Data as of: December 1, 2005

District totals include district-sponsored charter school data, but not state-sponsored charter school data. District totals in reports released prior to 2005-2006 do not include charter school data.

'-' indicates that this grade level was not present or there was no full time teacher at that grade level.

'*' Teachers may serve multiple grade levels as needed. Therefore, Student/Teacher Ratio is reported for the school as a whole.

'+' Kindergarten ratios are based on the number of classes, not teachers.
