

Postdoctoral Research Associate Position In Structural Biology

**Chemical Sciences Division
Oak Ridge National Laboratory
Oak Ridge, Tennessee**

ORNL07-74-CSD

Project Description:

The Center for Structural Molecular Biology and Macromolecular Structures group of the Chemical Sciences Division has an immediate opening for a postdoctoral research associate to perform research and development in neutron protein crystallography. Applications are sought from highly creative and motivated individuals who will join an interdisciplinary team developing protein crystals for other experimental methods.

Qualifications: Ph.D. degree in Chemistry required. Experience in Biology also desired. Applicants cannot have received the most recent degree more than five years prior to the date of application and must complete all degree requirements before starting their appointment.

How to Apply:

Qualified applicants may apply online at https://www2.ornl.gov/ORNL_POST/. All applicants will need to register before they can begin the online application. For complete instructions, on how to apply, please see the instructions at <http://www.ornl.gov/orise/edu/ornl/ornl-pdpm/application.htm>. When applying for this position, please reference the position title and number (ORNL07-74-CSD).

This appointment is offered through the ORNL Postdoctoral Research Associates Program and is administered by Oak Ridge Associated Universities (ORAU). This appointment is open to all qualified U.S. and non-U.S. citizens without regard to race, color, age, religion, sex, national origin, physical or mental disability, or status as a Vietnam-era veteran or disabled veteran.
