After 55 years of faithful service, the USCGC Sumac was decommissioned 9 July 1999 in a ceremony under the Gateway Arch in St. Louis, Missouri.

The Sumac was built by the firm of Peterson & Haecker in Blair, Nebraska. She was launched on 14 October 1944 at the Peterson & Haecker yards in Blair.

The Sumac launching was a very historic event in the Coast Guard due in part to the fact that it was the first Coast Guard vessel to be christened by a SPAR. Y3/c Helen Marie Peterson of Omaha, Nebraska smashed a bottle of champagne over the Sumac's bow just before she slid down the ways. When she was launched the Missouri River was exceptionally low, but even though the Sumac had to negotiate a drop of about a foot she was launched without difficulty.

Over the years, the Sumac called many different ports home. Her first

homeport was Owensboro, Kentucky from 1944-1946. From there she was moved to Paducah, Kentucky (1946-1951), back to Owensboro (1951-1962), Peoria, Illinois (1962-1966); Cairo, Illinois (1966-1968); Hickman, Kentucky (1968-1970); Dubuque, Iowa (1970-1973); Keokuk, Iowa (1973-1978); and St. Louis, Missouri from 1979 until her decommissioning.

Eighth Coast Guard District, followed by remarks by RADM Paul J. Pluta, Commander, Eighth Coast Guard District; Mrs. Sandra Hasser-Bennet, Staff Assistant to Congressman Richard A. Gephardt of the Third Congressional District of Missouri; and BMCM Robert B. Hunsaker, Officer in Charge of the CGC Sumac.

During the ceremony, a number of guests were honored, including Mrs. Helen (Peterson) Lynch, the (then) SPAR that christened the Sumac; Jacqueline (McSally) Marder and

her daughter whose father is LT John J. McSally, the first CO of the Sumac; and Joe McManigal, who actually built the Sumac. CWO Frank Batha was honored as the oldest living CO of the Sumac in attendance and ENC John Brooks who was on the Sumac in 1948 as an FN and later retired off the Sumac in

Over 300 people attended the Sumac's decommissioning ceremony. The invocation was provided by LT Patrick McLaughlin, Chaplain,

During her time in service the Sumac and her crew were awarded the American Campaign Medal, the World War II Victory Medal, 3 National Defense Medals and the Meritorious Unit Commendation.

*(Continued on page 2)*

1967 was the earliest Sumac crew member in attendance.

At press time, the ultimate final disposition of the Sumac was unknown. Currently she is docked in St. Louis awaiting her final home. It is thought because of her historical significance that she will become a historical site in "retirement" and several organizations have expressed interest in making that become a reality.

RADM Paul J. Pluta bids USCGC SUMAC farewell

## ID Cards & DEERS: Frequently asked questions

### WHAT IS DEERS AND HOW IS IT USED

DEERS is the Defense Enrollment Eligibility Reporting System. It is a computerized information system which contains over 13 million beneficiary records used in determining and tracking military health care and base privileges. Every active or retired member of the uniformed services and their dependents, survivors, or unremarried former spouses are affected by DEERS.

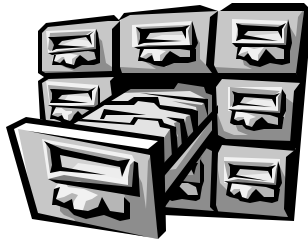

When you are enrolled in DEERS, information about you and your entitlements go into the DEERS database. That information is immediately available to military clinics/hospitals, civilian hospitals, dispensaries, and TRICARE/CHAMPUS. Keeping your DEERS record up-to-date safe guards you and your dependents from being denied or delayed medical treatment, payment of medical claims, or using authorized base facilities.

Members should update their DEERS information whenever there is a:

- Change in their military status i.e., active duty, retired, TDRL, PDRL, reserve, or reserve retirement.
- Change of status of a family member i.e., birth, death, marriage, divorce, ward, or adoption.
- Change in address or telephone number.
- Loss or theft of an identification card.

### IF I UPDATE INFORMATION IN MY PAY RECORD DOES THAT ALSO UPDATE DEERS?

No. The pay computer system and the DEERS system are two totally different computer systems. You must notify both offices of any changes.

### WILL DEERS BE AUTOMATICALLY NOTIFIED OF MY RETIREMENT?

No. It is your responsibility to notify DEERS of any change in your military status.

### CAN I HAVE AN ID CARD WITHOUT BEING REGISTERED ON DEERS?

No. The DEERS computer system is utilized to enter and verify data for issuance of an ID card. If the required information is not in the DEERS system, an ID card cannot be issued.

### DOES AN EXPIRED ID CARD AFFECT MY DEERS ENROLLMENT OR BENEFITS?

Yes. An ID card must be kept current in order to receive benefits. An expired ID card may result in refusal of medical treatment, payment of claims, or base privileges.

### DO I HAVE TO GO TO A COAST GUARD UNIT TO GET MY ID CARD?

No. The Uniformed Services have signed a cross-service agreement to provide ID card support to all eligible beneficiaries regardless of service affiliation, with only a few exceptions. The following special categories require issuance and renewal by HRSIC for retirees and their dependents:

- Initial verification for incapacitated dependents over the age of 21.
- Initial verification for unremarried or unmarried former spouses.
- Secondary dependent parent or parent-in-law, who require dependency determination.
- Illegitimate child of male spouse or sponsor.

### HOW DO I GET MY ID CARD RENEWED?

ID cards can usually be obtained or renewed at any military installation that has the ID card computer program. These sites are located at some reserve units, recruiting units, and National Guard units as well as military installations. A list of the locations can be found on the Internet at: <http://www.dmdc.osd.mil/rs/> or by calling the DEERS desk at HRSIC at 1-800-772-8724 option 4 or commercial (785)357-3441.

### MAY I RECEIVE OR RENEW MY ID CARD THROUGH THE MAIL?

Yes. ID cards may be processed through the mail with HRSIC for those who live far from an ID card site, are physically handicapped, are ill or hospitalized, or have no

*(Continued on page 7)*

means of transportation. Those who need to complete their application through the mail, should contact HRSIC at 1-800-772-8724 option 4 or in writing. Applicants will be sent an application to complete with their notarized signature and return to HRSIC along with an 8" X 10" color or black and white portrait. The portrait does not have to be a professional photograph; an enlarged snap shot is sufficient.

## WHAT BENEFITS AM I ENTITLED TO?

Category and age determine benefits. The following is a general guideline of eligibility:

- Active Duty Retired Medical Care/prescriptions at military & civilian facilities (TRICARE), Reserve Retired (RET 1), Commissary, Theatre, Post Exchange, and other base privileges (over age 60-drawing pay)
- Reserve Retiree (RET2) Commissary, Theatre, Post Exchange, and other base privileges (under age 60- no pay) and their dependents
- Retiree Dependents Medical Care/prescriptions at military or civilian facilities (TRICARE) (not Medicare eligible), Commissary, Theatre, Post Exchange, and other base privileges
- Retiree or Dependents Medical Care or prescriptions at military facilities (no TRICARE) (Medicare eligible), Commissary, Theatre, Post Exchange, and other base privileges
- Parent or Parent-In-Law Medical Care or prescriptions at military facilities (no TRICARE) (approved dependents) Commissary, Theatre, Post Exchange, and other base privileges
- Surviving Spouse and Medical Care at military or civilian facilities (TRICARE) children under 21, Commissary, Theatre, Post Exchange, and other base privileges
- Former Spouse Medical Care/prescriptions at military or civilian facilities (TRICARE) (eligible under 20/20/20 rule), Commissary, Theatre, Post Exchange, and other base privileges
- Former Spouse Medical Care/prescriptions at military or civilian facilities (TRICARE) (eligible under 20/20/15 rule) for one year after divorce, then option to purchase conversion policy. (divorced after 1988), Commissary, Theatre, Post Exchange, and other base privileges.

## A word from MCPOCG Vincent Patton:

*The text below is that of what I consider an excellent speech delivered 11 July 1999 by AMTC James M. Mackey, from AIRSTA Atlantic City, for the Cape May graduation company he sponsored. Great and powerful words presented to our newly appointed "Guardians of the Sea." This is just one great, positive example of how the recruit training mentoring program is working.*

*I want to publicly thank Chief Mackey again for devoting his personal time working with recruits and participating in the recruit mentoring program.*

"Admiral Loy, Captain Brice-O'Hara, Chaplain Patterson, Master Chief Patton, distinguished guests, family and friends of Charlie Company 155. Not long ago each and every one of you from Charlie Company 155 made a conscience decision to enlist in the United States Coast Guard. Not an easy decision to make, but by making that decision, you are now destined to be an active participant and not just a spectator in the game of life. Each of you, I believe chose wisely to join this nations oldest seagoing and the worlds premier maritime service. You have studied Coast Guard history here at Cape May, and are now on the threshold of writing the next pages and chapters of not only Coast Guard history, but writing a part of America's history as well. No one knows when the next EXXON Valdez tanker will run aground or the next TWA 800 air disaster will occur or the next wave of freedom starved people will set sail for our shores. But rest assured, you will be there!

By joining the Coast Guard, you not only swore an oath and allegiance to this country, but you were charged with shouldering and embracing the Coast Guard's core values of HONOR, RESPECT, and DEVOTION TO DUTY. These values are very easy to say, but not necessarily easy to live up to without great effort on your part. Take HONOR, sounds easy. But is it? Your words, your deeds and your actions, will determine the trust people will place in your hands. It is an HONOR and a privilege to serve this great nation. You, America's son's and daughter's are now a part of it's pride, do not disgrace your country, the Coast Guard, the uniform you wear, or yourself. You are being given the chance to excel, and endless opportunity. Take full advantage of all possibilities, and do not sell yourself short. The second core value is RESPECT. Give the respect due others, and they will respect you. Remember each and everyone of you are now part of a larger team, it is no longer I or me, it is US. Each of US have an important role to play. Without a mutual human respect for each other, the team will falter. Do not be the reason your team fails in its mission. Finally, DEVOTION TO DUTY. This may actually be the toughest one of them all. I recently heard a radio talk show host describe a career in the armed forces as a vocation, similar to that of the ministry, a noble profession, one with a higher sense of purpose, a calling. That analogy fits in quite well in what the Coast Guards mission is and to

other operational units where there is not such thing as a "9 to 5" job. You will sometimes be away from your homeport and families for sometimes weeks, even months. These are just a few of the areas your devotion to duty and devotion to your family will be tested. Do not forget either. There will be many other challenges you never dreamed of that you will be faced with. Do not shrink from adversity or shirk your responsibilities. Your life and the lives of your shipmates will be in your hands. This is what YN1 McGuire, SK1 Sligh, and TC1 Fitchet have been preparing you for these last eight weeks. They have done a splendid job and are to be commended.

In closing, I would like to say that it has been a great honor and privilege to be here today at your graduation. Welcome to the team, I am proud to be serving with each and everyone of you. Charlie Company 155, the time has now come for you to STAND THE WATCH. Thank you."

## The Foundation for Coast Guard History is formed

The new Foundation for Coast Guard History was officially started beginning on the Coast Guards "birthday", 4 August 1999.

The Coast Guard is credited with the richest history of all the United States Armed Forces. To assist in recording that rich and colorful past, a group of concerned individuals dedicated to assist the Service's historical program has formed **The Foundation for Coast Guard History.**

The Foundation provides assistance in records management for the U.S. Coast Guard's historians office and the service's museum program. Vice Admiral Howard B. Thorsen, USCG

(retired), Chairman of the Board of Trustees, points out that The Foundation – among other of it's goals – encourages researchers to write on the history of the Service by sponsoring grants to individuals working on the history of the Service and awards prizes for the best published books, articles, photographs and art work.

The Foundation's staff is composed of active duty, retired and reserve Coast Guard members, Auxiliaries and friends of the Service. Professional qualifications on the staff include historians, museologists, archaeologists and educators.

The Foundation for Coast Guard

History is seeking non-professional volunteers to assist in the U.S. Coast Guards history program in the following fields:

- Grant writing
- Computer technology
- Speakers for Speakers Bureau
- Interviewers & Transcribers
- Researchers to locate historic CG materials
- Assistance to the CG Historian organizing manuscripts and photos in Washington DC

A membership drive is currently underway.

Please direct membership and volunteer inquiries to:

## Enrollment in USFHP now available to retirees

The United States Coast Guard is pleased to announce in ALCOAST message 086/99 that the Uni-formed Services Family Health Program (USFHP) is again allowed to enroll all eligible Coast Guard beneficiaries effective 1 October 1999. This change cancels the previous policy which prohibited new enrollment in the USFHP by our eligible retirees and most active duty family members.

USFHP is a component of the Department of Defense TRICARE Health Care Program and is located in 7 places throughout the country: Sisters of Charity Health Care System, Staten Island, NY; Brighton Marine Health Center, Boston, MA; Fairview Health Systems, Cleveland, OH; Johns Hopkins Medical Service Corp, Baltimore, MD; Martins Point Health Center, Portland, ME; Pacific Medi-

cal Clinics, Seattle, WA; and CHRISTUS Health, Houston, TX.

## Arlington Tampa memorial site for Veterans Day wreath laying

The 1999 Veterans Day Wreath Laying Ceremony will be held at 12:45 p.m. Thursday, Nov. 11, at the CGC TAMPA memorial at Arlington National Cemetery. DOT Secretary Rodney E. Slater and MCPOCG Vince Patton are expected to participate. The CG Ceremonial Band will perform at the ceremony, and CG Honor Guard will provide a color guard and a cordon.

The highlight of the ceremony will be the presentation of Purple Heart Medals to descendants or representatives of those who perished in the loss of CGC TAMPA Sept. 26, 1918.

The Coast Guard Headquarters Office of Governmental and Public Affairs is attempting to find descendants to receive medals at the ceremony. If you have information about such individuals, please contact John Thorne at (202) 267-0938 or E-mail him at "jthorne@comdt.uscg.mil".

All past and present Coast Guard members and civilian employees are invited to attend the ceremony.

## What are they doing now?

### ETC Rogelio P. Valencia:

Forty years ago, this year, I embarked on a long journey from an obscure hamlet in the Philippines to Sangley Point in Cavite, RP; not knowing where it would take me. From there I joined the U.S. Coast Guard where I found a home and a purpose in life. What a beautiful and fortuitous life it is! My beloved Coast Guard through a series of mentors, with its cadre of Officers and men, made a man out of me.

I served on various types of vessels both in peace and war. Namely, USCGC's TRITON, SEBAGO, BLACKTHORN, CARTIGAN, DEPENDABLE, and the RUSH (723) in Vietnam. I was stationed at LORSTA Hokkaido and Dana and a few other shore stations. Sixteen years of sea duty and missing it! In August of 1979, my tour of duty in the CG was over and I hung up my hat.

I was employed by Wyman-Gordon, an engine and machinery manufacturer in Danville, Illinois as a computer analyst and technician. I worked there for six months until the fangs of loneliness from the military environment beckoned me. I joined the U.S. Civil Service at Chanute AFB in Rantoul, Illinois as an electronics engineer. I worked in certifying all of the electronics test equipment used within the Midwest region of the country including testing rebuilt jet engines. The Air Force furthered my education in advanced electronics and physics. The devotion and dedication to duty that I learned in the Coast Guard have guided me through my civilian military career by netting me awards for sustained superior performance, Civilian of the Quarter and Civilian of the Year. Obviously, my second 20 years has been spent serving my country in a civilian capacity.

My wife, Amelia, and I have raised

and reared three beautiful children. Our legacy; 2 daughters, Zenaida & Lucinda, both graduated from Brigham Young University as school teachers and have given us four grandchildren. Our son, Ensign Rogelio P. Valencia, II, USN is our most important contribution to the defense of our country. A member of the Class of 1998 at the United States Naval Academy, he is presently in flight school in Pensacola, Florida.

My start, my primer, the U.S. Coast Guard will always be an important part of my life and important to my family as well. God speed and following seas.

**Earl E. Edenfield, Jr.:** Since retiring from the Coast Guard after 26 years of service, Earl Edenfield has written and published several novels. His works include "The Factory", a novel about the search for a narcotics factory in New York City, "The Curse of the Aurora", a side-splitting novel about the fate of a Coast Guard vessel that is cursed by a bone fide Caribbean witch, and his most recent "Grass is where you find it", a novel about the often tedious type of police work that's punctuated by moments of absolute terror – the war on drugs.

Earl Edenfield now lives in Jacksonville, Florida. His books may be purchased through the internet from "www.buybooksontheweb.com", or by calling toll-free 1-877-BUY BOOK.

## From the RAS mailbag

- **When or how often should I receive a RASOMI (Retiree/Annuitant Statement Of Monthly Income)?**

*You will only receive a new RASOMI when a change is made to your pay or annuity account. These changes can come in many forms such as a annual COLA adjustment or when you request a change such as address change, allotment change and changes to tax withholding to name a few. Unlike the Active Duty LES you will not receive a monthly statement as long as no changes to your account are received.*

- **Since the installation of your new telephone system, I have been having problems reaching the staff person I am looking for.**

*We are continuing to "work the bugs out" of our new telephone system and provide better service to our customers. In July's Retiree Newsletter we provided the written details of our menu (pages 5 & 6). We also provided a telephone system survey with instructions (page 13) for reporting your comments and concerns so that we may adjust to meet your needs better. Please report problems using our new phone system in detail, so that we can make the proper adjustments and serve you better. You can find the details on how and who to report a telephone problem to on page 18 of this issue. We appreciate your patience as we strive to provide you the best customer service possible.*

- **Does Retiree & Annuitant Services offer services via email?**

*Currently we do not offer services via email, but that possibility may exist in the future. When and if it becomes available you'll be informed of it in your Retiree Newsletter. In the meantime, we do offer the Newsletter and a variety of other helpful information on our HRSIC Web Site. You will find our web site at: "www.uscg.mil/hq/hrsic" under the "Retirees Info" icon.*

**Don't forget: SBP Open Season  
ends 29 February 2000!!**

(see pages 25 – 28 for your enrollment form)

**Do you know where  
your money is  
going??**

Death is an unfortunate part of life. One of the best ways to protect those you love is to ensure that at the time of your loss you have provided for them financially and made their transition into life without you as uncomplicated as possible.

Recently, several retirees families have experienced not only the loss of a loved one, but complications after their loved ones passing because the retiree had not ensured that his true final wishes were appropriately documented to allow Retiree & Annuitant Services to best serve their survivors.

If you are unsure who you have designated to receive your remaining retired pay, please check your records now to ensure they reflect your true wishes. In the July 1999 issue of the Retiree Newsletter on pages 17 & 18 we provided a form CG HRSIC-3600 which is used to designate(s) who you wish this recipient(s) to be.

If you have any questions about who your beneficiary currently is, or how to designate a new beneficiary, please contact your retired pay technician at 1-800-772-8724 at your earliest opportunity.

## Staying in touch with your Coast Guard

*By the Office of the Assistant Commandant for Governmental and Public Affairs*

Feel out of touch with what's happening in your Coast Guard? Looking for up-to-date information about Coast Guard services? Looking for a history of the Bering Sea Patrol or photos of the cutters you served aboard?

If you have Internet access, you can easily find all this and more on the Coast Guard web site at [www.uscg.mil](http://www.uscg.mil). This **URL** will take you to the Coast Guard home page where you'll find buttons that offer a variety of options.

The *News and Events* button takes you to a page where you can access press releases from Headquarters and all the Districts. You'll also find links to recent interviews of both the Secretary of Transportation and the Commandant.

The annual *Seapower* Coast Guard issue featured an interview with Transportation Secretary Rodney E. Slater in which he states his support for Coast Guard budget initiatives. "We need to make a long-term investment commitment to the deepwater needs of the Coast Guard. And, beyond the deepwater needs, we need to ensure that our people have the best equipment possible — from the latest computers to global-positioning technology. If we expect them to do the job with all they have to offer, then we have to make sure that we are doing all we can to ensure they have the equipment they need to do the job," the Secretary said.

In his interview with *The Retired Officer Magazine*, the Commandant addressed wide-ranging topics, including readiness, national security issues, budget, pace of operations, integrated deepwater systems project, national fleet and workload.

The News and Events page also offers access to a variety of publications that address current Coast Guard programs, issues and concerns.

The *United States Coast Guard Annual Report for 1998* and the *U.S. Coast Guard Fiscal Year 2000 Budget in Brief* illustrate the value our Coast Guard provides to the American public through our maritime focus, military character and multi-mission flexibility. Further, both documents outline our principal goals for safety, protection of natural resources, mobility, maritime security and national defense in direct support of the Department of Transportation strategic plan.

*Coast Guard 2020* describes the challenging maritime environment in which we expect the Coast Guard to operate in the next century, and it discusses the missions we will perform in this environment. It also identifies capabilities and competencies the Coast Guard must have to accomplish these missions.

The *Commandant's Direction* is intended to guide the Service during the term of each Commandant. It is the

Commandant's way of communicating to the members of Team Coast Guard — and that includes you — his vision and priorities for the next four years.

The News and Events page also provides links to the Commandant's Corner, where you'll find ADM Loy's biography and speeches.

Other buttons on the home page will help you find information about various programs and about services we provide, identify units and where they're located and even find your son or daughter a job that matters.

The *Organization* button provides an index of the Coast Guard web site. You'll find links to the Master Chief Petty Officer of the Coast Guard's web site and many programs and directorates.

Back on the Coast Guard home page, the *Facts, Images, History and More* button will again present a number of options. Click on the link to the Historian's Office and lose yourself in the rich history of our Coast Guard. Click the Images link to research and download high-resolution digital images of our people, ships and aircraft.

### **Coast Guard magazine:**

If you're not online, you can subscribe to *Coast Guard* magazine to keep abreast of what's happening in the Service. The magazine provides in-depth feature stories on a variety of topics as well as brief news stories. One issue each year includes the annual report and the Commandant's State of the Coast Guard address.

To order a one-year subscription for the print edition of the magazine, complete the form on page 24 and mail it with a check for \$29.00 (\$36.25 foreign) to:

Superintendent of Documents  
P.O. Box 371954  
Pittsburgh, PA 15250-7954

Cite "Coast Guard (CBU)" when mailing orders. VISA or MasterCard numbers are accepted. Telephone credit card orders can be made from 8:00 am to 4:30 p. m., Eastern Time at (202) 512-1800 or fax orders to (202) 512-2250.

### **New directorate to keep you informed:**

As the Coast Guard Assistant Commandant for Governmental and Public Affairs, RADM Pat Stillman is committed to keeping you informed about what's happening in our Coast Guard. If you want printed copies of the publications discussed in this article, or if you need additional information or materials, or have any suggestions, please do not hesitate to contact his office. Send e-mail to [ejutte@comdt.uscg.mil](mailto:ejutte@comdt.uscg.mil), or write:

## Reporting telephone problems

As we move to improve our service to you, our customers, your concerns play a vital part in our success. In the July 1999 Retiree Newsletter we provided a Telephone Survey form and instructions on page 13. If you have not provided us with feedback on the new telephone system and have a problem or concern, please let us know so we can find a solution to meeting your needs.

If you would like to provide comments or concerns pertaining to the new system you may use the instructions and form provided in your July 1999 Newsletter, or write, fax, or call Ms. Sandra Ayers at:

Retiree and Annuitant Services (RAS) receives many questions concerning computation of pay after recall status ends. Below we have provided a summary of the recall process and some examples of possible retired pay computation. If you have specific questions or need further information please call us at (785)357-3415.

The Coast Guard Personnel Command (CGPC-opm-1) for officers and (CGPC-epm-1) for enlisted, start the process by issuing a recall order to the member. The recall order contains the effective date of the recall and duration of active duty. Information copies are sent to the Coast Guard Human Resources Service and Information Center (HRSIC), RAS and Military Accounts Support (MAS).

- Upon receipt of the recall order, RAS sends the Retiree a letter that includes a form for waiver of retired pay. The member is required to complete, sign, and return the waiver to RAS. This allows RAS to suspend retired pay, and the member to receive active duty pay and allowances during the recall period.

## Recall from retirement

- If the recall period is less than 30 days, RAS will not interrupt monthly retired pay entitlement. The member or active duty Personnel Reporting Unit (PERSRU), shall notify RAS in writing, upon completion of an active duty period. RAS will then compute entitlement to active duty pay and allowances during the recall period and issue a special payment for the difference between active duty and retired pay. HRSIC will issue a W-2 for taxable active duty pay received during the recall period and reduce the retired pay year-to-date taxable income that was waived.
- If the recall is for 30 days or longer, RAS will suspend retired pay entitlement and MAS will coordinate with the active duty PERSRU in accessing the member to PMIS/JUMPS. For immediate recall from retirement with no break in active duty, the PERSRU will electronically submit a Personnel Action P-193. NOTE: The member must carry all accrued leave forward. Ref: Coast Guard Pay Manual, Figures 10-2 and 10-3.

## IMPACT ON RETIRED PAY BENEFITS:

- On immediate recall from retirement, the member is placed on the retired rolls on the effective date of retirement and retired pay is immediately suspended. References may be found in the DoD 7000.14-R DoDFMR Volume 7B, Part Two, Chapter 3, paragraph 20303.
- A member originally retired for other than disability who, while on active duty, incurs a physical disability rating of at least 30 percent for which the member would otherwise be eligible for disability retired pay, is entitled, upon release from active duty, to retired pay computed on at least two different methods of entitlement; and depending on when the member first became a member of the military, before or after 8 September 1980.

## Survivor Benefit Plan (SBP)

The monthly SBP premium cost is suspended for the duration of the recall period. Members returning to retired status following recall may only modify their original SBP election if there has been a change in marital or dependent status, or they are re-entering retirement during an announced SBP open enrollment season. Members will have a one year opportunity to terminate their SBP coverage beginning upon the second anniversary of receiving retired pay.

### Recalled retiree pay computation examples:

#### Example 1 – for less than 2 years of recall:

- An O6 with 20 years 01 month 01 day retires 1 June 1997 and is immediately recalled for 1 year. Pay at retirement:

#### 06 over 20 years on 97 payscale

$$\begin{array}{r}
 \$5,478.30 \\
 \times .5020 \quad (20 \text{ years } 1 \text{ month}) \\
 \hline
 \$2,750.00 \quad (\text{rounded gross pay})
 \end{array}$$

At end of recall on 1 June 1998 active duty time increases to 21 years 01 month and 01 day. Pay upon retirement would be:

**O6 over 21 years on 97 payscale**

$$\begin{array}{r} \$5,478.30 \\ \times .5270 \text{ (21 years 1 month)} \\ \hline \$2,887.00 \text{ (rounded)} \\ \times 1.3\% \text{ (partial 97 COLA)} \\ \hline \$2,924.00 \text{ (rounded)} \end{array}$$

*Example 2 – for recall for at least 2 years:*

- An O6 with 20 years 01 month 01 day retires 1 June 1997 and is immediately recalled for 2 years. Pay at initial retirement would be.

**O6 over 20 years 1 month on 97 payscale**

$$\begin{array}{r} \$5,478.30 \\ \times .5020 \text{ (20 years 1 month)} \\ \hline \$2,750.00 \text{ (rounded retired gross pay)} \end{array}$$

At the end of recall period on 1 June 1999, active duty time is increased to 22 years 1 month and 1 day. Recomputation of retired pay is as follows:

*Method 1:*

- Pay would be computed as O6 over 22 years and 1 month using a .5520 percentage applied to the basic pay from the January 1999 payscale **only** if the member has been in receipt of this same basic pay for the **two year period** while on recall. Because there has been a new active duty payscale at least once a year since 1997 this recomputation method is not likely to be used. Or

*Method 2:*

- Pay recomputed on prior pay scale or pay scale used on initial retirement plus cost-of-living adjustments. Member to receive the most advantageous pay, example:

O6 over 22 years 1 month from 98 payscale

$$\begin{array}{r} \$5,958.00 \\ \times .5520 \text{ (22 years 1 month)} \\ \hline \$3,288.00 \text{ (rounded gross)} \\ \times 1.0\% \text{ (partial 98 COLA)} \\ \hline \$3,320.00 \text{ (rounded gross)} \end{array}$$

O6 over 22 years 1 month from 97 payscale

$$\begin{array}{r} \$5,795.70 \\ \times .5520 \text{ (22 years 1 month)} \\ \hline \$3,199.00 \text{ (rounded gross)} \\ \times 1.3\% \text{ (partial 97 COLA)} \\ \hline \$3,240.00 \text{ (rounded gross)} \\ \times 1.3\% \text{ (full 98 COLA)} \\ \hline \$3,282.00 \text{ (rounded gross pay)} \end{array}$$

## Taxability of former spouse payments

When a retiree has a portion of his/her retired pay sent to a former spouse as a **division of property**, the amount is excluded from the retiree's annual taxable income.

In November of each year, prior to producing the IRS Form's 1099R, the Retiree & Annuitant Service (RAS) office, reduces the retiree's annual taxable income by the amount of **division of property** payments made during the year. Also, the former spouse receives a separate 1099R for the **division of property** payments made to her/him during that tax

year.

**Alimony and child support** payments paid from a retiree's retired pay are not reflected in the year to date adjustments for taxes. If documentation of alimony or child support payments is needed, the retiree

may send a written request to RAS for a breakdown of payments made from the member's retired pay.

## Your state tax liability

The fact that a retiree or annuitant does not have state income tax withheld from retired/annuity pay does not eliminate the retiree's or annuitant's liability for state income tax.

HRSIC provides a copy of your 1099R income tax information to the Internal Revenue Service as well as to the state income tax authorities. Each state has its own requirements regarding taxing military retired pay and annuities.

You may obtain tax requirements for the state in which you reside in a variety of ways including:

- Contact your local state department of revenue (generally listed in the "blue" pages of your telephone directory)
- Obtain The Military Tax Guide. This is a supplement booklet provided by the Army Publishing Company. It is an excellent source of information on each state's rules governing the taxing of military retired pay. It also provides information on any new tax laws for that year. You may

order a copy by calling 1-800-368-8718 at a cost of \$5.

- Read tax information on the web by going to [www.taxsites.com](http://www.taxsites.com).

Military retirees are not required to have state income tax withheld from their retired pay. Under the law, (10 U.S.C. 1045), retirees may elect to voluntarily have state tax withheld. State taxes may only be withheld for those states that have entered into an agreement with the Department of Defense for withholding of state tax. All states that currently tax military retired pay have such a withholding agreement with DoD. Retirees wishing to have state income tax withheld from their retired pay must submit a written request to HRSIC (RAS) designating a monthly dollar amount that is to be deducted each month. The law **does not** provide for annuitants to have state income tax withheld from their monthly annuity pay.

## SBP upon remarriage

When a retiree no longer has an eligible spouse beneficiary, SBP spouse coverage is suspended and SBP spouse costs are discontinued. If the retiree later remarries, under the law, the new spouse becomes automatically covered under SBP one year after remarriage with the same level of coverage as the prior spouse. (An earlier date applies if a child is born of that marriage, or if a former spouse is remarried.)

Upon remarriage a retiree has the following options:

- Resume spouse coverage at the same level as the retiree had for the first spouse (under the

"automatic" provisions of the law).

- Elect not to resume spouse coverage provided the retiree's election to do so is received by CG Human Resources Service & Information Center within one year of remarriage.
- Increase SBP coverage to the maximum level, if the SBP coverage for the first spouse was at a reduced level.
- Add Supplemental SBP for the new spouse.

It is essential that the retiree notify HRSIC upon remarriage, especially

if the retiree doesn't want the new spouse automatically covered under SBP, or if the retiree wants to increase SBP coverage.

SSBP annuitants receive 55% of a retiree's SBP base amount until age 62, and then receive 35% thereafter. Effective 1 April 1992, retired members may purchase an SSBP annuity that will be added to the standard 35% annuity payable to a spouse survivor age 62 or older. SSBP is available only to retired members who elect SBP coverage based on full retired pay. SSBP coverage is available in increments of 5, 10, 15, or 20% of the base amount. Added to the 35% standard SBP annuity, SSBP permits the survivor at age 62 to receive 40, 45, 50, or 55% of the member's retired pay.
