¹ With respect to deferral elections for calendar years 1998 and forward, and pursuant to Plan provisions, all distributions from the PSA account were delivered in Enron Corp. common stock.

² Value of share distribution based on Enron Corp.'s closing stock price the day preceding notification to the transfer agent. This date was November 26, 2001 with an Enron Corp. closing stock price of \$4.01.

³ This net value of shares was reported on Exhibit 3.b.2 (i.e., "Deferral Payment") of the bankruptcy filing. As a result, the payment was understated on Exhibit 3.b.2 to the bankruptcy filing.

⁴ As a result of a data entry error, Mr. Childers PSA account balance and share distribution was overstated. Actual shares on 10/31/01 should be 3,218 shares. Waiting on decision from legal department as to whether or not we can net the over payment against any outstanding monetary claims that Mr. Childers has against the Company, should such claims ever be paid.

⁵ With respect to deferral elections for calendar years 1997 and prior, and pursuant to Plan provisions, the value of shares in the PSA account will be delivered in cash unless a waiver was signed to receive shares. Mr. Parquet had pre-98 deferrals that would have been paid out in cash, however, this cash payment was not rendered.
