## SURVEY OF FINANCIAL ACTIVITIES AND ATTITUDES

### DATA REQUEST FORM

The Office of the Comptroller of the Currency has released a microdata file for the 1998-99 *Survey of Financial Activities and Attitudes*. The OCC hopes that this public release will provide useful information on financial access issues and will encourage further contributions by the banking industry to economic development and financial opportunity.

At the same time, the OCC takes seriously its assurance of privacy to survey respondents. This obligation has mandated careful application of disclosure limitation methods to the public microdata file. These methods have modified the data in a way that safeguards confidentiality of the data file while largely preserving its statistical properties and maintaining its usefulness for applications such as market and policy analysis.

The following materials related to the *Survey of Financial Activities and Attitudes* are available from the OCC free of charge. Please indicate which you are requesting:

- Compact disc containing public release materials (public microdata file, survey questionnaire, codebook, other technical documents).
- Printed version of the survey questionnaire in English and Spanish.
