### **FLUOR HANFORD NAMES NEW FIRE DEPARTMENT CHIEF**

RICHLAND, Wash. – June 6, 2005 – Fluor Hanford announced today that Bob Kirk has been named the new chief of the Hanford Fire Department. Kirk comes to Hanford from the City of Kennewick, where he was the chief of the city's fire department. Kirk replaces Don Good, who retired as Hanford's Fire Chief in August 2004, after 27 years of service with the department.

"We're pleased to have someone with Chief Kirk's background and experience joining our Fluor Hanford team," said Ron Gallagher, Fluor Hanford president and CEO. "His local knowledge and long-time association with the community will allow him to transition quickly into his new role at Hanford."

The Hanford Fire Department, managed by Fluor Hanford, currently employs 140 people, including 104 fire-response personnel. The department provides a variety of fire and safety services on the Hanford Site, as well as response to surrounding cities and counties under mutual aid and state mobilization agreements.

###

*A prime contractor to the Department of Energy since 1996, Fluor Hanford has approximately 3,900 employees and manages several major activities at the Hanford Site, including dismantling former nuclear processing facilities, cleaning up the site's contaminated groundwater, retrieving and processing transuranic waste for off-site shipment, maintaining the site's infrastructure, and operating the Volpentest HAMMER Training & Education Center.*

*Fluor Corporation (NYSE: FLR) provides services on a global basis in the fields of engineering, procurement, construction, operations, maintenance and project management. Headquartered in Aliso Viejo, Calif., Fluor is a FORTUNE 500 company with revenues of \$9.4 billion in 2004. For more information, visit [www.fluor.com](http://www.fluor.com).*
