

ADVICE TO THE TRI-PARTIES

June 2-3, 1994

The Hanford Advisory Board wishes to convey to the Tri-Parties the following advice that it has adopted by consensus:

1. The values adopted in the Future Site Uses Working Group and the Tank Waste Task Force should be adhered to not only in ER, but in the overall Hanford Clean Up Program.
 2. The Board supports the following:
 - a. Integrating characterization and clean up;
 - b. Holding to the 2018 date for completion of clean up (TPA Milestone 16); and
 - c. Moving ahead rapidly with clean up in the 100 and 300 areas.
 3. There is a need for ongoing evaluation of DOE and the regulators to ensure accountability once decisions on ER are made.
