Re: Scope Comments of the Antidumping and Countervailing Duty Investigations of Certain Tow Behind Lawn Groomers and Certain Parts Thereof from the People's Republic of China

Dear Sir or Madam:

On July 21, 2008, the Department of Commerce (the "Department") published the notices of initiation of the antidumping and countervailing duty investigations on non-motorized tow behind lawn groomers and certain parts thereof from the People's Republic of China. See Certain Tow Behind Lawn Groomers and Certain Parts Thereof From the People's Republic of China: Initiation of Antidumping Duty Investigation, 73 FR 42315 (July 21, 2008); and Certain Tow-Behind Lawn Groomers and Certain Parts Thereof from the People's Republic of China: Initiation of Countervailing Duty Investigation, 73 FR 42324 (July 21, 2008) ("Initiation Notices").

In our Initiation Notices, the Department set aside a period of time for interested parties to submit comments regarding the scope of the investigations, with a deadline of August 4, 2008. The Initiation Notices, however, did not set forth a deadline for rebuttal comments. The Department hereby instructs all interested parties to submit rebuttal comments to interested party submissions regarding the scope of these investigations by the close of business on **August 11, 2008**.

All comments should be addressed to Import Administration's APO/Dockets Unit, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230. Please submit any comments or rebuttal comments concerning the scope of these investigations to the record of both the antidumping and countervailing duty investigations.

We appreciate your attention to these matters. If you have any questions or concerns regarding the antidumping duty investigation, please contact Tom Martin or Zev Primor at 202-482-3936 and 202-482-4114, respectively. If you have any questions or concerns regarding the countervailing duty investigation, please contact Gene Calvert at 202-482-3586.

Sincerely,

Mark Manning
