Subject: Long-Term Stewardship

Dear Dr. Huntoon,

The attached list of recommendations is the product of a Long-Term Stewardship workshop held in Denver, Colorado in October 2000.

The HAB has not formally adopted the recommendations, but is transmitting them to you for information purposes with an Executive Summary of the minutes from the HAB meeting, at which the recommendations were discussed. The HAB recognizes that stewardship is an integral element in the present clean-up activities and in the future of the site with the Tri-Party Agreement as a foundation.

The HAB looks forward to working with you on stewardship on a continuing basis.

Sincerely,

Todd Martin, Chair  
Hanford Advisory Board
