

on Environmental Quality implementation regulations, http://ceq.oh.doe.gov/nepa/regs/ceq/toc_ceq.htm.

While not part of this initial application, upon award and subsequent submission of projects, the CI is required to provide detailed information on the activities to be conducted, locations, sites, species and habitat to be affected, possible construction activities, and any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals, introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to coral reef systems). In addition to providing specific information that will serve as the basis for any required impact analyses, applicants may also be requested to assist NOAA in drafting of an environmental assessment, if such assessment is required. Applicants will also be required to cooperate with NOAA in identifying feasible measures to reduce or avoid any identified adverse environmental impacts of their proposal. The failure to cooperate with NOAA shall be grounds for not selecting an application. In some cases if additional information is required after an application is selected, funds can be withheld by the Grants Officer under a special award condition requiring the recipient to submit additional environmental compliance information sufficient to enable NOAA to make an assessment on any impacts that a project may have on the environment.

Pre-Award Notification Requirements for Grants and Cooperative Agreements

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of December 30, 2004 (69 FR 78389) are applicable to this solicitation.

Limitation of Liability: Funding for years 2–5 of the Cooperative Institute is contingent upon the availability of appropriated funds. In no event will NOAA or the Department of Commerce be responsible for application preparation costs if these programs fail to receive funding or are cancelled because of other agency priorities. Publication of this announcement does not oblige NOAA to award any specific project or to obligate any available funds.

Paperwork Reduction Act: This notification involves collection of information requirements subject to the Paperwork Reduction Act. The use of Standard Forms 424, 424A, 424B, and SF–LLL and CD–346 has been approved

by the Office of Management and Budget (OMB) respectively under Control Numbers 0348–0043, 0348–0044, 0348–0040, and 0348–0046 and 0605–0001. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB control number.

Executive Order 12866: It has been determined that this notice is not significant for purposes of Executive Order 12866.

Executive Order 13132 (Federalism): It has been determined that this notice does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Administrative Procedure Act/Regulatory Flexibility Act: Prior notice and an opportunity for public comment are not required by the Administrative Procedure Act or any other law for rules concerning public property, grants, benefits, and contracts (5 U.S.C. 553 (a)(2)).

Because notice and opportunity for comments are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are inapplicable. Therefore, a regulatory flexibility analysis is not required and none has been prepared.

Office of Elementary and Secondary Education

Type of Review: Extension.

Title: 21st Century Community Learning Centers Annual Performance Report.

Frequency: On Occasion; Quarterly; Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs; Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 1,400.

Burden Hours: 36,400.

Abstract: Originally authorized under Title X, Part I, of the Elementary and Secondary Education Act, the program was initially administered through the U.S. Department of Education, which provided grants directly to over 1,825 grantees. With the reauthorization of the program under the No Child Left Behind Act, direct administration of the program was transferred to state education agencies (SEA) to administer their own grant competitions. Preliminary data shows that states have awarded approximately 1,400 grants to support more than 4,700 centers in every state in the country. The purpose of the 21st Century Community Learning Centers program (21st CCLC) program, as reauthorized under Title IV, Part B, of the No Child Left Behind Act of 2001, 4201 *et seq.*, (20 U.S. Code 7171 *et seq.*), is to provide expanded academic enrichment opportunities for children attending low-performing schools. To reflect the changes in the authorization and administration of the 21st CCLC program and to comply with its reporting requirements, the Education Department (ED) is requesting authorization for the collection of data through Web-based, data-collection modules, the Annual Performance Report, the Grantee Profile, the Competition Overview, and the State Activities module, which collectively will be housed in an application called the 21st CCLC Profile and Performance Information Collection System (PPICS). The data will continue
