Construction funds for the USMS were in the Bureau of Prisons' Buildings and Facilities appropriation prior to FY 1999. The funds were then made available to the USMS on a reimbursable basis. Beginning in FY 1999, a construction account was established in the USMS to facilitate accountability and tracking of resources. FY 1999 appropriated resources were \$4,600,000. In FY 2000, the availability is \$8,600,000, a combination of appropriated resources of \$6,000,000 and \$2,600,000 from Super Surplus balances in the Assets Forfeiture Fund.
