The USDA Annual Cyber Security Awareness EXPO will be held January 28 - 29, 2009 in the Jamie L. Whitten Building Patio Area, Washington, DC.

This event will promote security and PII awareness and will focus on preventive measures to safeguard and protect information.

- The Expo is open to all Federal Agencies Government-wide, USDA Contractors, and Vendors.
- Awareness training will be conducted during the conference.
- Guest speakers from Federal and Private sector will present on various security and PII topics.
