Chapter 6. Creditable Service for Leave Accrual

Subchapter 1. Determining Creditable Service

1-1. Coverage.

a. This subchapter covers procedures for determining creditable service for leave accrual purposes. It explains how to:

- (1) Identify prior service;
- (2) Verify prior service; and
- (3) Determine if prior service is creditable for leave.

b. Subchapter 2 explains how to compute a Service Computation Date for leave. Subchapter 3 explains when and how to process a personnel action to document a change in a Service Computation Date.

c. Information on determining creditable service for other purposes is found in other issuances. These include:

- (1) [The CSRS and FERS Handbook](#) - service credit for retirement;
- (2) the [Restructuring Information Handbook](#) and [title 5, Code of Federal Regulations](#), (CFR) part 351 - service credit for reduction in force;
- (3) the [Code of Federal Regulations](#) (CFR) - creditable service for:
 - (a) within-grade increases in 5 CFR 531 and 532;
 - (b) tenure in 5 CFR 315; and
 - (c) initial and supervisory probationary periods in 5 CFR 315.

1-2. Service Computation Date

A Service Computation Date (SCD) is a date, either actual or constructed, that is used to determine benefits and is generally based on how long the person has been in the Federal Service. The SCD-Leave is used to determine the rate at which an employee accrues annual leave - 4, 6, or 8 hours per pay period - depending on the

amount of service creditable for leave accrual purposes; however, it is not used to determine the accrual rate for employees occupying positions which are subject to sections 5376 or 5383 of title 5, United States Code, or a pay system equivalent to either of the sections referenced as determined by OPM. Such employees accrue 8 hours of annual leave per pay period pursuant to section 6303(f), title 5, United States Code. (See http://www.opm.gov/oca/leave/html/sesannu_al.asp). Agencies must establish an SCD-Leave for each employee at appointment, whether or not the employee is eligible to earn leave. To establish the SCD, the agency must identify the employee's prior Federal service, verify such service, determine how much, if any, of the service is creditable for leave accrual purposes, and then compute the SCD.

1-3. Identifying Prior Federal Service.

a. **Application.** Review the employee's application or resume to identify any prior Federal service. Federal service includes civilian and military service.

b. **Standard Form 144.** Ask each appointee to complete the Standard Form 144, Statement of Prior Federal Service. This allows the employee to supplement the Federal service listed on his or her application.

c. **Optional Form 306.** Use information from the Optional Form 306, Declaration for Federal Employment, to determine if the employee is a military retiree.

1-4. Creditable Service.

Section 6303 of title 5, United States Code, sets the rules for crediting service for annual leave accrual. The law states: “In determining years of service, an employee is entitled to credit for all service of a type that would be creditable under section 8332, regardless of whether or not the employee is covered by subchapter III of chapter 83, and for all service which is creditable by virtue of subsection (e). Creditable service falls into three general categories:

- service as a civilian employee, that is, service under a Federal appointment performing Federal functions under Federal supervision;
- active duty in the uniformed services; and
- other service made creditable by specific legislation.

1-5. Creditable Civilian Service

a. Types of Service. All civilian service that is *potentially* creditable for Civil Service Retirement Service (CSRS) purposes is also creditable for leave accrual.

Potentially creditable includes service that could be credited if the employee made deposits to the Retirement fund. Such deposits are *not* required before the employee gets credit for leave accrual purposes. Creditable civilian service for leave accrual includes service:

(1) under a Federal appointment as defined in section 2105 of title 5, United States Code, whether in the competitive, excepted, or Senior Executive Service.

(2) covered by CSRS or Federal Employees’ Retirement System (FERS) retirement deductions, including service for which the employee received a refund of the

retirement deductions.

(3) under other Federal retirement systems as long as the individual *could* obtain a refund of his or her deductions under that system and deposit them in the CSRS fund. Civilian service under systems where the employee *cannot* withdraw contributions, such as the DC Police and Firefighter System and the Financial Institutions Retirement Fund, is *not* creditable.

(4) listed in Chapter 20, Subchapter 20A of [The CSRS and FERS Handbook](#). This chapter contains detailed information on civilian service that is creditable for retirement purposes. Civilian service creditable for civil service retirement under section 8332 of title 5, United States Code, is also creditable for leave.

b. Amount of Service to be Credited.

In general, employees get a day of credit for each day of full time or part time service. Elapsed calendar time is the maximum time that can be credited. For example, if an employee has two part time appointments from January 1, 1998, thru March 31, 1998, credit is limited to three months. Special rules apply to short separations, absence for uniformed service or compensable injury, periods of nonpay/nonduty status, and service on an intermittent work schedule.

(1) *Separations* of three calendar days or less between two periods of creditable civilian service are to be credited. The separation period is treated as a continuation of the first period of service.

(2) Employees who are absent because of *uniformed service or compensable injury* are entitled to be treated as though they had never left. The regulations governing restorations to duty after uniformed service or compensable injury are in part 353 of

title 5, Code of Federal Regulations (CFR). A person who is reemployed under 5 CFR 353 receives credit for the entire period of his or her absence, that is, the entire period from the time the employee left until he or she was restored or reemployed.

(3) Periods of *nonpay/nonduty status* are credited to a maximum of six months per calendar year. Examples of nonpay/nonduty time include leave without pay, furlough, suspension, and placement in nonpay status.

This limit does not apply to employees who are absent because of uniformed service or compensable injury. Periods of leave without pay for uniformed service or compensable injury are fully creditable for leave accrual.

(4) *Intermittent* service is service without a prearranged regularly scheduled tour of duty; this was also known as WAE or when actually employed service. Only the days or hours in pay or work status are credited for periods of intermittent service. The credit cannot exceed the calendar time of the period involved. For example, an intermittent employee who worked 100 hours in a 2 week period may not be credited with more than 2 weeks of service. Before 1980, on-call or seasonal work was differentiated from intermittent work by a remark on the Standard Form (SF) 50 or in the employment agreement that indicated that “Service credit...for leave accrual continues up to a maximum of six months per calendar year.” If this or a similar remark is not shown on the SF 50 or the employment agreement, the service is treated as intermittent.

c. Verifying Creditable Civilian Service.

(1) Official Personnel Folder. If the application or Standard Form 144 indicates

prior civilian Federal service, follow the procedures in the Operating Manual, [The Guide to Personnel Recordkeeping](#), to request the employee’s Official Personnel Folder. The Folder should include the documents used to verify prior service during the employee’s last appointment. [The Guide to Personnel Recordkeeping](#) also contains instructions for requesting transcripts of service for civilian employment not under the Office of Personnel Management’s recordkeeping authority and for reconstructing Official Personnel Folders that have been lost.

(2) Postal Service Temporary Christmas Employment. Most Postal Service employment will be documented in the Postal Official Personnel Folder. The Postal Service does not create a personnel folder for temporary Christmas employees. To verify this employment, contact the Post Office where the employee worked or use payroll records. Payroll records can be obtained from: National Personnel Records Center, 111 Winnebago Street, St. Louis, MO 63118.

(3) Affidavits. If the agency is unable to locate any records that can be used to reconstruct an employee’s folder, the agency can use other evidence to give credit for *civilian service for leave accrual purposes only*. In these cases, the burden of proof is on the person claiming service. Other evidence can include travel orders, payroll cards, credit reports that show the Federal employment, or affidavits. Affidavits are required from the employee and at least two other people who were in a position to know the facts of the employment, such as former supervisors. The affidavits must be

notarized. Future employers will accept service verified by affidavit as they would any other service verified by a prior employer.

1-6. Creditable Uniformed Service.

a. General Rule. To be creditable for leave accrual purposes, uniformed service must have:

(1) ended honorably. That includes: an honorable discharge or a discharge under honorable conditions (general) or transfer to the inactive reserves under honorable conditions.

and

(2) been active duty in a uniformed service.

(a) The uniformed services consist of the Armed Forces (Army, Navy, Air Force, Marine Corps, Coast Guard) plus the commissioned officer corps of the Public Health Service and the National Oceanic and Atmospheric Administration.

(b) Active duty is full time duty in the Armed Forces. In the Reserves this would include active duty for training but not weekly or monthly assemblies or drills. National Guard duty must be active duty in the service of the United States under title 10, United States Code, or under a call by the President or Secretary of Defense. National Guard service or training under the call of the Governor of a State or performed for a State under title 32, United States Code, is *not* creditable.

b. Restrictions on Credit for Military Retirees. Section 6303 of title 5, United States Code, restricts the amount of leave accrual credit military retirees receive for their active duty service. This section contains specific language on the treatment

of uniformed service for leave accrual purposes and differs from the way this service is treated for civil service retirement purposes. This is an exception to the general rule that ties service credit for retirement and leave accrual.

(1) Definition of military retiree. For leave accrual purposes, a military retiree is any member or former member of the uniformed services who is entitled, under statute, to retired, retirement, or retainer pay on account of service as a member.

Uniformed services retirees include persons on their service's Temporary Disability Retirement List (TDRL) and Navy and Marine Corps personnel who have been transferred to the Fleet Reserve. Note that the definition is based on an *entitlement*; waiving the actual pay has no impact on whether the person is a military retiree.

(2) Exemptions from the restrictions. Military retirees may receive credit for all active military service **only** if one of the following three conditions is met:

(a) the uniformed services retirement was based on disability that *either* resulted from an injury or disease received in the line of duty as a direct result of armed conflict *or* was caused by an instrumentality of war and was incurred in the line of duty during a period of war as defined in sections 101 and 301 of title 38, United States Code.

(b) the uniformed services retiree was employed in a civilian position subject to the Leave Act on November 30, 1964, and has been continuously employed without a break in service of more than 30 days since that date.

(c) the individual first becomes eligible for a uniformed services annuity

while serving as a civilian employee. This includes reservists who qualify for an annuity, as well as employees who are recalled to active duty, qualify for uniformed services retirement, and then are restored to Federal civilian employment. *This exemption applies only to the current period of civilian employment.* If the employee separates and is reemployed later, the restrictions will apply.

(3) Creditable service. For military retirees who do not qualify for one of the exemptions in (2) above, credit for active duty uniformed service is limited to *service in the armed forces during a war or in a campaign or expedition for which a campaign badge has been authorized.*

(a) Service must have been in the Armed Forces (Army, Navy, Air Force, Marine Corps, or Coast Guard). Service in the commissioned officer corps is only creditable if it was in the Armed Forces - for example with the Public Health Service subject to full military benefits or while part of the Armed Forces.

(b) Service during a war is creditable regardless of where the person served or what duties were performed. The last war for leave accrual credit purposes was World War II which officially began on December 7, 1941, and ended on April 28, 1952.

(c) Service in a campaign or expedition for which a campaign badge has been authorized is creditable only for the actual service in or as a part of the campaign or expedition. For example, if a military retiree was on active duty for the entire period of the Vietnam campaign but served in that campaign for 14 months, the retiree is entitled only to the 14 months campaign service credit. He or she is not entitled to credit for time on active duty outside of the campaign area. The **VetGuide**, available on

the Office of Personnel Management's website (<http://www.opm.gov>), contains a list of campaigns and expeditions.

c. Employees Appointed on or after October 17, 2006, While on Terminal Leave Pending Retirement from the Uniformed Service (Pub. Law 109-364, Section 1101, dated 10/17/06). The leave accrual rate for such an employee must be computed as provided in 5 U.S. Code 6303(a). As such, the employee is subject to the credit limitations for military retirees.

d. Verifying Creditable Uniformed Service.

(1) Uniformed service must be verified by the branch in which the person served and is generally done so using the DD 214 Certificate of Release or Discharge from Active Duty and the SF 813 Verification of a Military Retiree's Service In Nonwartime Campaigns or Expeditions. Accordingly, agencies should direct inquires regarding the uniformed services' manner of documenting active duty service (e.g., individual does not have a DD 214, confirmation on dates or nature of service, etc.) to the branch of the uniformed service in which the individual served. The Office of Personnel Management does not verify information on the dates or nature of uniformed service, type of discharge, or nature of any retirement from the uniformed service.

(2) Service in the Armed Forces is generally documented on the DD 214, Certificate of Release or Discharge from Active Duty. This form shows the dates or total amount of active duty and the type of discharge or separation. If the employee does not have a copy of this form, he or she should obtain it from: National Personnel Records Center (Military), 9700 Page Avenue, St. Louis, MO 63132.

(3) When a retiree's DD 214 does not show the exact dates of service in a campaign or expedition, use the Standard Form (SF) 813, Verification of a Military Retiree's Service In Nonwartime Campaigns or Expeditions, to request that information. The SF 813 is available from the Office of Personnel Management's website (<http://www.opm.gov/forms>). Ask the retiree to list the exact dates of their participation in the campaign area on the form, and send the form in duplicate to the office listed on the reverse of the form.

(4) Dates of active duty National Guard service should be documented on the DD 214 or on orders placing the employee on active duty. Copies of orders should be obtained from the Adjutant General for the State National Guard in which the employee served. The request may be on a Standard Form 180, Request Pertaining to Military Records, and should include a statement that "The beginning and ending dates of honorable active ARNGUS or ANGUS duty and the authority of law under which it was performed under either a call by the President or an order by the Secretary of Defense (or his designee) are needed to verify prior Federal service credit for the named Federal employee."

(5) Dates of active duty service as a Public Health Service (PHS) Commissioned Officer should be documented on PHS Form 1867, "Statement of Service-Verification of Status of Commissioned Officers of the U.S. Public Health Service." The form can be obtained from: Personnel Services Branch, Division of Commissioned Personnel, U.S. Public Health Service, Room 4-35, Parklawn Building, 5600 Fisher's Lane, Rockville, MD 29857.

(6) Dates of active duty service as a National Oceanic and Atmospheric

Administration (NOAA) Commissioned Officer should be documented on NOAA Form 5616, "Report of Transfer or Discharge." The form can be obtained from: Commissioned Personnel Center, NOAA-Attn: CPC (Rm 12100), SSMC-3, 1315 East-West Highway, Silver Spring, MD 20910.

(7) Figure 6-2 lists sources of information on whether a retirement from the uniformed services was based on war- or combat-incurred disability.

1-7. Other Creditable Service.

a. General. Specific statutes have made some civilian service that does not meet the definition of Federal employment creditable for leave or retirement. Civilian service that is creditable for retirement is also creditable for leave accrual purposes. The kinds of service that occur most frequently are described below in "b" through "g". Detailed information on these types of service and the specific conditions that must be met for the service to be creditable are in Chapter 20, Subchapter 20A of [The CSRS and FERS Handbook](#). Additionally, section 6303(e) of title 5, United States Code, as amended by section 202(a) of the Federal Workforce Flexibility Act of 2004 (Pub. Law 108-411 dated October 20, 2004), permits a newly appointed or reappointed employee to receive credit for prior non-Federal service or active duty uniformed service that otherwise would not be creditable towards determining the SCD-Leave. Such service is described in "h" below.

b. National Guard Technician Service. This has been Federal service since January 1, 1969. All those who have

served in a National Guard Technician position since January 1, 1969, receive credit for all their service, including any pre-1969 service. Specific legislation granted limited credit for those who had only pre-1969 National Guard Technician service. This service can be verified by contacting the Adjutant General's office for the State National Guard unit with which the individual served.

c. Nonappropriated Fund

Employment (NAF). Public Law 101-508 authorizes credit for leave accrual and RIF purposes for NAF service of employees who move on or after January 1, 1987, from Department of Defense NAF employment to Department of Defense civil service employment, or from Coast Guard NAF employment to Coast Guard civil service employment without a break in service of more than three calendar days. Once credited, this service remains creditable during any subsequent period of civil service employment. Periods of NAF employment under retained civil service retirement coverage are creditable for leave accrual. Other NAF service performed between 1952 and 1966 may also be creditable (Public Law 99-638). For information on this service, refer to Chapter 20 of [The CSRS and FERS Handbook](#). Documents to verify NAF employment are in the NAF personnel folder. Request the folder by following instructions in [The Guide to Personnel Recordkeeping](#).

d. VISTA Volunteer Service. Service performed on and after October 1, 1973, is creditable if the person was enrolled as a volunteer for a period of at least one year. The volunteer did not have to complete the enrollment but the enrollment had to be for a

period of a year or more. The Corporation for National Service verifies VISTA volunteer service. The verification should include the date of enrollment, length of enrollment period, date of assignment to service, and date of termination of training or service. This information is available from: AMERICORPS*VISTA, 1201 New York Ave, NW., Room 9214C, Washington, DC 20525.

e. Peace Corps Volunteer Service.

Satisfactory volunteer service with the Peace Corps is creditable. The training prior to enrolling as a volunteer is not creditable; only actual volunteer time is creditable. Verification of satisfactory volunteer Peace Corps service is available from: Volunteer Staff & Payroll Services, The Peace Corps, Washington, DC 20526.

f. Agricultural Stabilization and Conservation Service County Committee Service. Section 6312 of title 5, United States Code, allows credit for service as an employee of an Agricultural Stabilization and Conservation Service county committee. Verification of such service should be available from: Director, Office of Personnel, U.S. Department of Agriculture, Washington, DC 20250.

g. Certain Government Service Performed Abroad. Section 321 of Pub. Law 107-228, the Foreign Relations Authorization Act, Fiscal Year 2003, grants credit for certain government service performed abroad and refers specifically to service that was performed: after December 31, 1998, and before May 24, 1998; under a temporary appointment pursuant to sections 309 and 311 of the Foreign Service Act of 1980; at a U.S.

diplomatic mission, consular post (other than a consular agency), or other Foreign Service post abroad; by an individual who satisfied all eligibility requirements under regulations of the Department of State (as in effect on September 30, 2002) for a family member limited non-career appointment at the time the service was performed. (If an individual who performed such service was not employed by the Department of State while performing the service, the individual shall be treated as if he or she were employed by the Department of State for purposes of this definition.)

h. Prior non-Federal Service or Active Duty Uniformed Service that otherwise would not be creditable.

Section 6303(e) of title 5, United States Code, as amended by section 202(a) of the Federal Workforce Flexibility Act of 2004 (Pub. Law 108-411 dated October 30, 2004), permits a newly appointed or reappointed employee to receive credit for prior non-Federal service or active duty uniformed service that otherwise would not be creditable. Credit granted under this provision can only be applied upon appointment or reappointment (following a break in service of as least 90 calendar days from the last period of Federal civilian employment) to a position on or after April 28, 2005. An employee has no entitlement to such credit. The head of the agency or designee must determine that the skills and experience the employee possess were acquired through performance in a non-Federal or active duty uniformed service position having duties which directly relate to the duties of the position to which appointed and are necessary to achieve an important agency mission or performance goal, determine what constitutes acceptable

written documentation for non-Federal service (an employee must provide written documentation from the uniformed services to receive credit for honorable active duty uniformed service), and approve such prior to the effective date of the employee's entry on duty. The amount of service credit that may be granted is at the sole and exclusive discretion of the head of the agency or designee; however, the amount of service credited may not exceed the actual amount of service during which duties directly related to the position for which being appointed were performed. Document such service credit on the SF-144A or an agency equivalent form used in lieu of the SF-144A. Such credit is granted in terms of years and months, and the exact number of years and months of credit granted is recorded in Part I, Column B, of the SF-144A. See Table 6-1 for appropriate remarks.

Subchapter 2. Computing the Service Computation Date-Leave

2-1. Coverage.

This subchapter covers how and when to compute the Service Computation Date for leave accrual purposes. Before doing the computations, all periods of creditable service should be identified and verified. See subchapter 1.

2-2. When to Compute the Service Computation Date-Leave.

a. Appointment. A Service Computation Date-Leave must be established for each individual at the time of appointment.

b. Separation. When an employee on an intermittent work schedule or with excess nonpay time leaves the agency, the losing agency must recompute the Service Computation Date-Leave. The adjustment must account for all noncreditable periods of nonpay and for any intermittent service. The adjusted Service Computation Date-Leave is shown on the separation.

c. Additional service. The current agency must recompute the Service Computation Date-Leave when the employee claims additional creditable service or earlier service is made creditable by legislation or other action.

d. Change in military retiree status. If an employee is removed from the military's Temporary Disability Retirement List and discharged from a branch of the uniformed service, the employee's separation is no longer considered to be a retirement. The employee is no longer

subject to the credit limitations for military retirees. The agency must recompute the Service Computation Date-Leave to adjust for this change.

e. Discovery of an error. The current employing agency must recompute an employee's Service Computation Date-Leave when an error is discovered. It does not matter when the error was made, who made it, or what information the employee previously received about the credit to which he or she might be entitled.

f. Change from an intermittent work schedule. When an employee changes from an intermittent to a full time or part time work schedule (including a full or part time seasonal schedule), the agency must recompute his or her Service Computation Date-Leave to give credit for the hours worked. The adjusted Date should be on the action documenting the change in work schedule. Agency payroll records are the usual source of information on the hours worked by intermittent employees.

g. Return to pay or duty status. When an employee returns to duty after a period of noncreditable nonpay or nonduty status, the agency must recompute his or her Service Computation Date-Leave.

(1) If all the noncreditable nonpay is documented on a personnel action, the adjusted Date should be on the action documenting the return to duty status.

(2) There are instances where noncreditable nonpay is not documented on a personnel action. For example, if an employee already has accumulated six months of nonpay status in a calendar year

and then takes an additional two weeks of leave without pay, the two weeks would be noncreditable time but would not be documented on a personnel action. In these cases, the agency has two options for documenting the Change in Service Computation Date-Leave:

- process a personnel action when each period of noncreditable nonpay ends. OR
- keep a record of all noncreditable nonpay in the calendar year and process a single personnel action covering all periods of noncreditable nonpay during the year. If using this option, the agency must process the action in January of the year following the noncreditable nonpay.

2-3. Action on Appointment.

a. No prior service. If the person being appointed has not had any previous military or civilian service, use the date of appointment as the Service Computation Date-Leave.

b. Prior service.

(1) If the employee is being appointed after a break in service of three calendar days or less from creditable civilian service, and the employee does not identify any previously unclaimed service on the Standard Form 144, use the Service Computation Date-Leave on the separation action. The previous agency should have recomputed the Date if there were any intermittent service or excess nonpay.

(2) The Service Computation Date-Leave must be recomputed if the employee:

- had a break in civilian service of more than three calendar days; or

- claims military or civilian service that had not been claimed before.

2-4. Before Computing the Service Computation Date.

a. Put creditable service in chronological order. This ensures that each period of service will be credited and prevents double credit. Double credit can occur when a person has two or more appointments. The time credited can never be more than the equivalent of one full time period of service, that is, the calendar time. Examples include:

- employees on two part time appointments in different agencies. Credit is limited to the calendar time covered by the dual appointments.
- employees who serve on active military service while on leave from civilian service. Credit is limited to the calendar time.

b. Determine the amount of excess nonpay time. This applies to periods of full time and part time service. Since intermittent service is credited only for the time worked, nonpay time is not an issue. If the employee had more than one appointment, use only periods where he or she was not in pay status under any appointment to determine if there was any excess nonpay time.

c. Determine the amount of credit for intermittent service. Only the days or hours actually worked can be credited. If the employee was working on an intermittent schedule for more than one agency at the same time, add the days or hours worked and use the total to credit the service.

(1) Intermittent service before March 1, 1986, is credited using a work year of 260

days or 2080 hours. Use Figure 6-3 to convert the days worked to months and days of service credit. If the records show hours rather than days, divide the hours by eight to determine the number of days. Excess hours are rounded up; 17 hours = 3 days.

(2) Intermittent service on and after March 1, 1986, is credited using a work year of 2087 hours. Use Figure 6-4 to convert the hours worked into months and days of service credit. If intermittent service was recorded as days rather than hours, it may be credited using Figure 6-3.

(3) Compare the credit for hours worked to the elapsed calendar time. No matter how many days or hours an employee actually worked, he or she is entitled to credit for no more than the amount of service that could have been performed on a full time work schedule, that is, the actual calendar time.

d. Military time. Review the creditable military service to determine if the dates or the amount of service should be used in the calculation. If military service ended on February 28 or 29, use February 30 as the separation date. Do not use the full calendar dates of military service if the period of service includes inactive service or if credit is limited because the employee is a military retiree. When service is shown in days, divide by 30 to determine the number of months. *Do not use the charts for civilian service to change military time into months and days.*

2-5. Computing the Service Computation Date-Leave.

a. General.

(1) Service Computation Date-Leave calculations are based on a 360 day year, that is, 12 months of 30 days each. Calculations based on a 365 day year may

yield different results.

(2) Dates are added and subtracted in day, month, year order. Borrowing is based on the 360 day year, with 30 days equal to a month, and 12 months equal to a year. The example below shows how to subtract December 23, 1994 from April 15, 1996.

Step 1: Subtract days. Since 23 is larger than 15, borrow 1 month to add 30 days to the 15. Even though March has 31 days, in borrowing each month is treated as 30 days.

$$\begin{array}{r} 03\ 45 \\ 1996\ 04\ 15 \\ -\ 1994\ 12\ 23 \\ \hline 22 \end{array}$$

Step 2: Subtract months. Since 12 is larger than 3, borrow 1 year to add 12 months to the 3.

$$\begin{array}{r} 1995\ 15 \\ 03\ 45 \\ 1996\ 04\ 15 \\ -\ 1994\ 12\ 23 \\ \hline 03\ 22 \end{array}$$

Step 3: Subtract years.

$$\begin{array}{r} 1995\ 15 \\ 03\ 45 \\ 1996\ 04\ 15 \\ -\ 1994\ 12\ 23 \\ \hline 1\ 03\ 22 \end{array}$$

Result is 1 year, 3 months, 22 days.

(3) The net effect of the computations is to add noncreditable time and subtract creditable time from the initial appointment date. Adding time increases the date and decreases the number of years of service. Subtracting time decreases the date and increases the number of years of service.

b. Separation Dates. Separations are effective at midnight of the effective date. For each period of full or part time civilian service, the day of the separation must be credited. This can be done by:

- adding a day to each separation date, OR
- adding the number of separations to the days being subtracted from the appointment date.

c. Breaks in Civilian Service.

Separations of one, two, or three calendar days between two periods of creditable civilian service are ignored in computing the Service Computation Date (SCD)-Leave. These small breaks in service are treated as continuations of the first period of service. The separation date for that service should be adjusted to include the break in service in the SCD computations. For example, an employee separates from the Department of Army on January 15, 1998, and is appointed in the Department of Agriculture on January 19, 1998. In computing the SCD-Leave, use January 18, 1998, as the separation date for the Department of Army service.

d. Computation Methods.

(1) The preferred method is to:

- add the appointment dates for all periods of full or part time creditable service plus the total excess nonpay time plus the entrance on duty date for the current appointment;
- add the separation dates for all periods of full or part time creditable service plus the service credited as months and days (intermittent service, some military service);
- subtract the separation total from the appointment total.

This is the method documented on the Standard Form 144A, Statement of Prior >Creditable< Service - Worksheet. (2)

The alternative method is to:

- compute the amount of creditable service for each period of employment, generally by subtracting the beginning date from the ending date;

- total the amounts of creditable service;
- subtract the total from the entrance on duty date for the current appointment.

e. Converting to a realistic calendar date. When dates are added and subtracted, the answer may not always be a realistic date. The month may be zero or more than 12; the day may be zero or more than the number for the month. In those cases, the date must be converted to a realistic calendar date by following the rules in Figure 6-5.

f. Example. Figure 6-6 is a sample computation using the equivalent of Standard Form 144A, Statement of Prior >Creditable< Service - Worksheet.

2-6. Documenting the Service Computation Date-Leave Determinations.

a. Purpose. Service Computation Date-Leave determinations are documented to allow the determinations to be used and verified throughout the employee's Federal civilian service.

b. Content. Service Computation Date-Leave determinations must be documented on the Standard Form 144A or an agency equivalent form.

(1) There are exceptions to this requirement. Separate documentation is not required when an agency processes personnel actions that change the Service Computation Date-Leave because of excess nonpay or service on an intermittent work schedule. Agency personnel and payroll systems generally do these types of calculations. Remarks on the personnel actions document the amount of service being credited.

(2) Agency equivalent forms may be variations on the Standard Form 144A or printouts from computer programs that calculate service computation dates. In all cases, the documentation should show:

- what periods of service were evaluated;
- what periods of service were determined to be creditable for leave accrual purposes;
- the amount of time credited for each period of service; and
- the calculations used to compute the Service Computation Date-Leave.

c. Supporting documentation.

Copies of documents used to claim or verify service not otherwise found in the Official Personnel Folder should be attached to the Standard Form 144-A or equivalent form.

d. Filing.

(1) Standard Form (SF) 144-A or equivalent and the supporting documents should be filed on the right side of the Official Personnel Folder. It should be filed directly under the personnel action that reflects the Service Computation Date-Leave on the form. For example, the SF 144-A for the initial appointment should be filed directly under the SF 50, Notification of Personnel Action, documenting the appointment.

(2) The Standard Form 144, Statement of Prior Federal Service, should be filed according to agency instructions.

2-7. Retirement-Related Data.

a. Creditable military service is reported in remark M39 and to the Central Personnel Data File. This remark is required on all accessions and conversions (natures of action in the 1xx and 5xx series).

It is the total number of years and months of military service that is creditable for annual leave accrual purposes. It is calculated by adding together the periods of active military service that were credited in computing the employee's Service Computation Date-Leave. Except for military retirees, this is generally the amount of active duty shown on the final DD 214. Days are dropped; for example, if the employee had 4 years, 3 months, and 25 days of creditable military service, the amount in remark M39 would be "04-03." If the employee had no *creditable* military service, enter "00-00" or "none" in the remark.

b. Frozen service is reported in remark M38 and to the Central Personnel Data File.

This remark is required on accessions, conversions, and Changes in Retirement (natures of action in the 1xx and 5xx series and 803) when the employee's retirement plan code is "C," "E," "K," "L," "M," or "N." If the retirement plan code is *not* one of those listed, do *not* use remark M38.

(1) Definition. Frozen service is the total number of years and months of civilian and military service that is creditable in a Civil Service Retirement System (CSRS) component of an employee covered by the CSRS Offset or the Federal Employees' Retirement System (FERS). The amount of

service is computed when the employee first becomes covered by the CSRS Offset or elects FERS. Once computed, it never changes.

(2) Computing frozen service.

(a) Frozen service is always *zero* if the employee:

- is *automatically* covered by the Federal Employees' Retirement System (FERS); OR
- has less than 5 years of creditable *civilian* service before becoming subject to Civil Service Retirement System Offset (retirement plan codes C and E); OR
- has less than 5 years of creditable *civilian* service before *electing* FERS coverage.

Enter "00-00" or "none" in remark M38 for these employees.

(b) For other employees, frozen service is computed by subtracting the beginning date from the ending date of each continuous period of service that would be creditable for Civil Service Retirement System (CSRS) purposes. All service is then added together and converted to years and months. Days are dropped. Service under CSRS Offset is not included.

Example:

An employee has two periods of prior civilian service and one period of military service when first covered by CSRS Offset. Service includes:

- 11-20-1974 thru 06-16-1975 civilian service under FICA;
- 09-03-1976 thru 12-12-1981 civilian service under CSRS;
- 10-06-1982 thru 06-15-1984 military service;
- 07-06-1990 appointment under CSRS

Offset.

All the periods of prior service could be creditable for CSRS purposes so all service before the 7/6/1990 appointment are frozen service. To compute the frozen service:

Step 1: Subtract the beginning date from the ending date for each period of service. Use the same rules as for computing the Service Computation Date-Leave, including adding one day for the separation date.

$$\begin{array}{r} (1) \quad 1975-06-17 \\ \quad \quad -1974-11-20 \\ \quad \quad \quad \quad 0-06-27 \end{array}$$

$$\begin{array}{r} (2) \quad 1981-12-12 \\ \quad \quad -1976-09-03 \\ \quad \quad \quad \quad 5-03-10 \end{array}$$

$$\begin{array}{r} (3) \quad 1984-06-16 \\ \quad \quad -1982-10-06 \\ \quad \quad \quad \quad 1-08-10 \end{array}$$

Step 2: Add all the periods of service.

$$\begin{array}{r} 0-06-27 \\ 5-03-10 \\ +1-08-10 \\ \quad \quad 6-17-47 \end{array}$$

Step 3: Convert the service to years and months. Using the same rules as for computing the Service Computation Date-Leave, 06-17-47 converts to 7-6-17. The days are dropped in reporting frozen service.

The frozen service is reported as 7 years and 6 months or "07-06".

Figure 6-3. 260-Day Work Year Chart

Give 1 year of credit for each 260 days worked. For amounts of less than 260 days, use this chart. Find the month entry at the top of the column in which number of days worked appears and then find the day entry at the left margin of the line on which the number of days appears. Example: 120 days worked convert to 5 months and 16 days of credit.

2. When year is a leap year (for example, 1984, 1988, 1992, 1996, or another Presidential election year), change day to 29.
3. When new month is 7 (July), use 31 rather than 30.

Figure 6-6. Example of Service Computation Date-Leave Calculation

An individual is appointed in the Department of the Treasury on November 15, 1998. On the Standard Form 144, Statement of Prior >Creditable< Service, the employee claimed the following Governmental service. The service is shown in chronological order.

1. U.S. Army Reserves from 1981 through 1986.
2. Contractor working for the Department of Labor from September 7, 1981 thru December 13, 1983.
3. Appointment with the Defense Logistics Agency from April 20, 1986 thru August 29, 1992.
4. Appointment with Department of the Interior from September 2, 1992 thru December 31, 1992.
5. Appointment with Department of Commerce on part time work schedule from February 24, 1993 thru July 7, 1993.
6. Appointment with Department of Agriculture on part time work schedule from March 6, 1993 thru September 9, 1994.
7. Appointment with Department of Veterans Affairs on intermittent work schedule from October 1, 1994 thru September 30, 1997.

Additional information:

1. The DD 214 showed one year, one month, and four days active duty in the Reserves.
2. The Official Personnel Folder showed seven months of leave without pay during calendar year 1988; this leave was not for uniformed service or due to compensable injury.
3. The Official Personnel Folder showed a total of 2,134 hours in pay status during the intermittent appointment.

The Worksheet equivalent of the Standard Form 144-A documenting the Service Computation Date-Leave determination is on the next page. Note that:

1. The three day break in service between the Defense Logistics Agency appointment and the Department of the Interior appointment is creditable time. For purposes of the calculation, the time is added to the first (Defense Logistics Agency) appointment.
2. The concurrent appointments in the Departments of Commerce and Agriculture are treated as one appointment for purposes of the calculation since credit is limited to calendar time.
3. The hours worked during the intermittent appointment were changed to calendar time using the chart in Figure 6-4. The credit for hours worked does not exceed the calendar time. (If it did, the calendar time would be the maximum amount credited.)

Subchapter 3. Change in Service Computation Date-Leave.

3-1. Actions to Change the Service Computation Date-Leave.

a. Process a separate Change in Service Computation Date (SCD) action when the employee's SCD-Leave changes and no other change occurs. Examples are when:

- additional periods of service are made creditable by statute or an Office of Personnel Management ruling;
- service claimed and verified at the time of appointment was not credited and should have been;
- the employee claims creditable service not previously claimed;
- service claimed at the time of appointment is later verified.

b. When an employee returns to duty after excess nonpay status, the Change in Service Computation Date (SCD) is effective the same date as the return to duty action. (See section 1-5b.) Document the SCD change as part of the return to duty action. Follow instructions in Chapter 16 of this **Guide**.

c. When an employee changes from an intermittent to a part time or full time schedule, the change in Service Computation Date (SCD) is effective the same date as the change in work schedule. (See section 2-2f.) Document the SCD change as part of the change in work schedule action. Follow instructions in Chapter 24 of this **Guide**.

d. When an employee with excess nonpay or on an intermittent work schedule separates, document the change in Service Computation Date (SCD) on the separation action. The change in SCD is effective the same date as the separation.

e. Process a correction when the Service Computation Date is changing because a mathematical or similar error was made in the previous computation.

3-2. Use of the Standard Form 52.

Use of the Standard Form 52 to process these actions is not required. Follow your agency's instructions.

3-3. Processing Instructions.

a. **Effective Date.** Use Table 6-1 to determine the appropriate effective date for a Change in Service Computation Date action. Note that corrections always have the same effective date as the original action.

b. **Nature of Action and Legal Authority.** Enter the following nature of action and authority in blocks 5 A-D of the Standard Form 50.

<i>Nature of Action</i>	<i>Authority</i>
882 Chg in SCD	VZM 5 U.S.C. 6303

c. **Service Computation Date.** Show the new Service Computation Date-Leave in block 31 of the Standard Form 50.

d. **Remarks.** Use Table 6-1 to identify the required remarks. Also enter any additional remarks that are required by your agency or are necessary to explain the action.

e. **Standard Form (SF) 50.** Follow the instructions in Chapter 4 to complete the Standard Form 50. File one copy on the right side of the Official Personnel Folder; distribute other copies according to your agency's instructions.
