30 CFR Part 46 Starter Kit MSHA Training Materials List

U.S. Department of Labor Mine Safety and Health Administration National Mine Health and Safety Academy

Instruction Series Guide IG 36

December 1999 Reprinted 2001

VIDEOTAPES*

Dust Control, It's Everyone's Business19 minutes VC 843
This videotape is one of a series on silica dust and silicosis. It discusses the importance of well-designed and
maintained dust control systems and procedures to prevent exposure to dust containing silica.
Good Berms Save Lives15 minutes VC 928
This informative video discusses one mine's concern about berms on their mining property. The mine studied
their berms using various materials and different berm heights. The size and speed of mining equipment,
weather conditions, and grades also play a role in proper berm construction.
Safety on or Near the Water14 minutes
This video discusses the hazards of working on or near the water and the precautions that need to be taken to
protect the workers in this situation.
Silicosis: A Preventable Disease19 minutes
<u>Truck Haulage Safety Series</u> : (The following seven videotapes were produced as a series; however, they can
be purchased individually).
Brakes, Grades, and Runaways-Highway Trucks18 minutes VC 873
Reviews important principles of haul road design and maintenance, braking system inspection and
maintenance, and driver procedures for handling highway truck runaways. Topics covered include: road
design; road maintenance; berms; brakes; and runaways.
Brakes, Grades, and Runaways-Off-Road Trucks18 minutes VC 872
Reviews important principles of haul road design and maintenance, braking systems inspection and
maintenance, and driver procedures for handling off-road truck runaways. Topics covered include: road
design; road maintenance; berms, brakes; and runaways.
Highway Haulage Truck Inspection Conducted by MSHA Inspectors18 minutes VC 853
Presents a typical sequence of procedures followed by an MSHA inspector during examination of a highway
haulage truck. Topics covered include: inspection location; cab inspection; safety appliances; paperwork;
steering system; handholds and steps; wheels and rims; suspension components; brakes and braking systems;
exhaust system; and inspecting the frame of the bed or trailer.
Inspection of Off-Road Haulage Trucks by an MSHA Inspector13 minutes VC 850
Presents a typical sequence of procedures followed by an MSHA inspector during examination of an off-road
haulage truck. Topics covered include: inspection location; fluid-carrying lines and steering components; suspension components; tires and wheels; truck bed; lights and mountings; cab; safety appliances; and
brakes and braking system parts.
Pre-Operation Inspection of Off-Road Haulage Trucks by the Driver16 minutes
Describes a typical sequence of inspection procedures followed by drivers who operate off-road haulage
trucks. Topics covered include: inspection location; personal protective equipment; fluid-carrying lines;
truck bed; lights and mounting; cab; safety appliances; steering; and brakes and braking systems.
Pre-Operation Inspection of Highway Haulage Trucks by the Driver10 minutes VC 863
Describes a typical sequence of inspection procedures followed by drivers who operate highway haulage
trucks. Topics covered include: inspection location; under-the-hood check; tires and wheels; steering
components; suspension components; trailer or bed frame; cab; safety appliances; and brakes and braking
systems.
Visibility and Communications: Off-Road and Highway Trucks18 minutes VC 869
This video discusses the visibility and communication problems associated with off-road and highway
haulage trucks. Topics covered include: driver awareness; good communication systems; night driving;
weather conditions; road design and maintenance; traffic controls; truck lights, wipers, and alarms; blind
areas; and additional lighting.
Spanish version VC 814

* All videotapes are available in VHS format, and cost \$8.00 per tape.

TRAINING MATERIALS

- CARDS -

MSHA has developed a series of pocket cards covering a variety of topics as part of the Agency's continuing effort to protect the health and safety of our Nation's miners. These cards are available at **no cost**. Be sure to include the Card Number and quantity when ordering.

Best Practices-Haulage Cards (BP)	
Brake Systems	BP Card No. 1
Cab Inspections	BP Card No. 2
Haulage Equipment Operators	BP Card No. 3
Haulage Safety Attitude	BP Card No. 4
Highway Truck Pre-Operation Inspection	BP Card No. 5
100-Ton or Greater Truck Pre-Operation Inspection	BP Card No. 6
100-Ton or Less Truck Pre-Operation Inspection	BP Card No. 7
Pre- and Post-Operation Inspection of Surface Haulage Equipment	BP Card No. 8
ROPS (Rollover Protective Structure) and FOPS (Falling Object Protective Structure)	BP Card No. 9
Steering	BP Card No. 10
Surface Mine, Powered Truck Haulage Dumping Procedures	BP Card No. 11
Training Checklist	
Health Hazard Information (HH)	
Heat Stress	HH Card No. 8
Ten Minutes on Silicosis for Metal and Nonmetal Miners	HH Card No. 9
Two Minutes on Silicosis for Metal and Nonmetal Miners	HH Card No. 10
Working in Confined Spaces	HH Card No. 11
Filter Self-Rescue Devices	HH Card No. 12
Radon Daughter Measurements	HH Card No. 13
Poison Plants	HH Card No. 14
Personal Noise Measurements	HH Card No. 15
Working With Mercury	HH Card No. 16
"Watch Your Back" - Prevent Back Injuries	HH Card No. 17
Welding Hazards	HH Card No. 18
Mineral Dust Hazards and Sampling	HH Card No. 19
Silica Exposure of NRIM Miners	HH Card No. 20
Conveyor Safety Tips (ST)	
Conveyor Safety Tips for Laborers	. ST Card No. 14
Conveyor Safety Tips for Mechanics	. ST Card No. 15
Conveyor Safety Tips for Plant Operators	. ST Card No. 16
Conveyor Safety Tips for Supervisors	. ST Card No. 17
Other (OT)	
Tips for Preventing Silicosis by the National Institute for Occupational Safety and Health .	OT Card No. 1

- OTHER TRAINING MATERIALS -

This area includes materials on miscellaneous mine health and safety topics.

A Guide to Miners' Rights and Responsibilities Under the

Federal Mine Safety and Health Act of 1977--35 pages OT-2 Summarized rights and responsibilities of miners, their representatives and applicants for mine work under the Federal Mine Safety and Health Act of 1977. Intended as a guide only and not as an "official" statement of the law or as a source for legal interpretations of the Act. Price: Free of charge

A Guide to Working Safely With Silica OT-33
This guide is a cooperative effort between the Department of Labor and the National Institute for
Occupational Safety and Health in the Department of Health and Human Servicesexplains how you can
protect yourself and others each day on the job.
Spanish version: OT-33S Price: Free of charge
MSHA's Guide to Equipment Guarding32 pages OT-3
Designed to assist industry, labor and MSHA inspectors in obtaining uniformity in mechanical safeguarding.
Basic principles of guarding are discussed. Various techniques are illustrated (with brief written
explanations). Price: Free of charge (1 book) \$2.00 (multiple copies)
Fatal Accidents Involving Construction, Maintenance, and Repair
at Metal/Nonmetal Mines 1996-1997 OT-36
This publication presents information on construction fatalities that occurred in metal/nonmetal mining
operations from January 1996 through December 1997. The fatalities in this report consist of accidents
involving construction, maintenance, and repair at metal/ nonmetal mining operations. From January 1996
through December 1997, 103 miners died at metal/nonmetal operations. Of the 103 fatalities, 41 fatalities
involved construction. Price: Free of charge
Fatal Accidents at Small Crushed Stone and Sand and Gravel Mining Operations 1996-1998 OT-41
This publication presents information on the 55 fatalities involving crushed stone and sand and gravel
operations from January 1994 through September 28, 1998. Small mines in this publication refer to mines
with 50 or fewer employees. This publication includes statistics for the fatalities as well as abstracts,
illustrations, and best practices. Price: Free of charge
Fatal Accidents Involving Independent Contractors at Metal/Nonmetal Mines 1990-1998 OT-39
This publication presents information on the 107 fatalities involving independent contractors that occurred
in metal and nonmetal mining operations from January 1, 1990, through July 7, 1998. This publication
includes statistics for the fatalities as well as abstracts, illustrations, and best practices. Price: Free of
charge
Surface Haulage Fatalities-Metal and Nonmetal 1989-199361 pages OT-6
This publication highlights haulage fatalities that occurred at surface metal and nonmetal operations from
January 1989 through December 1993. These surface haulage fatalities involve equipment such as: haulage
trucks, front-end loaders, scrapers, water trucks, forklifts, and pickup trucks. Price: \$15.00 (1 book and 57)
slides)
Traffic Control at Surface Mines and Installations, Guideline for (C/MNM)14 pages OT-26
All kinds and sizes of vehicles travel roads at surface operations. These vehicles are operated by drivers
who travel the mine haulage roads on a daily basis or very infrequently or even for the first time. This
means that there is a need for good traffic control on mine haul roads. This full-color spiral bound booklet
reviews what mine operators and drivers need to know about traffic control. Price: \$3.00
To views what mine operators and univers need to know about traffic control. True: 55.00

- INSTRUCTIONAL GUIDES -

<u>On-the-Job Training Modules</u> (These modules are designed to supplement existing training programs and assist the industry in conducting effective on-the-job training.

Cement113 pages/15 modules Price: Free of charge (1 book) \$4.00 (multiple copies)	IG-42
Dredges44 pages/5 modules Price: Free of charge (1 book) \$4.00 (multiple copies)	IG-41
Sand, Gravel, and Crushed Stone204 pages/19 modules Price: Free of charge (1 book) \$5.00 (multiple copies)	IG-40
Surface Metal and Nonmetal262 pages/17 modules Price: Free of charge (1 book) \$6.00 (multiple copies)	IG-43

-Other Instructional Guides-

Safety Audit for Aggregate Operations IG-14
This safety audit is focused on the most common violations found at aggregate operations. Twenty
conditions/practices accounted for 84 percent of all violations cited at sand and gravel and crushed stone
mining operations in 1997. Completing this self-audit package is a first step in developing a safety program
that will avoid common conditions/practices at your mining operation. Price: Free of charge
The Miners' Health Pack IG-28
MSHA hopes to make basic scientific, medical, and control technology information about health hazards in
mining understandable so that mine operators can take action to reduce exposures and miners can protect
themselves. The Health Pack is a series of fact sheets and resources that are packaged in a binder so that
new training materials on hazards, such as lead, mercury, or diesel exhaust, can be added as they are
developed by MSHA to create a comprehensive manual on health hazards. Price: Free of charge
30 CFR Part 46 Starter Kit With Sample Training Forms IG-36
Contains Part 46 assistance materials, including State Grants contacts; helpline numbers and internet
homepage addresses; available Academy training materials; and examples of model training plans and
training records. Price: Free of charge
30 CFR Part 46 Instructor Guide With Lesson Plans IG-37
An 18-page booklet designed to assist mine operators, who are covered by the 30 CFR Part 46 regulations,
to develop an effective and mine-specific training program. Price: Free of charge
Tire and Rim Safety Awareness Program (C/MNM)34 pages IG-60
This program covers the handling and servicing of multi- and single-piece rim wheels.
Price: Free of charge (1 book) \$4.00 (multiple copies)
First Aid Book237 pages IG-61
Designed to provide workers in the mining industry with basic first aid knowledge and skills in order to better
prepare them to deal with both on-the-job and off-the-job accidents and emergencies.
Price: Free of charge (1 book) Note: One copy only of this book is available through the Academy. If
additional copies are required, write to: Superintendent of Documents, U.S. Government Printing
Office, Washington, D.C. 20402(202) 512-1800 Use GPO Stock Number 029-017-00004-2 Expect to
pay current price.

- SAFETY MANUALS -

SM's are nontechnical pocket-sized booklets that are introductions to various topics related to mine health and safety.

First Aid62 pages SM-3
Describes first aid techniques. Discusses how to stop bleeding and control shock. Lists specific first aid
procedures for a wide variety of injuries. Price: Free of charge (1 book) \$2.00 (multiple copies)
Note: Spanish version is available from The University of Texas at Austin, Industrial Education Department,
P.O. Box 7518, Austin, TX 78713-7518 (512) 471-4633. Cost is \$5.00 plus shipping and handling.
Personal Protective Equipment69 pages
Use of personal protective equipment is necessary in mining (and in many other occupational areasincluding
some home activities). This manual describes various devices used, why they are needed, where they are
needed and how to care for the equipment. (Typical equipment includes hand, eye, face, foot, and body
protection devices and respiratory protection devices.) Spanish version: SM-14S
Price: Free of charge (1 book) \$2.00 (multiple copies)

NOTE

For a complete listing of all training products, please request the latest copy of the *Catalog* of *Training Products for the Mining Industry* from the Academy.
