## The Reports Submodule

The **Reports Submodule** is an application in PIC that provides analyzed Form-50058 data in several types of standard reports. Through this submodule, you can access, formulate, and download these reports at any time.

Thirteen of the reports are summaries that aggregate information across families for whom a Form-50058 has been submitted.

- Delinquency
- Income
- Changes in Income
- SEMAP/FSS
- Key Management Indicators
- End of Participation
- Section 8 Deconcentration
- Mobility and Portability
- New Admission
- Budget Related Averages
- Resident Characteristics
- Rent and Rent Burden

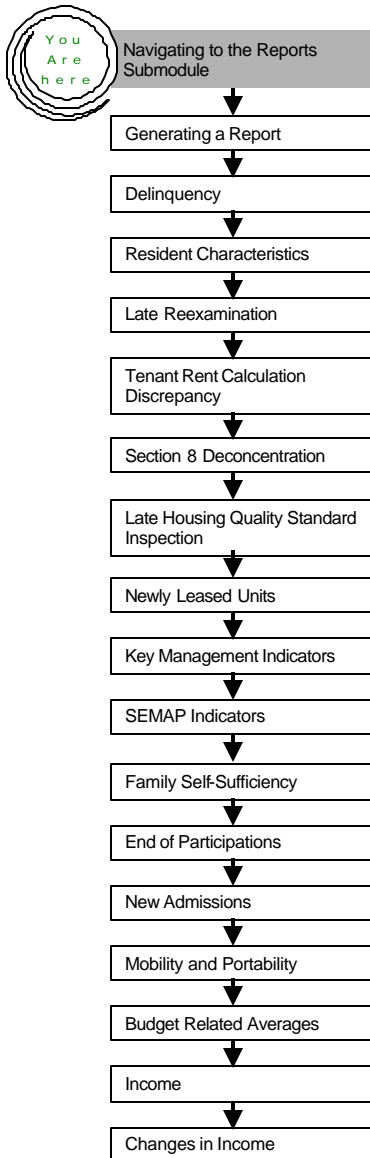

Four of the reports are detailed reports that provide information on a family-by-family basis.

- Late Reexamination
- Late Housing Quality Standard
- Newly Leased Units
- Rent Calculation Discrepancy

**Note:** Access to these reports is determined by security clearance. If you are a PHA employee and seek access to more reports than are available to you, contact your **executive director**. If you are a HUD employee, contact your **PIC coach**.

## Navigating to the Reports Submodule

To navigate to the Reports Submodule:

Step	Action/Result
1. Move your cursor over the <b>Form-50058</b> button on the PIC main page.	A list of submodules is displayed (see Figure 1).
2. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.

Figure 1: The PIC main page.

## Generating a Report

The following sections demonstrate how to generate reports after you have logged on to PIC and navigated to the **Reports Submodule**. A quick reference guide for this submodule is provided in Appendix C.

Each section describes the steps required to produce one of the 17 reports available in PIC (see Figure 2). Each section is accessible from tabs on the top of the Reports Submodule.

## The Delinquency Report

The Delinquency Report provides PHA reporting rates for Form-50058 submissions in the Public Housing, Certificates and Vouchers, and Moderate Rehabilitation programs. The report enables you to compare available and occupied units and the total number of unreported households for PHAs participating in each of these programs.

To access the Delinquency Report start page:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move the cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed (see Figure 3). Other available reports are listed in tabs at the top of the page.  <b>Note:</b> The Delinquency Report is the default screen in the <b>Reports Submodule</b> .

Figure 3: The Delinquency Report tab and start page.

## Generating a Delinquency Report

To generate a report with the field offices you want to view:

Step	Action/Result
1. Click the field office you want to research in the <b>Select Field Office(s) from</b> dialog box.	<b>Note:</b> To select more than one field office, press the CONTROL key as you click each office you want to include in the report.
2. Click the button titled <b>Reports</b> .	PIC presents a Delinquency Report for the field office(s) selected.

## Information Presented in a Delinquency Report

When you complete your selections and click the **Reports** button, PIC generates the Delinquency Report for the particular field office(s) selected. The selections are listed in the report heading at the top of the screen.

The heading also includes the report's start and end dates. The end date for a Delinquency Report includes future dates within four (4) months.

Figure 4: This graphic shows the two different tabs available in a Delinquency Report.

Delinquency Reports can be presented in two views: Program Type or Detailed Report (see Figure 4).

- Program Type: shows the report for each program individually. The Public Housing program type is the default view.
- Detailed Report: shows a report for all programs.

To display the other programs in this view:

Step	Action/Result
1. Click the Certificates and Vouchers subtab on the report page.	The report displays PHAs in the selected field office participating in the Certificate and Voucher program.
2. Click the Mod Rehab subtab.	The report displays PHAs in the selected field office participating in the Moderate Rehabilitation program.

To select Detailed Report:

Step	Action/Result
1. Click the tab titled <b>Detailed Report</b> on the top left of the report screen.	The report displays information for PHAs associated with the selected field office in all of the programs.

**Note:** If you have selected several field offices to include in the report, PIC displays only one field office at a time.

To view the other selected field offices:

Step	Action/Result
1. Click the <b>Field Office</b> right-side arrow located at the bottom of the report.	The next data set is displayed.
2. Click the <b>Field Office</b> left-side arrow to return to the data set previously viewed.	The previous data set is displayed.

You can view Delinquency Report table information in ascending or descending order by clicking the up or down arrow in any of the column you want to view.

The following table describes the information contained in a Delinquency Report.

Table	Information Presented
<b>PHA Delinquency Report</b>	<p>Default screen for the Delinquency Report. It displays the following information for specific PHAs:</p> <ol style="list-style-type: none"> <li>2. HA code</li> <li>3. <b>Summary Information for the Field Office</b>	<p>Contains the following information for the entire field office selected:</p> <ul style="list-style-type: none"> <li>• Aggregate</li> <li>• Available units (#)</li> <li>• Occupied units (#)</li> <li>• Administered/Occupied units (#)</li> <li>• Number reported (#)</li> <li>• Percent reported (%)</li> <li>• Missing (the numerical difference between administered/occupied units and the number reported)</li> <li>• Forms Received (#) <ul style="list-style-type: none"> <li>Last month</li> <li>Last 3 months</li> <li>Last 6 months</li> </ul> </li> </ul>

**Note:** In a Detailed Report, the PHA Delinquency Report table also includes the program type for each PHA.

The report screen lists the first 20 PHAs in descending HA code order.

To view more PHAs associated with the field office selected:

Step	Action/Result
1. Click the <b>Housing Authority</b> right-side arrow located just under the table (see Figure 5).	The report lists the additional PHAs.
2. Click the <b>Housing Authority</b> left-side arrow.	The previous data set is displayed.

*Figure 5: The Housing Authority right-side and left-side arrows.*

Two icons at the bottom of most tables (see Figure 6), are used for viewing the information in either a Pie Chart or Bar Graph form. When the icons are not visible, the information is only available in tabular form.

*Figure 6: The icons available for displaying table data in a Bar Graph or Pie Chart.*

The Delinquency Report screen contains three options for further use of the data (see Figure 7). The options are located on the top right of the report screen.

Select one of the following options:

- **Download in Excel:** The report downloads to an MS-Excel™ spreadsheet for further data manipulation.
- **Print Page:** The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- **View Entire Report:** All report subcategory tables display together on one screen.

*Figure 7: The options for further use of report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report you want next. Go to the corresponding section of this user manual, and follow the steps to generate the report.

## The Resident Characteristics Report

The Resident Characteristics Report (RCR) summarizes general information about families who reside in Public Housing or who receive Section 8 assistance.

To access the Resident Characteristics Report:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>RCR</b> tab.	The Resident Characteristics Report start page displays (see Figure 8).

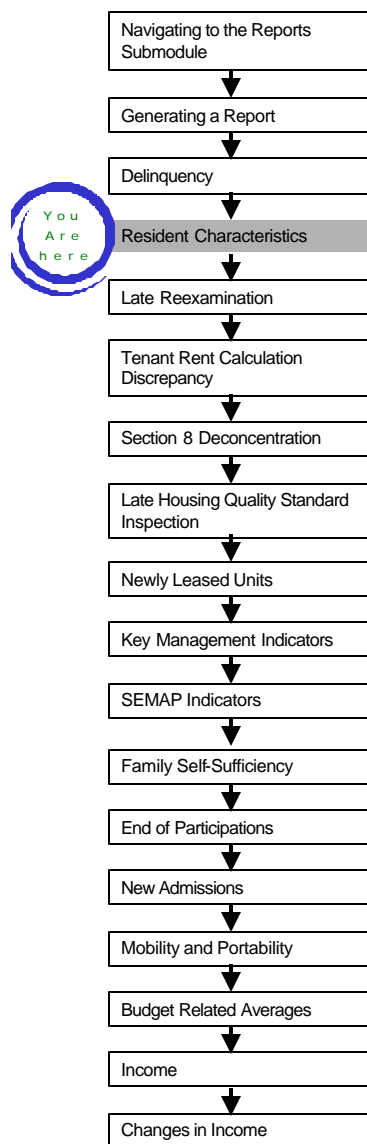

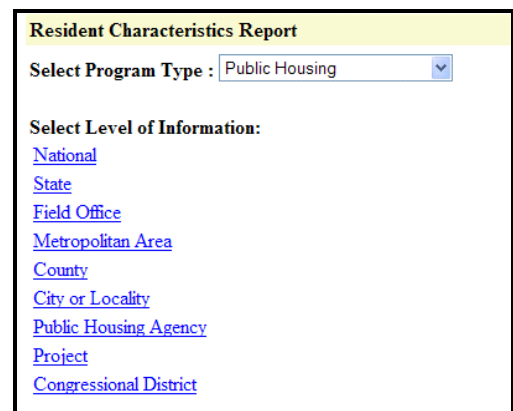

Figure 8: The RCR tab and start page.

## Generating a Resident Characteristics Report

After you reach the Resident Characteristics Report start page, select the program type and level of information you want to view.

To select Resident Characteristics Report criteria:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• Public Housing</li><li>• S8 Moderate Rehabilitation</li><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• S8 Certificate and Voucher</li><li>• All Relevant Programs</li></ul> <p><b>Note:</b> Public Housing is the default option for the <b>Select Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report (see Figure 9).

The screenshot shows a web interface titled "Resident Characteristics Report". It features a dropdown menu for "Select Program Type" with "Public Housing" selected. Below this, under the heading "Select Level of Information:", there is a list of nine blue underlined links: "National", "State", "Field Office", "Metropolitan Area", "County", "City or Locality", "Public Housing Agency", "Project", and "Congressional District".

Figure 9: The Level of Information options for the Resident Characteristics Report.

There are nine levels of information to choose from in a Resident Characteristics Report:

- National
- State
- Field Office
- Metropolitan Area
- County
- City or Locality
- Public Housing Agency
- Project
- Congressional District

**Note:** You may receive a data unavailable comment if you attempt to retrieve a Resident Characteristics Report for a very small HA or project. This means that data was not provided because an individual tenant could be identifiable.

The following tables outline how to generate a Resident Characteristics Report at each level:

### National

Step	Action/Result
1. Click the <b>National</b> link in the <b>Level of Information</b> list.	PIC generates a Resident Characteristics Report at the national level containing aggregated data.

### State

Step	Action/Result
1. Click <b>State</b> in the <b>Select Level of Information</b> list.	A <b>Select State(s) from</b> dialog box is displayed (see Figure 10).
2. Click the state you want from the <b>Select State(s) from</b> dialog box.	<b>Note:</b> To select more than one state, press the CONTROL key as you click each state you want to include in the report.
3. Click the <b>Reports</b> button.	PIC generates the Resident Characteristics Report for the state(s) selected.

Step	Action/Result
1. Click <b>Field Office</b> on the <b>Select Level of Information</b> list.	A <b>Select Field Office(s) from</b> dialog box is displayed.
2. Click the field office(s) you want in the <b>Select Field Office(s) from</b> dialog box.	<b>Note:</b> To select more than one field office, press the CONTROL key as you click each office you want to include in the report.
3. Click the <b>Reports</b> button.	PIC displays the Resident Characteristics Report for the field office(s) selected.

## Metropolitan Area

You have two options for generating a Resident Characteristics Report at the metropolitan area level: **Within US** and **Within a State** (see Figure 11).

The screenshot shows a software interface for the 'RCR Query' (Resident Characteristics Report) screen. At the top, there is a navigation bar with several buttons: 'RCR' (highlighted in purple), 'Rent Calc', 'Late HQS', 'SEMAP', 'New Adm', 'Rent & Rent Burden', and 'Income'. Below this, there is a second row of buttons: 'Delinquency', 'Late Reexam', 'Decon', 'KMI', 'EOP', 'Mob & Port', and 'Budget Rel. Averages'. The main title 'RCR Query' is displayed in a blue bar, followed by the subtitle 'Resident Characteristics Report' in a yellow bar. Below this, the text 'Public Housing' is shown in blue. The section 'Metropolitan Area Selection:' is followed by two radio button options: 'Within US' and 'Within a State'.

6. Click the <b>Reports</b> button.	PIC displays a Resident Characteristics Report for each metropolitan area selected within the state.

## County

You have two options for generating a Resident Characteristics Report at the county level: **Within a State** and **Within a State and Metropolitan Area** (see Figure 13).

The screenshot shows the HUD HOME web application interface. At the top, there are navigation links: HUD HOME, PIH HOME, Q & A, SEARCH/INDEX, and E-MAIL. Below these are several menu items: RCR (highlighted), Rent Calc, Late HQS, SEMAP, New Adm, Rent & Rent Burden, and Income. A second row of menu items includes Delinquency, Late Reexam, Decon, KMI, EOP, Mob & Port, and Budget Rel. Averages. Below the menu items is a blue bar with the text "RCR Query". Underneath this is a yellow bar with the text "Resident Characteristics Report". Below the yellow bar is a blue link labeled "Public Housing". Underneath that is the text "County Selection:" followed by two radio button options: "Within a State" and "Within a State and Metropolitan Area".

## Information Presented in a Resident Characteristics Report

When you complete your selections and click the **Reports** button, the PIC system generates the Resident Characteristics Report for the particular program and level of information selected.

Every Resident Characteristics Report screen heading includes the following labels:

- Program type
- Level of information
- Report start date
- Report end date

Each report offers the same categories of information, which are displayed in tabs that at the top of the report. Data on the Resident Characteristics Report screen is broken down into seven tabs.

The seven tabs are as follows:

- Units
- Income

- Total Tenant Payment percentage (TTP)
- Family Status
- Member Age
- Length of Stay
- House Size

**Note:** Multiple data selections may be split into sets. For example, if you selected several states to be included in the report (generally more than four), some of those selections are not displayed in the first report page.

To view the information within a table:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab display.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set is displayed.

Two icons are available at the bottom of most tables, so you can view the information in either Pie Chart or Bar Graph form. When the icons are not visible, the information is only available in tabular form.

Figure 24: The icons for converting table information into a Bar Graph or Pie Chart.

The Resident Characteristics Report screen contains three options for further use of the data. The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: Downloads the report to an Excel spreadsheet for further data manipulation.
- Print Page: Prints the report as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report. All report subcategory tables display together on one screen.

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the next report. Refer to the corresponding section of this user manual that describes the report, and follow the steps to generate the report.

## The Late Reexamination and Flat Rent Annual Update Report

The Late Reexamination (Late Reexam) and Flat Rent Annual Update Report provides a list of families for whom the PHA did not submit a reexamination, flat rent reexamination, or flat rent annual update on time. Late Reexam also provided the projected date for the next reexamination or flat rent annual update.

To access the Late Reexam Report:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>Late Reexam</b> tab.	The Late Reexam Report start page displays (see Figure 26).

## Generating a Late Reexam Report

After you reach the Late Reexam Report start page, select the program and level of information to be viewed.

To select Late Reexam Report criteria:

Step	Action
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• Public Housing Agency</li><li>• S8 Moderate Rehabilitation</li><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• S8 Certificate and Voucher</li><li>• All Relevant Programs</li></ul> <p><b>Note:</b> Public Housing is the default option for the <b>Select Program Type</b> dialog box.</p>
2. Click the link under <b>Level of Information</b> that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report (see Figure 27).

2. Click the link under <b>Level of Information</b> that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here (see Figure 36).

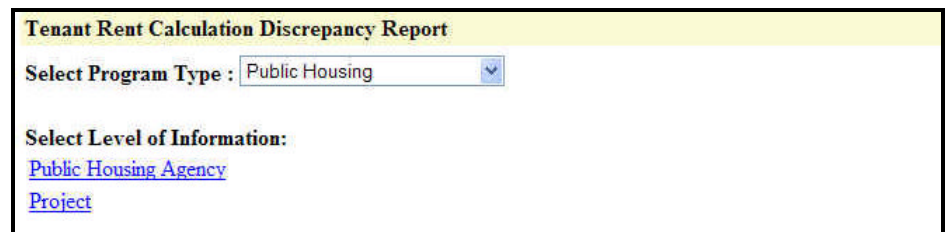

Figure 36: The Level of Information options available for the Tenant Rent Calculation Discrepancy Report.

There are two levels of information to choose from in a Tenant Rent Calculation Discrepancy Report:

- **Public Housing Agency**
- **Project**

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the projects associated with your housing agency.

The following tables outline how to generate a Tenant Rent Calculation Discrepancy Report at each level.

## Public Housing Agency

You have three options for generating a Tenant Rent Calculation Discrepancy Report at the Public Housing Agency level: **Within a State**, **Within a State and County**, and **Within a Field Office** (see Figure 37).

The screenshot shows a web interface titled "Rent Calculation Discrepancy Report". Below the title, there is a link labeled "Public Housing". Underneath, the text "Housing Agency Selection:" is followed by three radio button options: "Within a State", "Within a State and County", and "Within a Field Office".

## Information Presented in a Decon Analysis Report

When you complete your selections and click the **Reports** button, PIC generates the Decon Analysis Report for the S8 Certificates & Vouchers program at the level of information selected.

In the heading for a Decon Analysis Report are the following labels:

- Program Type
- Level of Information
- Report Start Date
- Report End Date

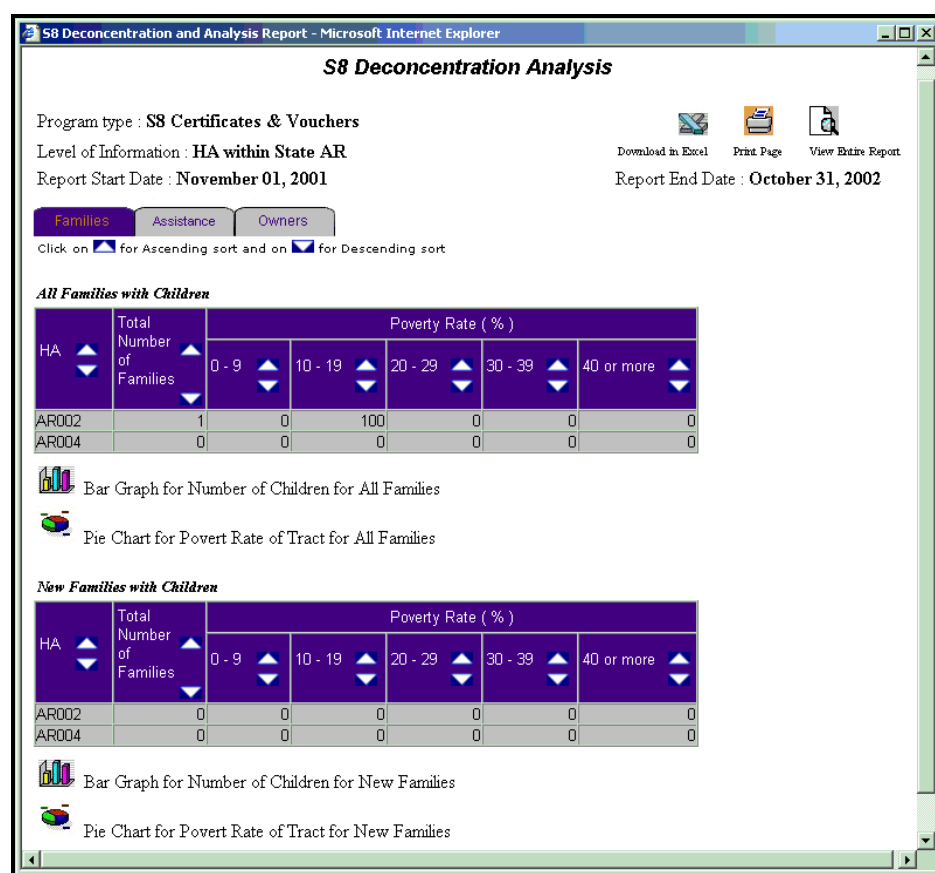

Figure 49: The Decon Analysis Report with the Families tab selected.

Each report offers the same categories of information, which display in tabs that appear at the top of the report directly beneath the heading. Some reports contain subcategories that display when you move your mouse over a tab. The Decon Analysis Report tabs contain no subcategories.

**Note:** Multiple data selections may be split into sets. For example, if you have selected several states to include in the report (generally more than four), some of those selections will not appear in the first report page.

To view the information within a report:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab display.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set is displayed.

You can view information in ascending or descending order on a report by clicking the up or down arrow in the column you want to view.

The following table describes the information contained under each tab of the Decon Analysis Report.

The two graph or chart icons at the bottom of most tables are available, so you can view the information in either a Pie Chart or Bar Graph form. When the two icons are not visible, the information is only available in tabular form.

*Figure 50: The icons for converting table Information to either a Bar Graph or Pie Chart.*

The Decon Analysis Report screen contains three options for further use of the data. The options are located on the top right side of the report screen.

Select one of the following three options.

- Download in Excel: The report downloads to an MS-Excel™ spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the next report. Refer to the corresponding section of this user manual that describes the report, and follow the steps to generate the report.

## Key Management Indicators Report

The Key Management Indicators (KMI) Report provides information on the volume of PHA activity, identifies possible discrepancies, and includes descriptive data related to PHA policies.

To access the Key Management Indicators Report:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>KMI</b> tab.	The KMI Report start page is displayed (see Figure 62).

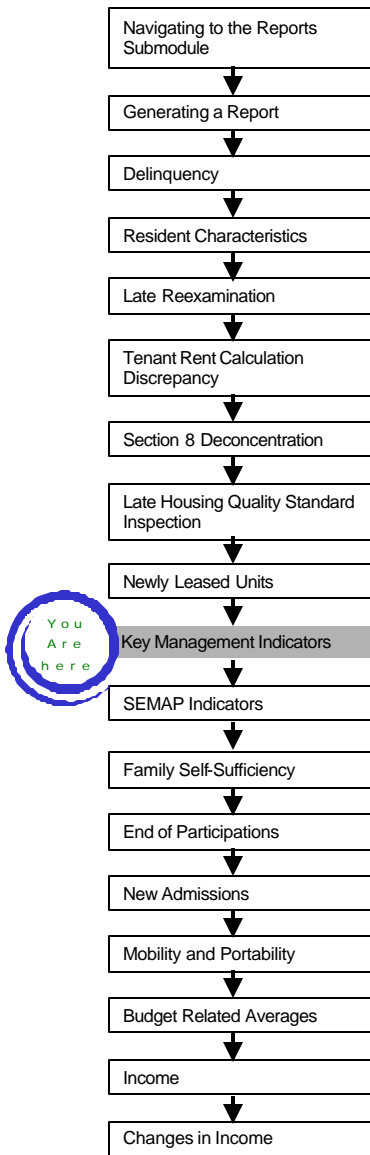

Figure 62: The KMI tab and start page.

## Generating a KMI Report

After you reach the KMI Report start page, select the program and level of information to view.

To select KMI Report criteria:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• Public Housing</li><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• S8 Certificate and Voucher</li><li>• S8 Moderate Rehabilitation</li><li>• All Relevant Programs</li></ul> <p><b>Note:</b> Public Housing is the default option for the <b>Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report (see Figure 63).

There are five levels of information to choose from in a KMI Report:

- **National**
- **State**
- **Field Office**
- **Public Housing Agency**
- **Project**

Depending on security level, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the states, field offices, and projects associated with your housing agency.

The following tables outline how to generate a KMI report at each level.

### **National**

<b>Step</b>	<b>Action/Result</b>
1. Click the <b>National</b> link in the <b>Level of Information</b> list.	PIC generates a KMI Report at the national level containing aggregated data.

### **State**

<b>Step</b>	<b>Action/Result</b>
1. Click <b>State</b> in the <b>Select Level of Information</b> list.	A <b>Select State(s) from</b> dialog box is displayed (see Figure 64).
2. Click the state you want from the <b>Select State(s) from</b> dialog box.	<b>Note:</b> To select more than one state, press the CONTROL key as you click each state you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the KMI Report for the state(s) selected.

The screenshot shows a web application interface for the 'KMI Query' tool. At the top, there are navigation tabs: HUD HOME, PIH HOME, Q & A, SEARCH / INDEX, and E-MAIL. Below these are several functional buttons: RCR, Rent Calc, Late HQS, SEMAP, New Adm, Rent & Rent Burden, Income, Delinquency, Late Reexam, Decon, KMI (highlighted), EOP, Mob & Port, and Budget Rel. Averages. A blue bar with the text 'KMI Query' is present. Below this, the title 'Key Management Indicators Report' is displayed. A link 'Public Housing --> State' is shown. The 'Select From States:' section contains a list box with the following options: AK - Alaska, AL - Alabama, AR - Arkansas, AS - American Samoa, AZ - Arizona, and CA - California. A 'Reports' button is located at the bottom of the list box.

8. Click the <b>Reports</b> button.	A KMI Report is generated for the identified project(s) that are associated with a particular HA.

### Information Presented in a KMI Report

When you complete your selections and click the **Reports** button, PIC generates the KMI Report for the particular program and level of information you selected. Each report offers the same categories of information, which are displayed in tabs at the top of the report.

Subcategories that exist for a particular tab are displayed when you point and click your mouse cursor over the tab.

**Note:** Multiple data selections may be split into sets. For example: if you selected several states to be included in the report (generally more than four), some of those selections are not displayed in the first report page.

To view the information within a report:

Step	Action/Result
1. Move your mouse cursor to click the report tab.	Any subcategories under that tab appear.  <b>Note:</b> Some tabs have no subcategories. Simply click the tab to see the information it contains if no subcategories display.
2. Click the subcategory to see.	Each table under that report subcategory is displayed.
3. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.

Step	Action/Result
4. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set is displayed

Reports generated at the state and field office level also provide national data. Public Housing Agency and project levels provide state data.

The KMI Report screen contains three options for further use of the data. The options are located on the top right of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an MS-Excel™ spreadsheet for further data manipulation.
  - Print Page: The report prints as a Web page.
- Note:** For the best results, print in landscape orientation.
- View Entire Report: All report subcategory tables display together on one screen.

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the next report. Refer to the corresponding section of this user manual that describes the report, and follow the steps to generate the report.

## The Section Eight Management Assessment Program Indicators Report

The Section Eight Management Assessment Program (SEMAP) Indicators Report is one of several inputs used to derive a score and rating for PHAs as they relate to SEMAP certification. The report presents reporting rate, discrepancy, and Family Self-Sufficiency information for selected program types and levels of information.

To access the SEMAP Indicators Report start page:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>SEMAP</b> tab.	The SEMAP Indicators Report start page displays (see Figure 73).

## Generating a SEMAP Indicators Report

After you have reached the SEMAP Indicators Report start page, you need to select the program and the level of information you want to view.

To select the SEMAP Indicators Report criteria, use the following steps:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• S8 Certificate &amp; Voucher</li></ul> <p><b>Note:</b> S8 Certificate is the default option for the <b>Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click State when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report.

There are four levels of information to choose from in a SEMAP Indicators Report (see Figure 74):

- **National**
- **State**
- **Field Office**
- **Public Housing Agency**

Figure 74: The Level of Information options available for the SEMAP Indicators Report.

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the states, field offices, and public housing agencies in your jurisdiction.

The following tables outline how to generate a SEMAP Indicators Report for each level.

### National

Step	Action/Result
1. Click the <b>National</b> link on the <b>Select Level of Information</b> list.	PIC generates a SEMAP Indicators Report at the national level containing aggregated data.

### State

Step	Action/Result
1. Click <b>State</b> on the <b>Select Level of Information</b> list.	A <b>Select State(s) from</b> dialog box is displayed.
2. Click the state you want in the <b>Select State(s) from</b> dialog box.	<b>Note:</b> To select more than one state, press the CONTROL key as you click each state you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the SEMAP Indicators Report for the selected state(s).

### Field Office

Step	Action/Result
1. Click <b>Field Office</b> on the <b>Select Level of Information</b> list.	A <b>Select Field Office(s) from</b> dialog box is displayed.
2. Click the field office(s) you want in the <b>Select Field Office(s) from</b> dialog box (see Figure 75).	<b>Note:</b> To select more than one field office, press the CONTROL key as you click each office you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the SEMAP Indicators Report for the field office(s) selected.

The screenshot shows the top navigation bar with links: HUD HOME, PIH HOME, Q & A, and SEARCH/INDEX. Below this is a row of buttons: RCR, Rent Calc, Late HQS, SEMAP (highlighted), New Adm, Rent & Rent Burden, and Income. A second row of buttons includes Delinquency, Late Reexam, Decon, KMI, EOP, Mob & Port, and Budget Rel. Averages. Below the buttons is a dark blue bar with SEMAP and FSS. The main content area has a yellow header 'SEMAP Indicators Report'. Below this is a blue link 'S8 Certificate -- Field Office'. The 'Select Field Office(s) from:' label is followed by a dropdown menu with the following options: 0APH - WASHINGTON STATE OFFICE (selected), 0CPH - ALASKA STATE OFFICE, 0EPH - OREGON STATE OFFICE, 1APH - MASSACHUSETTS STATE OFFICE, 1EPH - CONNECTICUT STATE OFFICE, and 1FPH - NEW HAMPSHIRE STATE OFFICE. A 'Reports' button is at the bottom right.

## Public Housing Agency

To generate a report for a particular Public Housing Agency, you have three options: **Within a State**, **Within a State and County**, or **Within a Field Office** (see Figure 76).

The screenshot shows the same top navigation bar and button rows as Figure 75. Below the dark blue bar, the main content area has a yellow header 'SEMAP Indicators Report'. Below this is a blue link 'S8 Certificate'. The 'Housing Agency Selection:' label is followed by three radio button options: Within a State (selected), Within a State and County, and Within a Field Office.

Figure 76: The Housing Agency Selection levels for a SEMAP Indicators Report.

### Option 1: Within a State

Select this option if you know the state in which your PHA is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State, Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a State</b> .	A <b>Select State from</b> dialog box is displayed.
3. Click the state you want in the <b>Select State from</b> dialog box.	
4. Click the <b>HA List</b> button.	A dialog box appears with a list of HAs within the selected state.
5. Click the desired HA(s) in the <b>Select HA(s)</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
6. Click the <b>Reports</b> button.	A SEMAP Indicators Report is generated for each Public Housing Agency selected within the state.

### Option 2: Within a State and County

Select this option if you know the state and county in which your PHA is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State, Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a State and County</b> .	A <b>Select State from</b> dialog box is displayed.
3. Click the state you want in the <b>Select State from</b> dialog box.	

Step	Action/Result
4. Click the <b>County</b> button.	A dialog box appears with a list of counties within the selected state.
5. Click the desired county in the <b>Select County</b> dialog box.	
6. Click the <b>HA List</b> button.	A dialog box is displayed with a list of HAs associated with the selected county.
7. Click the HA(s) you want in the <b>Select HAs</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
8. Click the <b>Reports</b> button.	A SEMAP Indicators Report is generated for each Public Housing Agency selected.

### Option 3: Within a Field Office

Select this option if you know the field office associated with the PHA you want.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State, Within a State and County, and Within a Field Office</b> .
2. Click <b>Within a Field Office</b> .	A <b>Select Field Office from</b> dialog box is displayed.
3. Click the field office you want in the <b>Select Field Office from</b> dialog box.	
4. Click the <b>HA List</b> button.	A dialog box appears with a list of HAs associated with the selected field office.
5. Click the HA(s) you want in the <b>Select HAs</b> dialog box (see Figure 77).	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
6. Click the <b>Reports</b> button.	A SEMAP Indicators Report is generated for each Public Housing Agency selected.

### Information Presented in a SEMAP Indicators Report

When you complete your selections and click the **Reports** button, PIC generates the SEMAP Indicators Report for the particular program and level of information selected. The selections are listed at the top of the report along with the report's start and end dates.

The SEMAP Indicators Report is split into the following three sections:

- **Reporting Rate**
- **Discrepancy Information**
- **Family Self-Sufficiency (FSS)**

The section headings are listed on tabs. Click any tab to view the corresponding report information (see Figure 78).

Figure 78: The Three section tabs available in a SEMAP Indicators Report. (The Discrepancy Info tab is highlighted)

Reports generated at the state and field office level also provide national data. The Public Housing Agency level provides state data.

Where available, you can view information in ascending or descending order on a report by clicking the up or down arrow in the column you want to view.

**Note:** Multiple data selections may be split into sets. For example, if you selected several states to be included in the report (generally more than four), some of those selections are not displayed in the first report page. To view these data selections:

Step	Action/Result
1. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set displays.
2. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set displays.

The Discrepancy Information tab also contains four subtabs:

- Late Reexam
- Rent Discrepancy
- Housing Quality Standard (HQS) – Newly Leased Units
- Late HQS

To view one of these subtabs:

Step	Action/Result
1. Generate a report.	
2. Click the Discrepancy Info tab.	The Discrepancy Info page is displayed. The subtabs are listed directly under the main tabs.
3. Click the subtab you want to view.	

The following table describes the information contained in the each tab and subtab of a SEMAP Indicators Report.

Tab	Subcategories	Information Presented
<b>Reporting Rate</b>	None	Default screen for the SEMAP Indicators Report. It consists of one table reporting:  <b>Reporting Rate:</b> <ul style="list-style-type: none"> <li>• Level of Information Selected</li> <li>• Administered Units</li> <li>• Number of Families Reported</li> <li>• Percent Reported</li> </ul>
<b>Discrepancy Information</b>	Late Reexam	Default screen for the Discrepancy section. It consists of one table reporting: <ul style="list-style-type: none"> <li>• Level of Information Selected</li> <li>• Percent Late Reexams (%)</li> </ul>
	Rent Discrepancy	Consists of one table reporting: <ul style="list-style-type: none"> <li>• Level of Information Selected</li> <li>• Number of Families with Rent Discrepancies (#)</li> <li>• Percent of Families with Rent Discrepancies (%)</li> </ul>
	HQS – Newly Leased Units	Consists of one table reporting: <ul style="list-style-type: none"> <li>• Level of Information Selected</li> <li>• Passed Inspection Before Contract Effective (%)</li> <li>• Passed Inspection After Contract Effective (%)</li> <li>• Not Reported (%)</li> </ul>
	Late HQS	Consists of one table reporting: <ul style="list-style-type: none"> <li>• Level of Information Selected</li> <li>• Percent Late HQS Inspections (%)</li> </ul>
<b>Family Self-Sufficiency (FSS)</b>		Consists of one table reporting: <ul style="list-style-type: none"> <li>• Level of Information Selected</li> <li>• Number of Families Enrolled (#)</li> <li>• Number of Families with Escrow Balances (#)</li> <li>• Percent with Escrow Balances (%)</li> </ul>

Two icons are available at the bottom of most tables (see Figure 79), so you can view the information in either Pie Chart or Bar Graph form. When the icons are not visible, the information is only available in tabular form.

*Figure 79: The icons for converting table information into a Bar Graph or Pie Chart.*

The SEMAP Indicators Report screen contains three options for further use of the data (see Figure 80). The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an MS-Excel™ spreadsheet for further data manipulation.
  - Print Page: The report prints as a Web page.
- Note:** For the best results, print in landscape orientation.
- View Entire Report: All report subcategory tables display together on one screen.

*Figure 80: The Options available for further use of report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report you want next. Refer to the corresponding section of this user manual, and follow the steps provided to generate that report.

## The Family Self-Sufficiency Report

From the SEMAP Indicators Report start page, you can also generate a Family Self-Sufficiency (FSS) Report for PHAs in the S8 Certificate and Voucher Program. This report displays certain FSS data, such as number of families enrolled, number of families with escrow balances, and percent with escrow balances. This data is retrieved from the most recent FSS Addendum submission.

To access the FSS Report start page:

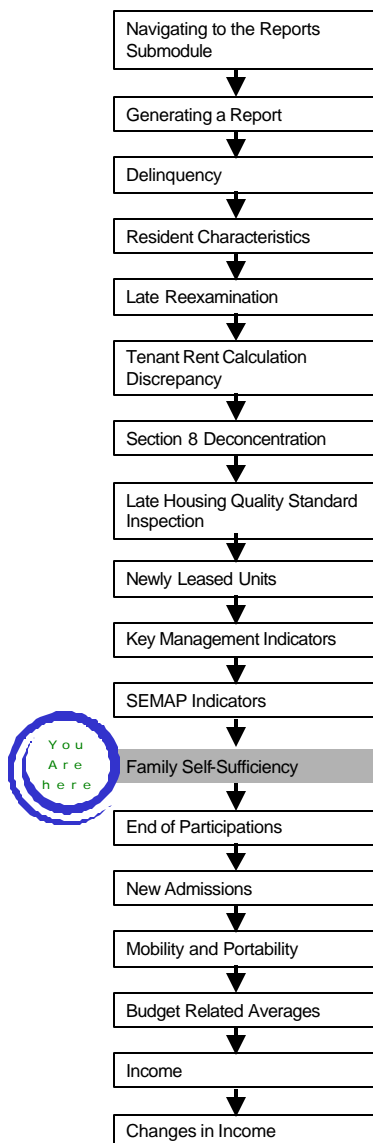

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>SEMAP</b> tab.	The SEMAP Indicators Report start page displays.
5. Click the FSS subtab, located just to the right of the SEMAP subtab.	The FSS Report start page appears (see Figure 81).

The screenshot shows the FSS Report start page. At the top, there are navigation links: HUD HOME, PIH HOME, Q & A, and SEARCH / INDEX. Below these are several tabs: RCR, Rent Calc, Late HQS, SEMAP, New Adm, Rent & Rent Burden, and Income. Under the SEMAP tab, there are subtabs: Delinquency, Late Reexam, Decon, KMI, EOP, Mob & Port, and Budget Rel. Averages. The SEMAP and FSS tabs are highlighted. The FSS Report section is active, showing 'Select Program Type : S8 Certificate and Voucher' and 'Select Level of Information: Public Housing Agency'.

Figure 81: The FSS Report start page.

### Generating an FSS Report

S8 Certificate and Voucher is the only program available for an FSS Report. The start page defaults the **Select Program Type** dialog box to this program. Also, Public Housing Agency is the only level of information available for an FSS Report.

## Public Housing Agency

To generate an FSS Report for a PHA, you have three options for identifying where it is located: **Within a State**, **Within a State and County**, and **Within a Field Office**.

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, your access is limited to your own housing agency.

### Option 1: Within a State

Select this option if you know the state in which your PHA is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State</b> , <b>Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a State</b> .	A <b>Select State from</b> dialog box is displayed.
3. Click the state you want in the <b>Select State from</b> dialog box.	
4. Click the <b>HA List</b> button.	A dialog box appears with a list of HAs within the selected state.
5. Click the desired HA(s) in the <b>Select HA(s)</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
6. Click the <b>Reports</b> button.	An FSS Report is generated for each Public Housing Agency selected within the state.

## Option 2: Within a State and County

Select this option if you know the state and county in which your PHA is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State, Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a State and County</b> .	A <b>Select State from</b> dialog box is displayed.
3. Click the state you want in the <b>Select State from</b> dialog box.	
4. Click the <b>County</b> button.	A dialog box appears with a list of counties within the selected state.
5. Click the desired county in the <b>Select County from</b> dialog box (see Figure 82).	
6. Click the <b>HA List</b> button.	A dialog box appears with a list of HAs associated with the selected county.
7. Click the HA(s) you want in the Select HAs dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
8. Click the <b>Reports</b> button.	An FSS Report is generated for each Public Housing Agency selected.

Figure 82: A list of counties from the Select Count from screen in the Within a State and County option.

### Option 3: Within a Field Office

Select this option if you know the field office associated with the PHA you want.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with two different options for identifying the Public Housing Agency: <b>Within a State</b> , <b>Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a Field Office</b> .	A <b>Select Field Office from</b> dialog box is displayed.
3. Click the field office you want in the <b>Select Field Office from</b> dialog box.	
4. Click the <b>HA List</b> button.	A dialog box is displayed that contains a list of HAs associated with the selected field office.
5. Click the HA(s) you want in the <b>Select HAs</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
6. Click the <b>Reports</b> button.	A SEMAP Indicators Report is generated for each Public Housing Agency selected.

## Information Presented in an FSS Report

When you complete your selections and click the **Reports** button, the PIC system generates the FSS Report. The report headings list the program type, level of information, PHA selections, and the report's start and end dates.

Each report displays information for one PHA. If you selected multiple PHAs, you can switch between them by selecting and viewing another HA Code in the **Select HA Code** dialog box.

An FSS report is composed of two tables, as described below:

Table	Information Presented
<b>FSS Information for the Selected PHA(s)</b>	One table reporting:  <b>Individual FSS Information</b> <ul style="list-style-type: none"><li>• The Program Type</li><li>• SSN</li><li>• Tenant's First Name</li><li>• Tenant's Last Name</li><li>• FSS Report Type</li><li>• Disbursed Amount</li><li>• Account Balance Amount</li></ul>
<b>Total Information for the PHA(s)</b>	One table reporting:  <b>Total FSS Information</b> <ul style="list-style-type: none"><li>• Families Enrolled</li><li>• Total Families with Escrow Balances</li></ul>

The FSS Report screen contains two options for further use of the data (see Figure 83). The options are located on the top right side of the report screen.

Select on of the following options:

- Download in Excel: The report downloads to an MS-Excel™ spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

*Figure 83: The options for further use of the report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report you want next. Refer to the corresponding section of this user manual, and follow the steps provided to generate that report.

## End of Participation Report

The End of Participation (EOP) Report provides demographic and income information for families who have ended their participation in an assisted housing program.

To access the End of Participation Report:

Step	Action/Result/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>EOP</b> tab.	The EOP Report start page displays (see Figure 84).

## Generating an EOP Report

After you reach the EOP start page, select the program and level of information to view.

To select EOP Report criteria:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• Public Housing</li><li>• S8 Moderate Rehabilitation</li><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• Certificate and Voucher</li><li>• All Relevant Programs</li></ul> <p><b>Note:</b> Public Housing is the default option for the <b>Select Program Type</b> dialog box.</p>
2. Click the link under <b>Level of Information</b> that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click State when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report (see Figure 85).

There are nine levels of information to choose from in an EOP Report:

- **National**
- **State**
- **Field Office**
- **Metropolitan Area**
- **County**
- **City or Locality**
- **Public Housing Agency**
- **Project**
- **Congressional District**

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the states, field offices, and projects associated with your housing agency.

The following tables outline how to generate an EOP Report at each level.

### **National**

Step	Action/Result
1. Click the <b>National</b> link in the <b>Level of Information</b> list.	PIC generates an EOP Report at the national level containing aggregated data.

## State

Step	Action/Result
1. Click <b>State</b> on the <b>Select Level of Information</b> list.	A <b>Select State(s) from</b> dialog box is displayed (see Figure 86).
2. Click the state you want in the <b>Select State(s) from</b> dialog box.	<b>Note:</b> To select more than one state, press the CONTROL key as you click each state you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the EOP Report for the state(s) selected.

The screenshot shows the 'EOP Query' window. At the top, there are navigation tabs: HUD HOME, PIH HOME, Q & A, SEARCH / INDEX, and E-MAIL. Below these are several buttons: RCR, Rent Calc, Late HGS, SEMAP, New Adm, Rent & Rent Burden, Income, Delinquency, Late Reexam, Decon, KMI, EOP (highlighted), Mob & Port, and Budget Rel. Averages. The main title is 'End of Participation Report'. Below that, it says 'Public Housing --> State'. The 'Select State(s) from:' section contains a list box with the following options: DE - Delaware, FL - Florida, GA - Georgia, GU - Guam, HI - Hawaii, and IA - Iowa. At the bottom, there is a 'Reports' button.

## Field Office

Step	Action/Result
1. Click <b>Field Office</b> on the <b>Select Level of Information</b> list.	A <b>Select Field Office(s) from</b> dialog box is displayed.
2. Click the field office(s) you want in the <b>Select Field Office(s) from</b> dialog box.	<b>Note:</b> To select more than one field office, press the CONTROL key as you click each office you want to include in the report.
3. Click the <b>Reports</b> button.	PIC displays the EOP Report for the field office(s) selected.

## Metropolitan Area

You have two options for generating an EOP Report at the metropolitan area level: **Within US** and **Within a State**.

### Option 1: Within US

Select this option if you know the exact metropolitan area you are looking for.

Step	Action/Result
1. Click <b>Metropolitan Area</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with two different options for identifying the metropolitan area: <b>Within US</b> and <b>Within a State</b> .
2. Click <b>Within US</b> on the <b>Metropolitan Area Selection</b> list.	PIC displays a <b>Select Metro Area(s) from</b> dialog box (see Figure 87).
3. Click the metro area you are looking for in the <b>Select Metropolitan Area(s) from</b> dialog box.	<b>Note:</b> To select more than one metro area, press the CONTROL key as you click each one you want to include in the report.
4. Click the <b>Reports</b> button.	PIC presents an EOP Report for the metro area(s) selected.

### Option 2: Within a State

Select this option if you know only the state the metropolitan area is in.

Step	Action/Result
1. Click <b>Metropolitan Area</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with two different options for identifying the metropolitan area: <b>Within US</b> and <b>Within a State</b> .
2. Click <b>Within a State</b> on the <b>Metropolitan Area Selection</b> list.	PIC displays a <b>Select State from</b> dialog box.
3. Click the state you want in the <b>Select State from</b> dialog box.	
4. Click the <b>MSA</b> button.	A <b>Select Metropolitan Area(s) from</b> dialog box is displayed.
5. Click the metro area you are looking for in the <b>Select Metropolitan Area(s) from</b> dialog box.	<b>Note:</b> To select more than one metro area, press the CONTROL key as you click each one you want to include in the report.
6. Click the <b>Reports</b> button.	An EOP Report is generated for the metro area(s) selected.

### County

There are two options for generating an EOP Report at the county level: **Within a State** and **Within a State and Metropolitan Area**.

### Option 1: Within a State

Select this option if you know only the state the county is in.

Step	Action/Result
1. Click <b>County</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with two different options for identifying the county: <b>Within a State</b> and <b>Within a State and Metropolitan Area</b> .
2. Click <b>Within a State</b> on the <b>County Selection</b> list.	PIC displays a <b>Select State(s) from</b> dialog box.
3. Click the state you are looking for in the <b>Select State(s) from</b> dialog box.	

Step	Action/Result
4. Click the <b>County</b> button.	A <b>Select County(s) from</b> dialog box is displayed.
5. Click the county(s) you want included in the report.	<b>Note:</b> To select more than one county, press the CONTROL key as you click each one you want to include in the report.
6. Click the <b>Reports</b> button.	PIC displays an EOP Report for each county selected.

6. Click the <b>Reports</b> button.	An EOP Report is generated for the congressional district(s) selected.

## Information Presented in an EOP Report

When you complete your selections and click the **Reports** button, the PIC system generates the EOP Report for the particular program and level of information selected. The selections are listed at the top of the report in the heading, which includes the following labels:

- Program Type
- Level of Information
- Report Start Date
- Report End Date

Each report offers the same categories of information, which display in tabs that appear at the top of the report. Some reports contain subcategories that are displayed when you point and click your mouse cursor over a tab. The EOP Report tabs contain no subcategories.

**Note:** Multiple data selections may be split into sets. For example, if you have selected several states to be included in the report (generally more than four), some of those selections are not displayed in the first report page.

To view the information within a report:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab is displayed.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set is displayed.

Reports generated at the state and field office levels also present national data. The metropolitan area, county, city or locality, Public Housing Agency, project, and congressional district levels present state data.

Two icons are available at the bottom of most tables, so you can view the information in either Pie Chart or Bar Graph form. When the icons are not visible, the information is only available in tabular form.

*Figure 96: The icons for converting table information into Bar Graph or Pie Chart form.*

The EOP Report screen contains three options for further use of the data. The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the next report. Refer to the corresponding section of this user manual that describes the report, and follow the steps to generate the report.

## New Admissions Report

The New Admissions Report provides demographic and income information for admitted households. This report includes information on the average housing wait time sorted by: race, ethnicity, and household type.

To access the New Admissions Report:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>New Adm</b> tab.	The New Adm Report start page displays (see Figure 98).

## Generating a New Admissions Report

After you reach the New Admissions Report start page, select the program and level of information to view.

To select New Admissions Report criteria:

Step	Action/Result
1. Click the program type in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• Public Housing</li><li>• S8 Moderate</li><li>• Rehabilitation</li><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• All Relevant Programs</li></ul> <p><b>Note:</b> Public Housing is the default option for the <b>Select Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report (see Figure 99).

## Information Presented in a New Admissions Report

When you complete your selections and click the **Reports** button, PIC generates the New Admissions Report for the particular program and level of information you have selected. The selections are listed at the top of the report in the heading and include the following:

- Program Type
- Level of Information
- Report Start Date
- Report End Date

Each report displays the same categories of information in tabs at the top of the report.

Some reports also contain subtabs that display when you click a tab. The New Admissions Report contains the following subtabs :

- Household
- Waiting

**Note:** Multiple data selections might be split into sets. For example, if you have selected several states to include in the report (generally more than four), some of those selections are not displayed in the first report page.

To view the information within a report:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab display.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set is displayed.

Reports generated at the state and field office levels also show national data. Reports generated at the Public Housing Agency and project levels show state data.

The New Admissions Report screen contains three options for further use of the data. The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a web page:

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report you want next. Refer to the corresponding section of this user manual, and follow the steps provided to generate that report.

## The Mobility and Portability Report

The Mobility and Portability (MAP) Report profiles families who received Section 8 assistance and moved within the PHA's jurisdiction (mobility) or moved to another unit in another PHA's jurisdiction (portability).

To access the MAP Report start page:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the MAP tab.	The MAP Report start page displays (see Figure 110).

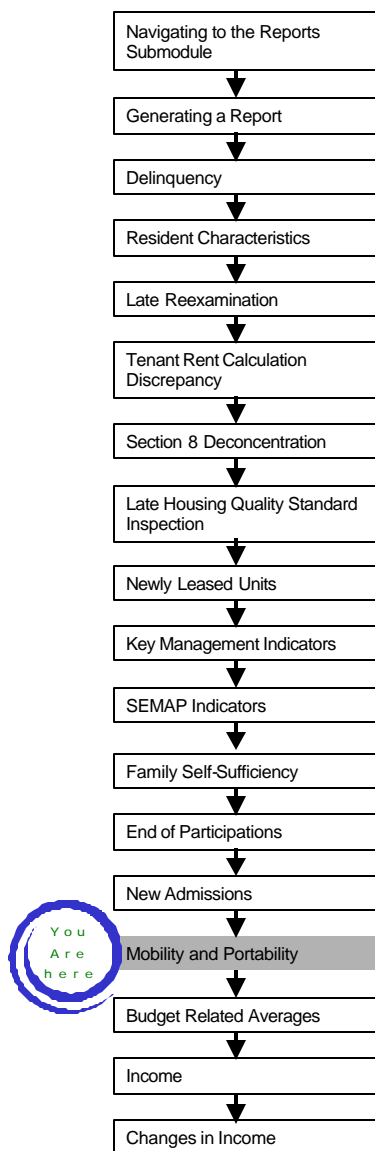

Figure 110: The MAP Report tab and start page.

## Generating a MAP Report

After you reach the MAP Report start page, select the program and level of information to be viewed.

To select MAP Report criteria:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"><li>• S8 Certificate</li><li>• S8 Voucher</li><li>• S8 Moderate Rehabilitation</li><li>• Certificate and Voucher</li><li>• All Relevant Programs</li></ul> <p><b>Note:</b> S8 Certificate is the default option for the <b>Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report.

The screenshot shows a web interface titled "Mobility and Portability Report". It features a dropdown menu for "Select Program Type" with "S8 Certificate" selected. Below this, under the heading "Select Level of InFormation:", there are four hyperlinks: "National", "State", "Field Office", and "Public Housing Agency".

Figure 111: The Select Level of Information links for a MAP Report.

There are four levels of information in a MAP Report (see Figure 2), as follows:

- **National**
- **State**
- **Field Office**
- **Public Housing Agency**

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the states and field offices associated with your housing agency.

The following tables outline how to generate a MAP Report for each level.

### **National**

<b>Step</b>	<b>Action/Result</b>
1. Click the <b>National</b> link in the <b>Level of Information</b> list.	PIC generates a MAP Report at the national level containing aggregated data.

### **State**

<b>Step</b>	<b>Action/Result</b>
1. Click <b>State</b> in the <b>Select Level of Information</b> list.	A <b>Select State(s) from</b> dialog box is displayed.
2. Click the state you want from the <b>Select State(s) from</b> dialog box.	<b>Note:</b> To select more than one state, press the CONTROL key as you click each state you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the MAP Report for the state(s) selected.

### **Field Office**

<b>Step</b>	<b>Action/Result</b>
1. Click <b>Field Office</b> on the <b>Select Level of Information</b> list.	A <b>Select Field Office(s) from</b> dialog box is displayed (see Figure 112).

Step	Action/Result
2. Click the field office(s) you want in the <b>Select Field Office(s) from</b> dialog box.	<b>Note:</b> To select more than one field office, press the CONTROL key as you click each office you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the MAP Report for the field office(s) selected.

Figure 112: The Select Field Office from dialog box.

## Public Housing Agency

You have three options for generating a MAP Report at the Public Housing Agency level: **Within a State**, **Within a State and County**, and **Within a Field Office**.

### Option 1: Within a State

Select this option if you know the state in which your Public Housing Agency is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State</b> , <b>Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a State</b> on the <b>Housing Agency Selection</b> list.	A <b>Select State from</b> dialog box is displayed.

Step	Action/Result
3. Click the state you want in the <b>Select State from</b> dialog box.	
4. Click the <b>HA List</b> button.	A dialog box is displayed with a list of HAs within the state selected.
5. Click the desired HA(s) in the <b>Select HA(s)</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
6. Click the <b>Reports</b> button.	PIC displays the MAP Report for each Public Housing Agency you selected within the state.

## Option 2: Within a State and County

Select this option if you know the state and county in which your PHA is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State</b> , <b>Within a State and County</b> , and <b>Within a Field Office</b> .
2. Click <b>Within a State and County</b> on the <b>Housing Agency Selection</b> list.	A <b>Select State from</b> dialog box is displayed.
3. Click the state where your PHA is located in the <b>Select State from</b> dialog box.	
4. Click the <b>County</b> button.	A <b>Select County from</b> dialog box is displayed (see Figure 113).
5. Click the county you want in the <b>Select County from</b> dialog box.	
6. Click the <b>HA List</b> button.	A dialog box is displayed with a list of HAs associated with the county selected.

Step	Action/Result
7. Click the HA(s) you want in the <b>Select HA(s) from</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
8. Click the <b>Reports</b> button.	A MAP Report is generated for each Public Housing Agency selected.

Figure 113: The Select County from dialog box.

### Option 3: Within a Field Office

Select this option if you know the field office in which your PHA is located.

Step	Action/Result
1. Click <b>Public Housing Agency</b> on the <b>Select Level of Information</b> list.	PIC displays a screen with three different options for identifying the Public Housing Agency: <b>Within a State, Within a State and County, and Within a Field Office</b> .
2. Click <b>Within a Field Office</b> on the <b>Housing Agency Selection</b> list.	A <b>Select Field Office from</b> dialog box is displayed.
3. Click the field office you want in the <b>Select Field Office from</b> dialog box.	
4. Click the <b>HA List</b> button.	A dialog box is displayed with a list of HAs associated with the field office selected.

Step	Action/Result
5. Click the desired HA(s) in the <b>Select HA(s)</b> dialog box.	<b>Note:</b> To select more than one HA, press the CONTROL key as you click each HA you want to include in the report.
6. Click the <b>Reports</b> button.	A MAP Report is generated for each Public Housing Agency selected.

### Information Presented in a MAP Report

When you complete your selections and click the **Reports** button, PIC generates the MAP Report for the particular program and level of information you identified.

The following headings are included in the heading of a MAP report:

- Program Type
- Level of Information
- Report Start Date
- Report End Date

Each MAP Report offers the same categories of information, which are displayed in tabs that at the top of the report directly beneath the heading. Some reports contain subcategories that display when you point and click your mouse cursor over a tab. The MAP Report tabs contain no subcategories.

**Note:** Multiple data selections might be split into sets. For example, if selected several states to include in the report (generally more than four), some of those selections are not displayed in the first report page.

To view the information within a report:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab display.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set displays.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set displays.

Note that reports generated at the state and field office levels also provide national data. The Public Housing Agency level provides state data.

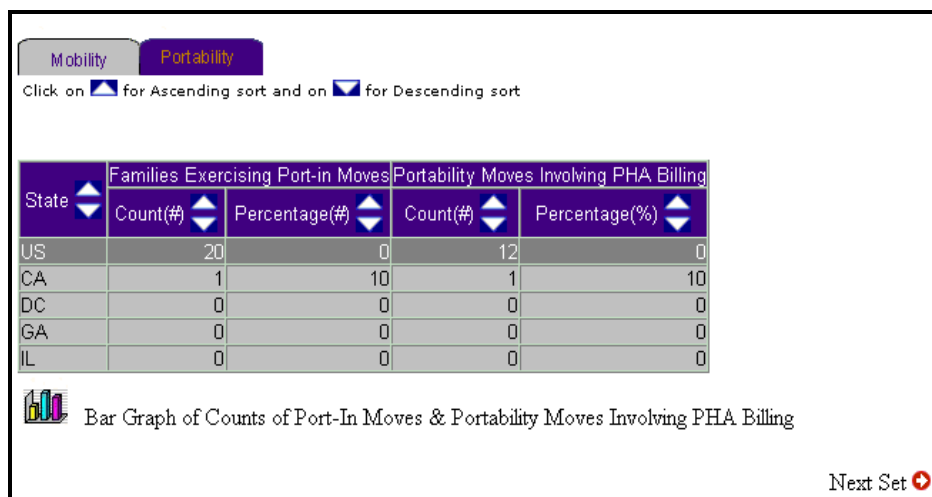

Figure 114: The MAP Report with the Portability tab selected.

View information on a report in ascending or descending order by clicking the up or down arrow in the column to be viewed.

The following table describes the information contained under each tab of the MAP Report.

Tab	Subcategories	Information Presented
Mobility	None	<p>Default screen for the MAP Report, consisting of one table reporting:</p> <ul style="list-style-type: none"> <li>• Admission Involving a Move Count (#) Percentage (%)</li> <li>• Admission Involving a Lease in Place Count (#) Percentage (%)</li> <li>• Total Families that Moved Count (#) Percentage (%)</li> <li>• Total Hard to House Families that Moved Count (#) Percentage (%)</li> <li>• Previously Assisted Families that Moved Count (#) Percentage (%)</li> <li>• Families Moving From Public Housing (#)</li> </ul>

Two icons are available at the bottom of most tables, so you can view the information in either Bar Graph or Pie Chart form. When neither icon displays, the information is only available in tabular form.

*Figure 115: The Icons for converting table information to either a Bar Graph or Pie Chart.*

The MAP Report screen contains three options for further use of the data. The options are located on the top right of the report screen.

Select one of the following three options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

*Figure 116: The Options for further use of report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report next. Refer to the corresponding section of this user manual that describes the report, and follow the steps to generate the report.

## Rent and Rent Burden Report

The Rent and Rent Burden Report summarizes information about rents relative to the Fair Market Rent (FMR) and each family's rent burden in relation to their income.

To access the Rent and Rent Burden Report:

## Information Presented in a Rent and Rent Burden Report

When you complete your selections and click the **Reports** button, PIC generates the Rent and Rent Burden Report for the particular program and level of information selected.

The following labels are found in the heading for a Rent and Rent Burden Report:

- Program Type
- Level of Information
- Report Start Date
- Report End Date

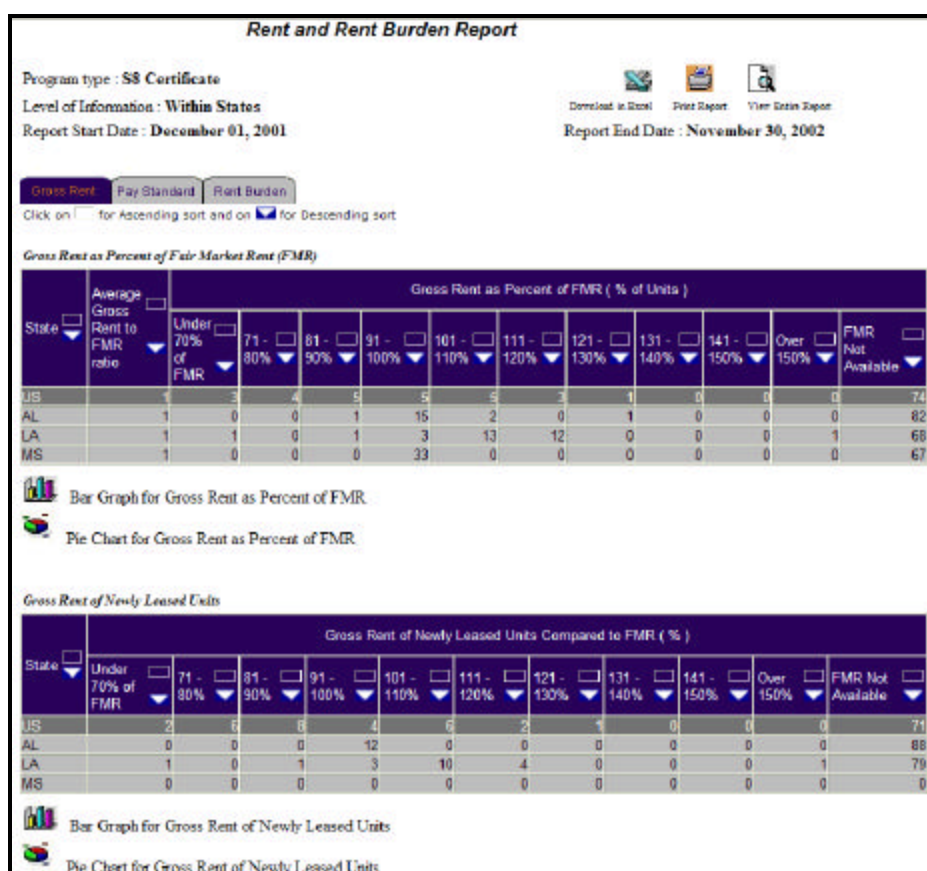

Figure 129: The Rent and Rent Burden Report screen.

You should note that reports at the state and field office level also present national data. Public Housing Agency and Project levels present state data.

Each report offers the same categories of information, which display in tabs that appear at the top of the report.

**Note:** Multiple data selections may be split into sets. For example, if you selected several states to include in the report (generally more than four), some of those selections are not displayed in the first report page.

To view the information within a table:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab are displayed.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set displays.

You can view information on a report in ascending or descending order by clicking the up or down arrow in the column.

The following table describes the information contained under each tab of the Rent and Rent Burden Report.

Tab	Information Presented

Two icons at the bottom of most tables are used to view the information in either a Pie Chart or Bar Graph form. When the icons are not shown, the information is only available in tabular form.

*Figure 130: The icons for converting table information into a Bar Graph or Pie Chart.*

The Rent and Rent Burden Report screen also includes three options for further use of the data. The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

*Figure 131: The Options for further use of report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report you want next. Refer to the section of this user manual that describes the report, and follow the steps to generate the report.

## Budget Related Averages Report

The Budget Related Averages Report displays averages for gross rent, total tenant payments, and assisted payments by unit size. The report also assists PHAs in determining rent reasonableness and annual budgets.

To access the Budget Related Averages Report:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>Budget Rel Averages</b> tab.	The Budget Related Averages Report start page displays (see Figure 132).

## Generating a Budget Related Averages Report

After you reach the Budget Related Averages Report start page, select the program and level of information you want to view.

To select Budget Related Averages Report criteria:

Step	Action/Result
1. Click the program type in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"> <li>• S8 Certificate</li> <li>• S8 Voucher</li> <li>• S8 Moderate Rehabilitation</li> <li>• S8 Certificate and Voucher</li> <li>• All Relevant Programs</li> </ul> <p><b>Note:</b> S8 is the default option for the <b>Select Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report (see Figure 133).

## Information Presented in a Budget Related Averages Report

When you complete your selections and click the **Reports** button, PIC generates the Budget Related Averages Report for the particular program and level of information you selected. Each report offers the same categories of information, which are in tabs that display at the top of the report.

The following labels are found in the heading for a Budget Related Averages Report:

- Program Type
- Level of Information
- Report Start Date
- Report End Date

Some reports contain subcategories that display when you move your mouse over a tab. The Budget Related Averages Report tabs contain no subcategories.

**Note:** Multiple data selections might be split into sets. For instance, if you have selected several states to include in the report (generally more than four), some of those selections do not appear in the first report page.

To view the information within a report:

Step	Action/Result
1. Click the report tab to see the information.	The table(s) under that report tab is displayed.
2. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
3. Click the <b>Prev Set</b> arrow located at the bottom left of the report page to return to the data set previously viewed.	The previous data set is displayed.

You should note that reports generated at the state and field office levels also present national data. The Public Housing Agency level presents state data.

An icon is available at the bottom of most tables, so you can view the information in a Bar Graph form.

*Figure 142: The icon available for converting table information into a Bar Graph.*

The Budget Related Averages Report screen also contains three options for further use of the data. The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

*Figure 143: The options available for further use of report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the report you want next. Refer to the section of this user manual that describes the report, and follow the steps to generate the report.

## Income Report

Income Reports summarize information about income distributions for all families, new admissions, and end of participations. Through these reports, you gain valuable income information about tenants in a specific program.

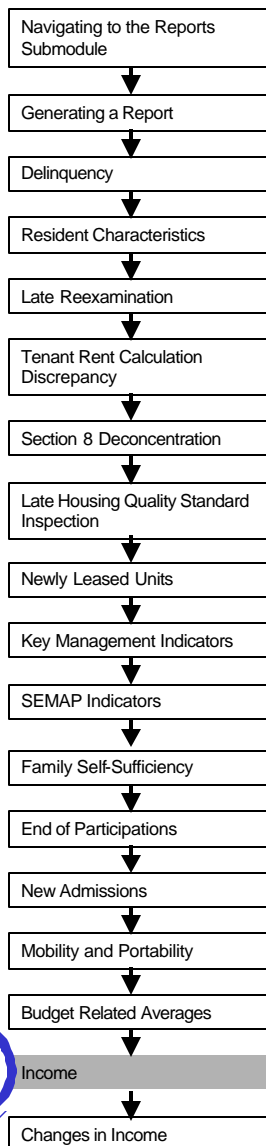

To access the Income Report start page:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>Income</b> tab.	The Income Report start page is displayed (see Figure 144).

Figure 144: The Income Report tab and start page.

## Generating an Income Report

After you have reached the Income Report start page, you need to select the program and the level of information you want to view.

To select Income Report criteria:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"> <li>• Public Housing</li> <li>• S8 Certificate</li> <li>• S8 Voucher</li> <li>• S8 Certificate and Voucher</li> <li>• S8 Moderate Rehabilitation</li> <li>• All Relevant Programs</li> </ul> <p><b>Note:</b> Public Housing is the default option for the <b>Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report.

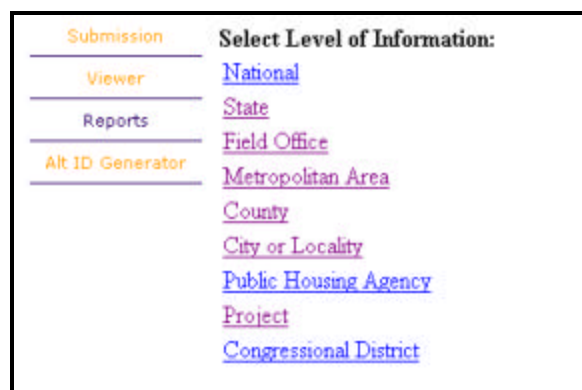

Figure 145: The Level of Information Options for the Income Report.

There are nine levels of information to choose from in an Income Report (see Figure 145):

- **National**
- **State**
- **Field Office**
- **Metropolitan Area**
- **County**
- **City or Locality**
- **Public Housing Agency**
- **Project**
- **Congressional District**

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the states, field offices, and projects associated with your housing agency.

The following tables outline how to generate an Income Report for each level.

### **National**

<b>Step</b>	<b>Action/Result</b>
1. Click the <b>National</b> link on the <b>Select Level of Information</b> list.	PIC generates an Income Report at the national level containing aggregated data.

### **State**

<b>Step</b>	<b>Action/Result</b>

6. Click the <b>Reports</b> button.	PIC presents an Income Report for the selected congressional district(s).

## Information Presented in an Income Report

When you complete your selections and click the **Reports** button, PIC generates the Income Report for the particular program and level of information selected. These selections are listed at the top of the report along with the report's start and end dates.

Income Reports are split into three groups:

- **Families**
- **New Admissions**
- **End of Participations**

The group headings are listed as tabs (see Figure 154). Click the tab to view the information for the selected group.

The screenshot shows the 'Income Report' interface. At the top right, the title 'Income Report' is displayed. Below it, the following information is shown: 'Program type: Public Housing', 'Level of Information: State', and 'Report Start Date: November 01, 2001'. There are three buttons: 'Families' (highlighted in blue), 'New Admissions', and 'End Participation'. Below these buttons is a row of four subtabs: 'Income Distribution' (highlighted in blue), 'Income Source Distribution', 'Primary Source Income Distribution', and 'Income S Income'.

Figure 154: The Group Headings and three of the subtabs in an Income Report.

For each group, the PIC system presents the same categories of information, listed as subtabs:

- Income Distribution
- Income Source Distribution
- Primary Source Income Distribution
- Income Source Average Annual Income
- Primary Source Average Annual Income

Click one of these subtabs to view the information.

**Note:** Multiple data selections may be split into sets. For example, if you have selected several states to include in the report (generally more than four), some of those selections are not displayed in the first report page. To view these data selections:

Step	Action/Result
1. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set is displayed.
2. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set is displayed.

Reports generated at the state and field office level also provide national data. Metro area, county, city, public housing agency, project, and congressional district levels provide state data.

View information in ascending or descending order on a report by clicking the up or down arrow in any column.

This table details the information available in an Income Report for each group.

Two icons at the bottom of most tables (see Figure 12), are used to view the information in either Pie Chart or Bar Graph form. When the icons are not shown, the information is only available in tabular form.

*Figure 155: The Icons for a Bar Graph or Pie Chart.*

The Income Report screen contains three options for further use of the data (see Figure 156). The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.

*Figure 156: The options for further use of report data.*

To generate another report, repeat the process by returning to the Reports screen and selecting the tab for the next report. Go to the corresponding section of this PIC user manual that describes a specific report, and follow the steps provided to generate that report.

## Changes in Income Report

The Changes in Income Report identifies families with variations in income from quarter to quarter and from year to year. It summarizes information on income, general assistance (such as welfare), and earned wages on a quarterly basis.

To access the Changes in Income Report start page:

Step	Action/Result
1. Log on to PIC.	The PIC main page is displayed.
2. Move your cursor over the <b>Form-50058</b> button.	A list of submodules is displayed.
3. Click the <b>Reports</b> link.	The Delinquency Report page is displayed. Other available reports are listed in tabs at the top of the page.
4. Click the <b>Income</b> tab.	The Income Report start page is displayed.
5. Click the Changes in Income Query subtab. It is located just to the right of the Income Report Query subtab.	The Changes in Income Report start page is displayed (see Figure 157).

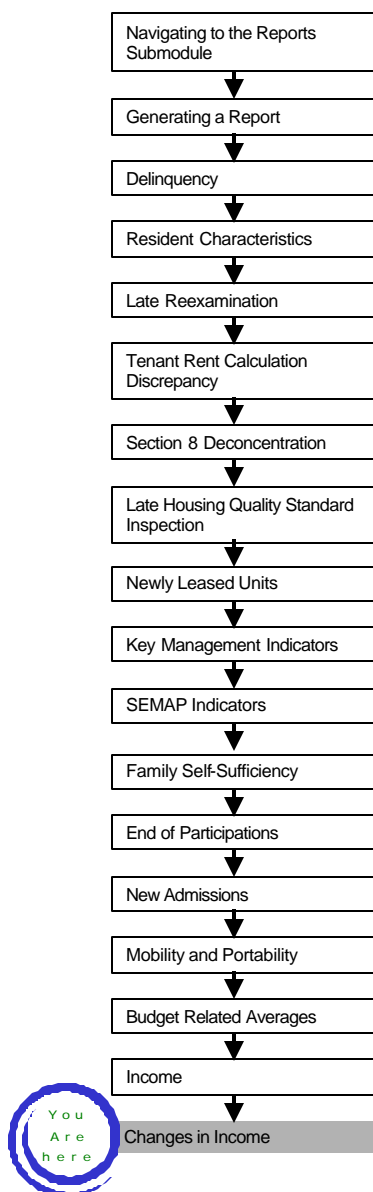

Figure 157: The Changes in Income Report tab and start page.

## Generating a Changes in Income Report

On the Changes in Income start page, select the program type and the level of information you want to view.

To select Changes in Income Report criteria:

Step	Action/Result
1. Click the program type you want in the <b>Program Type</b> dialog box.	<ul style="list-style-type: none"> <li>• Public Housing</li> <li>• S8 Certificate</li> <li>• S8 Voucher</li> <li>• S8 Moderate Rehabilitation</li> <li>• All Relevant Programs</li> </ul> <p><b>Note:</b> Public Housing is the default option for the <b>Program Type</b> dialog box.</p>
2. Click the link on the <b>Select Level of Information</b> list that corresponds to the level of information you want on the report.	The module formulates the rest of the criteria necessary to generate the report based on the level you select here. For example, click <b>State</b> when the program type you are interested in is located at that level. A dialog box containing a list of state names appears. Click the state where the program type you are interested in is located, and generate the report.

The screenshot shows the HUD HOME interface. At the top, there are navigation links: HUD HOME, PIH HOME, Q & A, and SEARCH / INDEX. Below these are several buttons: RCR, Rent Calc, Late HQS, SEMAP, New Adm, Rent & Rent Burden, Income, Delinquency, Late Reexam, Decon, KMI, EOP, Mob & Port, Budget, and Rel. Averages. The 'Income' button is highlighted. Below the buttons, there is a section titled 'Change in Income Report'. Under this section, there is a 'Select Program Type' dropdown menu with 'Public Housing' selected. Below this, there is a 'Select Level of Information:' section with five links: [National](#), [State](#), [Field Office](#), [Public Housing Agency](#), and [Project](#).

Figure 158: The Level of Information options available for the Changes in Income Report.

There are five levels of information to choose from in a Changes in Income Report:

- **National**
- **State**
- **Field Office**
- **Public Housing Agency**
- **Project**

Depending on security clearance, users have limited access within certain levels of information. For example, if you are an HA user, you only have access to the states, field offices, and projects associated with your housing agency.

The following tables outline how to generate a Changes in Income Report for each level.

### **National**

<b>Step</b>	<b>Action/Result</b>
1. Click the <b>National</b> link on the <b>Select Level of Information</b> list.	PIC generates a Changes in Income Report at the national level containing aggregated data.

### **State**

<b>Step</b>	<b>Action/Result</b>
1. Click <b>State</b> on the <b>Select Level of Information</b> list.	A <b>Select State(s) from</b> dialog box appears.
2. Click the state you want in the <b>Select State(s) from</b> dialog box.	<b>Note:</b> To select more than one state, press the CONTROL key as you click each state you want to include in the report.
3. Click the <b>Reports</b> button.	PIC presents the Changes in Income Report for the selected state(s).

## Field Office

Step	Action/Result
1. Click <b>Field Office</b> on the <b>Select Level of Information</b> list.	A <b>Select Field Office(s)</b> from dialog box is displayed.
2. Click the field office(s) you want in the <b>Select Field Office(s) from</b> dialog box.	<b>Note:</b> To select more than one field office, press the CONTROL key as you click each office you want to include in the report.

## Project

You have two options to generate a Changes in Income Report at the project level: **Within a State** and **Within a Public Housing Agency** (see Figure 160).

**Note:** You can only generate a report for a project if you have selected the **Public Housing** or the **All Relevant Program** options in the **Select Program Type** dialog box. If you select any of the Section 8 programs, a message is displayed indicating there are no projects for Section 8.

The screenshot shows the HUD HOME interface. At the top, there are navigation links: HUD HOME, PIH HOME, Q & A, and SEARCH / INDEX. Below these are several buttons: RCR, Rent Calc, Late HQS, SEMAP, New Adm, Rent & Rent Burden, Income, Delinquency, Late Reexam, Decon, KMI, EOP, Mob & Port, and Budget Rel. Averages. The 'Income' button is highlighted. Below the buttons, there is a section titled 'Income Report Query' with a sub-section 'Changes in Income Query'. Under 'Changes in Income Query', there is a button 'Income Report Query'. Below this, there is a section titled 'Change in Income Report'. Under 'Change in Income Report', there is a link 'Public Housing'. Below 'Public Housing', there is a section titled 'Project Selection:'. Under 'Project Selection:', there are two radio buttons: 'Within a State' (selected) and 'Within a Public Housing Agency'.

### Information Presented in a Changes in Income Report

When you complete your selections and click the **Reports** button, the PIC system generates the Changes in Income Report for the particular program and level of information selected. The selections are listed at the top of the report, along with the report's start and end dates.

Changes in Income Reports contain two tables:

- Other than Head of Household (HOH)-CoHead-Spouse
- HOH-Cohead-Spouse

You can view information in ascending or descending order on a report by clicking the up or down arrow in any column.

**Note:** Multiple data selections might be split into sets. For example, if you have selected several states to include in the report (generally more than four), some of those selections are not displayed in the first report page.

To view these data selections:

Step	Action/Result
1. Click the <b>Next Set</b> arrow located at the bottom right of the report page to view the next data set.	The next data set displays.
2. Click the <b>Prev Set</b> arrow located at the bottom left of the report to return to the data set previously viewed.	The previous data set displays.

The following table details the information in a Changes in Income Report.

Table	Information Presented
<b>Other than HOH-CoHead-Spouse</b>	<p>This table presents the following information on tenants in the selected level who are not the HOH, the co-HOH, or the HOH's spouse:</p> <ul style="list-style-type: none"> <li>• Age 18 to 62 (#)</li> <li>• Non-Elderly or disabled (#)</li> <li>• Wages with no welfare for the current quarter, the previous quarter, and the previous year (%)</li> <li>• Welfare with no wages in the current quarter, previous quarter, and previous year (%)</li> <li>• With both welfare and wages in the current quarter, previous quarter, and previous year (%)</li> </ul>
<b>HOH-Cohead-Spouse</b>	<p>This table reports the following information on tenants in the selected level who are the HOH, the co-HOH, or the HOH's spouse:</p> <ul style="list-style-type: none"> <li>• Age 18 to 62 (#)</li> <li>• Non-Elderly or disabled (#)</li> <li>• Wages with no welfare for the current quarter, the previous quarter, and the previous year (%)</li> <li>• Welfare with no wages in the current quarter, previous quarter, and previous year (%)</li> <li>• With both welfare and wages in the current quarter, previous quarter, and previous year (%)</li> </ul>

The two graph or chart icons at the bottom of most tables are available, so you can view the information in either a Pie Chart or Bar Graph form. When the two icons are not visible, the information is only available in tabular form.

*Figure 161: The Icons for converting table information into a Bar Graph or Pie Chart.*

The Changes in Income Report screen contains three options for further use of the data (see Figure 162). The options are located on the top right side of the report screen.

Select one of the following options:

- Download in Excel: The report downloads to an Excel spreadsheet for further data manipulation.
- Print Page: The report prints as a Web page.

**Note:** For the best results, print in landscape orientation.

- View Entire Report: All report subcategory tables display together on one screen.
