A tall, slender sculpture with a blue and white abstract design, resembling a stylized bird or figure, mounted on a green pole. The sculpture features large, flowing blue and white shapes with smaller, colorful elements in yellow, orange, and pink.

A black lamp post with two white globe lights. The lamp post is positioned in the garden area, to the left of the tall sculpture.

UNITED STATES

A stone balcony with a decorative railing. The balcony is part of the large building and features a series of small, arched openings in the railing.

A large, ornate building with arched windows and a balcony. The building is made of light-colored stone and features several large, arched windows with white frames. The balcony is made of stone and has a decorative railing. The words "UNITED STATES" are visible on the building's facade.

A garden bed with various plants and flowers. The garden is located in front of the building and contains a variety of green plants, including palm trees and shrubs, as well as colorful flowers in shades of red, pink, and purple. There is also a white umbrella and a green trellis structure in the garden.

A green lawn. The lawn is in the foreground and is well-maintained. It is bordered by a gravel path on the right side.

Run, Walk, and Roll
