

ARCS PROCEDURE:	AERI-MADS COMPUTER FIX	PRO(AERI)-009.000
Author: C. Flynn		May 26, 1999 Page 1 of 1

## AERI-MADS Computer Fix

### I. Purpose:

Describes the procedure to fix the AERI-MADS computer when a message about calling your local service representative is received.

### II. Cautions and Hazards:

None.

### III. Requirements:

None.

### IV. Procedure:

#### A. Steps:

1. Push the RESET button on the CPU tower.
2. This will bring the computer back to normal.
3. Make a note on your SDL report that the AERI-MADS computer was rebooted when you press the RESET button.
4. You can press the RESET button when necessary without contacting the AIS or TWPPPO.

### V. References:

None.

### VI. Attachments:

None.
