

**DELAWARE RIVER BASIN COMMISSION  
APPLICATION STATUS PAGE  
AS OF 9/3/2008**

<u>Anticipated Hearing Date</u> (Subject to Change - refer to hearing notice)	Project Lead	Docket No.	Applicant	Project Description	Municipality	County	State	Type of Renewal or New Project	Type of Project	Type of Water Supply	Import/ export of water/ wastewater	Items Needed From Applicant	Items Needed From State	Date Application Received	Date of NAR
9/24/2008	SW	D-1988-074-3	Croda, Inc.	An application for the renewal of a ground and surface water withdrawal project to increase withdrawal from 60.04 mg/30 days to 76.63 mg/30 days from existing Wells Nos. 8, 9, 10, 11, and 12 and to retain the existing allocation of 470.59 mg/30 days from Intake 1 to supply the applicant's industrial facility. The project ground water withdrawals are located in the Potomac Formation in the Brandywine-Christina Watershed. The project surface water withdrawal is located on the west bank of the Delaware River, in Water Quality Management Zone 5. The project is located south of Interstate Route 295 in New Castle County, Delaware. The DRBC has recommended a reduction in the docket holder's surface water withdrawal from 470.59 mg/30 days to 99.0 mg/30 days.		New Castle	DE	B	GWWD / SWWD	Industrial		Waiting for confirmation on NCCW		5/14/2008	9/3/2008
9/24/2008	DK	D-2005-026 CP-2	Tidewater Utilities, Inc.	An application for the renewal of a ground water withdrawal project to increase withdrawal from 3.85 mg/30 days to 29.458 mg/30 days to supply the applicant's North Dover and Garrisons Lake public supply distribution systems from existing Wells Nos. SF-01, SF-02 and KWE-02 in the Federalsburg and Cheswold Formations and new Wells Nos. 154547, 71057, 71058, 192844 and 109193 in the Cheswold and Piney Point Formations. The increased allocation is requested in order to interconnect formerly independent service districts and to meet projected increases in service area demand. The project is located in the Leipsic River Watershed in Kent County, Delaware.		Kent	DE	B	GWWD	Public	N/A			4/29/2008	6/19/2008
	SW	D-2007-042 CP-1	Artesian Water Company, Inc.	An application for approval of a ground water withdrawal project to supply up to 6.75 mg/30 days of water to the applicant's public water supply distribution system from new Well No. PW1 in the Weatherstone Crossing wellfield. The project is located in the Frederica Formation in the Murderkill River Watershed in Kent County, Delaware.		Kent	DE	C	GWWD	Public	N/A		State approval	11/27/2007	2/20/2008
	SW	D-2000-031	Broad Acres, Inc.	An application for approval of a ground water withdrawal project to supply up to 29.2 mg/30 days of water to the applicant's agricultural irrigation system from new Well 2 and the Gruwell Well in the Columbia aquifer, and to increase the withdrawal limit from all wells to 184.6 mg/30 days. The project is located near the City of Dover, Kent County, Delaware.	City of Dover	Kent	DE	B	GWWD	Agriculture	N/A	Updated application.	State approval - water allocation permit.	5/30/2000	6/9/2000
