

Federal Benefits for Veterans and Dependents

2002 Edition

*"We are dealing with veterans,
not procedures,
with their problems,
not ours."*

General Omar N. Bradley, U.S. Army
VA Administrator, 1945 - 1947

Department of
Veterans Affairs

VA Special Events for 2002

The Department of Veterans Affairs sponsors a number of special events each year as part of the recreation therapy provided to veterans under VA care. For details on eligibility and participation, or to be a volunteer, contact the VA National Advisor at the phone number listed below. The schedule for 2002 is:

Winter
Sports Clinic
Sandy Trombetta
(970) 244-1314

April 7-12
Snowmass, Colo.

Golden Age
Games
Dewayne Vaughn
(202) 745-8692

August 10-17
Los Angeles, Calif.

Wheelchair
Games
Tom Brown
(210) 617-5125

July 9-13
Cleveland, Ohio

Creative Arts
Festival
Elizabeth Mackey
(320) 255-6351

October 21-27
Minneapolis, Minn.

Introduction

This pamphlet describes the variety of federal benefits available to veterans and their dependents. It contains information on benefits and programs that is accurate as of Jan. 1, 2002. Changes may occur during the year as a result of legislative or other requirements. The Department of Veterans Affairs (VA) World Wide Web pages are updated throughout the year to present the most current information. The VA home page (<http://www.va.gov>) contains links to sections on compensation and pension benefits, health-care benefits and services, burial and memorial benefits, home loan guarantees and other information of interest to veterans and their dependents.

Eligibility depends upon individual circumstances. Contact the nearest VA benefits office at 1-800-827-1000 from any location in the United States to apply. Counselors can answer questions about benefits eligibility and application procedures. They also make referrals to other VA facilities, such as medical centers and national cemeteries. Phone numbers of VA offices, including those in the Philippines and Puerto Rico, are listed in the back of this book. VA facilities also are listed in the federal government section of telephone directories under Department of Veterans Affairs.

Eligibility for most VA benefits is based upon discharge from active military service under other than dishonorable conditions. Active service means full-time service as a member of the Army, Navy, Air Force, Marine Corps, Coast Guard, or as a commissioned officer of the Public Health Service, the Environmental Services Administration or the National Oceanic and Atmospheric Administration. Current and former members of the Selected Reserve may be eligible for certain benefits, such as home loan guarantees and education, if they meet time-in-service and other criteria. Men and women veterans with similar service are entitled to the same VA benefits.

Service in 30 organizations during special periods that include World Wars I and II has been certified as active military service by the Department of Defense (DoD). Members of these groups, listed under "Special Groups" on the next page, may be eligible for VA benefits if DoD certifies their service and issues a discharge under other than dishonorable conditions. Members of a National Guard or reserve component ordered to active duty by order of the President may also be eligible to receive benefits.

Honorable and general discharges qualify a veteran for most VA benefits. Dishonorable and bad conduct discharges issued by general courts-martial bar VA benefits. Veterans in prison and parolees may be eligible for certain VA benefits. VA regional offices can clarify the eligibility of prisoners, parolees and individuals with multiple discharges issued under differing conditions.

Wartime Service: Certain VA benefits require wartime service. Under the law, VA recognizes these war periods:

Mexican Border Period: May 9, 1916, through April 5, 1917, for veterans who served in Mexico, on its borders or in adjacent waters.

World War I: April 6, 1917, through Nov. 11, 1918; for veterans who served in Russia, April 6, 1917, through April 1, 1920; extended through July 1, 1921, for veterans who had at least one day of service between April 6, 1917, and Nov. 11, 1918.

World War II: Dec. 7, 1941, through Dec. 31, 1946.

Korean War: June 27, 1950, through Jan. 31, 1955.

Vietnam War: Aug. 5, 1964 (Feb. 28, 1961, for veterans who served "in country" before Aug. 5, 1964), through May 7, 1975.

Gulf War: Aug. 2, 1990, through a date to be set by law or Presidential Proclamation.

Special Groups: A number of groups who have provided military-related service to the United States have been granted VA benefits. For the service to qualify, the Secretary of Defense must certify that the group has provided active military service. Individuals must be issued a discharge by the Secretary of Defense to qualify for VA benefits. Service in the following groups has been certified as active military service for benefits purposes:

1. Women Airforce Service Pilots (WASPs).
2. World War I Signal Corps Female Telephone Operators Unit.
3. Engineer Field Clerks.
4. Women's Army Auxiliary Corps (WAAC).
5. Quartermaster Corps female clerical employees serving with the American Expeditionary Forces in World War I.
6. Civilian employees of Pacific naval air bases who actively participated in defense of Wake Island during World War II.

7. Reconstruction aides and dietitians in World War I.
8. Male civilian ferry pilots.
9. Wake Island defenders from Guam.
10. Civilian personnel assigned to OSS secret intelligence.
11. Guam Combat Patrol.
12. Quartermaster Corps members of the Keswick crew on Corregidor during World War II.
13. U.S. civilians who participated in the defense of Bataan.
14. U.S. merchant seamen who served on blockships in support of Operation Mulberry in the World War II invasion of Normandy.
15. American merchant marines in oceangoing service during World War II.
16. Civilian Navy IFF radar technicians who served in combat areas of the Pacific during World War II.
17. U.S. civilians of the American Field Service who served overseas in World War I.
18. U.S. civilians of the American Field Service who served overseas under U.S. armies and U.S. army groups in World War II.
19. U.S. civilian employees of American Airlines who served overseas in a contract with the Air Transport Command between Dec. 14, 1941, and Aug. 14, 1945.
20. Civilian crewmen of U.S. Coast and Geodetic Survey vessels who served in areas of immediate military hazard while conducting cooperative operations with and for the U.S. Armed Forces between Dec. 7, 1941, and Aug. 15, 1945.
21. Members of the American Volunteer Group (Flying Tigers) who served between Dec. 7, 1941, and July 18, 1942.
22. U.S. civilian flight crew and aviation ground support employees of United Air Lines who served overseas in a contract with Air Transport Command between Dec. 14, 1941, and Aug. 14, 1945.
23. U.S. civilian flight crew and aviation ground support employees of Transcontinental and Western Air, Inc. (TWA), who served overseas in a contract with the Air Transport Command between Dec. 14, 1941, and Aug. 14, 1945.
24. U.S. civilian flight crew and aviation ground support employees of Consolidated Vultee Aircraft Corp. (Consairway Division) who served overseas in a contract with Air Transport Command between Dec. 14, 1941, and Aug. 14, 1945.
25. U.S. civilian flight crew and aviation ground support employees of Pan American World Airways and its subsidiaries and affiliates, who served overseas in a contract with the Air Transport Command and Naval Air Transport Service between Dec. 14, 1941, and Aug. 14, 1945.

26. Honorably discharged members of the American Volunteer Guard, Eritrea Service Command, between June 21, 1942, and March 31, 1943.

27. U.S. civilian flight crew and aviation ground support employees of Northwest Airlines who served overseas under the airline's contract with Air Transport Command from Dec. 14, 1941, through Aug. 14, 1945.

28. U.S. civilian female employees of the U.S. Army Nurse Corps who served in the defense of Bataan and Corregidor during the period Jan. 2, 1942, to Feb. 3, 1945.

29. U.S. flight crew and aviation ground support employees of Northeast Airlines Atlantic Division, who served overseas as a result of Northeast Airlines' contract with the Air Transport Command during the period Dec. 7, 1941, through Aug. 14, 1945.

30. U.S. civilian flight crew and aviation ground support employees of Braniff Airways, who served overseas in the North Atlantic or under the jurisdiction of the North Atlantic Wing, Air Transport Command, as a result of a contract with the Air Transport Command during the period Feb. 26, 1942, through Aug. 14, 1945.

Filipino Veterans:

Service-connected Commonwealth Army of the Philippines veterans and Filipino veterans with service during World War II in certain organized guerrilla forces who reside in the United States and are U.S. citizens or aliens lawfully admitted for permanent residence in the United States are eligible for hospital and nursing-home care and medical services in the same manner as U.S. veterans. Filipino veterans who served in the New Philippine Scouts and were discharged or released under conditions other than dishonorable are eligible for care in a VA health-care facility for the treatment of service-connected disabilities.

Health Care Enrollment: For most veterans, entry into the VA health-care system starts with applying for enrollment at a VA health-care facility. However, veterans with Internet access may apply for enrollment online (<http://www.va.gov/1010ez.htm>) by completing VA Form 10-10EZ, Application for Health Benefits. Once enrolled, a veteran is eligible to receive services at VA facilities anywhere in the country. Details of the enrollment program are discussed in the Health Care Benefits section of this publication. VA health-care facilities also provide information on medical care, including readjustment counseling, and examinations for Agent Orange, radiation

exposure and ailments incurred from service in the Gulf War. Additional information on enrollment, including enrollment forms and online applications, can be found on the World Wide Web (<http://www.va.gov/health/elig/>).

Filing VA Claims: Those seeking a VA benefit for the first time must submit a copy of their service discharge form (DD-214, DD-215, or for WWII veterans, a WD form), which documents service dates and type of discharge, or give their full name, military service number, branch and dates of service. The claim number assigned by VA to the initial claim should be referred to in subsequent correspondence.

Important Documents: The veteran's service discharge form should be kept in a safe location accessible to the veteran and next of kin or designated representative. The veteran's preference regarding burial in a national cemetery and use of a headstone provided by VA should be documented and kept with this information. The following documents will be needed for claims processing related to a veteran's death: (1) veteran's marriage certificate for claims of a surviving spouse or children; (2) veteran's death certificate if the veteran did not die in a VA health-care facility; (3) children's birth certificates or adoption papers to determine children's benefits; (4) veteran's birth certificate to determine parents' benefits.

Privacy Act: The Privacy Act affords individuals the right to access and request amendment of information collected and used by the federal government. For more information, contact the Privacy Act officer at the facility where the information is maintained or visit the Privacy and Security section on VA's home page (<http://www.va.gov>).

Información Para Veteranos De Habla Hispana y Sus Dependientes

La versión en español de este folleto se encuentra disponible en formato Adobe Acrobat a través de el link (<http://www.va.gov/opa/feature/index.htm>) en la página de la Oficina de Asuntos Públicos del Departamento de Asuntos de Veteranos (VA) en la red mundial del internet. Las oficinas del VA en áreas de gran concentración de veteranos y dependientes hispanos tienen disponibles consejeros bilingües que le pueden ayudar a aplicar para obtener beneficios. Puede encontrar una lista de las oficinas del VA en la parte de atrás de este folleto.

Health Care Benefits

Health Care Enrollment

To receive health care, veterans generally must be enrolled with VA. They may apply for enrollment at any time. Veterans living or traveling overseas must register with the Foreign Medical Program regardless of the degree of disability. See the Overseas Benefits section for more information. Veterans do not have to be enrolled if they:

(1) have a service-connected disability of 50 percent or more; (2) want care for a disability that the military determined was incurred or aggravated in the line of duty, but which VA has not yet rated, during the 12-month period following discharge; or (3) want care for a service-connected disability only. To permit better planning of health resources, however, these three categories of veterans also are urged to enroll.

Veterans will be enrolled to the extent Congressional appropriations allow. If appropriations are limited, enrollment will occur based on the following priorities:

1. veterans with service-connected disabilities who are rated 50 percent or more disabled;
2. veterans with service-connected disabilities who are rated 30 or 40 percent disabled;
3. veterans who are former POWs or were awarded a Purple Heart, veterans with disabilities rated 10 and 20 percent, and veterans awarded special eligibility for disabilities incurred in treatment;
4. veterans who are receiving aid and attendance or housebound benefits and veterans who have been determined by VA to be catastrophically disabled;
5. veterans who are determined to be unable to defray the expenses of needed care;
6. all other eligible veterans who are not required to make copayments for their treatment. This includes veterans of the Mexican border period or of World War I; veterans seeking care solely for a disorder associated with exposure to a toxic substance or radiation, for a disorder associated with service in the Southwest Asia theater of operations during the Gulf War, or for any illness associated with service in combat in a war after the Gulf War or during a period of hostility after Nov. 11, 1998; and veterans with zero percent service-connected disabilities who are nevertheless compensated, including veterans receiving compensation for inactive tuberculosis.

7. Nonservice-connected veterans and noncompensable zero percent service-connected veterans who agree to pay copayments.

These groups are enrollment priorities only. The services and treatment available to enrolled veterans generally are not based on enrollment priority groups. Enrollment will be reviewed each year and veterans will be notified in writing of any change in their enrollment status. Call your nearest health-care facility or the Health Benefits Service Center, 1-877-222-8387, to obtain the latest information. Additional information on enrollment, including enrollment forms and online applications, also can be found on the World Wide Web (<http://www.va.gov/health/elig/>).

Financial Assessment

Veterans who want to enroll in priority group 5 based on their inability to defray the cost of their care must provide VA with information on their annual income and net worth to determine whether they are below the annually adjusted “means test” financial threshold. A veteran’s household income is considered when making this means test assessment.

The “means test” eligibility assessment includes Social Security, U.S. Civil Service retirement, U.S. Railroad retirement, military retirement, unemployment insurance, any other retirement income, total wages from all employers, interest and dividends, workers’ compensation, black lung benefits and any other gross income for the calendar year prior to application for care. Also considered are assets such as the market value of stocks, bonds, notes, individual retirement accounts, bank deposits, savings accounts and cash. The patient may fill out VA Form 10-10EZ at the time application for enrollment is made. VA forms can be found on the World Wide Web at the VA forms website (<http://www.va.gov/forms/default.asp>). VA may compare income information provided by the veteran with information obtained from the Social Security Administration and the Internal Revenue Service.

Services Requiring Copayments

A veteran who is not in priority group 1 through 6 whose income is above the “means test” threshold must agree to pay copayments for care. If the veteran does not agree to make copayments, the veteran will be ineligible for VA care. Patients whose income is determined to be above the means test threshold are responsible for the Medicare deductible for the first 90 days of care during any 365-day period. For each additional 90 days of hospital care, the patient is charged

one-half the Medicare deductible. In addition to these charges, the patient is charged \$10 a day for hospital care. With certain exceptions, a veteran must agree to pay copayments for the receipt of extended care services. A veteran's application for extended care services (VAF 10-10EC) requires financial information that is used to determine the monthly copayment amount, based on each individual veteran's financial situation. For outpatient care, a three-tiered copayment system is effective for all services provided on an outpatient basis. The copayment is \$15 for a primary care visit and \$50 for some outpatient visits, although there are some outpatient visits that do not result in a copayment.

Outpatient Visits Not Requiring Copayments

Outpatient visits for which no copayment will be assessed are: publicly announced VA public health initiatives (e.g., health fairs) or an outpatient visit solely consisting of preventive screening and/or immunizations, such as influenza immunization, pneumococcal immunization, hypertension screening, hepatitis C screening, tobacco screening, alcohol screening, hyperlipidemia screening, breast cancer screening, cervical cancer screening, screening for colorectal cancer by fecal occult blood testing, and education about the risks and benefits of prostate cancer screening. Laboratory, flat film radiology services, and electrocardiograms are also exempt from copayments.

Billing Insurance Companies

VA is authorized to submit claims to health insurance carriers for recovery of VA's reasonable charges in providing medical care to nonservice-connected veterans and to service-connected veterans for nonservice-connected conditions. Money collected in this way is used to maintain and improve VA's health-care system for veterans. VA cannot bill Medicare for medical services provided to veterans.

All veterans applying for VA medical care will be asked to provide information on their health insurance coverage, including coverage provided under policies of their spouses. Although veterans are not responsible for paying any remaining balance of VA's insurance claim that is not paid or covered by their health insurance, veterans whose income is above the "means test" threshold are responsible for the VA copayments required by federal law. However, when VA receives payment from the veteran's health insurance company for the care furnished, VA credits that recovery toward the amount of the veteran's copayment obligation.

Nursing-Home Care

Nursing care in VA or private nursing homes may be provided for veterans who are not acutely ill and not in need of hospital care. VA will provide nursing-home care to veterans whose service-connected disability requires such care and to veterans with a service-connected disability rated at 70 percent or more who need this type of care. In addition, if space and resources are available, VA may also provide nursing-home care to other veterans.

Nonservice-connected veterans and zero percent, noncompensable, service-connected veterans requiring nursing-home care for any nonservice-connected disability must complete the financial section on VA Form 10-10EZ, to determine whether they will be billed for nursing-home care. To determine their copayment responsibility, certain veterans applying for nursing home care services will be required to provide additional income information on the VA Form 10-10EC, Application for Extended Care Benefits.

Some veterans may be eligible for VA nursing-home care without an income eligibility assessment, including veterans with a compensable, service-connected disability, those requiring nursing-home care for a disorder associated with exposure to a toxic substance or radiation, those requiring nursing-home care for a disorder associated with service in the Southwest Asia theater of operations during the Gulf War, veterans receiving treatment for sexual trauma and veterans receiving certain care or services for cancer of the head and neck. Also eligible are veterans with an illness associated with service in combat in a war after the Gulf War or during a period of hostility after Nov. 11, 1998.

Veterans who are receiving health care from VA may be transferred to a private nursing home at VA expense. This care normally may not be provided in excess of six months, except for veterans who need nursing-home care for a service-connected disability or veterans who were hospitalized primarily for treatment of a service-connected disability when funding is available and such care has been determined by a VA physician to be medically appropriate.

Domiciliary Care

Domiciliary care provides rehabilitative and long-term, health-maintenance care for veterans who require minimal medical care but who do not need the skilled nursing services provided in nursing homes. VA may provide domiciliary care to veterans whose annual

income does not exceed the maximum annual rate of VA pension or to veterans the Secretary of Veterans Affairs determines have no adequate means of support. The copayments for extended care services apply to domiciliary care. Call your nearest benefits or health-care facility to obtain the latest information.

Outpatient Pharmacy Services

Outpatient pharmacy services are provided free to: (1) veterans with a service-connected disability of 50 percent or more; (2) veterans receiving medication for treatment of service-connected conditions; (3) veterans whose income does not exceed the maximum VA annual rate of the VA pension; (4) veterans receiving medication for conditions related to exposure to Agent Orange or ionizing radiation; (5) veterans receiving medication for conditions related to Gulf War or post-Gulf War service; (6) veterans receiving medication for conditions related to sexual trauma experienced while in the military; (7) veterans receiving medication for treatment of cancer of the head or neck and (8) veterans receiving medication as part of a VA-approved research project. Other veterans will be charged a copayment of \$7 for each 30-day or less supply of medication. To eliminate a financial hardship for veterans who require an unusually large amount of medications, there is a maximum copayment amount that veterans enrolled in Priority Groups 2 through 6 pay in any single year. Priority groups are described on pages 6 and 7 of this booklet. Veterans do not pay copayments for medications dispensed during the remainder of a calendar year in which this annual cap amount has been paid. For calendar year 2002, the cap is \$840.

The medication copayment applies to prescription and over-the-counter medications, such as aspirin, cough syrup or vitamins, dispensed by a VA pharmacy. Medication copayments are not charged for medications injected during the course of treatment or for medical supplies, such as syringes or alcohol wipes.

Outpatient Dental Treatment

Outpatient dental treatment provided by VA includes examinations and the full spectrum of diagnostic, surgical, restorative and preventive procedures. Some veterans receiving dental care may be billed the applicable copayment if their income exceeds the maximum threshold. The following veterans may receive care: (1) veterans having service-connected and compensable dental disabilities or conditions; (2) former prisoners of war imprisoned 90 days or more; (3) veterans with service-connected, noncompensable dental condi-

tions as a result of combat wounds or service injuries; (4) veterans with nonservice-connected dental conditions determined by VA to be aggravating a medical problem; (5) veterans having service-connected conditions rated as total; and (6) veterans participating in a vocational rehabilitation program.

Veterans may receive one-time dental treatment for service-connected and noncompensable dental disabilities or conditions if the following conditions are met: the dental condition can be shown to have existed at time of discharge; the veteran served on active military duty for at least 180 days, (or 90 days during Gulf War Era); the veteran applied to VA for dental care within 90 days of discharge or release from active duty, and the certificate of discharge does not include certification that all appropriate dental treatment had been rendered prior to discharge.

Gulf War, Agent Orange and Ionizing Radiation Registry Programs

VA has developed databases called registries to help analyze the type of health conditions being reported by veterans who served in the Gulf War (Aug. 2, 1990 to a date not yet established), claim exposure to Agent Orange during the Vietnam War (between 1962 and 1975), served in Korea in 1968 or 1969, claim exposure to atomic radiation, or were treated with nasopharyngeal (NP) radium during military service. These veterans are provided with free, comprehensive medical examinations, including laboratory and other diagnostic tests deemed necessary by an examining physician to determine health status. Other veterans who may have been exposed to dioxin or other toxic substances in a herbicide or defoliant associated with the testing, transporting or spraying of herbicides for military purposes also are eligible to participate in the Agent Orange registry program.

Eligible veterans do not have to be enrolled in VA health care to participate in registry examinations. Examination results, along with reviews of veterans' military service and exposure histories, are entered into the registries. Participants are advised of the results of their examinations in personal consultations and by letters. Veterans wishing to participate should contact the nearest VA health-care facility for an examination.

Beneficiary Travel

Veterans may be eligible for payment or reimbursement for travel costs to receive VA medical care. Reimbursement is paid at \$.11 per mile and is subject to a deductible of \$3 for each one-way trip and an \$18-per-month maximum payment. Two exceptions to the deductible are travel for a compensation or pension examination and travel by special modes of transportation, such as an ambulance or a specially equipped van. Beneficiary travel payments may be made to the following: (1) veterans whose service-connected disabilities are rated at 30 percent or more; (2) veterans traveling for treatment of a service-connected condition; (3) veterans who receive a VA pension; (4) veterans traveling for scheduled compensation or pension examinations; (5) veterans whose income does not exceed the maximum annual VA pension rate; and (6) veterans whose medical condition requires special mode of transportation, if the veteran is unable to defray the costs and travel is pre-authorized. Advance authorization is not required in a medical emergency if a delay would be hazardous to life or health.

Alcohol and Drug-Dependence Treatment

Veterans eligible for VA medical care may apply for substance abuse treatment. Contact the nearest VA medical facility to apply.

Home Improvements and Structural Alterations

The Home Improvements and Structural Alterations program provides funding for eligible veterans to make home improvements necessary for the continuation of treatment or for disability access to the home and essential lavatory and sanitary facilities. Home improvement benefits up to \$4,100 for service-connected veterans and up to \$1,200 for nonservice-connected veterans may be provided. For application information, contact the prosthetic representative at the nearest VA medical center or outpatient clinic.

Prosthetic and Sensory Aid Services

VA will furnish prosthetic appliances, equipment, and devices, such as artificial limbs, orthopedic braces and shoes, wheelchairs, crutches and canes, to veterans receiving VA care for any condition. VA will provide hearing aids and eyeglasses to veterans who receive increased pension based on the need for regular aid and attendance or being permanently housebound, receive compensation for a service-connected disability or are former prisoners of war. Otherwise, hearing aids and eyeglasses will be provided only in special

circumstances, and not for generally occurring hearing or vision loss. For additional information, contact the prosthetic representative at your local VA health-care facility.

Services and Aids for Blind Veterans

Blind veterans may be eligible for services at a VA medical center or for admission to a VA blind rehabilitation center. Services are available at all VA medical facilities through the Visual Impairment Services coordinator. In addition, blind veterans entitled to receive disability compensation may receive VA aids for the blind.

Aids and services for blind veterans include:

1. a total health and benefits review by a VA Visual Impairment Services team;
2. adjustment to blindness training;
3. home improvements and structural alterations to homes;
4. specially adapted housing and adaptations;
5. low-vision aids and training in their use;
6. electronic and mechanical aids for the blind, including adaptive computers and computer-assisted devices such as reading machines and electronic travel aids;
7. guide dogs, including the expense of training the veteran to use the dog and the cost of the dog's medical care; and
8. talking books, tapes and Braille literature.

Readjustment Counseling

Readjustment counseling is provided at community-based Vet Centers to help veterans resolve psychological war trauma and to help them achieve a successful post-war adjustment to civilian life. Assistance includes group, individual and family counseling. Eligible veterans include those who served on active duty in a combat theater during World War II, the Korean War, the Vietnam War, the Gulf War, or the campaigns in Lebanon, Grenada, Panama, Somalia, Bosnia, Kosovo or Afghanistan. Veterans who served in the active military during the Vietnam Era, but not in the Republic of Vietnam, are also eligible, provided they request services at a Vet Center before Jan. 1, 2004.

Psychological readjustment problems include post traumatic stress disorder, or PTSD. This refers to such symptoms as nightmares, intrusive recollections or memories, anxiety or sudden reactions following exposure to traumatic wartime conditions. Readjustment difficulties may affect functioning in school, family or work.

Counseling also is provided for trauma due to sexual assault or harassment while on active duty. In areas distant from Vet Centers or VA medical facilities, veterans may obtain readjustment counseling from private-sector professionals who are on contract with VA. To obtain additional information about available services, contact the nearest Vet Center.

Medical Care for Dependents and Survivors

CHAMPVA, the Civilian Health and Medical Program of the Department of Veterans Affairs, provides reimbursement for most medical expenses – inpatient, outpatient, mental health, prescription medication, skilled nursing care, and durable medical equipment. To be eligible for CHAMPVA, an individual cannot be eligible for TRICARE (the medical program for civilian dependents provided by the Department of Defense formerly called CHAMPUS) and must be one of the following:

1. the spouse or child of a veteran who VA has rated as 100% permanently and totally disabled for a service-connected disability;
2. the surviving spouse or child of a veteran who died from a VA-rated service-connected disability, or who, at the time of death, was rated 100% permanently and totally disabled; or
3. the surviving spouse or child of a military member who died in the line of duty, not due to misconduct. In most of these cases, these family members are eligible for TRICARE, not CHAMPVA.

Individuals over the age of 65 must also meet additional CHAMPVA benefits eligibility conditions. Individuals who reached age 65 before June 5, 2001, and only have Medicare Part A, will be eligible for CHAMPVA without having to have Medicare Part B coverage; those who have Medicare Parts A and B, must keep both parts. Individuals who reached age 65 on or after June 5, 2001, must be enrolled in Medicare Parts A and B to be eligible.

For more information, or to apply for CHAMPVA benefits, visit the CHAMPVA Web site (<http://www.va.gov/hac/>), call 1-800-733-8387 or contact the VA Health Administration Center, P.O. Box 65023, Denver, CO 80206.

Many VA medical centers provide services to CHAMPVA beneficiaries under the CHAMPVA In House Treatment Initiative (CITI) program. CHAMPVA beneficiaries who use a CITI facility incur no cost for the services they receive. However, services provided under

this program are on a space available basis, after the needs of veterans are met. Because of this, not all services are available at all times, nor are the same services available every day. CHAMPVA beneficiaries should contact their nearest VA medical center to see if it is a participating facility.

Veterans Living or Traveling Overseas

VA will pay veterans living or traveling overseas for medical care associated with a service-connected condition. See the Overseas Benefits section for more information.

Merchant Marine Seamen

Merchant Marine seamen who served in World War II may qualify for veterans benefits. When applying for medical care, seamen must present their discharge certificate from the Department of Defense to the VA medical facility. VA regional offices can assist in obtaining a certificate.

Allied Veterans

VA is authorized to provide medical care to certain veterans of nations allied or associated with the United States during World War I or World War II. Such treatment is available at any VA medical facility if authorized and reimbursed by the foreign government. VA also is authorized to provide hospitalization, outpatient and domiciliary care to former members of the armed forces of Czechoslovakia or Poland who participated during World Wars I or II in armed conflict against an enemy of the United States, if they have been citizens of the United States for at least 10 years.

Emergency Medical Care in Non-VA Facilities

VA will provide reimbursement or payment for medical care provided to enrolled veterans by non-VA facilities only in cases of medical emergencies when (1) VA or other federal facilities were not feasibly available and (2) delay in seeking immediate medical attention would have been hazardous to the veteran's life or likely to result in serious harm. Other conditions also apply. To determine eligibility or to initiate a claim, contact the VA medical facility nearest to where the emergency service was provided.

Benefit Programs

Disability Compensation

Disability compensation is a monetary benefit paid to veterans who are disabled by injury or disease incurred or aggravated during active military service. The service of the veteran must have been terminated through separation or discharge under conditions that were other than dishonorable. Disability compensation varies with the degree of disability and the number of dependents, and is paid monthly. The benefits are not subject to federal or state income tax. The payment of military retirement pay, disability severance pay and separation incentive payments known as SSB and VSI (Special Separation Benefits and Voluntary Separation Incentives) also affects the amount of VA compensation paid. See the "Tables" section of this booklet for more information.

Receiving Benefit Payments

VA offers three methods for receiving benefit payments. Nearly 80 percent of veterans and beneficiaries receive their payments by direct deposit through an electronic fund transfer to their bank, savings and loan or credit union accounts. In some areas, benefit recipients who do not have an account at a financial institution may open a federally insured Electronic Transfer Account, which costs about \$3 a month, provides a monthly statement and allows cash withdrawals. Recipients may also choose to receive benefits by check. To choose a payment method, veterans and beneficiaries should call VA's toll-free helpline at 1-877-838-2778, Monday through Friday, 7:30 a.m. - 4:00 p.m., Central Standard Time.

Prisoners of War

Former prisoners of war who were imprisoned for at least 30 days are presumed to be eligible for disability compensation if they become at least 10 percent disabled from diseases associated with POWs. These presumptive diseases are avitaminosis, beriberi heart disease, ischemic heart disease and conditions where the prisoner of war experienced localized edema during captivity, chronic dysentery, helminthiasis, malnutrition (including optic atrophy), pellagra and/or other nutritional deficiencies, psychosis, anxiety states, dysthymic disorder, depressive neurosis, post-traumatic osteoarthritis, irritable bowel syndrome, peptic ulcer disease, peripheral neuropathy,

residuals of cold injury (including arthritis, neuropathy, and/or skin cancer at the site of the cold injury).

Agent Orange and Other Herbicides

Ten diseases are presumed by VA to be service-related for compensation purposes for veterans exposed to Agent Orange and other herbicides used in support of military operations in the Republic of Vietnam between Jan. 9, 1962, and May 7, 1975. The diseases presumed are chloracne or other acneform disease similar to chloracne, porphyria cutanea tarda, soft-tissue sarcoma (other than osteosarcoma, chondrosarcoma, Kaposi's sarcoma or mesothelioma), Hodgkin's disease, multiple myeloma, respiratory cancers (lung, bronchus, larynx, trachea), non-Hodgkin's lymphoma, prostate cancer, acute and subacute peripheral neuropathy and diabetes mellitus (Type 2 diabetes).

Veterans Exposed to Radiation

Veterans exposed to ionizing radiation while on active duty may be eligible for disability compensation if they have disabilities related to that exposure. To determine service-connection, factors considered include amount of radiation exposure, duration of exposure, elapsed time between exposure and onset of the disease, gender and family history, age at time of exposure, the extent to which a nonservice-related exposure could contribute to disease and the relative sensitivity of exposed tissue. Conditions presumed to be service-connected are all forms of leukemia (except for chronic lymphocytic leukemia); cancer of the thyroid, breast, pharynx, esophagus, stomach, small intestine, pancreas, bile ducts, gall bladder, salivary gland, urinary tract, bronchiolo-alveolar carcinoma, multiple myeloma, lymphomas (other than Hodgkin's disease), and primary liver cancer, (except if cirrhosis or hepatitis B is indicated).

Gulf War Veterans

Gulf War veterans who suffer from chronic disabilities resulting from undiagnosed illnesses, medically unexplained chronic multi-symptom illnesses (such as chronic fatigue syndrome, fibromyalgia, or irritable bowel syndrome) that are defined by a cluster of signs or symptoms, and any diagnosed illness that the Secretary of Veterans Affairs determines warrants a presumption of service-connection may receive disability compensation. The undiagnosed illnesses must have appeared either during active duty in the Southwest Asia Theater of Operations during the Gulf War or to a degree of at least ten percent at any time since then through Sept. 30, 2006.

The following symptoms are among the manifestations of an undiagnosed illness: fatigue, skin disorders, headache, muscle pain, joint pain, neurologic symptoms, neuropsychological symptoms, symptoms involving the respiratory system, sleep disturbances, gastrointestinal symptoms, cardiovascular symptoms, abnormal weight loss and menstrual disorders. A disability is considered chronic if it has existed for at least six months.

National Guardsmen

Members of the National Guard activated for federal service during a period of war or domestic emergency may be eligible for certain VA benefits, such as VA health care or compensation for injuries or conditions connected to that service. Activation for other than federal service does not qualify guardsmen for all VA benefits. Claims for VA benefits based on federal service filed by guardsmen should include a copy of the military orders, presidential proclamation or executive order that clearly demonstrates the federal nature of the service.

Allowances for Dependents

Veterans whose service-connected disabilities are rated at 30 percent or more are entitled to additional allowances for dependents. The additional amount is determined by the number of dependents and the degree of disability. A disabled veteran evaluated 30 percent or more is entitled to receive a special allowance for a spouse who is in need of the aid and attendance of another person.

Incarcerated Veterans

VA benefits are restricted if a veteran, surviving spouse, child or dependent parent is convicted of a felony and imprisoned for more than 60 days. The disability compensation paid to an incarcerated veteran is limited to the 10 percent disability rate. For a surviving spouse, child, dependent parent or veteran whose disability rating is 10 percent, the payment is at the 5 percent rate. Any amounts not paid may be apportioned to eligible dependents. Payments are not reduced for recipients participating in work-release programs, residing in halfway houses or under community control. Overpayments for failure to notify VA of a veteran's incarceration result in the loss of all financial benefits until the overpayment is recovered.

Specially Adapted Homes

Disabled veterans may be entitled to a grant from VA for a home specially adapted to their needs or for adaptations to a house.

\$48,000 Grant: VA may approve a grant of not more than 50 percent of the cost of building, buying or remodeling adapted homes or paying indebtedness on those homes already acquired, up to a maximum of \$48,000. Veterans must be entitled to compensation for permanent and total service-connected disability due to one of the following:

1. loss or loss of use of both lower extremities, such as to preclude locomotion without the aid of braces, crutches, canes or a wheelchair;
2. disability that includes (a) blindness in both eyes, having only light perception, plus (b) loss or loss of use of one lower extremity;
3. loss or loss of use of one lower extremity together with (a) residuals of organic disease or injury, or (b) the loss or loss of use of one upper extremity, which so affects the functions of balance or propulsion as to preclude locomotion without the use of braces, canes, crutches or a wheelchair.

\$9,250 Grant: VA may approve a grant for the actual cost, up to a maximum of \$9,250, for adaptations to a veteran's residence that are determined by VA to be reasonably necessary. The grant also may be used to help veterans acquire a residence that already has adaptations for the veteran's disability. Veterans must be entitled to compensation for permanent and total service-connected disability due to (1) blindness in both eyes with 5/200 visual acuity or less, or (2) anatomical loss or loss of use of both hands.

Supplemental Financing: Veterans with available loan guaranty entitlement may also obtain a guaranteed loan or a direct loan from VA to supplement the grant to acquire a specially adapted home.

Automobile Assistance

Veterans and service members qualify for this benefit if they have service-connected loss or permanent loss of use of one or both hands or feet, or permanent impairment of vision of both eyes to a certain degree. Veterans entitled to compensation for ankylosis (immobility) of one or both knees, or one or both hips, also qualify for adaptive equipment for an automobile. There is a one-time payment by VA of not more than \$9,000 toward the purchase of an automobile or other conveyance. VA pays for adaptive equipment, and for repair, replacement, or reinstallation required because of disability, and for the safe operation of a vehicle purchased with VA assistance. To apply, contact a VA regional office (1-800-827-1000) or a VA medical center.

Clothing Allowance

Any veteran who is entitled to receive compensation for a service-connected disability for which he or she uses prosthetic or orthopedic appliances may receive an annual clothing allowance. The allowance also is available to any veteran whose service-connected skin condition requires prescribed medication that irreparably damages the veteran's outer garments. To apply, contact a VA regional office.

Pension

Veterans with low incomes who are permanently and totally disabled may be eligible for monetary support if they have 90 days or more of active military service, at least one day of which was during a period of war. The discharge from active duty must have been under conditions other than dishonorable. The permanent and total disability must be for reasons other than the veteran's own willful misconduct. Payments are made to qualified veterans to bring their total income, including other retirement or Social Security income, to a level set by Congress. Unreimbursed medical expenses may reduce countable income. Veterans of a period of war who are aged 65 or older and meet service and income requirements are also eligible to receive a pension, regardless of current physical condition.

Improved Pension

The Improved Pension program provides for the maximum annual rates listed in the "Tables" section of this booklet. The payment is reduced by the amount of the countable income of the veteran and the income of the spouse or dependent children. When a veteran without a spouse or a child is furnished nursing-home or domiciliary care by VA, the pension is reduced to an amount not to exceed \$90 per month after three calendar months of care. The reduction may be delayed if nursing-home care is being continued for the primary purpose of providing the veteran with rehabilitation services.

Protected Pension Programs

Pensioners entitled to benefits as of Dec. 31, 1978, who do not elect to receive a pension under the Improved Pension program, continue to receive pension benefits at the rate they were entitled to receive on Dec. 31, 1978, as long as they remain permanently and totally disabled, do not lose a dependent, a dependent pensioner retains surviving spouse or child status, net worth limitations are not exceeded, and their incomes do not exceed the income limitation, adjusted annually.

Aid and Attendance or Housebound

A veteran who is a patient in a nursing home and determined by VA to be in need of the regular aid and attendance of another person, or a veteran who is permanently housebound, may be entitled to higher income limitations or additional benefits, depending on the type of pension received.

Medal of Honor Pension

VA administers pensions to holders of the Medal of Honor. In December 1998, Congress set the monthly pension at \$600.

Incarcerated Veterans

A veteran may not receive VA pension benefits while incarcerated for more than 60 days. The veteran's dependents, however, may receive a portion of such benefits. Failure to notify VA of a veteran's incarceration will cause the loss of all financial benefits until any overpayment is recovered.

Education and Training

Additional information for school officials, veterans and dependents can be found on VA's Education Services Web page (<http://www.gibill.va.gov>) or by calling 1-888-GI-BILL-1 (1-888-442-4551).

Montgomery GI Bill (Active Duty)

Eligibility

The Montgomery GI Bill (Active Duty) provides a program of education benefits to honorable discharged veterans who entered active duty for the first time after June 30, 1985. Active duty includes certain full-time Reserve and National Guard duty performed after June 30, 1985. To receive the maximum benefit, a participant must serve on active duty for three continuous years. An individual also may qualify for the full benefit by initially serving 24 continuous months on active duty, followed by four years of Selected Reserve service, beginning within one year of release from active duty.

To participate in the Montgomery GI Bill (MGIB), service members have their military pay reduced by \$100 a month for the first 12 months of active duty. This money is not refundable. The participant generally must have a high school diploma or an equivalency certificate before beginning training. Completing a minimum of 12 credit hours toward a college degree meets this requirement. Credits

granted by colleges for life experiences may be used to meet this requirement. Individuals who serve a continuous period of at least three years of active duty, even though they were initially obligated to serve less, will be paid the maximum benefit. Benefits under this program generally end 10 years from the date of the veteran's last discharge or release from active duty, but some extenuating circumstances qualify for extensions. A veteran with a discharge upgraded by the military will have 10 years from the date of the upgrade.

Vietnam Era GI Bill Conversions and other MGIB Enrollment

Individuals who had remaining entitlement under the Vietnam Era GI Bill when that program ended on Dec. 31, 1989, and served on active duty between Oct. 19, 1984, and July 1, 1985, and continued to serve on active duty to July 1, 1988, or to July 1, 1987, followed by four years in the Selected Reserve, are eligible for MGIB benefits. Those who were not on active duty on October 19, 1984, but served three continuous years on active duty on or after July 1, 1985, or two years on active duty followed by four years in the Selected Reserve on or after July 1, 1985, and had remaining Vietnam Era GI Bill entitlement on Dec. 31, 1989, also are eligible for MGIB benefits. An individual who converts from the Vietnam Era GI Bill must have had a high school diploma or an equivalency certificate before Dec. 31, 1989. Completion of 12 credit hours toward a college degree meets this requirement.

Individuals who were participants under the Post-Vietnam Era Veterans' Educational Assistance Program (VEAP) on or before Oct. 9, 1996, who continued to serve on active duty through at least April 1, 2000, had until Oct. 21, 2001, to make an irrevocable election to receive MGIB benefits. These individuals must have completed the requirements of a secondary school diploma (or equivalency certificate) or successfully completed the equivalent of 12 semester hours in a program of education leading to a standard college degree before applying for benefits. Those who elected this conversion must have been discharged or released from active duty with an honorable discharge and had their basic pay reduced by or made a lump-sum payment of \$2,700.

Certain other individuals who are involuntarily separated from active duty after Feb. 2, 1991, may receive MGIB benefits, but they must agree to have their basic pay reduced by \$1,200. Additionally, individuals who voluntarily separated on or after Oct. 23, 1992, under the Voluntary Separation Incentive or the Special Separation Benefit

programs may participate in the MGIB program if they agreed to have their basic pay reduced by \$1,200.

Discharges and Separations

For the Montgomery GI Bill program, the discharge must be honorable. Discharges designated “under honorable conditions” and “general” do not establish eligibility. An honorable discharge for one of the following reasons may result in a reduction of the required length of active duty: (1) convenience of the government; (2) disability; (3) hardship; (4) a medical condition existing before service; (5) force reductions; (6) physical or mental conditions which prevent satisfactory performance of duty.

Education and Training Available

The following are available under the Montgomery GI Bill:

(1) courses at colleges and universities leading to associate, bachelor or graduate degrees, and accredited independent study; (2) courses leading to a certificate or diploma from business, technical or vocational schools; (3) apprenticeship or on-the-job training programs for individuals not on active duty; (4) correspondence courses, under certain conditions; (5) flight training, if the veteran has a private pilot license and meets the medical requirements upon beginning the training program; (6) tutorial assistance benefits if the individual is enrolled in school halftime or more, and refresher, deficiency and similar training; (7) state-approved teacher certification programs; (8) preparatory courses necessary for admission to a college or graduate school; (9) licensing and certification tests approved by the Secretary of Veterans Affairs; and (10) “Top-Up” benefits to cover costs approved for Tuition Assistance from the military that Tuition Assistance alone does not cover.

Work-Study

Participants may be paid a work-study allowance if they train at the three-quarter or full-time rate. They may elect to be paid in advance a portion of the allowance equal to 40 percent of the total. Participants under the supervision of a VA employee may provide VA outreach services, prepare and process VA paperwork, and work at a VA medical facility or perform other VA approved activities. They may also help at national or state veterans’ cemeteries in addition to assisting in outreach services furnished by State Approving Agencies, which are state organizations that review, evaluate and approve education and training programs for GI Bill participation.

Counseling

Educational and vocational counseling may be available for individuals who are eligible for VA educational assistance, who are on active duty and within 180 days of discharge or who have been discharged one year or less. VA will help individuals understand their educational and vocational needs, and plan an educational or vocational goal.

Payments

Veterans who served on active duty for three years or more, or two years active duty plus four years in the Selected Reserve or National Guard, will receive \$800 a month in basic benefits for 36 months. Those who enlist and serve for less than three years will receive \$650 a month. VA will pay an additional amount, commonly called a "kicker," if directed by the Department of Defense.

Additional information, updates, documents and forms that will aid school officials, veterans and dependents can be found on the Internet (<http://www.gibill.va.gov>) or by calling 1-888-GI-BILL-1 (1-888-442-4551).

Montgomery GI Bill (Selected Reserve)

Eligibility

The Montgomery GI Bill (Selected Reserve) provides education benefits to members of the reserve elements of the Army, Navy, Air Force, Marine Corps and Coast Guard, and to members of the Army National Guard and the Air National Guard. To be eligible for the program, a reservist must: (1) have a six-year obligation to serve in the Selected Reserve signed after June 30, 1985, or, if an officer, agree to serve six years in addition to the original obligation; (2) complete Initial Active Duty for Training (IADT); (3) have a high school diploma or equivalency certificate before applying for benefits; and (4) remain in good standing in a Selected Reserve unit.

Education and Training Available

Reservists may seek an undergraduate degree, go for graduate training, or take technical courses at colleges and universities. Flight training also is allowed. Those who have a six-year commitment beginning after Sept. 30, 1990, may take courses for a certificate or diploma from business, technical or vocational schools; cooperative training; apprenticeship or on-the-job training; correspondence courses; independent study programs; flight training; tutorial assis-

tance; remedial, refresher and other training; and state-approved certification programs for training alternate teachers.

Period of Eligibility

If a reservist stays in the Selected Reserve, benefits generally end 10 years from the date the reservist became eligible for the program. VA may extend the 10-year period if the individual could not train due to a disability caused by Selected Reserve service. Benefits generally end upon separation from the Selected Reserve. However, if a reservist separates because of a disability, the individual may use the full 10 years. VA may also extend the 10-year period if the reservist was ordered to active duty.

Individuals separated from the Selected Reserve due to downsizing of the military between Oct. 1, 1991, and Sept. 30, 1999, have the full 10 years to use their benefits. If the 10-year period ends while the participant is attending school, VA will pay benefits until the end of the term. If the training is not on a term basis, payments may continue for 12 weeks.

Work-Study

Participants may be paid a work-study allowance if they train at the three-quarter or full-time rate. They may elect to be paid in advance a portion of the allowance equal to 40 percent of the total. Participants under the supervision of a VA employee may provide VA outreach services, prepare and process VA paperwork, and work at a VA medical facility or perform other VA approved activities. They may also help at national or state veterans' cemeteries in addition to assisting in outreach services furnished by State Approving Agencies. MGIB Selected Reserve participants may also perform activities relating to the administration of MGIB benefits at Department of Defense, Coast Guard, or National Guard facilities.

Counseling

Educational and vocational counseling may be available for individuals who are eligible for VA educational assistance; who are on active duty and within 180 days of discharge; or who have been discharged one year or less. VA will help these individuals understand their educational and vocational strengths and weaknesses and plan an educational or vocational goal.

Payments

The full-time rate is \$272 a month for 36 months.

Veterans' Educational Assistance Program (VEAP)

Eligibility

Under VEAP, active duty personnel voluntarily participated in a plan for education or training in which their savings were administered and added to by the federal government. Service members were eligible to enroll in VEAP if they entered active duty for the first time after Dec. 31, 1976, and before July 1, 1985. Some contribution to VEAP must have been made prior to April 1, 1987. The maximum participant contribution is \$2,700. While on active duty, participants may make a lump-sum contribution to the training fund.

A service member who participated in VEAP is eligible to receive benefits while on active duty if: (1) at least three months of contributions are available, except for high school or elementary school, in which case only one month of contributions is needed; and (2) the first active-duty commitment is completed. If the individual's first term is for more than six years, benefits may be available after six years. To attend an elementary or high school program, the individual must be in the last six months of the first enlistment.

A veteran who participated in VEAP is eligible to receive benefits if the discharge was under conditions other than dishonorable on or after Jan. 1, 1977, and served for a continuous period of 181 days or more, or was discharged for a service-connected disability.

Education eligibility may be established even though the required active duty is not completed if the veteran was discharged or released for a service-connected disability.

Education and Training Available

VEAP participants may pursue associate, bachelor or graduate degrees at colleges or universities. Courses leading to a certificate or diploma from business, technical or vocational schools may also be taken. Other opportunities may include apprenticeship or on-the-job training programs; cooperative courses; correspondence courses; tutorial assistance; refresher, deficiency and other training; and state-approved alternative teacher certification programs. VEAP participants may also pursue licensing and certification tests approved by the Secretary of Veterans Affairs.

Flight training also may be pursued, including solo flying hours up to the minimum required by the FAA for the rating or certification being pursued. Before beginning training, the veteran must have a private

pilot license and continue to meet the medical requirements for a commercial license throughout the training program.

A participant may study abroad in programs leading to a college degree and in programs which offer, as part of the curriculum, nontraditional training away from school. A participant with a deficiency in a subject may receive tutorial assistance benefits if enrolled halftime or more.

Period of Eligibility

A veteran has 10 years from the date of last discharge or release from active duty to use VEAP benefits. This 10-year period can be extended by the amount of time the veteran could not train because of a disability or because of being held by a foreign government or power. The 10-year period may also be extended if the veteran re-enters active duty for 90 continuous days or more after becoming eligible. For periods of less than 90 days, the veteran may qualify for extensions under certain circumstances. The extension ends 10 years from the date of discharge or release from the later active duty period. A veteran with a discharge upgraded by the military will have 10 years from the date of the upgrade.

Work-Study

Participants may be paid a work-study allowance if they train at the three-quarter or full-time rate. They may elect to be paid 40 percent of the total allowance in advance. Participants under the supervision of a VA employee may provide VA outreach services, prepare and process VA paperwork, and work at a VA medical facility or perform other VA approved activities. They may also help at national or state veterans' cemeteries in addition to assisting in outreach services furnished by State Approving Agencies.

Counseling

Educational and vocational counseling may be available for veterans who are eligible for VA educational assistance, who are on active duty and within 180 days of discharge or who have been discharged one year or less. VA will help individuals understand their educational and vocational needs and plan an educational or vocational goal.

Payments

When the participant elects to use VEAP benefits, the Department of Defense will match the participant's contribution at the rate of \$2 for

every \$1 the individual put into the fund. The department also may make additional contributions to the fund in exchange for special duties performed by the participant.

Vocational Rehabilitation and Employment

Vocational Rehabilitation and Employment is an employment-oriented program that assists veterans with service-connected disabilities by offering them services and assistance to help them prepare for, find and keep suitable employment. Suitable employment is work that is within the veterans' physical, mental and emotional capabilities and matches their patterns of skills, abilities and interests. For veterans whose disabilities make employment unlikely, VA helps them attain as much daily living independence as possible.

Eligibility

A veteran must have a VA-established service-connected disability of at least 10 percent with a serious employment handicap or 20 percent with an employment handicap and be discharged or released from military service under other than dishonorable conditions. A service member pending medical separation from active duty may apply, but the disability rating must be at least 20 percent.

Services

Depending on an individual's needs, services provided by VA may include:

1. an evaluation of the individual's abilities, skills and interests;
2. assistance finding and maintaining suitable employment;
3. vocational counseling and planning;
4. training, such as on-the-job and work experience programs;
5. training, such as certificate, two, or four-year college or technical programs;
6. supportive rehabilitation services and additional counseling.

VA pays the cost of these services and pays a living allowance to veterans who participate in a training program.

Entitlement

Eligible veterans are evaluated to determine if they need vocational rehabilitation services to help overcome barriers to employment.

Period of a Rehabilitation Program

Generally, veterans must complete a vocational rehabilitation pro-

gram within 12 years from their separation from military service or within 12 years from the date VA notifies them that they have a compensable service-connected disability. Depending on the length of program needed, veterans may be provided up to 48 months of full-time services or their part-time equivalent. These limitations may be extended in certain circumstances.

Work Study

Participants may be paid a work-study allowance if they train at the three-quarter or full-time rate. They may elect to be paid in advance a portion of the allowance equal to 40 percent of the total. Participants under the supervision of a VA employee may provide VA outreach services, prepare and process VA paperwork, and work at a VA medical facility or perform other VA-approved activities.

Program for Unemployable Veterans

Veterans awarded 100 percent disability compensation based upon unemployability may still request an evaluation. If they are found eligible, they may participate in a vocational rehabilitation program and receive help in getting a job. A veteran who secures employment under the special program will continue to receive 100 percent disability compensation until the veteran has worked continuously for at least 12 months.

Home Loan Guaranties

VA loan guaranties are made to service members, veterans, reservists and unmarried surviving spouses for the purchase of homes, condominiums and manufactured homes and for refinancing loans. VA guarantees part of the total loan, permitting the purchaser to obtain a mortgage with a competitive interest rate, even without a down payment if the lender agrees. VA requires that a down payment be made for the purchase of a manufactured home. VA also requires a down payment for a home or condominium if the purchase price exceeds the reasonable value of the property or the loan has a graduated payment feature. With a VA guaranty, the lender is protected against loss up to the amount of the guaranty if the borrower fails to repay the loan. A VA loan guaranty can be used to:

1. buy a home;
2. buy a residential condominium;
3. build a home;
4. repair, alter or improve a home;
5. refinance an existing home loan;

6. buy a manufactured home with or without a lot;
7. buy and improve a manufactured home lot;
8. install a solar heating or cooling system or other weatherization improvements;
9. purchase and improve a home simultaneously with energy-efficient improvements;
10. refinance an existing VA loan to reduce the interest rate and make energy-efficient improvements;
11. refinance a manufactured home loan to acquire a lot.

Eligibility

Applicants must have a good credit rating, have an income sufficient to support mortgage payments, and agree to live in the property. To obtain a VA Certificate of Eligibility, complete VA Form 26-1880, Request for a Certificate of Eligibility for VA Home Loan Benefits, and mail it to one of the two VA Eligibility Centers (Winston-Salem and Los Angeles). In general, those veterans living in the Western part of the country mail their applications to the Los Angeles Eligibility Center, while those living in the Eastern part of the country mail applications to Winston-Salem. You can find more information on eligibility and addresses for the Centers by contacting your local VA office or by visiting VA's loan guaranty eligibility page (<http://www.homeloans.va.gov/elig.htm>) on the World Wide Web.

World War II: (1) active duty service after Sept. 15, 1940, and prior to July 26, 1947; (2) discharge under other than dishonorable conditions; and (3) at least 90 days service unless discharged early for a service-connected disability.

Post-World War II: (1) active duty service after July 25, 1947, and prior to June 27, 1950; (2) discharge under other than dishonorable conditions; and (3) 181 days continuous active duty unless discharged early for service-connected disability.

Korean War: (1) active duty after June 26, 1950, and prior to Feb. 1, 1955; (2) discharge under other than dishonorable conditions; and (3) at least 90 days total service, unless discharged early for a service-connected disability.

Post-Korean War: (1) active duty between Jan. 31, 1955, and Aug. 5, 1964; (2) discharge under conditions other than dishonorable; (3) 181 days continuous service, unless discharged early for service-connected disability.

Vietnam: (1) Active duty after Aug. 4, 1964, and prior to May 8, 1975; (2) discharge under conditions other than dishonorable; and (3) 90 days total service, unless discharged early for service-connected disability. For veterans who served in the Republic of Vietnam, the beginning date is Feb. 28, 1961.

Post-Vietnam: For veterans whose enlisted service began before Sept. 8, 1980, or whose service as an officer began before Oct. 17, 1981: (1) active duty for 181 continuous days, all of which occurred after May 7, 1975, and discharge under conditions other than dishonorable; or (2) early discharge for service-connected disability.

For veterans separated from enlisted service between Sept. 8, 1980, and Aug. 1, 1990, or service as an officer between Oct. 17, 1981, and Aug. 1, 1990: (1) completion of 24 months of continuous active duty or the full period — at least 181 days — for which the person was called or ordered to active duty, and discharge under conditions other than dishonorable; or (2) completion of at least 181 days of active duty with a hardship discharge or discharge for the convenience of the government, reduction-in-force or certain medical conditions; or (3) early discharge for service-connected disability.

Gulf War: (1) completion of 24 months of continuous active duty or the full period — at least 90 days — for which the person was called to active duty, and discharge from active duty under conditions other than dishonorable; or (2) discharge after at least 90 days with a hardship discharge, discharge at the convenience of the government, reduction-in-force or certain medical conditions, or discharge for service-connected disability. Reservists and National Guard members are eligible if they were activated after Aug. 1, 1990, served at least 90 days, and were discharged honorably.

Active Duty Personnel: Until the Gulf War era is ended by law or Presidential Proclamation, persons on active duty are eligible after serving on continuous active duty for 90 days.

Members of the Selected Reserve: Individuals are eligible if they have completed at least six years in the reserves or National Guard or were discharged because of a service-connected disability. This eligibility expires Sept. 30, 2009. Reservists who do not qualify for VA housing loan benefits may be eligible for loans on favorable terms insured by the Federal Housing Administration (FHA) of the Department of Housing and Urban Development (HUD).

Others: Other eligible individuals include unmarried spouses of veterans or reservists who died on active duty or as a result of service-connected causes; spouses of active-duty service members who have been missing in action or a prisoner of war for at least 90 days; U.S. citizens who served in the armed forces of a U.S. ally in World War II; and members of organizations with recognized contributions to the U.S. World War II effort. Eligibility may be determined at the VA Eligibility Centers.

Guaranty Amount

The amount of the VA guaranty available to an eligible veteran is called the entitlement and may be considered the equivalent of a down payment by lenders. Up to \$60,000 in entitlement may be available to veterans purchasing or constructing homes to be financed with a loan of more than \$144,000 and to veterans who obtain an Interest Rate Reduction Refinancing Loan of more than \$144,000. The amount of entitlement varies with the loan amount. Loan guaranty limits are listed in the "Tables" section of this booklet.

VA does not establish a maximum loan amount. No loan for the acquisition of a home, however, may exceed the reasonable value of the property, which is based on an appraiser's estimate. A buyer, seller, real estate agent or lender can request a VA appraisal by completing VA Form 26-1805, Request for Determination of Reasonable Value. The requester pays for the appraisal, often called a "VA appraisal," according to a fee schedule approved by VA. This VA appraisal estimates the value of the property, but is not an inspection and does not guarantee that the house is free of defects. VA guarantees the loan, not the condition of the property.

A loan for the purpose of refinancing existing mortgage loans or other liens secured on a dwelling is generally limited to 90 percent of the appraised value of the dwelling. A loan to reduce the interest rate on an existing VA-guaranteed loan, however, can be made for an amount equal to the outstanding balance on the old loan plus closing costs, up to two discount points, and energy-efficient improvements. A loan for the purchase of a manufactured home or lot is limited to 95 percent of the amount that would be subject to finance charges. The VA funding fee and up to \$6,000 in energy-efficient improvements also may be included in the loan.

A veteran who previously obtained a VA loan can use the remaining entitlement for a second purchase. The amount of remaining

entitlement is the difference between \$36,000 (\$60,000 for certain loans, as described above) and the amount of entitlement used on prior loans. Remaining entitlement is not necessary for veterans to refinance an existing VA loan with a new one at a lower interest rate.

Required Occupancy

Veterans must certify that they intend to live in the home they are buying or building with a VA guaranty. A veteran who wishes to refinance or improve a home with a VA guaranty also must certify to being in occupancy at the time of application. A spouse may certify occupancy if the buyer is on active duty. In refinancing a VA-guaranteed loan solely to reduce the interest rate, veterans need only certify to prior occupancy.

Closing Costs

Payment in cash is required on all home loan closing costs, including title search and recording, hazard insurance premiums, prepaid taxes and a one percent origination fee, which may be required by lenders in lieu of certain other costs. In the case of refinancing loans, all such costs may be included in the loan, as long as the total loan does not exceed 90 percent of the reasonable value of the property. Interest Rate Reduction Refinancing Loans may include closing costs and a maximum of two discount points. Loans, including refinancing loans, are charged a funding fee by VA, except for loans made to disabled veterans and unremarried surviving spouses of veterans who died as a result of service. The VA funding fee is based on the loan amount and, at the discretion of the veteran and the lender, may be included in the loan. Funding fee rates are listed in the "Tables" section of this booklet.

Financing, Interest Rates and Terms

Veterans obtain VA-guaranteed loans through the usual lending institutions, including banks, savings and loan associations, building and loan associations, and mortgage loan companies. Veterans may obtain a loan with a fixed interest rate, which may be negotiated with the lender. If the lender charges discount points on the loan, the veteran may negotiate with the seller as to who will pay points or if they will be split between buyer and seller. Points paid by the veteran may not be included in the loan, except that a maximum of two points may be included in Interest Rate Reduction Refinancing Loans. The loan may be for as long as 30 years and 32 days.

VA does not require that a down payment be made, except in the following instances: (1) a manufactured home or lot loan; (2) a loan with graduated payment features; and (3) to prevent the amount of a loan from exceeding VA's determination of the property's reasonable value. If the sale price exceeds the reasonable value, the veteran must certify that the difference is being paid in cash without supplementary borrowing. A cash down payment of 5 percent of the purchase price is required for manufactured home or lot loans.

Release of Liability, Loan Assumption

When a veteran sells a home financed through a VA guaranty to a purchaser who assumes the loan, the veteran may request release from liability to the federal government provided the loan is current, the purchaser has been obligated by contract to purchase the property and assume all of the veteran's liabilities, and VA is satisfied that the purchaser is a good risk. A release of liability does not mean that a veteran's guaranty entitlement is restored. If the new veteran-buyer agrees to substitute entitlement for that of the veteran-seller, entitlement may be restored to the veteran-seller.

A VA loan for which a commitment was made on or after March 1, 1988, is not assumable without approval of VA or its authorized agent. The person who assumes a VA loan for which a commitment was made on or after March 1, 1988, must pay a fee to VA equal to one-half of one percent of the balance of the loan being assumed. If a person disposes of the property securing a VA-guaranteed loan for which a commitment was made after March 1, 1988, without first notifying the holder of the loan, the holder may demand immediate and full payment of the loan. Veterans whose loans were closed after Dec. 31, 1989, have no liability to the government following a foreclosure, except in cases involving fraud, misrepresentation or bad faith.

Loans for Native American Veterans

VA direct home loans are available to eligible Native American veterans who wish to purchase, construct or improve a home on Native American trust land. These loans may be used to simultaneously purchase and improve a home. Direct loans also are available to reduce the interest rate on existing loans obtained under this program. VA direct loans may be limited to the cost of the home or \$80,000, whichever is less. A funding fee must be paid to VA. The fee is 1.25 percent for loans to purchase, construct or improve a home. For loans to refinance an existing loan, the fee is 0.5 percent of the loan amount. Veterans receiving compensation for service-

connected disability are not required to pay the funding fee. The funding fee may be paid in cash or included in the loan. The following may not be included in the loan: VA appraisal, credit report, loan processing fee, title search, title insurance, recording fees, transfer taxes, survey charges or hazard insurance.

Repossessed Homes

VA sells homes that have been acquired after foreclosure of a VA-guaranteed loan. These homes are available to both veterans and nonveterans. Contact local real estate agents for available listings or check the Property Management section of VA's home loan guarantee website for listings and additional information (<http://www.homeloans.va.gov/>).

Safeguards for Veterans

The following home loan guarantee safeguards have been established to protect veterans:

1. Homes completed less than a year before purchase with VA financing and inspected during construction by either VA or HUD must meet VA requirements.
2. VA may suspend from the loan program those who take unfair advantage of veteran borrowers or decline to sell a new home or make a loan because of race, color, religion, sex, disability, family status or national origin.
3. The builder of a new home is required to give the purchasing veteran a one-year warranty that the home has been constructed to VA-approved plans and specifications. A similar warranty must be given for new manufactured homes.
4. In cases of new construction completed under VA or HUD inspection, VA may pay or otherwise compensate a veteran borrower for correction of structural defects seriously affecting livability if assistance is requested within four years of a home-loan guaranty.
5. The borrower obtaining a loan may only be charged the fees and other charges prescribed by VA as allowable.
6. The borrower can prepay without penalty the entire loan or any part not less than the amount of one installment or \$100.
7. VA encourages holders to extend forbearance if a borrower becomes temporarily unable to meet the terms of the loan.

Children with Spina Bifida

Spina bifida patients who are children of Vietnam veterans may be eligible for vocational training, health care, and a monthly allowance.

Vocational Training.

The Vocational Rehabilitation and Employment program administers a vocational training program to enable a qualified child to prepare for and attain suitable employment. Services may include counseling and rehabilitative services, education, training and employment services leading to suitable employment. VA pays for the cost of these services.

Eligibility

To qualify for entitlement to a vocational training program, an applicant must be a child:

1. to whom VA has awarded a monthly allowance for spina bifida, and
2. for whom VA has determined that achievement of a vocational goal is reasonably feasible.

A vocational training program may not begin before a child's 18th birthday or the date the child completes secondary schooling, whichever comes first. Depending on the need, a child may be provided up to 24 months of full-time training.

Spina Bifida Allowance

The monthly allowance is set at three levels, depending upon the degree of disability suffered by the child. The three levels are based on neurological manifestations that define the severity of disability: impairment of the functioning of the extremities, impairment of bowel or bladder function, and impairment of intellectual functioning. Allowances for 2002 can be found in the "Tables" section of this booklet. Contact a VA regional office to apply for medical treatment or benefits payments.

Life Insurance

Two regular and two disabled insurance programs are currently open for new policyholders. Servicemembers' Group Life Insurance is open to active-duty members and reservists of the uniformed services. Veterans' Group Life Insurance is available to individuals released from active duty after Aug. 1, 1974, and to separated

reservists. Service-Disabled Veterans Insurance is available for veterans with service-connected disabilities. Veterans' Mortgage Life Insurance provides mortgage life insurance for veterans who are eligible for specially adapted housing grants.

Servicemembers' Group Life Insurance

The following are automatically insured for \$250,000 under Servicemembers' Group Life Insurance (SGLI): active-duty members of the Army, Navy, Air Force, Marines and Coast Guard; commissioned members of the National Oceanic and Atmospheric Administration and the Public Health Service; cadets or midshipmen of the service academies; members, cadets and midshipmen of the ROTC while engaged in authorized training; members of the Ready Reserves; and members who volunteer for assignment to a mobilization category in the Individual Ready Reserve. Individuals may elect to be covered for a lesser amount or not to be covered at all. Part-time coverage may be provided to members of the Reserves who do not qualify for full-time coverage. Premiums are deducted automatically from an individual's pay or are collected by the individual's service branch.

Veterans' Group Life Insurance

SGLI may be converted to Veterans' Group Life Insurance (VGLI), which provides renewable five-year term coverage. The Office of Servicemembers' Group Life Insurance, 290 W. Mt. Pleasant Ave., Livingston, NJ 07039-2747, administers this program. VGLI is available to: (a) individuals with full-time SGLI coverage upon release from active duty or the Reserves; (b) individuals with part-time SGLI coverage who incur a disability or aggravate a pre-existing disability during a reserve period which renders them uninsurable at standard premium rates; and (c) members of the Individual Ready Reserve and Inactive National Guard.

Individuals entitled to SGLI coverage can convert to VGLI by submitting the premium within 120 days of separating from active duty or the reserves. After 121 days, the individual may be granted VGLI provided an initial premium and evidence of insurability are submitted within one year after termination of the individual's SGLI coverage. Individuals with full-time SGLI coverage who are totally disabled at the time of separation and whose service makes them eligible for VGLI may purchase the insurance while remaining totally disabled up to one year following separation.

Accelerated Death Benefits for SGLI and VGLI

A member insured under SGLI or VGLI program, if terminally ill (prognosis of nine months or less to live), may apply for up to 50 percent of the coverage amount in advance.

Service-Disabled Veterans Insurance

A veteran who has a service-connected disability but is otherwise in good health may apply to VA for up to \$10,000 in life insurance coverage at standard insurance rates within two years from the date of being notified of service-connected status. This insurance is limited to veterans who left service after April 24, 1951. Veterans who are totally disabled may apply for a waiver of premiums. For those veterans who are eligible for this waiver, additional coverage of up to \$20,000 is available. Premiums cannot be waived on the additional insurance.

Veterans' Mortgage Life Insurance

The maximum amount of mortgage life insurance available for those who are eligible for a specially adapted housing grant is \$90,000. Protection is automatic unless the veteran declines or does not provide sufficient mortgage information upon which to issue insurance. Premiums are automatically deducted from VA benefit payments or paid direct, if the veteran does not draw compensation, and will continue until the mortgage has been liquidated, the home is sold, or the coverage terminates when the veteran reaches age 70. If a mortgage is disposed of, VMLI may be obtained on the mortgage of another home.

Insurance Dividends

Active government life insurance policies beginning with the letters V, RS, W, J, JR, JS or K, automatically pay dividends annually on the policy anniversary date. Policyholders do not need to apply for these dividends, but may select from a number of options for how they should be handled. VA insurance dividends, and interest on dividends left on deposit or credit with VA, are not taxable. For more information, visit the VA Life Insurance Program Web page (<http://www.insurance.va.gov>) or contact the VA Insurance Center at 1-800-669-8477.

Persistent rumors about special SGLI or VGLI dividends and dividends for holders of lapsed policies are not true.

Miscellaneous Insurance Information

Increasing Insurance. Policyholders with National Service Life Insurance, Veterans Special Life Insurance and Veterans Reopened Insurance can use their dividends to purchase additional paid-up coverage.

Reinstating Lapsed Insurance. Lapsed term policies may be reinstated within five years from the date of lapse. Contact the VA Insurance Center for details. A five-year term policy that is not lapsed at the end of the term period is automatically renewed for an additional five-year period. Lapsed permanent plan policies may be reinstated within certain time limits and with certain health requirements. Reinstated policies require repayment of all back premiums, plus interest.

Converting Term Policies. A term policy that is in force may be converted to a permanent plan. Upon reaching renewal at age 70 or older, National Service Life Insurance term policies on total disability premium waiver are automatically converted to permanent insurance, which provides cash and loan values and higher dividends.

Cash Value for Term Capped Policies. Since Sept. 11, 2000, policyholders of National Service Life Insurance and Veterans Special Life Insurance whose term policies are capped at renewal age 70, have cash values associated with their policies. Policyholders who voluntarily cancel their policies may either take the cash value or use it to purchase paid-up insurance.

Modified Life Policy. A “modified life at age 65” plan is available to National Service Life Insurance policyholders. The premium rates for this plan remain the same throughout the premium-payment period, while the face value reduces by 50 percent at age 65. The reduced amount may be replaced with a “special ordinary life policy.” A “modified life at age 70” plan also is available.

Disability Provisions. National Service Life Insurance policyholders who become totally disabled should consult VA about premium waivers.

Borrowing on Policies. Policyholders may borrow up to 94 percent of the cash surrender value of their insurance and continue the insurance in force by payment of premiums. Interest on policy loans is compounded annually. The current interest rate may be obtained at any VA office, or by calling toll-free 1-800-669-8477.

For additional information about government life insurance, call the VA Insurance Center in Philadelphia toll-free, 1-800-669-8477. Specialists are available between the hours of 8:30 a.m. and 6 p.m., Eastern Time, to discuss premium payments, insurance dividends, address changes, policy loans, naming beneficiaries and reporting the death of the insured. After hours, a caller may leave a recorded message, which will be answered on the next workday, or may use the Interactive Voice Response system.

If the insurance policy number is not known, send whatever information is available, such as the veteran's VA file number, date of birth, social security number, military serial number or military service branch and dates of service to:

Department of Veterans Affairs
Regional Office and Insurance Center
Box 42954
Philadelphia, PA 19101

Burial Benefits

Burial in National Cemeteries

VA Cemeteries: Service members who die while on active duty and veterans discharged under conditions other than dishonorable are eligible for burial in a VA national cemetery. With certain exceptions, service beginning after September 7, 1980, as an enlisted person, and after October 16, 1981, as an officer, must be for a minimum of 24 consecutive months or the full period for which the person was called to active duty. Reservists and National Guard members are eligible if they were entitled to retired pay at the time of death, or would have been entitled had they not been under the age of 60.

Certain Filipino veterans of World War II, to include Philippine Commonwealth Army veterans and veterans of organized guerilla forces may be eligible if the veteran, at time of death, was a citizen of the United States or an alien lawfully admitted for permanent residence in the United States who had resided in the United States.

Persons convicted of a Federal or State capital crime, and sentenced to death or life imprisonment without parole, are barred by law from being buried or memorialized in a VA national cemetery or in Arlington National Cemetery.

Spouses and minor children of service members and eligible veterans also may be buried in a national cemetery. Minor children are those under 21 years of age, or under 23 years of age if pursuing a course of instruction at an approved educational institution. Unmarried adult children of eligible persons who are physically or mentally disabled and incapable of self-support also are eligible for burial. If a surviving spouse of an eligible veteran marries a nonveteran, and that subsequent marriage was terminated by the nonveteran's death or dissolved by annulment or divorce, the surviving spouse is eligible for burial in a national cemetery.

Gravesites in national cemeteries cannot be reserved. The funeral director or the next of kin makes interment arrangements for an eligible veteran or dependent at the time of need by contacting the national cemetery in which burial is desired. Reservations made under previous programs are honored. VA normally does not conduct burials on weekends. However, weekend callers will be directed to

one of three VA cemetery offices that remain open during weekends to schedule burials for the following week at all national cemeteries.

Arlington National Cemetery: Arlington National Cemetery is operated by the Department of the Army. Eligibility for burials is more limited than at other national cemeteries. Information on Arlington National Cemetery burials may be found on the Internet (<http://www.mdw.army.mil/fs-a01.htm>), by writing to Superintendent, Arlington National Cemetery, Arlington, VA 22211, or calling 703-695-3250.

Department of the Interior and State Veterans Cemeteries: The two active national cemeteries administered by the Department of the Interior are Andersonville National Cemetery in Georgia and Andrew Johnson National Cemetery in Tennessee. Eligibility for burial is similar to VA cemetery eligibility. Cemeteries for veterans also are operated by many states. Contact the state cemetery or state veterans affairs office, as the eligibility requirements for these cemeteries may differ from those for national cemeteries.

Headstones and Markers

Upon request, VA furnishes headstones or markers at no charge for graves in cemeteries around the world for service members who die while on active duty and for eligible veterans. VA also provides headstones or markers for spouses and dependents buried in military, state or national veterans cemeteries, but not for those buried in private cemeteries. Flat bronze, granite or marble markers and upright granite and marble headstones are available. The style chosen must be consistent with existing monuments at the place of burial. Niche markers also are available to mark columbaria used for inurnment of cremated remains.

Government-furnished headstones and markers must be inscribed with the name of the deceased, branch of service, and the year of birth and death, in this order. Headstones and markers also may be inscribed with other items, including an authorized emblem of belief and, space permitting, additional text including military grade, rate or rank, war service such as "World War II", complete dates of birth and death, military awards, military organizations and civilian or veteran affiliations. When burial or memorialization is in a national, state or military veterans cemetery, the headstone or marker must be ordered through cemetery officials. To apply and to obtain specific information on available styles, contact the cemetery where the headstone or marker is to be placed.

When burial occurs in a private cemetery, an application for a government-furnished headstone or marker must be made to VA. The government will ship the headstone or marker free of charge, but will not pay for its placement. To apply, mail a completed VA Form 40-1330, Application for Standard Government Headstone or Marker for Installation in a Private or State Veterans Cemetery, along with a copy of the veteran's military service discharge document to Memorial Programs Service (403), Department of Veterans Affairs, 810 Vermont Avenue, NW, Washington, DC, 20420-0001. Do not send original discharge documents, as they will not be returned.

Memorial Headstones or Markers

VA provides memorial headstones and markers, bearing the inscription "In Memory of" as their first line, to memorialize eligible veterans and dependents whose remains were not recovered or identified, were buried at sea, donated to science or cremated and scattered. To be memorialized, dependents do not need to outlive the veteran from whom their eligibility is based.

Memorial headstones or markers must be placed in national, state veterans, local or private cemeteries. VA supplies and ships memorial headstones and markers free of cost for placement in state, local and private cemeteries, but does not pay for their plots or placement.

Presidential Memorial Certificates

Certificates signed by the president are issued upon request to recognize the military service of honorably discharged deceased veterans. Next of kin, other relatives and friends may request Presidential Memorial Certificates in person at any VA regional office or by mail: Department of Veterans Affairs, National Cemetery Administration (403A), 810 Vermont Avenue, NW, Washington, DC 20420-0001. There is no pre-printed form to complete or time limit for requesting these certificates, but requests should include a copy, not the original, of the deceased veteran's discharge document and clearly indicate to what address the certificate should be sent. Additional information and a sample certificate can be found on the Internet (<http://www.cem.va.gov/pmc.htm>) .

Military Funeral Honors

Upon request, the Department of Defense will provide military funeral honors for the burial of military members and eligible veterans. A basic military funeral honors ceremony consists of the folding and presentation of the United States flag and the playing of Taps by a

bugler, if available, or by electronic recording. A funeral honors detail to perform this ceremony consists of two or more uniformed members of the armed forces, with at least one member from the service in which the deceased veteran served.

Military members on active duty or in the Selected Reserve are eligible for military funeral honors. Also eligible are former military members who served on active duty and departed under conditions other than dishonorable, former members of the Selected Reserve who completed at least one term of enlistment or period of initial obligated service and departed under conditions other than dishonorable, and former military members discharged from the Selected Reserve due to a disability incurred or aggravated in the line of duty.

The Department of Defense maintains a toll-free telephone line (1-877-MIL-HONR) for use by funeral directors only to request honors. Family members should inform their funeral directors if they desire military funeral honors for a veteran. VA national cemetery staff can help arrange for honors during burials at VA national cemeteries. Veterans service organizations or volunteer groups may help provide honors. For more information, visit the military funeral honors Web page (<http://www.militaryfuneralhonors.osd.mil>).

Burial Flags

VA provides a United States flag to drape the casket or accompany the urn of a deceased veteran who:

1. served in any war;
2. died while on active duty;
3. served after Jan. 31, 1955;
4. served at least one enlistment or had been discharged or released from active service for a disability incurred or aggravated in the line of duty;
5. was entitled to retired pay for service in the National Guard or Reserves at the time of death, or would have been entitled to retired pay, but for being under 60 years of age.

Veterans separated from the service must have been discharged or released under conditions other than dishonorable. After the funeral service, the flag may be given to the next of kin, close friend or associate of the deceased veteran. Burial flags may be obtained at VA regional offices, national cemeteries and most local post offices. Only one flag is authorized for each veteran.

Reimbursement of Burial Expenses

VA will pay a burial allowance up to \$2,000 if the veteran's death is service-connected. In some instances, VA also will pay the cost of transporting the remains of a service-disabled veteran to the national cemetery nearest the home of the deceased that has available gravesites. In such cases, the person who bore the veteran's burial expenses may claim reimbursement from VA. There is no time limit for filing reimbursement claims in service-connected death cases.

VA will pay a \$300 burial and funeral expense allowance for veterans who, at time of death, were entitled to receive pension or compensation or would have been entitled to compensation but for receipt of military retirement pay. Eligibility also may be established when death occurs in a VA facility, a nursing home under VA contract or a state veterans nursing home. Additional costs of transportation of the remains may be paid. In nonservice-connected death cases, claims must be filed within two years after permanent burial or cremation.

VA will pay a \$300 plot allowance when a veteran is not buried in a cemetery that is under U.S. government jurisdiction under the following circumstances: the veteran was discharged from active duty because of disability incurred or aggravated in the line of duty; the veteran was in receipt of compensation or pension or would have been except for receiving military retired pay; or the veteran died in a VA facility. The \$300 plot allowance may be paid to the state if a veteran is buried without charge for the cost of a plot or interment in a state-owned cemetery reserved solely for veteran burials. Burial expenses paid by the deceased's employer or a state agency will not be reimbursed. For information on monetary benefits, call 1-800-827-1000.

Additional information about burial and memorial benefits may be obtained at any VA national cemetery, regional office or on the Internet (<http://www.cem.va.gov/>). To check on the status of an application for headstone or marker, call 1-800-697-6947.

Survivor Benefits

Dependency and Indemnity Compensation (DIC)

Dependency and Indemnity Compensation (DIC) payments may be available for surviving spouses who have not remarried, unmarried children under 18, helpless children, those between 18 and 23 if attending a VA-approved school, and low-income parents of deceased service members or veterans. To be eligible, the deceased must have died from: (1) a disease or injury incurred or aggravated while on active duty or active duty for training; (2) an injury incurred or aggravated in line of duty while on inactive duty training; or (3) a disability compensable by VA. Death cannot be the result of willful misconduct. If a spouse remarries, eligibility for benefits may be restored if the marriage is terminated later by death, annulment or divorce.

DIC payments also may be authorized for survivors of veterans who were totally service-connected disabled when they died, even though their service-connected disabilities did not cause their deaths. The survivor qualifies if: (1) the veteran was continuously rated totally disabled for a period of 10 or more years immediately preceding death; (2) the veteran was so rated for a period of at least five years from the date of military discharge; or (3) the veteran was a former prisoner of war who died after Sept. 30, 1999, and who was continuously rated totally disabled for a period of at least one year immediately preceding death. Payments under this provision are subject to offset by the amount received from judicial proceedings brought on account of the veteran's death. The discharge must have been under conditions other than dishonorable.

DIC Payments to Surviving Spouse

Surviving spouses of veterans who died after Jan. 1, 1993, receive \$935 a month. For a spouse entitled to DIC based on the veteran's death prior to Jan. 1, 1993, the amount paid is \$935 or an amount based on the veteran's pay grade. See the "Tables" section of this booklet for more information.

DIC Payments to Parents and Children

The monthly payment for parents of deceased veterans depends upon their income. There are additional DIC payments for dependent children. A child may be eligible if there is no surviving spouse, and

the child is unmarried and under age 18, or if the child is between the ages of 18 and 23 and attending school. See the “Tables” section of this booklet for more information on DIC for children.

Special Allowances

Surviving spouses and parents receiving DIC may be granted a special allowance to pay for aid and attendance by another person if they are patients in a nursing home or require the regular assistance of another person. Surviving spouses receiving DIC may be granted a housebound special allowance if they are permanently housebound. The current allowances for spouses are shown in the “Tables” section of this booklet.

Restored Entitlement Program for Survivors

Survivors of veterans who died of service-connected causes incurred or aggravated prior to Aug. 13, 1981, may be eligible for special benefits. This benefit is similar to the benefits for students and surviving spouses with children between ages 16 and 18 that were eliminated from Social Security benefits. The benefits are payable in addition to any other benefits to which the family may be entitled. The amount of the benefit is based on information provided by the Social Security Administration.

Death Pension

Pensions based on need are available for surviving spouses and unmarried children of deceased veterans with wartime service. Spouses must not have remarried and children must be under age 18, or under age 23 if attending a VA-approved school. Pension is not payable to those with estates large enough to provide maintenance. The veteran must have been discharged under conditions other than dishonorable and must have had 90 days or more of active military service, at least one day of which was during a period of war, or a service-connected disability justifying discharge for disability. If the veteran died in service but not in line of duty, benefits may be payable if the veteran had completed at least two years of honorable service. Children who became incapable of self-support because of a disability before age 18 may be eligible for a pension as long as the condition exists, unless the child marries or the child's income exceeds the applicable limit. A surviving spouse may be entitled to higher income limitations or additional benefits if living in a nursing home, in need of aid and attendance by another person or permanently housebound.

The Improved Pension program provides a monthly payment to bring an eligible person's income to a support level established by law. The payment is reduced by the annual income from other sources such as Social Security paid to the surviving spouse or dependent children. Medical expenses may be deducted from the income ceiling. Pension is not payable to those who have assets that can be used to provide adequate maintenance. Maximum rates for the Improved Death Pension are shown in the "Tables" section of this booklet.

Dependents' Education

Educational assistance benefits are available to spouses who have not remarried and children of: (1) veterans who died or are permanently and totally disabled as the result of a disability arising from active military service; (2) veterans who died from any cause while rated permanently and totally disabled from service-connected disability; (3) service members listed for more than 90 days as currently missing in action or captured in line of duty by a hostile force; (4) service members listed for more than 90 days as currently detained or interned by a foreign government or power.

The termination of a surviving spouse's remarriage — by death, divorce, or ceasing to live with another person as that person's spouse — will reinstate Dependents' Educational Assistance benefits to the surviving spouse.

Benefits may be awarded for pursuit of associate, bachelor or graduate degrees at colleges and universities — including independent study, cooperative training and study abroad programs. Courses leading to a certificate or diploma from business, technical or vocational schools also may be taken.

Benefits may be awarded for apprenticeships, on-the-job training programs and farm cooperative courses. Benefits for correspondence courses under certain conditions are available to spouses only. Secondary-school programs may be pursued if the individual is not a high-school graduate. An individual with a deficiency in a subject may receive tutorial assistance benefits if enrolled halftime or more. Deficiency, refresher and other training also may be available.

Monthly Payments: Payments are made monthly. The rate is \$670 a month for full-time school attendance, with lesser amounts for part-time training. A person may receive educational assistance for full-time training for up to 45 months or the equivalent in part-time training. Payments to a spouse end 10 years from the date the

individual is found eligible or from the date of the death of the veteran. VA may grant an extension. Children generally must be between the ages of 18 and 26 to receive education benefits, though extensions may be granted.

Work-Study: Participants must train at the three-quarter or full-time rate. They may be paid in advance 40 percent of the amount specified in the work-study agreement or an amount equal to 50 times the applicable minimum wage, whichever is less. Participants under the supervision of a VA employee may provide outreach services, prepare and process VA paperwork, and work at a VA medical facility or perform other approved activities. They may also help at national or state veterans' cemeteries in addition to assisting in outreach services furnished by State Approving Agencies

Counseling Services: VA may provide counseling services to help an eligible dependent pursue an educational or vocational objective.

Special Benefits: An eligible child over age 14 with a physical or mental disability that impairs pursuit of an educational program may receive special restorative training to lessen or overcome that impairment. This training may include speech and voice correction, language retraining, lip reading, auditory training, Braille reading and writing, and similar programs. Certain disabled or surviving spouses are also eligible for special restorative training. Specialized vocational training also is available to an eligible spouse or child over age 14 who is handicapped by a physical or mental disability that prevents pursuit of an educational program.

Spina Bifida Assistance: A child with spina bifida, parented by a Vietnam veteran, can receive vocational training to guide the child, parent or guardian in choosing a vocational training program. VA also will provide up to 24 months of training to achieve a vocational goal.

Educational Loans

Loans are available to spouses who qualify for educational assistance. Spouses who have passed their 10-year period of eligibility may be eligible for an educational loan. During the first two years after the end of their eligibility period, they may borrow up to \$2,500 per academic year to continue a full-time course leading to a college degree or to a professional or vocational objective that requires at least six months to complete. VA may waive the six-month requirement. Loans are based on financial need.

Home Loan Guaranties

A VA loan guaranty to acquire a home may be available to an unmarried spouse of a veteran or service member who died as a result of service-connected disabilities, or to a spouse of a service member who has been officially listed as missing in action or as a prisoner of war for more than 90 days. Spouses of those listed as prisoners of war or missing in action are limited to one loan.

Montgomery GI Bill Death Benefit

VA will pay a special Montgomery GI Bill death benefit to a designated survivor in the event of the service-connected death of an individual while on active duty or within one year after discharge or release. The deceased must either have been entitled to educational assistance under the Montgomery GI Bill program or a participant in the program who would have been so entitled but for the high school diploma or length-of-service requirement. The amount paid will be equal to the participant's actual military pay reduction (discussed on page 22 of this booklet), less any education benefits paid.

Women Veterans

Women veterans are eligible for the same VA benefits as male veterans. However, additional gender-specific services and benefits are available for women veterans, including breast and pelvic examinations and other general reproductive health-care services. VA provides preventive health care counseling, contraceptive services, menopause management, Pap smears and mammography. Referrals are made for services that VA is unable to provide. Women Veterans' Coordinators are available in a private setting at all VA facilities to assist women veterans seeking treatment and benefits.

VA health-care professionals provide counseling and treatment to help veterans overcome psychological trauma resulting from sexual trauma during active military service. Appropriate care and services are provided for any injury, illness or psychological condition resulting from such trauma.

Homeless Veterans

A number of VA benefits, including disability compensation, pension and education benefits, can prevent at-risk veterans from becoming homeless. VA conducts community-based “stand downs” to make benefits information and assistance more accessible to homeless veterans. Homeless veterans also are provided special assistance through other VA program initiatives.

VA provides health and rehabilitation programs for homeless veterans. Health Care for Homeless Veterans programs provide outreach and comprehensive medical, psychological and rehabilitation treatment programs. Domiciliary Care for Homeless Veterans programs provide residential rehabilitation services. VA supports Compensated Work Therapy/Therapeutic Residence group homes, special day-time, drop-in centers, and Comprehensive Homeless Centers.

VA's Homeless Providers Grant and Per Diem Program assists nonprofit and local government agencies to establish housing or service centers for homeless veterans. Grants are awarded for the construction, acquisition or renovation of facilities. VA also works with the Department of Housing and Urban Development, the Social Security Administration, veterans service organizations, and community nonprofit groups to assist homeless veterans. For information on benefits for homeless veterans, contact the nearest VA facility.

More information about this program, including information about VA loan guarantees for construction or rehabilitation of multifamily transitional housing for homeless veterans, can be found on the Internet (<http://www.va.gov/health/homeless/>).

Overseas Benefits

Medical Benefits

VA will pay for medical services for the treatment of service-connected disabilities and related conditions for veterans living or traveling outside the U.S. Before using the program, veterans living in Canada should register with the VA Center in White River Junction, VT 05009-0001, USA, phone 802-296-6379. Those living in the Philippines should register with the U.S. VA office in Pasay City,

phone 011-632-833-4566. All other veterans living outside the U.S. should register with the Denver Foreign Medical Program office, P.O. Box 65021, Denver, CO 80206-9021, USA, phone 303-331-7590. Outside the United States, VA pays for nursing-home care only in the Philippines.

Other Overseas Benefits

VA monetary benefits, including compensation, pension, educational assistance and burial allowances, generally are payable overseas. Some programs in foreign jurisdictions are restricted. Home-loan guaranties are available only in the United States and selected U.S. territories and possessions. Educational benefits are limited to approved degree-granting programs in institutions of higher learning. Beneficiaries residing in foreign countries should contact the nearest American embassy or consulate for information and claims assistance. In Canada, veterans should contact an office of Veterans Affairs Canada. Additional information on benefits and services available outside the United States can be found on the World Wide Web (<http://www.vba.va.gov/foreign/>).

Small and Disadvantaged Businesses

VA's Office of Small and Disadvantaged Business Utilization (OSDBU) helps small businesses obtain information on acquisition opportunities with VA. Like other Federal offices, VA is required to place a portion of its contracts and purchases with small and disadvantaged businesses. For more information, write to OSDBU, U.S. Department of Veterans Affairs (OOSB), 810 Vermont Avenue, N.W., Washington, D.C. 20420-0001, call 1-800-949-8387 toll-free, or visit the OSDBU Web site at: <http://www.va.gov/osdbu>.

OSDBU's Center for Veterans Enterprise (CVE) helps veterans interested in forming or expanding small businesses. The CVE helps VA contracting offices identify veteran-owned small businesses and works with the Small Business Administration's Veterans Business Development Officers and Small Business Development Centers nationwide regarding veterans' business financing, management and technical assistance needs. For more information, write to CVE, U.S. Department of Veterans Affairs (OOVE), 810 Vermont Avenue, N.W., Washington, D.C. 20420-0001, call 1-800-949-8387 toll-free, or visit the CVE web site (<http://www.vetbiz.gov>).

Workplace Benefits

Some benefits for veterans and their dependents are administered by agencies other than the Department of Veterans Affairs. The following information describes these benefits and how to apply for them.

Unemployment Compensation

Weekly unemployment compensation may be paid to discharged service members for a limited period of time. The amount and duration of payments are determined by individual states. To apply, veterans who do not begin civilian employment immediately after leaving military service should contact their nearest state employment office and present a copy of their military discharge, form DD-214.

Transition Assistance Program

The Transition Assistance Program (TAP) assists service members and their spouses who are scheduled for separation from active duty. The program, a joint effort by the Departments of Defense, Labor (DoL), Transportation and Veterans Affairs, provides employment and training information to service members within 180 days of their separation from the military. Together with the military services, these agencies offer a number of services and benefits designed to equip separating service members with the basic job-hunting skills, tools and self-confidence necessary to successfully find employment in the civilian workforce. The programs described below were developed through the combined efforts of these agencies.

TAP Workshops

Three-day workshops to help separating service members and their spouses make the transition from military to civilian employment are conducted at military installations. Disabled service members also are provided employment counseling during this workshop. More information can be found on the DoL Veterans' Employment and Training Service Web page (www2.dol.gov/dol/vets), by contacting the Veterans' Employment Service Representative at the nearest state employment service office (listed in the phone book under U.S. Government, Labor Department) or the Transition Office at the nearest military base.

Pre-separation Counseling

The military services are required by law to provide individual pre-separation counseling at least 90 days prior to each service member's discharge. These sessions present information on education, training, employment assistance, Guard and Reserve programs, medical benefits and financial assistance to separating service members.

Verification of Military Experience and Training

The Verification of Military Experience and Training (VMET) Document, DD Form 2586, is provided to all eligible departing service members. The document helps service members verify previous experience and training to potential employers, write their resumes, prepare for job interviews, negotiate credits at schools, and obtain certificates or licenses. The military departments make the VMET document available by mail and on the Internet (<http://www.dmdc.osd.mil/vmet>), from which service members can view it online or print locally. Service members should receive their DD Form 2586 between 90 and 180 days prior to separation.

Transition Bulletin Board (TBB)

This web site (<http://www.dmdc.osd.mil/ot>) allows employers to make advertisements for short-term or long-term jobs available online. In addition, the TBB contains business opportunities, a calendar of transition seminars, job fairs, information on military and veterans associations, transition products and services, training and educational opportunities, as well as other announcements pertinent to separating personnel.

DoD Transportal

This DoD Web site (<http://www.dodtransportal.org>) supplements the various TAP program resources available to separating military personnel. In addition to providing the locations and phone numbers of all Transition Assistance Offices, the site offers mini-courses on conducting successful job search campaigns, writing resumes, using the Internet to find a job and links to job search and recruiting Web sites. A DoD job search Web site (<http://www.dod.jobsearch.org>) features online resume entry, job advertisements and referrals.

Veterans' Workforce Investment Program

The Veterans' Workforce Investment Program provides employment and training programs to increase employment, job retention, earnings, and occupational skills of recently separated veterans and

veterans who have service-connected disabilities, significant barriers to employment or who served on active duty in the armed forces during a campaign or expedition for which a campaign badge has been authorized.

These programs may be conducted through state or local public agencies, community-based organizations or private, nonprofit organizations. Job counseling, resume preparation, job development and placement services are also available to help homeless veterans re-enter the workforce. Veterans should contact their nearest state employment service office for more information.

State Employment Services

In addition to providing unemployment compensation information, Workforce Career or One-Stop Centers provide a variety of services for veterans seeking employment, including current employment information, education and training opportunities, job counseling and job search workshops and resume preparation assistance. Disabled Veterans Outreach Program specialists at these offices and at VA regional offices and readjustment counseling centers (Vet Centers) work closely with employers, veterans service organizations, community-based organizations and other government agencies to promote job development and improve employment and training opportunities for disabled veterans.

Re-employment Rights

A person who left a civilian job to enter active duty in the Armed Forces may be entitled to return to the job after discharge or release from active duty. Re-employment rights are provided for those who served in the active duty or reserve components of the Armed Forces. To be re-employed, four requirements must be met: (1) the person must give advance notice of military service to the employer; (2) the cumulative absence from the civilian job shall not exceed five years (with some exceptions); (3) the person must submit a timely application for re-employment; and (4) the person must not have been released with a dishonorable or other punitive discharge.

The law calls for the returning veteran to be placed in the job as if the veteran had remained continuously employed. This means that the person may be entitled to benefits that are based on seniority, such as pensions, pay increases and promotions. The law also prohibits discrimination in hiring, promotion or other advantages of employment on the basis of military service.

Applications for re-employment should be given, verbally or in writing, to a person authorized to represent the company for hiring purposes. A record should be kept of the application. If there are problems gaining re-employment, the employee should contact the Department of Labor's Veterans' Employment and Training Service (VETS) in the state of the employer concerned. This applies to private sector, as well as state, local and federal government employees, including the Postal Service.

Employees should contact their agency personnel office if they have questions about their employment restoration rights. If a veteran is not re-employed or is not re-employed properly, the veteran has the right to file a complaint with VETS. Additionally, federal employees may appeal directly to the Merit Systems Protection Board. Non-federal employees may file complaints in U.S. district court. Additional information is available on the Internet (<http://www.dol.gov/dol/vets>) from the Department of Labor.

Federal Contractor Affirmative Action

Federal legislation prohibits employers with a federal contract of \$25,000 or more from discriminating in employment against veterans who separated from active duty within the previous twelve months and those who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized. This prohibition also applies to Vietnam Era veterans who served on active duty for more than 180 days, any part of which occurred during the period listed in the "Introduction" section of this booklet, who were discharged or released with other than a dishonorable discharge or with a service-connected disability.

Federal legislation also prohibits employers with federal contracts from discriminating in employment against "special disabled" veterans. Special disabled veterans are veterans who have a VA disability rating of 30 percent or more, veterans who are rated at 10 or 20 percent who have been determined to have a serious employment handicap and veterans who were discharged or released from active duty because of a service-connected disability. Federal legislation requires these contractors to take affirmative action to employ and advance in employment campaign veterans, Vietnam Era and special disabled veterans. It also requires these contractors to list jobs, including full-time, temporary and part-time jobs, with state employment services. Veterans who believe their rights have been violated may file a complaint with the U.S. Department of Labor's

Veterans' Employment and Training Service or at a state employment office.

Federal Jobs for Veterans

The Veterans Readjustment Appointment (VRA) authority allows federal agencies to appoint eligible veterans to jobs without competition. Such appointments may lead to conversion to career or career-conditional employment upon satisfactory work for two years. Veterans seeking VRA appointment should apply directly to the agency where they wish to work.

The Office of Personnel Management (OPM) administers the Disabled Veterans Affirmative Action Program, which requires that all federal departments and agencies establish plans to facilitate the recruitment and advancement of disabled veterans.

Certain veterans, principally those who are disabled or who served in a hostile area, are entitled to preference in competing for civil service jobs. This preference includes five or 10 points added to passing scores in examinations and preference in job retention. Preference also is provided for certain unremarried widows and widowers of deceased veterans and for mothers of military personnel who died in service; spouses of service-connected disabled veterans who are no longer able to work in their usual occupations; and mothers of veterans who have permanent and total service-connected disabilities. Individuals interested in federal employment should contact the personnel offices of the federal agencies in which they wish to be employed. Information also may be obtained by contacting any OPM Service Center. The centers are listed in telephone books under U.S. Government.

Individuals eligible for veterans' preference and honorably discharged veterans who substantially completed three or more years of continuous active service may compete for certain federal jobs. Federal agencies must allow eligible veterans to apply for jobs when they are accepting applications from individuals outside their own workforces.

OPM provides information on veterans' federal service employment rights and privileges on the Internet (<http://www.opm.gov/veterans/>). Federal job openings can be found by phone through USA Jobs at 912-757-3000 and on the Internet (<http://www.usajobs.opm.gov>).

Miscellaneous Programs and Benefits

Loans for Farms and Homes

Loans and guaranties may be provided by the U.S. Department of Agriculture to buy, improve or operate farms. Loans and guaranties are available for housing in towns generally up to 20,000 in population. Applications from veterans have preference. For further information contact Farm Service Agency or Rural Economic and Community Development, U.S. Department of Agriculture, Washington, DC 20250, or apply at local Department of Agriculture offices, usually located in county seats.

FHA Home Mortgage Insurance

The Federal Housing Administration is responsible for the Home Mortgage Insurance Program for Veterans. These home loans can require less of a down payment than other FHA programs. Veterans on active duty are eligible if they enlisted before Sept. 8, 1980, or entered on active duty before Oct. 14, 1982, and were discharged under other than dishonorable conditions with at least 90 days service. Veterans with enlisted service after Sept. 7, 1980, or who entered on active duty after Oct. 16, 1981, must have served at least 24 months unless discharged for hardship or disability. Active duty for training is qualifying service. Submit VA Form 26-8261a to VA to obtain a Certificate of Veteran Status. The lender will submit the certificate to FHA.

Naturalization Preference

Aliens with honorable service in the U.S. Armed Forces during hostilities may be naturalized without having to comply with the general requirements for naturalization. Such aliens must have been lawfully admitted to the United States for permanent residence or have been inducted, enlisted, re-enlisted or extended an enlistment in the armed forces while within the United States, Puerto Rico, Guam, the Virgin Islands of the United States, the Canal Zone, American Samoa, Northern Marianas or Swain's Island. Hostilities must be periods declared by the President. Aliens with honorable service in the U.S. Armed Forces for three years or more during periods not considered a conflict or hostility by Executive Order may be naturalized provided they have been lawfully admitted to the United States for permanent residence. Applications must be made while on active duty or within six months of discharge.

Aliens who have served honorably after Oct. 15, 1978, for at least 12 years may be granted special immigrant status. Aliens who died as a result of wounds incurred or disease contracted during periods of hostilities declared by the President may receive recognition as U.S. citizens. The person's next of kin or other authorized representative may submit an application. This posthumous citizenship is honorary only and does not confer any other benefits to the person's surviving relatives. For assistance, contact the nearest office of the Immigration and Naturalization Service, Justice Department.

Small Business Administration

The Small Business Administration (SBA) provides a number of services that assist veterans who own or are considering starting small businesses. Among the services provided are business training, counseling, mentoring and various loan guarantees. A number of different kinds of loan guarantees are provided to banks and other lending institutions, including Military Reservist Economic Injury Disaster Loans for members of the Reserves and National Guard called to active duty during a period of military conflict. The Office of Veterans Business Development operates various outreach programs and maintains liaison with the Congressionally-established National Veterans Business Development Corporation. SBA monitors and reports on veteran-owned small business participation in federal procurement and seeks to achieve a 3% annual federal contracting procurement goal for service disabled veteran-owned small businesses. Information about SBA's full range of programs and services can be found on the Internet (<http://www.sba.gov/VETS/>) or by contacting the Veterans Business Development Officer at SBA District Offices. Call 1-800-U-ASK-SBA (1-800-827-5722) to locate the nearest SBA Office, or for more information.

Social Security

Monthly retirement, disability and survivor benefits under Social Security are payable to a veteran and dependents if the veteran has earned enough work credits under the program. Upon the veteran's death, a one-time payment of \$255 also may be made to the veteran's spouse or child. In addition, a veteran may qualify at age 65 for Medicare's hospital insurance and medical insurance. Medicare protection also is available to people who have received Social Security disability benefits for 24 months, and to insured people and their dependents who need dialysis or kidney transplants.

Active duty or active duty for training in the U.S. uniformed services has counted toward Social Security since January 1957. Since Jan. 1, 1988, inactive duty for training as a member of Reserve components of the armed forces also counts toward Social Security. Service members and veterans receive an extra \$300 credit for each quarter in which they received any basic pay for active duty or active duty for training after 1956 and before 1978. After 1977, a credit of \$100 is granted for each \$300 of reported wages up to a maximum credit of \$1,200. No additional Social Security taxes are withheld from pay for these extra credits. Also, noncontributory Social Security credits of \$160 a month may be granted to veterans who served after Sept. 15, 1940, and before 1957, including attendance at service academies. More information is available on the Internet (<http://www.ssa.gov/>) or by calling 1-800-772-1213.

Supplemental Security Income

For those age 65 or older and those who are blind or otherwise disabled, Supplemental Security Income (SSI) may be provided if they have little or no income or resources. States may supplement the federal payments to eligible persons and may disregard additional income. Although VA compensation and pension benefits are counted in determining income for SSI purposes, some income is not counted. Also, not all resources count in determining eligibility. For example, a person's home and the land it is on do not count. Personal effects, household goods, automobiles and life insurance may not count, depending upon their value. Information and assistance in applying for these payments may be obtained at any Social Security office or by calling 1-800-772-1213.

Passports to Visit Overseas Cemeteries

"No-fee" passports are available for family members visiting graves or memorialization sites at World War I and World War II cemeteries overseas. Those eligible for such passports include surviving spouses, parents, children, sisters, brothers and guardians of the deceased who are buried or commemorated in American military cemeteries on foreign soil. For additional information, write to the American Battle Monuments Commission, Courthouse Plaza II, Suite 500, 2300 Clarendon Blvd., Arlington, VA 22201, or phone 703-696-6897.

Medals

Medals awarded while in active service are issued by the individual military services if requested by veterans or by the next of kin of

deceased veterans. Requests for the issuance or replacement of military service medals, decorations, and awards should be directed to the specific branch of the military in which the veteran served. However, for Air Force (including Army Air Corps) and Army veterans, the National Personnel Records Center verifies the awards to which a veteran is entitled and forwards requests and verification to the appropriate service department for issuance of the medals.

Requests for replacement medals should be submitted on Standard Form 180, "Request Pertaining To Military Records," which may be obtained at VA offices, from veterans organizations or downloaded from the Internet (<http://www.vba.va.gov/pubs/otherforms.htm>). Standard Form 180 and additional information also can be found on the National Personnel Records Center's Internet pages (<http://www.nara.gov/regional/mpr.html>).

When requesting medals, type or clearly print the veteran's full name, include the veteran's branch of service, service number or Social Security Number and provide the veteran's exact or approximate dates of military service. The request must contain the signature of the veteran or the signature of the next of kin if the veteran is deceased. If available, include a copy of the discharge or separation document, WDAGO Form 53-55 or DD Form 214.

Review of Discharges

Each of the military services maintains a discharge review board with authority to change, correct, or modify discharges or dismissals that are not issued by a sentence of a general court martial. The board has no authority to address medical discharges. The veteran or, if the veteran is deceased or incompetent, the surviving spouse, next of kin or legal representative may apply for a review of discharge by writing to the military department concerned, using Department of Defense Form 293. This form may be obtained at a VA regional office. However, if the discharge was more than 15 years ago, a veteran must petition the appropriate service Board for Correction of Military Records using Department of Defense Form 149, which is discussed in the "Correction of Military Records" section of this booklet. A discharge review is conducted by a review of an applicant's record and, if requested, by a hearing before the board.

Discharges awarded as a result of unauthorized absence in excess of 180 days make persons ineligible for VA benefits regardless of action taken by discharge review boards, unless VA determines there

were compelling circumstances for the absence. Boards for the correction of military records also may consider such cases.

Veterans with disabilities incurred or aggravated during active military service may qualify for medical or related benefits regardless of separation and characterization of service. Veterans separated administratively under other than honorable conditions may request that their discharge be reviewed for possible recharacterization, provided they file their appeal within 15 years of the date of separation. Questions regarding the review of a discharge should be addressed to the appropriate discharge review board at the address listed on Department of Defense Form 293.

Replacing Military Records

If discharge or separation papers are lost, duplicate copies may be obtained by contacting the National Personnel Records Center, Military Personnel Records, 9700 Page Blvd., St. Louis, MO 63132-5100. Specify that a duplicate separation document or discharge is needed. The veteran's full name should be printed or typed so that it can be read clearly, but the request must also contain the signature of the veteran or the signature of the next of kin, if the veteran is deceased. Include branch of service, service number or Social Security number and exact or approximate dates and years of service. Use Standard Form 180, "Request Pertaining To Military Records." (See the "World Wide Web Links" section of this booklet for more information on obtaining this and other federal forms through the Internet, or contact your local VA regional office.) It is not necessary to request a duplicate copy of a veteran's discharge or separation papers solely for the purpose of filing a claim for VA benefits. If complete information about the veteran's service is furnished on the application, VA will obtain verification of service from the National Personnel Records Center or the service department concerned. In a medical emergency, information from a veteran's records may be obtained by phoning the appropriate service: Army, 314-538-4261; Air Force, 314-538-4243; Navy, Marine Corps or Coast Guard, 314-538-4141.

Correction of Military Records

The secretary of a military department, acting through a board for correction of military records, has authority to change any military record when necessary to correct an error or remove an injustice. A correction board may consider applications for correction of a military record, including a review of a discharge issued by courts martial.

The veteran, survivor or legal representative generally must file a request for correction within three years after discovery of an alleged error or injustice. The board may excuse failure to file within the prescribed time, however, if it finds it would be in the interest of justice to do so. It is an applicant's responsibility to show why the filing of the application was delayed and why it would be in the interest of justice for the board to consider it despite the delay.

To justify any correction, it is necessary to show to the satisfaction of the board that the alleged entry or omission in the records was in error or unjust. Applications should include all available evidence, such as signed statements of witnesses or a brief of arguments supporting the requested correction. Application is made with DD Form 149, available at VA offices, from veterans organizations or from the Internet (<http://web1.whs.osd.mil/icdhome/ddeforms.htm>).

Armed Forces Retirement Homes

The following veterans may be eligible to live in one of the two retirement homes operated by the Armed Forces Retirement Home: veterans 60 years of age or older who have completed 20 years or more of active service; veterans incapable of earning a livelihood because of a service-connected disability incurred in the line of duty in the Armed Forces; other veterans incapable of earning a livelihood because of injuries, disease, or disability who served in a war theater during a time of war declared by Congress or who were eligible for hostile fire special pay; veterans who served in the women's component of the armed forces before the enactment of the Women's Armed Services Integration Act of 1948. Veterans are not eligible if they have been convicted of a felony or are not free from alcohol, drug or psychiatric problems.

New residents must be capable of living independently in a dormitory. The Armed Forces Retirement Home is an independent federal agency. For information, write to the Public Affairs Office, U.S. Soldiers' and Airmen's Home, 3700 N. Capitol St. NW, Washington, DC 20317, or phone 1-800-422-9988; or write to U.S. Naval Home, 1800 Beach Drive, Gulfport, MS 39507, or phone 1-800-332-3527.

Commissary and Exchange Privileges

Unlimited exchange and commissary store privileges in the United States are available to honorably discharged veterans with a service-connected disability rated at 100 percent, unremarried surviving spouses of members or retired members of the armed forces,

recipients of the Medal of Honor, and their dependents and orphans. Certification of total disability is done by VA. Reservists and their dependents also may be eligible. Privileges overseas are governed by international law and are available only if agreed upon by the foreign government concerned. VA provides assistance in completing DD Form 1172, "Application for Uniformed Services Identification and Privilege Card."

Death Gratuity

Military services provide a death gratuity of \$6,000 to a deceased service member's next of kin. The death gratuity is paid for death in active service or for retirees who died within 120 days of retirement as a result of service-connected injury or illness. Parents, brothers or sisters may be provided the gratuity, if designated as next of kin by the deceased. The gratuity is paid by the last military command of the deceased. If the beneficiary is not paid automatically, application may be made to the military service concerned.

Appeals

Veterans and other claimants for VA benefits have the right to appeal decisions made by a VA regional office or medical center. Typical issues appealed are disability compensation, pension, education benefits, recovery of overpayments, medication copayment debts and reimbursement for medical services that were not authorized.

A claimant has one year from the date of the notification of a VA decision to file an appeal. The first step in the appeal process is for a claimant to file a written notice of disagreement with the VA regional office or medical center that made the decision. This is a written statement that a claimant disagrees with VA's decision. Following receipt of the written notice, VA will furnish the claimant a "Statement of the Case" describing what facts, laws and regulations were used in deciding the case. To complete the request for appeal, the claimant must file a "Substantive Appeal" within 60 days of the mailing of the Statement of the Case, or within one year from the date VA mailed its decision, whichever period ends later.

Board of Veterans' Appeals

The Board of Veterans' Appeals, located in Washington, D.C., makes decisions on appeals on behalf of the Secretary of Veterans Affairs.

Although it is not required, a veterans service organization, an agent or an attorney may represent a claimant. Appellants may present their case in person to a member of the Board at a hearing in Washington, D.C., at a VA regional office or by videoconference.

The texts of appeal decisions made by the Board, as well as a plain-language pamphlet, "Understanding the Appeal Process," can be found on the Internet (<http://www.va.gov/vbs/bva>). This pamphlet may also be requested by writing to Chief Bailiff (011), Board of Veterans' Appeals, 810 Vermont Avenue, NW, Washington, DC 20420.

U.S. Court of Appeals for Veterans Claims

A final Board of Veterans' Appeals decision that does not grant a claimant the benefits desired may be appealed to the U.S. Court of Appeals for Veterans Claims, an independent court, not part of the Department of Veterans Affairs.

Notice of an appeal must be received by the court with a postmark that is within 120 days after the date — stamped on the decision — on which the Board of Veterans' Appeals mailed its decision.

The court reviews the record considered by the Board of Veterans' Appeals. It does not hold trials or receive new evidence. Appellants may represent themselves before the court or have lawyers or approved agents as representatives. Oral argument is held only at the direction of the court. Either party may appeal a decision of the court to the U.S. Court of Appeals for the Federal Circuit and may seek review in the Supreme Court of the United States.

The court's Internet website (<http://www.vetapp.gov>) contains its decisions, case status information, rules and procedures, and other special announcements. The court's decisions can also be found in West's Veterans Appeals Reporter, and on the Westlaw and LEXIS online services. For other questions, write to the Clerk of the Court, 625 Indiana Ave. NW, Suite 900, Washington, DC 20004, or call the clerk's office at 202-501-5970.

2002 Disability Compensation

Disability	Monthly Rate (\$)
10 percent	103
20 percent	199
30 percent	306
40 percent	439
50 percent	625
60 percent	790
70 percent	995
80 percent	1,155
90 percent	1,299
100 percent	2,163

Depending upon the disability rating of the veteran, allowances for a spouse range from \$37 to \$124; and for each additional child, \$19 to \$64. For more information and detailed disability compensation rate tables, visit the Compensation and Pension Benefits section of VA's Internet pages (<http://www.va.gov>). Click on "Rate Tables."

2002 Improved Pension

Status	Maximum Annual Rate (\$)
Veteran with no dependents	9,556
Veteran with one dependent	12,516
Veteran permanently housebound, no dependents	11,679
Veteran permanently housebound, one dependent	14,639
Veteran needing regular aid and attendance, no dependents	15,945
Veteran needing regular aid and attendance, one dependent	18,902
Two veterans married to one another	12,516
Veterans of World War I and Mexican Border Period, addition to the applicable annual rate	2,166
Increase for each additional dependent child	1,630

Examples and more information can be found in the Compensation and Pension Benefits section of VA's Internet pages (<http://www.va.gov>). Click on "Rate Tables."

2002 Vocational Rehabilitation Rates
(Paid monthly (\$))

Type of training*	No dependent	One dep.	Two dep.	Each add. dep.
A				
Full-time	448.24	556.00	655.20	47.76
3/4-time	336.80	417.61	489.86	36.73
