

Community and Faith-Based Organization Leaders,

The Center for Faith-Based and Community Initiatives (CFBCI) at the U.S. Department of Homeland Security (DHS) is working to ensure government is coordinating with faith-based and community organizations in response and recovery efforts following Hurricane Gustav.

The DHS Center has provided the following information, updated as of 4 p.m. EDT today, as a resource for organizations serving in the Gulf Coast or interested in doing so.

When possible, the work of faith-based and community organizations is best coordinated at the level of government closest to the area of need. Please review the following list—particularly the state and county information at the bottom of this email—for contacts within the specific locations and/or issues you wish to engage.

If you have additional questions beyond the information provided below, inquiries can be directed to the DHS CFBCI at [infofbci@dhs.gov](mailto:infofbci@dhs.gov) or 202-646-3487. *(Note: The CFBCI is not designed as a call center, but every effort will be made to respond to messages within 24 hours or less.)*

## **HOW TO VOLUNTEER OR DONATE RESOURCES**

Americans interested in volunteering or donating to Hurricane Gustav response and recovery efforts can visit [www.volunteer.gov](http://www.volunteer.gov). Coordinated through USA Freedom Corps in partnership with government and nonprofit partners, this site is the Federal hub for volunteer opportunities, donations and resources to meet pressing needs in affected communities.

Faith-based and other community organizations willing to assist with volunteer efforts can also contact their state Voluntary Organizations Active in Disaster (VOAD) point-of-contact at: [www.nvoad.org/AboutUs/StateVOADs/tabid/76/Default.aspx](http://www.nvoad.org/AboutUs/StateVOADs/tabid/76/Default.aspx).

In addition, local Citizen Corps Councils have helped to lead local preparedness efforts in many communities across the country. Organizations willing to join local response and recovery efforts can visit [www.citizencorps.gov](http://www.citizencorps.gov) to find local Citizen Corps points of contact.

Individuals may also choose to volunteer through the American Red Cross ([www.redcross.org](http://www.redcross.org)).

## **DISASTER ASSISTANCE**

To apply for individual or public assistance, or to aid others in doing so, see [www.fema.gov/assistance](http://www.fema.gov/assistance) or call 1-800-621-FEMA (3362).

## **HOW DOES THE GOVERNMENT RESPOND DURING A DISASTER? THE NATIONAL RESPONSE FRAMEWORK**

The *National Response Framework* (NRF) is a guide that details how the Nation responds in the wake of disaster – from small incident to large catastrophes. This document establishes a comprehensive, national, all-hazards approach to domestic incident response. The Framework identifies the key response principles, as well as the roles and structures that organize national response. It describes how communities, States, the Federal Government and private-sector and nongovernmental partners apply these principles for a coordinated, effective national response. In addition, it describes special circumstances where the Federal Government exercises a larger role, including incidents where Federal interests are involved and catastrophic incidents where a State would require significant support. It lays the groundwork for first responders, decision-makers and supporting entities to provide a unified national response.

In addition to releasing the NRF base document, the Emergency Support Function Annexes and Support Annexes are available online at the NRF Resource Center. The annexes are a total of 23 individual documents designed to provide concept of operations, procedures and structures for achieving response directives for all partners in fulfilling their roles under the NRF.

The National Response Framework is available on FEMA’s Web site at:  
<http://www.fema.gov/emergency/nrf/>

## **STATE RESOURCES**

To the extent possible, any FBCO interested in serving those impacted by Hurricane Gustav may also contact the respective state or county Emergency Management Offices listed below for coordination.

For guidance on how to donate and volunteer most effectively in Texas, see [www.texasresponds.org](http://www.texasresponds.org).

The Integrative Center for Homeland Security (ICHS) at Texas A&M University has created *Storm Door*, a web portal linking you to the best available news and information on hurricanes in progress. Go to <http://homelandsecurity.tamu.edu/> and follow the Storm Door link to a single site that provides links to every major newspaper and TV station on the Gulf Coast, as well as national hurricane tracking sites, and government and private preparation guidelines.
