

SPECIFICATION

Property No. 266655

Pens, Ball Point, Medium Point

Construction

1. The pen is to be a "stick" disposable type with removable cap and medium point.
2. The pen shall have a clip to secure it in the user's pocket.
3. The pen shall have an ink reservoir tube separate from the body of the pen.
4. The pen shall have a plug in the end to prevent leakage from the ink reservoir.
5. Length (cap off) - 140-160 mm (5.51 - 6.30 in)
Outside diameter - 6-8 mm (0.24 - 0.31 in)

Ink and Performance

1. Only a few strokes shall be required for the pen to write initially.
2. The pen shall not dry out after the cap is left off for 72 hours at room temperature.
3. The pen shall continue to perform after storage for 16 hours at 45 ° F. (7.2°C).
4. The ink shall be blue and shall reproduce on Xerox or equivalent copiers.

Packaging - Pens are to be packaged 12 to a box with the ink color and point fineness labeled on it.

Qualified Products
