TITLE V—OMNIBUS TRANSPORTATION EMPLOYEE TESTING

SHORT TITLE

SEC. 1. This title may be cited as the “Omnibus Transportation Employee Testing Act of 1991”.

FINDINGS

SEC. 2. The Congress finds that—
(1) alcohol abuse and illegal drug use pose significant dangers to the safety and welfare of the Nation;

(2) millions of the Nation's citizens utilize transportation by aircraft, railroads, trucks, and buses, and depend on the operators of aircraft, trains, trucks, and buses to perform in a safe and responsible manner;

(3) the greatest efforts must be expended to eliminate the abuse of alcohol and use of illegal drugs, whether on duty or off duty, by those individuals who are involved in the operation of aircraft, trains, trucks, and buses;

(4) the use of alcohol and illegal drugs has been demonstrated to affect significantly the performance of individuals, and has been proven to have been a critical factor in transportation accidents;

(5) the testing of uniformed personnel of the Armed Forces has shown that the most effective deterrent to abuse of alcohol and use of illegal drugs is increased testing, including random testing;

(6) adequate safeguards can be implemented to ensure that testing for abuse of alcohol or use of illegal drugs is performed in a manner which protects an individual's right of privacy, ensures that no individual is harassed by being treated differently from other individuals, and ensures that no individual's reputation or career development is unduly threatened or harmed; and

(7) rehabilitation is a critical component of any testing program for abuse of alcohol or use of illegal drugs, and should be made available to individuals, as appropriate.

TESTING TO ENHANCE AVIATION SAFETY

SEC. 3. (a) Title VI of the Federal Aviation Act of 1958 (49 App. U.S.C. 1421 et seq.) is amended by adding at the end thereof the following:

"SEC. 614. ALCOHOL AND CONTROLLED SUBSTANCES TESTING.

49 USC app.
1434.

"(a) TESTING PROGRAM.—

Regulations.

"(1) PROGRAM FOR EMPLOYEES OF CARRIERS.—The Administrator shall, in the interest of aviation safety, prescribe regulations within 12 months after the date of enactment of this section. Such regulations shall establish a program which requires air carriers and foreign air carriers to conduct preemployment, reasonable suspicion, random, and post-accident testing of airmen, crewmembers, airport security screening contract personnel, and other air carrier employees responsible for safety-sensitive functions (as determined by the Administrator) for use, in violation of law or Federal regulation, of alcohol or a controlled substance. The Administrator may also prescribe regulations, as the Administrator considers appropriate in the interest of safety, for the conduct of periodic recurring testing of such employees for such use in violation of law or Federal regulation.

"(2) PROGRAM FOR FAA EMPLOYEES.—The Administrator shall establish a program applicable to employees of the Federal Aviation Administration whose duties include responsibility for safety-sensitive functions. Such program shall provide for preemployment, reasonable suspicion, random, and post-accident testing for use, in violation of law or Federal regulation, of alcohol or a controlled substance. The Administrator may

also prescribe regulations, as the Administrator considers appropriate in the interest of safety, for the conduct of periodic recurring testing of such employees for such use in violation of law or Federal regulation.

“(3) **SUSPENSION; REVOCATION; DISQUALIFICATION; DISMISSAL.**—In prescribing regulations under the programs required by this subsection, the Administrator shall require, as the Administrator considers appropriate, the suspension or revocation of any certificate issued to such an individual, or the disqualification or dismissal of any such individual, in accordance with the provisions of this section, in any instance where a test conducted and confirmed under this section indicates that such individual has used, in violation of law or Federal regulation, alcohol or a controlled substance.

“(b) **PROHIBITION ON SERVICE.**—

“(1) **PROHIBITED ACT.**—It is unlawful for a person to use, in violation of law or Federal regulation, alcohol or a controlled substance after the date of enactment of this section and serve as an airman, crewmember, airport security screening contract personnel, air carrier employee responsible for safety-sensitive functions (as determined by the Administrator), or employee of the Federal Aviation Administration with responsibility for safety-sensitive functions.

“(2) **EFFECT OF REHABILITATION.**—No individual who is determined to have used, in violation of law or Federal regulation, alcohol or a controlled substance after the date of enactment of this section shall serve as an airman, crewmember, airport security screening contract personnel, air carrier employee responsible for safety-sensitive functions (as determined by the Administrator), or employee of the Federal Aviation Administration with responsibility for safety-sensitive functions unless such individual has completed a program of rehabilitation described in subsection (c) of this section.

“(3) **PERFORMANCE OF PRIOR DUTIES PROHIBITED.**—Any such individual determined by the Administrator to have used, in violation of law or Federal regulation, alcohol or a controlled substance after the date of enactment of this section who—

“(A) engaged in such use while on duty;

“(B) prior to such use had undertaken or completed a rehabilitation program described in subsection (c);

“(C) following such determination refuses to undertake such a rehabilitation program; or

“(D) following such determination fails to complete such a rehabilitation program,

shall not be permitted to perform the duties relating to air transportation which such individual performed prior to the date of such determination.

“(c) **PROGRAM FOR REHABILITATION.**—

“(1) **PROGRAM FOR EMPLOYEES OF CARRIERS.**—The Administrator shall prescribe regulations setting forth requirements for rehabilitation programs which at a minimum provide for the identification and opportunity for treatment of employees referred to in subsection (a)(1) in need of assistance in resolving problems with the use, in violation of law or Federal regulation, of alcohol or controlled substances. Each air carrier and foreign air carrier is encouraged to make such a program available to all of its employees in addition to those employees referred to in

Regulations.

subsection (a)(1). The Administrator shall determine the circumstances under which such employees shall be required to participate in such a program. Nothing in this subsection shall preclude any air carrier or foreign air carrier from establishing a program under this subsection in cooperation with any other air carrier or foreign air carrier.

“(2) PROGRAM FOR FAA EMPLOYEES.—The Administrator shall establish and maintain a rehabilitation program which at a minimum provides for the identification and opportunity for treatment of those employees of the Federal Aviation Administration whose duties include responsibility for safety-sensitive functions who are in need of assistance in resolving problems with the use of alcohol or controlled substances.

“(d) PROCEDURES FOR TESTING.—In establishing the program required under subsection (a), the Administrator shall develop requirements which shall—

“(1) promote, to the maximum extent practicable, individual privacy in the collection of specimen samples;

“(2) with respect to laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any subsequent amendments thereto, including mandatory guidelines which—

“(A) establish comprehensive standards for all aspects of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards which require the use of the best available technology for ensuring the full reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimen samples collected for controlled substances testing;

“(B) establish the minimum list of controlled substances for which individuals may be tested; and

“(C) establish appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

“(3) require that all laboratories involved in the controlled substances testing of any individual under this section shall have the capability and facility, at such laboratory, of performing screening and confirmation tests;

“(4) provide that all tests which indicate the use, in violation of law or Federal regulation, of alcohol or a controlled substance by any individual shall be confirmed by a scientifically recognized method of testing capable of providing quantitative data regarding alcohol or a controlled substance;

“(5) provide that each specimen sample be subdivided, secured, and labelled in the presence of the tested individual and that a portion thereof be retained in a secure manner to prevent the possibility of tampering, so that in the event the individual's confirmation test results are positive the individual has an opportunity to have the retained portion assayed by a confirmation test done independently at a second certified laboratory if the individual requests the independent test within 3 days after being advised of the results of the confirmation test;

“(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including

urine and blood, through the development of regulations as may be necessary and in consultation with the Department of Health and Human Services;

“(7) provide for the confidentiality of test results and medical information (other than information relating to alcohol or a controlled substance) of employees, except that the provisions of this paragraph shall not preclude the use of test results for the orderly imposition of appropriate sanctions under this section; and

“(8) ensure that employees are selected for tests by non-discriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

“(e) EFFECT ON OTHER LAWS AND REGULATIONS.—

“(1) STATE AND LOCAL LAW AND REGULATIONS.—No State or local government shall adopt or have in effect any law, rule, regulation, ordinance, standard, or order that is inconsistent with the regulations promulgated under this section, except that the regulations promulgated under this section shall not be construed to preempt provisions of State criminal law which impose sanctions for reckless conduct leading to actual loss of life, injury, or damage to property, whether the provisions apply specifically to employees of an air carrier or foreign air carrier, or to the general public.

“(2) OTHER REGULATIONS ISSUED BY ADMINISTRATOR.—Nothing in this section shall be construed to restrict the discretion of the Administrator to continue in force, amend, or further supplement any regulations issued before the date of enactment of this section that govern the use of alcohol and controlled substances by airmen, crewmembers, airport security screening contract personnel, air carrier employees responsible for safety-sensitive functions (as determined by the Administrator), or employees of the Federal Aviation Administration with responsibility for safety-sensitive functions.

“(3) INTERNATIONAL OBLIGATIONS.—In prescribing regulations under this section, the Administrator shall only establish requirements applicable to foreign air carriers that are consistent with the international obligations of the United States, and the Administrator shall take into consideration any applicable laws and regulations of foreign countries. The Secretary of State and the Secretary of Transportation, jointly, shall call on the member countries of the International Civil Aviation Organization to strengthen and enforce existing standards to prohibit the use, in violation of law or Federal regulation, of alcohol or a controlled substance by crew members in international civil aviation.

“(f) DEFINITION.—For the purposes of this section, the term ‘controlled substance’ means any substance under section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)) specified by the Administrator.”

(b) That portion of the table of contents of the Federal Aviation Act of 1958 relating to title VI is amended by adding at the end thereof the following:

“Sec. 614. Alcohol and controlled substances testing.

“(a) Testing program.

“(b) Prohibition on service.

“(c) Program for rehabilitation.

“(d) Procedures.

“(e) Effect on other laws and regulations.

“(f) Definition.”.

TESTING TO ENHANCE RAILROAD SAFETY

SEC. 4. Section 202 of the Federal Railroad Safety Act of 1970 (45 U.S.C. 431) is amended by adding at the end thereof the following:

“(r)(1) In the interest of safety, the Secretary shall, within twelve months after the date of enactment of this subsection, issue rules, regulations, standards, and orders relating to alcohol and drug use in railroad operations. Such regulations shall establish a program which— Regulations.

“(A) requires railroads to conduct preemployment, reasonable suspicion, random, and post-accident testing of all railroad employees responsible for safety-sensitive functions (as determined by the Secretary) for use, in violation of law or Federal regulation, of alcohol or a controlled substance;

“(B) requires, as the Secretary considers appropriate, disqualification for an established period of time or dismissal of any employee determined to have used or to have been impaired by alcohol while on duty; and

“(C) requires, as the Secretary considers appropriate, disqualification for an established period of time or dismissal of any employee determined to have used a controlled substance, whether on duty or not on duty, except as permitted for medical purposes by law and any rules, regulations, standards, or orders issued under this title.

The Secretary may also issue rules, regulations, standards, and orders, as the Secretary considers appropriate in the interest of safety, requiring railroads to conduct periodic recurring testing of railroad employees responsible for such safety sensitive functions, for use of alcohol or a controlled substance in violation of law or Federal regulation. Nothing in this subsection shall be construed to restrict the discretion of the Secretary to continue in force, amend, or further supplement any rules, regulations, standards, and orders governing the use of alcohol and controlled substances in railroad operations issued before the date of enactment of this subsection.

“(2) In carrying out the provisions of this subsection, the Secretary shall develop requirements which shall—

“(A) promote, to the maximum extent practicable, individual privacy in the collection of specimen samples;

“(B) with respect to laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any subsequent amendments thereto, including mandatory guidelines which—

“(i) establish comprehensive standards for all aspects of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this subsection, including standards which require the use of the best available technology for ensuring the full reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimen samples collected for controlled substances testing;

“(ii) establish the minimum list of controlled substances for which individuals may be tested; and

“(iii) establish appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this subsection;

“(C) require that all laboratories involved in the controlled substances testing of any employee under this subsection shall have the capability and facility, at such laboratory, of performing screening and confirmation tests;

“(D) provide that all tests which indicate the use, in violation of law or Federal regulation, of alcohol or a controlled substance by any employee shall be confirmed by a scientifically recognized method of testing capable of providing quantitative data regarding alcohol or a controlled substance;

“(E) provide that each specimen sample be subdivided, secured, and labelled in the presence of the tested individual and that a portion thereof be retained in a secure manner to prevent the possibility of tampering, so that in the event the individual's confirmation test results are positive the individual has an opportunity to have the retained portion assayed by a confirmation test done independently at a second certified laboratory if the individual requests the independent test within 3 days after being advised of the results of the confirmation test;

“(F) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations as may be necessary and in consultation with the Department of Health and Human Services;

“(G) provide for the confidentiality of test results and medical information (other than information relating to alcohol or a controlled substance) of employees, except that the provisions of this subparagraph shall not preclude the use of test results for the orderly imposition of appropriate sanctions under this subsection; and

“(H) ensure that employees are selected for tests by non-discriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

Regulations.

“(3) The Secretary shall issue rules, regulations, standards, or orders setting forth requirements for rehabilitation programs which at a minimum provide for the identification and opportunity for treatment of railroad employees responsible for safety-sensitive functions (as determined by the Secretary) in need of assistance in resolving problems with the use, in violation of law or Federal regulation, of alcohol or a controlled substance. Each railroad is encouraged to make such a program available to all of its employees in addition to those employees responsible for safety sensitive functions. The Secretary shall determine the circumstances under which such employees shall be required to participate in such program. Nothing in this paragraph shall preclude a railroad from establishing a program under this paragraph in cooperation with any other railroad.

“(4) In carrying out the provisions of this subsection, the Secretary shall only establish requirements that are consistent with the international obligations of the United States, and the Secretary shall take into consideration any applicable laws and regulations of foreign countries.

“(5) For the purposes of this subsection, the term ‘controlled substance’ means any substance under section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)) specified by the Secretary.”

TESTING TO ENHANCE MOTOR CARRIER SAFETY

SEC. 5. (a)(1) The Commercial Motor Vehicle Safety Act of 1986 (49 App. U.S.C. 2701 et seq.) is amended by adding at the end the following new section:

“SEC. 12020. ALCOHOL AND CONTROLLED SUBSTANCES TESTING.

49 USC app.
2717.

“(a) REGULATIONS.—The Secretary shall, in the interest of commercial motor vehicle safety, issue regulations within twelve months after the date of enactment of this section. Such regulations shall establish a program which requires motor carriers to conduct preemployment, reasonable suspicion, random, and post-accident testing of the operators of commercial motor vehicles for use, in violation of law or Federal regulation, of alcohol or a controlled substance. The Secretary may also issue regulations, as the Secretary considers appropriate in the interest of safety, for the conduct of periodic recurring testing of such operators for such use in violation of law or Federal regulation.

“(b) TESTING.—

“(1) POST-ACCIDENT TESTING.—In issuing such regulations, the Secretary shall require that post-accident testing of the operator of a commercial motor vehicle be conducted in the case of any accident involving a commercial motor vehicle in which occurs loss of human life, or, as determined by the Secretary, other serious accidents involving bodily injury or significant property damage.

“(2) TESTING AS PART OF MEDICAL EXAMINATION.—Nothing in subsection (a) of this section shall preclude the Secretary from providing in such regulations that such testing be conducted as part of the medical examination required by subpart E of part 391 of title 49, Code of Federal Regulations, with respect to those operators of commercial motor vehicles to whom such part is applicable.

“(c) PROGRAM FOR REHABILITATION.—The Secretary shall issue regulations setting forth requirements for rehabilitation programs which provide for the identification and opportunity for treatment of operators of commercial motor vehicles who are determined to have used, in violation of law or Federal regulation, alcohol or a controlled substance. The Secretary shall determine the circumstances under which such operators shall be required to participate in such program. Nothing in this subsection shall preclude a motor carrier from establishing a program under this subsection in cooperation with any other motor carrier.

Regulations.

“(d) PROCEDURES FOR TESTING.—In establishing the program required under subsection (a) of this section, the Secretary shall develop requirements which shall—

“(1) promote, to the maximum extent practicable, individual privacy in the collection of specimen samples;

“(2) with respect to laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any subsequent amendments thereto, including mandatory guidelines which—

“(A) establish comprehensive standards for all aspects of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards which require the use of the best available technology for ensuring the full reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimen samples collected for controlled substances testing;

“(B) establish the minimum list of controlled substances for which individuals may be tested; and

“(C) establish appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

“(3) require that all laboratories involved in the testing of any individual under this section shall have the capability and facility, at such laboratory, of performing screening and confirmation tests;

“(4) provide that all tests which indicate the use, in violation of law or Federal regulation, of alcohol or a controlled substance by any individual shall be confirmed by a scientifically recognized method of testing capable of providing quantitative data regarding alcohol or a controlled substance;

“(5) provide that each specimen sample be subdivided, secured, and labelled in the presence of the tested individual and that a portion thereof be retained in a secure manner to prevent the possibility of tampering, so that in the event the individual's confirmation test results are positive the individual has an opportunity to have the retained portion assayed by a confirmation test done independently at a second certified laboratory if the individual requests the independent test within 3 days after being advised of the results of the confirmation test;

“(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations as may be necessary and in consultation with the Department of Health and Human Services;

“(7) provide for the confidentiality of test results and medical information (other than information relating to alcohol or a controlled substance) of employees, except that the provisions of this paragraph shall not preclude the use of test results for the orderly imposition of appropriate sanctions under this section; and

“(8) ensure that employees are selected for tests by non-discriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

“(e) EFFECT ON OTHER LAWS AND REGULATIONS.—

“(1) STATE AND LOCAL LAW AND REGULATIONS.—No State or local government shall adopt or have in effect any law, rule, regulation, ordinance, standard, or order that is inconsistent with the regulations issued under this section, except that the regulations issued under this section shall not be construed to preempt provisions of State criminal law which impose sanctions for reckless conduct leading to actual loss of life, injury, or damage to property, whether the provisions apply specifically to commercial motor vehicle employees, or to the general public.

“(2) OTHER REGULATIONS ISSUED BY SECRETARY.—Nothing in this section shall be construed to restrict the discretion of the Secretary to continue in force, amend, or further supplement any regulations governing the use of alcohol or controlled substances by commercial motor vehicle employees issued before the date of enactment of this section.

“(3) INTERNATIONAL OBLIGATIONS.—In issuing regulations under this section, the Secretary shall only establish requirements that are consistent with the international obligations of the United States, and the Secretary shall take into consideration any applicable laws and regulations of foreign countries.

“(f) APPLICATION OF PENALTIES.—

“(1) EFFECT ON OTHER PENALTIES.—Nothing in this section shall be construed to supersede any penalty applicable to the operator of a commercial motor vehicle under this title or any other provision of law.

“(2) DETERMINATION OF SANCTIONS.—The Secretary shall determine appropriate sanctions for commercial motor vehicle operators who are determined, as a result of tests conducted and confirmed under this section, to have used, in violation of law or Federal regulation, alcohol or a controlled substance but are not under the influence of alcohol or a controlled substance, as provided in this title.

“(g) DEFINITION.—For the purposes of this section, the term ‘controlled substance’ means any substance under section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)) specified by the Secretary.”

(2) The table of contents of the Commercial Motor Vehicle Safety Act of 1986 (Public Law 99-570; 100 Stat. 5223) is amended by adding at the end thereof the following:

“Sec. 12020. Alcohol and controlled substances testing.”

(b)(1) The Secretary of Transportation shall design within nine months after the date of enactment of this Act, and implement within fifteen months after the date of enactment of this Act, a pilot test program for the purpose of testing the operators of commercial motor vehicles on a random basis to determine whether an operator has used, in violation of law or Federal regulation, alcohol or a controlled substance. The pilot test program shall be administered as part of the Motor Carrier Safety Assistance Program.

49 USC app.
2717 note.

(2) The Secretary shall solicit the participation of States which are interested in participating in such program and shall select four States to participate in the program.

(3) The Secretary shall ensure that the States selected pursuant to this subsection are representative of varying geographical and population characteristics of the Nation and that the selection takes into consideration the historical geographical incidence of commercial motor vehicle accidents involving loss of human life.

(4) The pilot program authorized by this subsection shall continue for a period of one year. The Secretary shall consider alternative methodologies for implementing a system of random testing of operators of commercial motor vehicles.

(5) Not later than thirty months after the date of enactment of this Act, the Secretary shall prepare and submit to the Congress a comprehensive report setting forth the results of the pilot program conducted under this subsection. Such report shall include any recommendations of the Secretary concerning the desirability and

Reports.

implementation of a system for the random testing of operators of commercial motor vehicles.

(6) For purposes of carrying out this subsection, there shall be available to the Secretary \$5,000,000 from funds made available to carry out section 404 of the Surface Transportation Assistance Act of 1982 (49 App. U.S.C. 2304) for fiscal year 1992.

(7) For purposes of this subsection, the term "commercial motor vehicle" shall have the meaning given to such term in section 12019(6) of the Commercial Motor Vehicle Safety Act of 1986 (49 App. U.S.C. 2716(6)).

TESTING TO ENHANCE MASS TRANSPORTATION SAFETY

SEC. 6. (a) As used in this section, the term—

(1) "controlled substance" means any substance under section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6)) whose use the Secretary has determined has a risk to transportation safety;

(2) "person" includes any corporation, partnership, joint venture, association, or other entity organized or existing under the laws of the United States, or any State, territory, district, or possession thereof, or of any foreign country;

(3) "Secretary" means the Secretary of Transportation; and

(4) "mass transportation" means all forms of mass transportation except those forms that the Secretary determines are covered adequately, for purposes of employee drug and alcohol testing, by either the Federal Railroad Safety Act of 1970 (45 U.S.C. 431 et seq.) or the Commercial Motor Vehicle Safety Act of 1986 (49 App. U.S.C. 2701 et seq.).

49 USC app.
1618a.

Regulations.

(b)(1) The Secretary shall, in the interest of mass transportation safety, issue regulations within twelve months after the date of enactment of this Act. Such regulations shall establish a program which requires mass transportation operations which are recipients of Federal financial assistance under section 3, 9, or 18 of the Urban Mass Transportation Act of 1964 (49 App. U.S.C. 1602, 1607a, or 1614) or section 103(e)(4) of title 23, United States Code, to conduct preemployment, reasonable suspicion, random, and post-accident testing of mass transportation employees responsible for safety-sensitive functions (as determined by the Secretary) for use, in violation of law or Federal regulation, of alcohol or a controlled substance. The Secretary may also issue regulations, as the Secretary considers appropriate in the interest of safety, for the conduct of periodic recurring testing of such employees for such use in violation of law or Federal regulation.

(2) In issuing such regulations, the Secretary shall require that post-accident testing of such a mass transportation employee be conducted in the case of any accident involving mass transportation in which occurs loss of human life, or, as determined by the Secretary, other serious accidents involving bodily injury or significant property damage.

Regulations.

(c) The Secretary shall issue regulations setting forth requirements for rehabilitation programs which provide for the identification and opportunity for treatment of mass transportation employees referred to in subsection (b)(1) who are determined to have used, in violation of law or Federal regulation, alcohol or a controlled substance. The Secretary shall determine the circumstances under which such employees shall be required to partici-

pate in such program. Nothing in this subsection shall preclude a mass transportation operation from establishing a program under this section in cooperation with any other such operation.

(d) In establishing the program required under subsection (b), the Secretary shall develop requirements which shall—

(1) promote, to the maximum extent practicable, individual privacy in the collection of specimen samples;

(2) with respect to laboratories and testing procedures for controlled substances, incorporate the Department of Health and Human Services scientific and technical guidelines dated April 11, 1988, and any subsequent amendments thereto, including mandatory guidelines which—

(A) establish comprehensive standards for all aspects of laboratory controlled substances testing and laboratory procedures to be applied in carrying out this section, including standards which require the use of the best available technology for ensuring the full reliability and accuracy of controlled substances tests and strict procedures governing the chain of custody of specimen samples collected for controlled substances testing;

(B) establish the minimum list of controlled substances for which individuals may be tested; and

(C) establish appropriate standards and procedures for periodic review of laboratories and criteria for certification and revocation of certification of laboratories to perform controlled substances testing in carrying out this section;

(3) require that all laboratories involved in the testing of any individual under this section shall have the capability and facility, at such laboratory, of performing screening and confirmation tests;

(4) provide that all tests which indicate the use, in violation of law or Federal regulation, of alcohol or a controlled substance by any individual shall be confirmed by a scientifically recognized method of testing capable of providing quantitative data regarding alcohol or a controlled substance;

(5) provide that each specimen sample be subdivided, secured, and labelled in the presence of the tested individual and that a portion thereof be retained in a secure manner to prevent the possibility of tampering, so that in the event the individual's confirmation test results are positive the individual has an opportunity to have the retained portion assayed by a confirmation test done independently at a second certified laboratory if the individual requests the independent test within three days after being advised of the results of the confirmation test;

(6) ensure appropriate safeguards for testing to detect and quantify alcohol in breath and body fluid samples, including urine and blood, through the development of regulations as may be necessary and in consultation with the Department of Health and Human Services;

(7) provide for the confidentiality of test results and medical information (other than information relating to alcohol or a controlled substance) of employees, except that the provisions of this paragraph shall not preclude the use of test results for the orderly imposition of appropriate sanctions under this section; and

(8) ensure that employees are selected for tests by nondiscriminatory and impartial methods, so that no employee is harassed by being treated differently from other employees in similar circumstances.

(e)(1) No State or local government shall adopt or have in effect any law, rule, regulation, ordinance, standard, or order that is inconsistent with the regulations issued under this section, except that the regulations issued under this section shall not be construed to preempt provisions of State criminal law which impose sanctions for reckless conduct leading to actual loss of life, injury, or damage to property, whether the provisions apply specifically to mass transportation employees, or to the general public.

(2) Nothing in this section shall be construed to restrict the discretion of the Secretary to continue in force, amend, or further supplement any regulations governing the use of alcohol or controlled substances by mass transportation employees issued before the date of enactment of this Act.

(3) In issuing regulations under this section, the Secretary shall only establish requirements that are consistent with the international obligations of the United States, and the Secretary shall take into consideration any applicable laws and regulations of foreign countries.

(f)(1) As the Secretary considers appropriate, the Secretary shall require—

(A) disqualification for an established period of time or dismissal of any employee referred to in subsection (b)(1) who is determined to have used or to have been impaired by alcohol while on duty; and

(B) disqualification for an established period of time or dismissal of any such employee determined to have used a controlled substance, whether on duty or not on duty, except as permitted for medical purposes by law or any regulations.

(2) Nothing in this section shall be construed to supersede any penalty applicable to a mass transportation employee under any other provision of law.

(g) A person shall not be eligible for Federal financial assistance under section 3, 9, or 18 of the Urban Mass Transportation Act of 1964 (49 App. U.S.C. 1602, 1607a, or 1614) or section 103(e)(4) of title 23, United States Code, if such person—

(1) is required, under regulations prescribed by the Secretary under this section, to establish a program of alcohol and controlled substances testing; and

(2) fails to establish such a program in accordance with such regulations.
