SUPPLEMENTARY INFORMATION: This investigation was instituted on October 26, 2005, based on a complaint filed by Symbol Technologies Inc. (“Symbol”) of Holtsville, New York. The complaint, as amended, alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. § 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain laser bar code scanners or scan engines,

components thereof, or products containing the same, by reason of infringement of various claims of United States Patent Nos. 5,457,308; 5,545,889; 6,220,514; 5,262,627; and 5,917,173. The complaint named two respondents: Metro Technologies Co., Ltd. of Suzhou, China; and Metrologic Instruments, Inc. of Blackwood, New Jersey (collectively, "Metrologic").

On January 23, 2008, the ALJ issued an ID terminating the bond-forfeiture proceeding and granting a motion consistent with a stipulation filed jointly by Symbol, Metrologic, and the Commission investigative attorney. No petitions for review were filed. The Commission has determined not to review the subject ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in section 210.42-46, and 210.50 of the Commission's Rules of Practice and Procedure (19 C.F.R. § 210.42-46, 210.50).

By order of the Commission.
