Megan Belia	08/09/06	In 5 years when they start limiting the sale of federal electricity to local utilities please require utilities to use clean energy and implement conservation programs.
Oregon Citizen	8/10/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	8/10/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
	8/10/06	Responding to info that BPA will be limiting supplies of inexpensive electricity. Urging you to develop long-lasting clean energy and wind and solar. Please go in that direction.
Christopher Michaels	8/10/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Cathy Gunderson	8/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	8/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Frederica Bowcutt	8/14/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Percy Hilo	8/14/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Ken Clark	8/14/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Margaret Moore	8/14/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Diane Grace	08/14/06	In 5 years when they start limiting the sale of federal electricity to local utilities please require utilities to use clean energy and implement conservation programs, including solar. No more fossil fuels. Protect the planet now.
Mimi Maloney	08/16/06	Wants BPA to require smaller utilities to offer renewables
Jean Poirier	8/17/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Don't use fossil fuels.

Anonymous	8/17/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use windmills like in eastern WA.
Anonymous	8/18/06	Comment regarding energy supply BPA will cut back soon. Encourage local utilities to replace with renewables and conservation and avoid coal and other fossil fuels.
Anonymous	8/18/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Don't use fossil fuels. I buy green tags and I hope you will see that local utilities adopt clean energy and conservation when they have to make up more energy.
Brooke Bell	8/18/06	Urge BPA to support conservation programs for state and local utilities.
Shauna Smith	8/21/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
James Pemble	8/21/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Ann Taylor	08/22/06	Comment regarding energy supply BPA will cut back soon. Encourage local utilities to replace with renewables and conservation and avoid coal and other fossil fuel "quick fixes."
Pamela Chase	08/23/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Dr. Goldstein	08/23/06	He does not want us to decrease hydropower use. He wants it to continue.
Catherine Worster	08/23/06	Comment regarding energy supply BPA will cut back soon. Encourage local utilities to replace with renewables and conservation and avoid coal and other fossil fuel "quick fixes."
Sandra Krist	08/24/06	Comment regarding energy supply BPA will cut back soon. Encourage local utilities to replace with renewables and conservation and avoid coal and other fossil fuel "quick fixes."
Esther Wolf	08/24/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Nancy Hertzberg	08/24/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Penny Salus	08/24/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.

Anonymous	08/24/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Myra Lovett	08/25/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Jonathan Dubai	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Paulie Freeman	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Abigale Houston	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Barbara Vail	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Rick Hazard	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Midlred Thompson	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
David Cox	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Jeff Wihtol	8/28/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Linda Wigger	8/29/06	I'm concerned you would even consider using coal-fired energy plants because it will only contribute to global warming. We need to let our earth heal itself and support wind and renewable energy to keep our skies clean.
Rich Bowden	8/30/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Linda Peno	8/30/06	Concerned about coal fired energy plants being built. Concerned about CO2 in the atmosphere. Won't have air to breath. Put money into wind, solar and geothermal.

Kim Cedar	8/30/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Joan Levine	8/30/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	8/31/06	Concerned about coal fired energy plants being built. Concerned about CO2 in the atmosphere. Won't have air to breath. Put money into wind, solar and geothermal.
Brian Hoyt	8/31/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Barbara Gilson (also calling for 2 other family members)	8/31/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Alan Holomon	8/31/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use non-polluting sources.
Anonymous	8/31/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use non-polluting sources.
Charlotte Sarlos	8/31/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Cathy Thomas	8/31/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	9/01/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	9/01/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	9/01/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	9/01/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Betty Estell	09/05/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.

Douglas VanCleave	09/05/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	09/05/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	09/05/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	09/05/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind - no coal.
Elaine Perish	09/05/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Helga Ridhlein	9/06/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Maya Marian	9/06/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind - no coal. Use financial encouragement.
John Kingston	9/06/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous-Participates in the Tacoma Power green program	9/07/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Ann Katzenbach	9/07/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Matt Metcalfe	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Denae Yurgle	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.

Anonymous	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Sally Tezz	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
William Melanie	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Pamela Larson	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Tonya Ray	9/11/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Caroline Iverson	9/12/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	9/12/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	9/13/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Use solar and wind.
Anonymous	9/13/06	We need to develop clean energy sources as soon as possible and not rely on coal, it's insane.
Anonymous	9/14/06	We need to develop clean energy sources as soon as possible and not rely on coal, it's insane.
Concerned Citizen	9/14/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. That would be wonderful, that's what we all want.
Melanie Butter	9/14/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	9/15/06	I want you to support alternative fuel sources for our future. Fight global warming.
Betty Mather	9/15/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.

Connie McDebbit	9/18/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Anonymous	9/18/06	I want us to meet our power needs with clean energy, green sources, and not go back to coal.
Anonymous	9/19/06	I demand clean energy. No coal.
Cliff Trollin	9/20/06	Urging BPA to require local utilities (I have Lane Electric) to meet power needs with clean energy. Really look long term and fossil fuels is not long term. So even if it costs more, I think it's important to focus on conservation and renewables.
Anonymous	9/20/06	Utilities should meet power needs with clean energy and conservcation. Biodiesel should be made available and required for all trucking.
Barb Hutton	9/20/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Nancy Tracy	9/21/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. I'm aware of James Hansen's studies with NASA about global dimming and global warming. These issues are getting much worse and Bonneville can be influential in helping with that.
Anonymous	9/21/06	I think the future is with wind, solar and geothermal power.
Anonymous	9/22/06	I support clean energy, renewable energy sources.
Anonymous	9/22/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
Linda Peno	9/25/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs. Against the creation of new coal plants. Concerned about global warming. With enough wind mills we could save the earth.
Dorothy Peterson	9/29/06	Urging BPA to require utilities to meet power needs with clean energy and conservation programs.
