**Depuration Processor (DP)** - A person who receives shellstock from approved, conditionally approved, restricted, or conditionally restricted growing areas and submits such shellstock to an approved depuration process.

**Repacker (RP)** - A person other than the original certified shucker-packer who repacks shucked shellfish into other containers. A repacker also may repack and ship shellstock. A repacker shall not shuck shellfish.

**Reshipper (RS)** - A person who purchases shucked shellfish or shellstock from other certified shippers and sells the product without repacking or relabeling to other certified shippers, wholesalers, or retailers.

**Shellstock Shipper (SS)** - A person who grows, harvest, buys, or repack and sells shellstock. They are not authorized to shuck shellfish nor to repack shucked shellfish. A shellstock shipper may also ship shucked shellfish.

**Shucker-Packer (SP)** - A person who shucks and packs shellfish. A shucker-packer may act as a shellstock shipper or reshipper or may repack shellfish originating from other certified dealers.

\* Scallops are to be excluded when the final product is the shucked adductor muscle only. [The 1991 ISSC Scallop Committee Report provided a two year period for incorporating whole and roe-on scallops into the NSSP.]
