

PROFOUND AND RAPID CHANGE

The 1990s—OSTI turned technology into tools for tomorrow

Software Center

established center for distribution
of latest national lab software, 1991

First DOE Home Page

created and unveiled by OSTI, 1994

EnergyFiles

first virtual library of worldwide
energy-related collections, 1997

R&D Project Summaries

first Web access to ongoing
DOE research, 1997

Information Bridge

first access to full-text documents
searchable at desktops, 1998

DOE R&D Accomplishments

first searchable database of
DOE remarkable advances in science, 1999
