestive tract, rectum and

-GENERAL —Diagnosis and surgical treatment of disease and injury.

-HAND —Surgery and treatment of hand disorders.

-HEAD & NECK —Diagnosis and surgical treatment of disorders of head and neck.

-MAXILLOFACIAL —Surgery and treatment of face and jaw disorders.

-NEUROLOGICAL —Surgical treatment of disease and disorders of the brain and nervous system.

-ORTHOPAEDIC —Diagnosis and surgical treatment of diseases, disorders, and injuries of the bones, joints and

tendons.

-PLASTIC —Surgical treatment for restoration of function or for cosmetic purposes.

-THORACIC —Surgery of diseases of the chest cavity (excluding heart).

-UROLOGY —Diagnosis and medical or surgical treatment of the urinary tract and kidneys.

-VASCULAR —Diagnosis and surgery of blood vessels.

<sup>\*</sup>The examples of medical specialties represented above is a partial listing used for illustrative purposes only.

# An Important Note About Our Services

UnitedHealthcare does not provide health services or practice medicine. Rather, UnitedHealthcare arranges for physicians and other health care professionals to participate in a network. Network physicians and health care professionals are independent contractors and are not employees of UnitedHealthcare. UnitedHealthcare makes payment to network physicians and health care professionals through various types of contractual arrangements. These contractual arrangements may include financial incentives (e.g., bonuses, capitation) to promote the delivery of health care in a cost efficient and effective manner. Such financial incentives should not impact your access to covered health services. If you have questions about whether there are any financial incentives in your doctor's contract with UnitedHealthcare, please feel free to ask your doctor. UnitedHealthcare makes decisions about benefit plan coverage. These decisions are administrative decisions and are for payment purposes only. UnitedHealthcare is not liable for any act or omission of a physician or other health care professional.

Our philosophy states that the doctor-patient relationship is sacred — all medical decisions rest between you and your physician. It means freedom to choose, along with the responsibility to act.

You're responsible for choosing your own physician.

You must decide if the doctor you choose is right for you.

You must decide with your doctor what care you should receive.

Your doctor is solely responsible for the quality of the care you receive.

# A Special Message to Network Physicians

This directory contains information regarding network physicians, specialists and other health care professionals, as well as network hospitals.

Please note that network physician information is sorted alphabetically by last name, according to office location, then physician specialty. Information for each physician includes telephone number(s), address(es) and hospital affiliation(s).

In the Specialists and Other Health Care Professionals sections, the physician or facility information is sorted alphabetically by specialty, then location. Telephone number(s) are listed for each health care professional.

Please refer to your Physician and Health Care Professionals Administrative Guide for specific information regarding Care Coordination® policies. Please note that UnitedHealthcare cannot guarantee the continuing participation of physicians and other health care professionals currently listed in this directory. To verify a physician's continued participation, please contact the physician's office or your UnitedHealthcare representative to confirm that the physician is still participating in the UnitedHealthcare network.

The directory also contains an alphabetized index for ease of access. This index includes a list of physicians and health care professionals with the corresponding page number where additional information may be found for a particular professional.

Thank you for being a part of UnitedHealthcare. Please contact your local Physician and Health Care Professional Services representative if you have any questions or comments about this directory.
