

**REQUEST FOR QUALIFICATION
PROJECT SPECIFIC PREQUALIFICATION CRITERIA
Prequalification No. 63485
MASTER TASK ORDERING AGREEMENT
FOR ENVIRONMENTAL SAMPLING SERVICES
Procurement Specialist: Francis J. Targhetta
Due Date: August 15th, 2008**

Los Alamos National Security, LLC (LANS) intends to issue a Request for Proposal (RFP) for award of a Master Task Ordering Agreement to provide services generally described below to prequalified Offerors only.

Accordingly, to be deemed prequalified to receive an RFP, a potential Offeror must provide such documentation necessary to demonstrate the ability to meet each element of the Project Specific Prequalification Criteria set forth below. Please organize submitted information in such a manner that reviewers can easily locate responses to questions and requirements. Information submitted that does not directly address the prequalification criteria below will not be considered. Failure to clearly state how the criteria are met or failure to respond by the stipulated time will result in the respondent not receiving a RFP.

To support the prequalification evaluation process, provide the following prime Respondent information:

Prime Respondent Company

Name:

Address:

Contact Name:

Phone Number:

Facsimile Number:

E-mail Address:

DUNS No.:

Business Size Classification:

Respondent (prime subcontractor), their teaming partners, and/or subcontractors, as appropriate, should be able to answer "yes" to each of criterion listed below to be considered prequalified to receive a RFP issued as a result of this Prequalification Request.

If supporting information provided at the time of proposal offering does not support a "Yes" answer provided to any of the questions below, a Respondent proposal may be deemed unacceptable and excluded from further consideration.

The content of this request may be duplicated as necessary for submittal of data for teaming partner(s) and lower tier subcontractor(s). Note that the content of this request must also be used by a successful Subcontractor to submit data to qualify any proposed substitution of subtier subcontractors after award of the Subcontract.

Data submitted for (Company Name):

This Company is proposed as (check one):

Prime subcontractor

Sub-tier subcontractor

Teaming Partner

**REQUEST FOR QUALIFICATION
PROJECT SPECIFIC PREQUALIFICATION CRITERIA
Prequalification No. 63485
MASTER TASK ORDERING AGREEMENT
FOR ENVIRONMENTAL SAMPLING SERVICES
Procurement Specialist: Francis J. Targhetta
Due Date: August 15th, 2008**

Respondents will be prequalified based upon the capabilities of the company, team or other legal entity as described in their prequalification submission. Any change in the composition of the company, team or other legal entity (including business unit changes) that prequalifies will cause that Respondent team's or other legal entity's prequalification to be void. Prospective offerors which encounter a change in the composition of their company, team or legal entity must resubmit a new prequalification submission for evaluation and approval before their proposal will be accepted.

Experience of the respondent, lower-tier subcontractors, or other teaming partners shall be limited to corporate experience. Experience of parent companies, subsidiaries, or other corporate affiliates will not be considered unless these corporate entities are also a part of the respondent's team and meet all applicable requirements of these prequalification criteria. LANS will only consider employees currently on staff or potential employees from which written commitment to participate in any resultant agreement with the respondent has been documented and submitted with responses to prequalification criteria.

The work anticipated under any resulting Agreement will require performing work in a restricted area. Therefore a facility clearance will be required for the SUBCONTRACTOR organization and access authorizations (security clearances) for SUBCONTRACTOR personnel working in a restricted area or working with the classified information.

The Agreement contemplated may include, but not necessarily be limited to, the following:

SUMMARY SCOPE OF WORK:

Work may include but may not be limited to:

- Collection of various environmental samples including groundwater (monitoring wells and water supply wells), surface water (springs, streams, and storm water), sediments, and optionally, air and soil, foodstuffs and biota. Subcontractor shall plan and manage the execution of sampling and/or facility/site inspection tasks to support National Environmental Standards for Hazardous Air Pollutants (NESHAP) permit monitoring, Resource Conservation and Recovery Act (RCRA) Post Closure Permit (PCP) requirements, and in accordance with the Compliance Order on Consent (2005) between NMED and DOE/LANL. Any of the media being sampled may contain radioactive and/or hazardous chemicals. Waste samples may be collected from tanks, drums, and other containers composed of solids (personal protective equipment [PPE], concrete rubble, soil, metal, etc.) and liquids (aqueous and/or organic and multiple phases).
- Support the Quality Assurance Program by following applicable procedures, verifying and validating data appropriately, and proactively supporting data quality management objectives.

ADDITIONAL INFORMATION:

- **Location of the Work:** Los Alamos National Laboratory, Los Alamos, New Mexico
- **Subcontract Type:** Fixed Price/Fixed Unit Rate Master Task Ordering Agreement; Individual Task Orders will be issued for actual requirements.
- **Period of Performance:** Ten (10) years, consisting of a five (5)-year base period with five (5) 1-year options, beginning April 2009
- **Socio-Economic Set-Aside:** Small Business Set-Aside, NAIC Code 562910
- **Labor Standard Determination:** Non-Covered / Current Service Contract Act will be applicable.

**REQUEST FOR QUALIFICATION
PROJECT SPECIFIC PREQUALIFICATION CRITERIA
Prequalification No. 63485
MASTER TASK ORDERING AGREEMENT
FOR ENVIRONMENTAL SAMPLING SERVICES
Procurement Specialist: Francis J. Targhetta
Due Date: August 15th, 2008**

PREQUALIFICATION CRITERIA:

“Yes” to all Project-Specific Qualification Criteria below:

1. Has the Respondent held contracts in the last 5 years for environmental sampling for **ALL** the following media as well as successful experience with meeting regulatory requirements (RCRA, NPDES): (1) surface water, (2) groundwater, and (3) storm water? Provide list of clients and points of contact.

Yes **No**

2. Does the Respondent have successful experience with sampling for and meeting regulatory requirements for RCRA – NPDES – and CWA – permit required sampling? Provide list of clients and points of contact.

Yes **No**

3. Does the Respondent have experience in management of waste associated with large monitoring programs including RCRA, hazardous, mixed waste, low level waste, and non-regulated waste? Provide list of clients and points of contact.

Yes **No**

4. Does the respondent have experience with installation and maintenance of erosion control devices at both the large and small scale. Provide list of clients and points of contact.

Yes **No**

5. Has the Respondent successfully conducted sampling and monitoring using a variety of groundwater and storm water sampling systems, including use of automated storm water samplers and multi-port groundwater sampling systems? Provide list of clients and points of contact.

Yes **No**

6. Is the Respondent classified as a Small Business as defined by the United States Small Business Administration for the NAICS Code noted above?

Yes **No**

7. Direct Relevant Experience Documentation:

Provide a reference list of example projects that demonstrate the directly relevant project experience to support each of the foregoing Project Specific Prequalification Criteria. Example projects should be detailed as to both the technical scope of the project and the bidder's participation in the project. In the case of a teaming arrangement, joint venture, or where first-tier subcontractors will play a significant role in the performance of this subcontract, a separate list will be submitted for each entity,
