All images courtesy of Cedar McKay, UW School of Oceanography except as marked.

Every 2nd & 4th Tuesday  
[2:30pm - 3:30pm]

This series encourages communication among scientists, students and others interested in the complex interactions of oceans and human health. Speakers and articles will bridge disciplines, highlight cross-cutting issues, and expand awareness of the role of our oceans on human health. Everyone interested in these topics is welcome to attend.
