Director's Corner

President Bush signed the economic stimulus law ([P.L. 110-185, H.R. 5140, the "Economic Stimulus Act of 2008"](#)) on February 13. Referring to it, Acting IRS Commissioner Linda Stiff said, ***"If you are eligible for a payment, all you have to do is file a 2007 tax return and the IRS will do the rest."***

The IRS will use 2007 returns to arrive at rebate eligibility and amount.

Information on these IRS efforts are on a new web page, the [Economic Stimulus Payments Information Center](#).

The web page features sections especially for [Social Security](#) and [VA benefit](#) recipients, filer scenarios, press releases and fact sheets on the economic stimulus law. Take a moment to explore the wide array of information on the page for taxpayers and preparers.

On a different note, thanks, on behalf of the Service, to all of our great partners in the tax professions: [latest statistics](#) show that *e-file* rates are outpacing this time last year by significant margins, in no small part due to your efforts, Partners, to point clients toward this quick, easy and accurate way to file returns.
