U.S. DEPARTMENT OF HOMELAND SECURITY

FY 2008 Overview:

Homeland Security Grant Program (HSGP)

State Homeland Security Program Tribal (SHSP Tribal)

Nonprofit Security Grant Program (NSGP)

Operation Stonegarden (OPSG)

Regional Catastrophic Preparedness Grant Program (RCPGP)

July 25, 2008

Grant Programs Directorate

Homeland Security Grant Program Overview

One of the core missions of the Department of Homeland Security (DHS) is to enhance the ability of state, local, and tribal governments to prevent, protect against, respond to, and recover from terrorist attacks and other disasters. FEMA's comprehensive suite of grant programs are an important part of the administration's larger, coordinated effort to strengthen homeland security preparedness. These programs implement objectives addressed in a series of post-9/11 laws, strategy documents, plans and Homeland Security Presidential Directives (HSPDs).

Five preparedness programs within FEMA's comprehensive grants portfolio are:

- Homeland Security Grant Program (HSGP)
 - State Homeland Security Program (SHSP)
 - Urban Areas Security Initiative (UASI)
 - Metropolitan Medical Response System
 - Citizen Corps Program (CCP)
- SHSP Supplemental Guidance for Tribal Applicants
- Nonprofit Security Grant Program (NSGP)
- Operation Stonegarden Grant Program (OPSG)
- Regional Catastrophic Planning Grant Program (RCPGP)

Together, these grants may fund a wide range of preparedness activities, to include planning, organization, equipment purchase, training, exercises, and management and administration costs. These five programs support objectives outlined in the National Preparedness Guidelines and related national preparedness doctrine, such as the National Incident Management System, National Response Plan, and the National Infrastructure Protection Plan.

All applicants had 90 days to complete the application process. DHS has also created multiple opportunities for applicants to consult with the department's grant program office and subject matter experts during the review process and prior to the announcement of awards.

State Homeland Security Program (SHSP)

Total Funding Awarded in FY 2008: \$861,280,000

Purpose: This core assistance program provides funds to build capabilities at the state and local levels and to implement the goals and objectives included in state homeland security strategies and initiatives in the State Preparedness Report.

Eligibility: Eligible entities for SHSP were all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands, and the U.S. Virgin Islands.

Awards: Funds were allocated based on risk analysis and the anticipated effectiveness of proposed investments by the applicants.

Funding Minimum: Each state will receive a minimum allocation under SHSP using the thresholds established in the *Implementing Recommendations of the 9/11 Act of 2007 (9/11 Act)*. All 50 states, the District of Columbia, and Puerto Rico will receive 0.375 percent of the total funds allocated for grants under Sections 2003 and 2004 of the Homeland Security Act of 2002 as amended by the 9/11 Act for SHSP and UASI programs. Four territories (American Samoa, Guam, Northern Mariana Islands, and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated for grants under Sections 2003 and 2004 of the Homeland Security Act of 2002 as amended by the 9/11 Act for SHSP and UASI programs.

Urban Areas Security Initiative (UASI) Program

Total Funding Awarded in FY 2008: \$781,630,000

Purpose: The UASI program focuses on enhancing regional preparedness in major metropolitan areas. The UASI program directly supports the national priority of expanding regional collaboration outlined in the National Preparedness Guidelines, and is intended to assist participating jurisdictions in developing integrated regional systems for emergency prevention, protection, response, and recovery.

Eligibility: The sixty highest risk urban areas were eligible for funding under the FY 2008 UASI program.

Tiers and Awards: The seven highest risk urban areas, designated Tier 1, competed for approximately \$429 million or 55 percent of available funds. The remaining urban areas, designated Tier 2, competed for approximately \$351 million or 45 percent of available funds. Funds were allocated based on risk analysis and the anticipated effectiveness of proposed investments by the applicants.

Metropolitan Medical Response System (MMRS) Program

Total Funding Awarded in FY 2008: \$39,831,404

Purpose: MMRS funds enable jurisdictions to further enhance and sustain a comprehensive regional mass casualty incident response capability during the first crucial hours of an incident. The program prepares jurisdictions for response to all-hazards mass casualty incidents, including terrorism, naturally occurring events, and large-scale hazardous materials incidents.

Eligibility: As with previous years, 124 cities were eligible for MMRS funding.

Awards: Each of the 124 MMRS jurisdictions received \$321,221 to establish or sustain local capabilities.

Citizen Corps Program (CCP)

Total Funding Awarded in FY 2008: \$14,572,500

Purpose: The Citizen Corps mission is to bring community and government leaders together to coordinate community involvement in emergency preparedness, planning, mitigation, response and recovery.

Eligibility: CCP eligibility mirrored that of SHSP: all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands, and the U.S. Virgin Islands.

Awards and Funding Minimum: CCP allocations were determined using the USA PATRIOT Act formula, which specifies that all 50 states, the District of Columbia, and Puerto Rico will receive a minimum of 0.75 percent of the total available grant funding, and that four territories (American Samoa, Guam, Northern Mariana Islands, and the U.S. Virgin Islands) will receive a minimum of 0.25 percent of the total available grant funding. The balance of CCP funds were distributed on a population-share basis. In addition to CCP allocations, states and urban areas are encouraged to fully leverage all HSGP resources to accomplish the Citizen Corps mission.

SHSP Supplemental Guidance for Tribal Applicants

Total Funding Awarded in FY 2008: \$1,645,000

Purpose: To provide supplemental funding to directly eligible tribes pursuant to the 9/11 Act, “a directly eligible tribe applying for a grant under section 2004 [SHSP] shall designate an individual to serve as a tribal liaison with [DHS] and other federal, state, local, and regional government officials concerning preventing, preparing for, protecting against, and responding to acts of terrorism.”

Eligibility: A “directly eligible tribe” is defined as — “(A) any Indian tribe— “(i) that is located in the continental United States; “(ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services; “(iii)(I) that is located on or near an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters; “(II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) or has such a system or asset within its territory; “(III) that is located within or contiguous to 1 of the 50 most populous metropolitan statistical areas in the United States; or “(IV) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and “(iv) that certifies to the Secretary that a state has not provided funds under section 2003 or 2004 to the Indian tribe or consortium of Indian tribes for the purpose for which direct funding is sought; and “(B) a consortium of Indian tribes, if each tribe satisfies the requirements of subparagraph (A).

Awards: Funds were allocated based on risk analysis and the anticipated effectiveness of proposed investments by the applicants.

Urban Areas Security Initiative (UASI) Nonprofit Security Grant Program (NSGP)

Total Funding Awarded in FY 2008: \$15,000,000

Purpose: UASI NSGP provides funding support for target-hardening activities to nonprofit organizations that are at high risk of international terrorist attack.

Eligibility: Eligible nonprofit organizations (as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code) that are at high risk of international terrorist attack and are located within one of the specific UASI-eligible urban areas. Applicants must also satisfy the eligibility requirements to apply for grants through their State Administrative Agency (SAA).

Awards: Funds were allocated based on risk analysis, feasibility, and integration with broader state and local preparedness efforts.

Operation Stonegarden (OPSG)

Total Funding Awarded in FY 2008: \$60,000,000

Purpose: The intent of OPSG is to enhance law enforcement preparedness and operational readiness along the land borders of the United States.

Eligibility: OPSG provides funding to designated localities to enhance cooperation and coordination between local, state and federal law enforcement agencies in a joint mission to secure the nation's land borders. Local units of government at the county level may apply for funding from DHS through the State Administrative Agency (SAA).

Awards: Funds were allocated based on risk analysis and the anticipated feasibility and effectiveness of proposed investments by the applicants.

Regional Catastrophic Preparedness Grant Program (RCPGP)

Total Funding Awarded in FY 2008: \$60,092,500

Purpose: RCPGP provides \$60,092,500 to advance catastrophic incident preparedness in Tier 1 and selected Tier 2 UASI urban areas. RCPGP is intended to support coordination of regional all-hazard planning for catastrophic events, including the development of integrated planning communities, plans, protocols, and procedures to manage a catastrophic event.

Eligibility: Pursuant to the Consolidated Appropriations Act of 2008 (P.L. 110-161), FY 2007 Tier 1 UASI urban areas were pre-designated as eligible for these allocations. Additionally, DHS selected four (4) Tier 2 UASI urban areas to be representative of the risks, hazards, and operational structures around the nation. These four (4) Tier 2 urban areas include the Boston, Seattle, Norfolk, and Honolulu areas, and were selected based on the criteria requirement of appropriations language to focus on all hazard and catastrophic events.

Awards: Funds were allocated based on the risk of a catastrophic incident occurring in the region and the anticipated effectiveness upon completion of the application review process. A portion of the FY 2007 and FY 2008 RCPGP funds (\$44 million) was non-competitively awarded, based on UASI Tier. Each of the six Tier 1 sites was awarded \$6 million, and each of the four Tier 2 sites was awarded \$2 million from the non-competitive grant allocation. A further \$11 million was competitively awarded in Tier 1, and \$5,092,500 was competitively awarded in Tier 2 based on anticipated effectiveness of the proposed planning projects.
