

**Post Master's Research Associate in
Neutron Scattering Research
Neutron Scattering Sciences Division
Neutron Sciences Directorate
Oak Ridge National Laboratory
Oak Ridge, Tennessee**

ORNL08-92-NSSD

Project Description:

Responsibilities include conducting research using neutron scattering as a primary research tool, primarily affiliated with the Neutron Scattering Science Division and in close collaboration with the correlated electron materials group of the Materials Science and Technology Division.

Qualifications:

This position requires a master's degree in chemistry, physics, or other physical sciences. Applicants cannot have received the most recent degree more than five years prior to the date of application and must complete all degree requirements before starting their appointment.

How to Apply:

Qualified applicants must apply online at https://www2.ornl.gov/ORNL_POST/. All applicants will need to register before they can begin the online application. For complete instructions, on how to apply, please see the instructions at <http://www.ornl.gov/orise/edu/ornl/ornl-pdpm/application.htm>. When applying for this position, please reference the position title and number.

This appointment is offered through the ORNL Postgraduate Research Participation Program and is administered by the Oak Ridge Institute for Science and Education (ORISE). The position is open to citizens or legal permanent residents of the US or Canada without regard to race, color, age, religion, sex, national origin, physical or mental disability, or status as a Vietnam-era veteran or disabled veteran.
