You are receiving this notice because the Employment Development Department is unable to verify your identity. The information you provided when you filed your unemployment insurance claim did not match the information available to the Department or the Department received information that indicated your identity may have been compromised. Whenever there is a question of correct identity, the Department requires identifying documents to verify that unemployment benefits are paid only to those who are legally entitled to receive them.

Enclosed with this notice is a list of documents you must provide to verify your identity.

Your eligibility for unemployment insurance benefits is pending receipt of these documents. The Department will contact employer(s) and governmental entities to verify the documents and any information you supply. If you do not supply the documents or the documents/information do not allow the Department to establish your identity, you will not be eligible to receive benefits. In order to receive benefits you must provide your 9-digit social security number as provided to you by the Social Security Administration.

Please check your records and verify that the social security number listed at the top of this document is the one issued to you by the Social Security Administration. If the information available to the Department indicates the social security number (SSN) you provided is not verified to you by the Social Security Administration (SSA), you may be required to contact the SSA and have them send verification of your SSN directly to the Department at the office address listed above. The location of your local Social Security Administration office can be found on the SSA Web site at <https://www.socialsecurity.gov/locator> or in your local telephone book in the Federal Government listings under "Social Security Administration."

Please SIGN and return this document along with clear and readable identity verification documents in the blue envelope provided.

NOTE: DO NOT INCLUDE ANY OTHER DEPARTMENT FORM IN THE BLUE ENVELOPE AS IT WILL RESULT IN DELAYS.

On page two is a description of the required identity documents you must provide. There are also instructions on what to do if you need more time to provide the documents.

I understand the law provides penalties if I make false statements or withhold facts to obtain benefits; I declare under penalty of perjury that the information I am providing and the documents I am submitting are true and correct and belong to me.
