

2001 Instructions for Schedule D, Capital Gains and Losses

Use Schedule D (Form 1040) to report the following.

- The sale or exchange of a capital asset (defined on this page) not reported on another form or schedule.
- Gains from involuntary conversions (other than from casualty or theft) of capital assets not held for business or profit.
- Capital gain distributions not reported directly on Form 1040, line 13.
- Nonbusiness bad debts.

Additional Information. See **Pub. 544** and **Pub. 550** for more details. For a comprehensive filled-in example of Schedule D, see **Pub. 550**.

Section references are to the Internal Revenue Code unless otherwise noted.

General Instructions

Changes To Note

• We have simplified the tax computation in Part IV for most taxpayers by eliminating 14 lines. Because of this change, taxpayers with unrecaptured section 1250 gain or 28% rate gain must complete a new worksheet on page D-9 to figure the tax on line 40 of Part IV.

• For 2001 and later years, qualified 5-year gain is taxed at 8% to the extent it otherwise would have been taxed at 10%. See the instructions for line 29 on page D-8.

• You may make an election to recognize gain on certain assets held on January 1, 2001. See page D-2 for details.

Other Forms You May Have To File

Use **Form 4797** to report the following.

- The sale or exchange of:
 1. Property used in a trade or business;
 2. Depreciable and amortizable property;
 3. Oil, gas, geothermal, or other mineral property; and
 4. Section 126 property.
 - The involuntary conversion (other than from casualty or theft) of property used in a trade or business and capital assets held for business or profit.
 - The disposition of noncapital assets other than inventory or property held primarily for sale to customers in the ordinary course of your trade or business.
 - Ordinary loss on the sale, exchange, or worthlessness of small business investment company (section 1242) stock.
 - Ordinary loss on the sale, exchange, or worthlessness of small business (section 1244) stock.
 - Ordinary gain or loss on securities held in connection with your trading business, if you previously made a mark-to-market election. See **Special Rules for Traders in Securities** beginning on page D-3.
- Use **Form 4684** to report involuntary conversions of property due to casualty or theft.

Use **Form 6781** to report gains and losses from section 1256 contracts and straddles.

Use **Form 8824** to report like-kind exchanges. A like-kind exchange occurs when you exchange business or investment property for property of a like kind.

Capital Asset

Most property you own and use for personal purposes, pleasure, or investment is a capital asset. For example, your house, furniture, car, stocks, and bonds are capital assets. A capital asset is any property held by you **except** the following.

- Stock in trade or other property included in inventory or held mainly for sale to customers.
- Accounts or notes receivable for services performed in the ordinary course of your trade or business or as an employee, or from the sale of stock in trade or other property held mainly for sale to customers.
- Depreciable property used in your trade or business, even if it is fully depreciated.
- Real estate used in your trade or business.
- Copyrights, literary, musical, or artistic compositions, letters or memoranda, or similar property: (a) created by your personal efforts; (b) prepared or produced for you (in the case of letters, memoranda, or similar property); or (c) that you received from someone who created them or for whom they were created, as mentioned in (a) or (b), in a way (such as by gift) that entitled you to the basis of the previous owner.
- U.S. Government publications, including the Congressional Record, that you received from the government, other than by purchase at the normal sales price, or that you got from someone who had received it in a similar way, if your basis is determined by reference to the previous owner's basis.
- Certain commodities derivative financial instruments held by a dealer. See section 1221(a)(6).
- Certain hedging transactions entered into in the normal course of your trade or business. See section 1221(a)(7).
- Supplies regularly used in your trade or business.

Short Term or Long Term

Separate your capital gains and losses according to how long you held or owned the property. The holding period for short-term capital gains and losses is 1 year or less. The holding period for long-term capital gains and losses is more than 1 year. To figure the holding period, begin counting on the day after you received the property and include the day you disposed of it.

If you disposed of property that you acquired by inheritance, report the disposition as a long-term gain or loss, regardless of how long you held the property.

A nonbusiness bad debt must be treated as a short-term capital loss. See **Pub. 550** for what qualifies as a nonbusiness bad debt and how to enter it on Schedule D.

Capital Gain Distributions

These distributions are paid by a mutual fund (or other regulated investment company) or real estate investment trust from its net realized long-term capital gains. Enter on line 13, column (f), the **total** capital gain distributions paid to you during the year, regardless of how long you held your investment. This amount is shown in box 2a of **Form 1099-DIV**.

If there is an amount in box 2b of Form 1099-DIV, include that amount on line 13, column (g).

If there is an amount in box 2c, include that amount on line 4 of the **Qualified 5-Year Gain Worksheet** on page D-8 if you are required to complete line 29 of Schedule D.

If there is an amount in box 2d, include that amount on line 11 of the **Unrecaptured Section 1250 Gain Worksheet** on page D-7 if you are required to complete line 19 of Schedule D.

If there is an amount in box 2e, see **Exclusion of Gain on Qualified Small Business (QSB) Stock** beginning on page D-4.

If you received capital gain distributions as a nominee (that is, they were paid to you but actually belong to someone else), report on line 13 only the amount that belongs to you. Attach a statement showing the full amount you received and the amount you received as a nominee. See the Instructions

for Schedule B for filing requirements for Forms 1099-DIV and 1096.

Election To Recognize Gain on Certain Assets Held on January 1, 2001

You may elect to treat certain assets you held on January 1, 2001, as having been sold and then reacquired on the same date. The purpose of the election is to make future gain on the asset eligible for an 18% (instead of 20%) capital gains tax rate. The 18% tax rate is applicable to the extent the gain would otherwise be taxed at 20% if the holding period of the asset begins after December 31, 2000, and the asset is held for more than 5 years.

Any gain on the deemed sale **must** be recognized without regard to any provision of the Internal Revenue Code. For example, if you make the deemed election with respect to your main home, you cannot exclude the gain on the deemed sale under section 121.

A loss from a deemed sale is not allowed in any tax year, but the asset will be eligible for the 18% rate on any future gain. Your basis in the reacquired asset is its closing market price or fair market value, whichever applies, on the date of the deemed sale, whether the deemed sale results in a gain or an unallowed loss.

Any readily tradable stock (that is a capital asset) not sold before January 2, 2001, for which the election is made is deemed to have been sold on January 2, 2001, at its closing market price on that date and reacquired on that date for the same amount. For this purpose, readily tradable stock includes shares issued by an open-end mutual fund. Any other capital asset or property used in a trade or business (section 1231 property) held on January 1, 2001, for which the election is made is deemed to have been sold and reacquired on January 1, 2001, for its fair market value on that date.

If you make the election with respect to your interest in a pass-through entity (such as a mutual fund, partnership, S corporation, etc.) and the pass-through entity makes the election with respect to assets it holds, the pass-through entity's election will be considered to immediately precede your election for deemed sales that occur on the same day.

To make the election, report the deemed sale(s) on your 2001 tax return as if it was an actual sale. However, if the deemed sale results in a loss, enter zero instead of the amount of the loss. Attach a statement to your return stating that you are making an election under section 311 of the Taxpayer Relief Act of 1997 and listing the asset(s) for which you are making the election. You must file the tax return no later than its due date (including extensions). However, if you timely filed your tax return without making the election for one or more eligible assets, you can still make the election for those

assets on an amended return filed within 6 months of the due date of your tax return (excluding extensions). Write "Election Under Section 311 of the Taxpayer Relief Act of 1997" at the top of the amended return. Once made, an election for any asset is irrevocable.

Note. You may **not** make this election for any asset that you disposed of (in a transaction in which gain or loss is recognized in whole or in part) before the close of the 1-year period beginning on the date that the asset would have been treated as sold under this election.

Sale of Your Home

If you sold or exchanged your main home, **do not** report it on your tax return unless your gain exceeds your exclusion amount. Generally, if you meet the two tests below, you can exclude up to \$250,000 of gain. If both you and your spouse meet these tests and you file a joint return, you can exclude up to \$500,000 of gain (but only one spouse needs to meet the ownership requirement in **Test 1**).

Test 1. You owned and used the home as your main home for 2 years or more during the 5-year period ending on the date you sold or exchanged your home.

Test 2. You have not sold or exchanged another main home during the 2-year period ending on the date of the sale or exchange of your home.

See **Pub. 523** for details, including how to report any taxable gain on Schedule D, if:

- You do not meet one of the above two tests,
- You (or your spouse if married) used any part of the home for business or rental purposes after May 6, 1997, **or**
- Your gain exceeds your exclusion amount.

Partnership Interests

A sale or other disposition of an interest in a partnership may result in ordinary income, collectibles gain (28% rate gain), or unreaptured section 1250 gain. For details on 28% rate gain, see page D-6. For details on unreaptured section 1250 gain, see the instructions for line 19 beginning on page D-6.

Capital Assets Held for Personal Use

Generally, gain from the sale or exchange of a capital asset held for personal use is a capital gain. Report it on Schedule D, Part I or Part II. However, if you converted depreciable property to personal use, all or part of the gain on the sale or exchange of that property may have to be recaptured as ordinary income. Use Part III of **Form 4797** to figure the amount of ordinary income recapture. The recapture amount is included

on line 31 (and line 13) of Form 4797. **Do not** enter any gain for this property on line 32 of Form 4797. If you are not completing Part III for any other properties, enter "N/A" on line 32. If the total gain is more than the recapture amount, enter "From Form 4797" in column (a) of line 1 or line 8 of Schedule D, skip columns (b) through (e), and in column (f) enter the excess of the total gain over the recapture amount.

Loss from the sale or exchange of a capital asset held for personal use is not deductible. But if you had a loss from the sale or exchange of real estate held for personal use for which you received a **Form 1099-S**, you must report the transaction on Schedule D even though the loss is not deductible. For example, you have a loss on the sale of a vacation home that is not your main home and you received a **Form 1099-S** for the transaction. Report the transaction on line 1 or 8, depending on how long you owned the home. Complete columns (a) through (e). Because the loss is not deductible, enter zero in column (f).

Nondeductible Losses

Do not deduct a loss from the direct or indirect sale or exchange of property between any of the following.

- Members of a family.
- A corporation and an individual owning more than 50% of the corporation's stock (unless the loss is from a distribution in complete liquidation of a corporation).
- A grantor and a fiduciary of a trust.
- A fiduciary and a beneficiary of the same trust.
- A fiduciary and a beneficiary of another trust created by the same grantor.
- An executor of an estate and a beneficiary of that estate, unless the sale or exchange was to satisfy a pecuniary bequest (that is, a bequest of a sum of money).
- An individual and a tax-exempt organization controlled by the individual or the individual's family.

See **Pub. 544** for more details on sales and exchanges between related parties.

If you disposed of (a) an asset used in an activity to which the at-risk rules apply or (b) any part of your interest in an activity to which the at-risk rules apply, and you have amounts in the activity for which you are not at risk, see the Instructions for Form 6198.

If the loss is allowable under the at-risk rules, it may then be subject to the passive activity rules. See **Form 8582** and its instructions for details on reporting capital gains and losses from a passive activity.

Items for Special Treatment

- Transactions by a securities dealer. See section 1236.
- Bonds and other debt instruments. See **Pub. 550**.
- Certain real estate subdivided for sale that may be considered a capital asset. See section 1237.
- Gain on the sale of depreciable property to a more than 50% owned entity or to a trust of which you are a beneficiary. See **Pub. 544**.
- Gain on the disposition of stock in an interest charge domestic international sales corporation. See section 995(c).
- Gain on the sale or exchange of stock in certain foreign corporations. See section 1248.
- Transfer of property to a partnership that would be treated as an investment company if it were incorporated. See **Pub. 541**.
- Sales of stock received under a qualified public utility dividend reinvestment plan. See **Pub. 550**.
- Transfer of appreciated property to a political organization. See section 84.
- In general, no gain or loss is recognized on the transfer of property from an individual to a spouse or a former spouse if the transfer is incident to a divorce. See **Pub. 504**.
- Amounts received on the retirement of a debt instrument generally are treated as received in exchange for the debt instrument. See **Pub. 550**.
- Any loss on the disposition of converted wetland or highly erodible cropland that is first used for farming after March 1, 1986, is reported as a long-term capital loss on Schedule D, but any gain is reported as ordinary income on **Form 4797**.
- Amounts received by shareholders in corporate liquidations. See **Pub. 550**.
- Cash received in lieu of fractional shares of stock as a result of a stock split or stock dividend. See **Pub. 550**.
- Mutual fund load charges may not be taken into account in determining gain or loss on certain dispositions of stock in mutual funds if reinvestment rights were exercised. See **Pub. 564**.
- The sale or exchange of S corporation stock or an interest in a trust held for more than 1 year may result in collectibles gain (28% rate gain). See page D-6.
- Gain or loss on the disposition of securities futures contracts. See **Pub. 550**.
- Gain on the constructive sale of certain appreciated financial positions. See **Pub. 550**.
- The receipt of cash or stock (that you later sold) upon the demutualization of an insurance company. See **Pub. 550** or use TeleTax topic 430 (see page 11 of the Form 1040 instructions).

• Certain constructive ownership transactions. Gain in excess of the gain you would have recognized if you had held a financial asset directly during the term of a derivative contract must be treated as ordinary income. See section 1260. If any portion of the constructive ownership transaction was open in any prior year, you may have to pay interest. See section 1260(b) for details, including how to figure the interest. Include the interest as an additional tax on Form 1040, line 58. Write "Section 1260(b) interest" and the amount of the interest to the left of line 58. This interest is not deductible.

• The sale of publicly traded securities, if you elect to postpone gain by purchasing common stock or a partnership interest in a specialized small business investment company during the 60-day period that began on the date of the sale. See **Pub. 550**.

• The sale of qualified securities held for at least 3 years to an employee stock ownership plan or eligible worker-owned cooperative, if you elect to postpone gain by purchasing qualified replacement property. See **Pub. 550**.

• The sale of qualified empowerment zone assets acquired after December 21, 2000, that you held for more than 1 year, if you elect to postpone gain by purchasing other qualified empowerment zone assets during the 60-day period that began on the date of the sale. See **Pub. 550** and **Pub. 954**.

Wash Sales

A wash sale occurs when you sell or otherwise dispose of stock or securities (including a contract or option to acquire or sell stock or securities) at a loss and, within 30 days before or after the sale or disposition, you directly or indirectly:

- Buy substantially identical stock or securities,
- Acquire substantially identical stock or securities in a fully taxable trade, or
- Enter into a contract or option to acquire substantially identical stock or securities.

You **cannot** deduct losses from wash sales unless the loss was incurred in the ordinary course of your business as a dealer in stock or securities. The basis of the substantially identical property (or contract or option to acquire such property) is its cost increased by the disallowed loss. For more details on wash sales, see **Pub. 550**.

Report a wash sale transaction on line 1 or 8. Enter the full amount of the (loss) in column (f). Directly below the line on which you reported the loss, enter "Wash Sale" in column (a), and enter as a positive amount in column (f) the amount of the loss not allowed.

Special Rules for Traders in Securities

You are a **trader in securities** if you are engaged in the **business** of buying and selling securities for your own account. To be engaged in business as a trader in securities:

- You must seek to **profit from daily market movements** in the prices of securities and not from dividends, interest, or capital appreciation.
- Your activity must be **substantial**.
- You must carry on the activity with **continuity** and **regularity**.

The following facts and circumstances should be considered in determining if your activity is a business.

- Typical holding periods for securities bought and sold.
- The frequency and dollar amount of your trades during the year.
- The extent to which you pursue the activity to produce income for a livelihood.
- The amount of time you devote to the activity.

You are considered an investor, and not a trader, if your activity does not meet the above definition of a business. It does not matter whether you call yourself a trader or a "day trader."

Like an investor, a trader must report each sale of securities (taking into account commissions and any other costs of acquiring or disposing of the securities) on Schedule D or D-1 or on an attached statement containing all the same information for each sale in a similar format. However, if a trader previously made the mark-to-market election (see below), each transaction is reported in Part II of **Form 4797** instead of Schedules D and D-1. Regardless of whether a trader reports his or her gains and losses on Schedules D and D-1 or Form 4797, the gain or loss from the disposition of securities is **not** taken into account when figuring net earnings from self-employment on Schedule SE. See the Instructions for Schedule SE for an exception that applies to section 1256 contracts.

The limitation on investment interest expense that applies to investors does not apply to interest paid or incurred in a trading business. A trader reports interest expense and other expenses (excluding commissions and other costs of acquiring or disposing of securities) from a trading business on Schedule C (instead of Schedule A).

A trader also may hold securities for investment. The rules for investors generally will apply to those securities. Allocate interest and other expenses between your trading business and your investment securities.

Mark-To-Market Election for Traders

A trader may make an election under section 475(f) to report all gains and losses from

securities held in connection with a trading business as ordinary income (or loss), including securities held at the end of the year. Securities held at the end of the year are "marked to market" by treating them as if they were sold (and reacquired) for fair market value on the last business day of the year. Generally, the election must be made by the due date (**not** including extensions) of the tax return for the year **prior** to the year for which the election becomes effective. To be effective for 2001, the election must have been made by April 16, **2001**.

Starting with the year the election becomes effective, a trader reports all gains and losses from securities held in connection with the trading business, including securities held at the end of the year, in Part II of Form 4797. If you previously made the election, see the Instructions for Form 4797. For details on making the mark-to-market election for 2002, see Pub. 550 or Rev. Proc. 99-17, 1999-1 C.B. 503. You can find Rev. Proc. 99-17 on page 52 of Internal Revenue Bulletin 1999-7 at www.irs.gov.

If you hold securities for investment, they must be identified as such in your records on the day they are acquired (for example, by holding the securities in a separate brokerage account). Securities held for investment are not marked-to-market.

Short Sales

A short sale is a contract to sell property you borrowed for delivery to a buyer. At a later date, you either buy substantially identical property and deliver it to the lender or deliver property that you held but did not want to transfer at the time of the sale. Usually, your holding period is the amount of time you actually held the property eventually delivered to the lender to close the short sale. However, your gain when closing a short sale is short term if you (a) held substantially identical property for 1 year or less on the date of the short sale or (b) acquired property substantially identical to the property sold short after the short sale but on or before the date you close the short sale. If you held substantially identical property for more than 1 year on the date of a short sale, any loss realized on the short sale is a long-term capital loss, even if the property used to close the short sale was held 1 year or less.

Gain or Loss From Options

Report on Schedule D gain or loss from the closing or expiration of an option that is not a section 1256 contract but is a capital asset in your hands. If an option you purchased expired, enter the expiration date in column (c) and enter "**EXPIRED**" in column (d). If an option that was granted (written) expired, enter the expiration date in column (b) and enter "**EXPIRED**" in column (e). Fill in the other columns as appropriate. See **Pub. 550** for details.

Undistributed Capital Gains

Include on line 11, column (f), the amount from box 1a of **Form 2439**. This represents your share of the undistributed long-term capital gains of the regulated investment company (including a mutual fund) or real estate investment trust.

If there is an amount in box 1b of Form 2439, include that amount on line 11, column (g).

If there is an amount in box 1c, include that amount on line 4 of the **Qualified 5-Year Gain Worksheet** on page D-8 if you are required to complete line 29 of Schedule D.

If there is an amount in box 1d, include that amount on line 11 of the **Unrecaptured Section 1250 Gain Worksheet** on page D-7 if you are required to complete line 19 of Schedule D.

If there is an amount in box 1e, see **Exclusion of Gain on Qualified Small Business (QSB) Stock** on this page.

Enter on Form 1040, line 65, the tax paid as shown in box 2 of Form 2439. Also on line 65, check the box for Form 2439. Add to the basis of your stock the excess of the amount included in income over the amount of the credit for the tax paid. See **Pub. 550** for details.

Installment Sales

If you sold property (other than publicly traded stocks or securities) at a gain and you will receive a payment in a tax year after the year of sale, you generally must report the sale on the installment method unless you elect not to. Use **Form 6252** to report the sale on the installment method. Also use Form 6252 to report any payment received in 2001 from a sale made in an earlier year that you reported on the installment method.

To elect out of the installment method, report the full amount of the gain on Schedule D on a timely filed return (including extensions) for the year of the sale. If your original return was filed on time, you may make the election on an amended return filed no later than 6 months after the due date of your return (excluding extensions). Write "Filed pursuant to section 301.9100-2" at the top of the amended return.

Exclusion of Gain on Qualified Small Business (QSB) Stock

Section 1202 allows for an exclusion of up to 50% of the eligible gain on the sale or exchange of QSB stock. The section 1202 exclusion applies only to QSB stock held for more than 5 years.

To be **QSB stock**, the stock must meet **all** of the following tests.

- It must be stock in a C corporation (that is, not S corporation stock).

- It must have been originally issued after August 10, 1993.

- As of the date the stock was issued, the corporation was a domestic C corporation with total gross assets of \$50 million or less (a) at all times after August 9, 1993, and before the stock was issued and (b) immediately after the stock was issued. Gross assets include those of any predecessor of the corporation. All corporations that are members of the same parent-subsidiary controlled group are treated as one corporation.

- You must have acquired the stock at its original issue (either directly or through an underwriter), either in exchange for money or other property or as pay for services (other than as an underwriter) to the corporation. In certain cases, you may meet the test if you acquired the stock from another person who met the test (such as by gift or inheritance) or through a conversion or exchange of QSB stock you held.

- During substantially all the time you held the stock:

1. The corporation was a C corporation,
2. At least 80% of the value of the corporation's assets were used in the active conduct of one or more qualified businesses (defined below), and
3. The corporation was **not** a foreign corporation, DISC, former DISC, regulated investment company, real estate investment trust, REMIC, FASIT, cooperative, or a corporation that has made (or that has a subsidiary that has made) a section 936 election.

Note. A specialized small business investment company (SSBIC) is treated as having met test 2 above.

A **qualified business** is any business **other than a—**

- Business involving services performed in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, athletics, financial services, or brokerage services.

- Business whose principal asset is the reputation or skill of one or more employees.

- Banking, insurance, financing, leasing, investing, or similar business.

- Farming business (including the raising or harvesting of trees).

- Business involving the production of products for which percentage depletion can be claimed.

- Business of operating a hotel, motel, restaurant, or similar business.

For more details about limits and additional requirements that may apply, see section 1202.

Pass-Through Entities

If you held an interest in a pass-through entity (a partnership, S corporation, or mutual fund or other regulated investment

company) that sold QSB stock, to qualify for the exclusion you must have held the interest on the date the pass-through entity acquired the QSB stock and at all times thereafter until the stock was sold.

How To Report

Report in column (f) of line 8 the entire gain realized on the sale of QSB stock. In column (g) of line 8, report as 28% rate gain an amount equal to the section 1202 exclusion. Complete all other columns as indicated. Directly below the line on which you reported the gain, enter in column (a) "Section 1202 exclusion" and enter as a (loss) in column (f) the amount of the allowable exclusion.

Gain From Form 1099-DIV. If you received a Form 1099-DIV with a gain in box 2e, part or all of that gain (which is also included in box 2a) may be eligible for the section 1202 exclusion. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Gain From Form 2439. If you received a Form 2439 with a gain in box 1e, part or all of that gain (which is also included in box 1a) may be eligible for the section 1202 exclusion. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Gain From an Installment Sale of QSB Stock. If all payments are not received in the year of sale, a sale of QSB stock that is not traded on an established securities market generally is treated as an installment sale and is reported on Form 6252. Figure the allowable section 1202 exclusion for the year by multiplying the total amount of the exclusion by a fraction, the numerator of which is the amount of eligible gain to be recognized for the tax year and the denominator of which is the total amount of eligible gain. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Alternative Minimum Tax. You must enter 42% of your allowable exclusion for the year on **Form 6251**, line 14m.

Rollover of Gain From QSB Stock

If you sold QSB stock (defined on page D-4) that you held for more than 6 months, you may elect to postpone gain if you purchase other QSB stock during the 60-day period that began on the date of the sale. A pass-

through entity also may make the election to postpone gain. The benefit of the postponed gain applies to your share of the entity's postponed gain if you held an interest in the entity for the entire period the entity held the QSB stock. If a pass-through entity sold QSB stock held for more than 6 months and you held an interest in the entity for the entire period the entity held the stock, you also may elect to postpone gain if you, rather than the pass-through entity, purchase the replacement QSB stock within the 60-day period.

You must recognize gain to the extent the sale proceeds exceed the cost of the replacement stock. Reduce the basis of the replacement stock by any postponed gain.

You must make the election no later than the due date (including extensions) for filing your tax return for the tax year in which the QSB stock was sold. If your original return was filed on time, you may make the election on an amended return filed no later than 6 months after the due date of your return (excluding extensions). Write "Filed pursuant to section 301.9100-2" at the top of the amended return.

To make the election, report the entire gain realized on the sale on line 1 or 8. Directly below the line on which you reported the gain, enter in column (a) "Section 1045 rollover," and enter as a (loss) in column (f) the amount of the postponed gain.

Specific Instructions

Lines 1 and 8

Enter all sales and exchanges of capital assets, including stocks, bonds, etc., and real estate (if not reported on Form 4684, 4797, 6252, 6781, or 8824). But **do not** report the sale of your main home unless required (see page D-2). Include these transactions even if you did not receive a **Form 1099-B** or **1099-S** (or substitute statement) for the transaction. You can use stock ticker symbols or abbreviations to describe the property as long as they are based on the descriptions of the property as shown on Form 1099-B or 1099-S (or substitute statement).

Use **Schedule D-1** to list additional transactions for lines 1 and 8. Use as many Schedules D-1 as you need. Enter on Schedule D, lines 2 and 9, the combined totals from all your Schedules D-1.

Add the following amounts reported to you for 2001 on Forms 1099-B and 1099-S (or substitute statements) that you are not reporting on another form or schedule included with your return: (a) proceeds from transactions involving stocks, bonds, and other securities and (b) gross proceeds from real estate transactions (other than the sale of your main home if you are not required

to report it). If this total is **more** than the total of lines 3 and 10, attach an explanation of the difference.

Column (b)—Date Acquired

Enter in this column the date the asset was acquired. Use the trade date for stocks and bonds traded on an exchange or over-the-counter market. For stock or other property sold short, enter the date the stock or property was delivered to the broker or lender to close the short sale.

If you disposed of property that you acquired by inheritance, report the gain or (loss) on line 8 and enter "**INHERITED**" in column (b) instead of the date you acquired the property.

If you sold a block of stock (or similar property) that was acquired through several different purchases, you may report the sale on one line and enter "**VARIOUS**" in column (b). However, you still must report the short-term gain or (loss) on the sale in Part I and the long-term gain or (loss) in Part II.

Column (c)—Date Sold

Enter in this column the date the asset was sold. Use the trade date for stocks and bonds traded on an exchange or over-the-counter market. For stock or other property sold short, enter the date you sold the stock or property you borrowed to open the short sale transaction.

Column (d)—Sales Price

Enter in this column either the gross sales price or the net sales price from the sale. If you sold stocks or bonds and you received a Form 1099-B (or substitute statement) from your broker that shows gross sales price, enter that amount in column (d). But if Form 1099-B (or substitute statement) indicates that gross proceeds minus commissions and option premiums were reported to the IRS, enter that net amount in column (d). If you enter the net amount in column (d), **do not** include the commissions and option premiums from the sale in column (e).

You should not have received a Form 1099-B (or substitute statement) for a transaction merely representing the return of your original investment in a nontransferable obligation, such as a savings bond or a certificate of deposit. But if you did, report the amount shown on Form 1099-B (or substitute statement) in both columns (d) and (e).

Be sure to add all sales price entries on lines 1 and 8, column (d), to amounts on lines 2 and 9, column (d). Enter the totals on lines 3 and 10.

Column (e)—Cost or Other Basis

In general, the cost or other basis is the cost of the property plus purchase commissions and improvements, minus depreciation,

Use this worksheet to figure your capital loss carryovers from 2001 to 2002 if Schedule D, line 18, is a loss and (a) that loss is a smaller loss than the loss on Schedule D, line 17, or (b) Form 1040, line 37, is a loss. Otherwise, you do not have any carryovers.

1. Enter the amount from Form 1040, line 37. If a loss, enclose the amount in parentheses	1. _____
2. Enter the loss from Schedule D, line 18, as a positive amount	2. _____
3. Combine lines 1 and 2. If zero or less, enter -0-	3. _____
4. Enter the smaller of line 2 or line 3	4. _____
If line 7 of Schedule D is a loss, go to line 5; otherwise, enter -0- on line 5 and go to line 9.	
5. Enter the loss from Schedule D, line 7, as a positive amount	5. _____
6. Enter any gain from Schedule D, line 16	6. _____
7. Add lines 4 and 6	7. _____
8. Short-term capital loss carryover to 2002. Subtract line 7 from line 5. If zero or less, enter -0-	8. _____
If line 16 of Schedule D is a loss, go to line 9; otherwise, skip lines 9 through 13.	
9. Enter the loss from Schedule D, line 16, as a positive amount	9. _____
10. Enter any gain from Schedule D, line 7	10. _____
11. Subtract line 5 from line 4. If zero or less, enter -0-	11. _____
12. Add lines 10 and 11	12. _____
13. Long-term capital loss carryover to 2002. Subtract line 12 from line 9. If zero or less, enter -0-	13. _____

amortization, and depletion. If you inherited the property, got it as a gift, or received it in a tax-free exchange, involuntary conversion, or “wash sale” of stock, you may not be able to use the actual cost as the basis. If you do not use the actual cost, attach an explanation of your basis.

If you sold stock, adjust your basis by subtracting all the nontaxable distributions you received before the sale. Also adjust your basis for any stock splits. See **Pub. 550** for details.

You may elect to use an average basis for all shares of a mutual fund if you acquired the shares at various times and prices and you left the shares on deposit in an account handled by a custodian or agent who acquired or redeemed those shares. If you are reporting an average basis, include “AVGB” in column (a) of Schedule D. For details on making the election and how to figure average basis, see **Pub. 564**.

The basis of property acquired by gift is generally the basis of the property in the hands of the donor. The basis of property acquired from a decedent is generally the fair market value at the date of death. See **Pub. 544** for details.

Increase the cost or other basis of an original issue discount (OID) debt instrument by the amount of OID that has been included in gross income for that instrument.

If a charitable contribution deduction is allowed because of a bargain sale of property to a charitable organization, the adjusted basis for purposes of determining gain from the sale is the amount that has the same ratio to the adjusted basis as the amount realized has to the fair market value.

Increase your cost or other basis by any expense of sale, such as broker’s fees, commissions, state and local transfer taxes, and

option premiums, before making an entry in column (e), unless you reported the net sales price in column (d).

For more details, see **Pub. 551**.

Column (f)—Gain or (Loss)

You **must** make a separate entry in this column for each transaction reported on lines 1 and 8 and any other line(s) that applies to you. For lines 1 and 8, subtract the amount in column (e) from the amount in column (d). Enter negative amounts in parentheses.

Column (g)—28% Rate Gain or (Loss)

Enter in column (g) **only** the amount, if any, from Part II, column (f), that is equal to the amount of your section 1202 exclusion from the eligible gain on qualified small business stock (see page D-4) or from collectibles gains and losses. A **collectibles gain or loss** is any long-term gain or deductible long-term loss from the sale or exchange of a collectible that is a capital asset.

Collectibles include works of art, rugs, antiques, metals (such as gold, silver, and platinum bullion), gems, stamps, coins, alcoholic beverages, and certain other tangible property.

Also include gain (but not loss) from the sale or exchange of an interest in a partnership, S corporation, or trust held for more than 1 year and attributable to unrealized appreciation of collectibles. For details, see Regulations section 1.1(h)-1. Also attach the statement required under Regulations section 1.1(h)-1(e).

Line 19

If you complete Part IV, complete the worksheet on page D-7 if **any** of the following apply for 2001.

- You sold or otherwise disposed of section 1250 property (generally, real property that you depreciated) held more than 1 year.
- You received installment payments for section 1250 property held more than 1 year for which you are reporting gain on the installment method.
- You received a Schedule K-1 from an estate or trust, partnership, or S corporation that shows “unrecaptured section 1250 gain.”
- You received a Form 1099-DIV or Form 2439 from a real estate investment trust or regulated investment company (including a mutual fund) that reports “unrecaptured section 1250 gain.”
- You reported a long-term capital gain from the sale or exchange of an interest in a partnership that owned section 1250 property.

Instructions for the Unrecaptured Section 1250 Gain Worksheet on Page D-7

Lines 1 through 3. If you had more than one property described on line 1, complete lines 1 through 3 for each property on a separate worksheet. Enter the total of the line 3 amounts for all properties on line 3 and go to line 4.

Line 4. To figure the amount to enter on line 4, follow the steps below for each installment sale of trade or business property held more than 1 year.

Step 1. Figure the **smaller** of (a) the depreciation allowed or allowable or (b) the

total gain for the sale. This is the **smaller** of line 22 or line 24 of your 2001 Form 4797 (or the comparable lines of Form 4797 for the year of sale) for the property.

Step 2. Reduce the amount figured in step 1 by any section 1250 ordinary income recapture for the sale. This is the amount from line 26g of your 2001 Form 4797 (or the comparable line of Form 4797 for the year of sale) for the property. The result is your total unrecaptured section 1250 gain that must be allocated to the installment payments received from the sale.

Step 3. Generally, the amount of section 1231 gain on each installment payment is treated as unrecaptured section 1250 gain until the total unrecaptured section 1250 gain figured in step 2 has been used in full. Figure the amount of gain treated as unrecaptured section 1250 gain for installment payments received in 2001 as the **smaller** of (a) the amount from line 26 or line 37 of the 2001 Form 6252, whichever applies, or (b) the amount of unrecaptured section 1250 gain remaining to be reported. This amount is generally the total unrecaptured section 1250 gain for the sale reduced by all gain reported in prior years (excluding section

1250 ordinary income recapture). However, if you chose not to treat all of the gain from payments received after May 6, 1997, and before August 24, 1999, as unrecaptured section 1250 gain, use only the amount you chose to treat as unrecaptured section 1250 gain for those payments to reduce the total unrecaptured section 1250 gain remaining to be reported for the sale. Include this amount on line 4.

Line 10. Include on line 10 your share of the partnership's unrecaptured section 1250 gain that would result if the partnership had transferred all of its section 1250 property in a fully taxable transaction immediately before you sold or exchanged your interest in that partnership. If you recognized less than all of the realized gain, the partnership will be treated as having transferred only a proportionate amount of each section 1250 property. For details, see Regulations section 1.1(h)-1. Also attach the statement required under Regulations section 1.1(h)-1(e).

Line 12. An example of an amount to include on line 12 is unrecaptured section 1250 gain from the sale of a vacation home

you previously used as a rental property but converted to personal use prior to the sale. To figure the amount to enter on line 12, follow the applicable instructions below.

Installment sales. To figure the amount to include on line 12, follow the steps below for each installment sale of property held more than 1 year for which you did not make an entry in Part I of your Form 4797 for the year of sale.

• **Step 1.** Figure the **smaller** of (a) the depreciation allowed or allowable or (b) the total gain for the sale. This is the **smaller** of line 22 or line 24 of your 2001 Form 4797 (or the comparable lines of Form 4797 for the year of sale) for the property.

• **Step 2.** Reduce the amount figured in step 1 by any section 1250 ordinary income recapture for the sale. This is the amount from line 26g of your 2001 Form 4797 (or the comparable line of Form 4797 for the year of sale) for the property. The result is your total unrecaptured section 1250 gain that must be allocated to the installment payments received from the sale.

Unrecaptured Section 1250 Gain Worksheet—Line 19

Keep for Your Records

If you are not reporting a gain on Form 4797, line 7, skip lines 1 through 9 and go to line 10.

1. If you have a section 1250 property in Part III of Form 4797 for which you made an entry in Part I of Form 4797 (but not on Form 6252), enter the smaller of line 22 or line 24 of Form 4797 for that property. If you did not have any such property, go to line 4. If you had more than one such property, see instructions	1. _____

3. Subtract line 2 from line 1	3. _____

6. Add lines 3 through 5	6. _____
7. Enter the smaller of line 6 or the gain from Form 4797, line 7	7. _____
8. Enter the amount, if any, from Form 4797, line 8	8. _____

11. Enter the total of any amounts reported to you on a Schedule K-1, Form 1099-DIV, or Form 2439 as "unrecaptured section 1250 gain" from an estate, trust, real estate investment trust, or mutual fund (or other regulated investment company)	11. _____
12. Enter the total of any unrecaptured section 1250 gain from sales (including installment sales) or other dispositions of section 1250 property held more than 1 year for which you did not make an entry in Part I of Form 4797 for the year of sale (see instructions)	12. _____
13. Add lines 9 through 12	13. _____
14. Enter the gain or (loss) from Schedule D, line 15	14. _____
15. Enter the (loss), if any, from Schedule D, line 7. If Schedule D, line 7, is zero or a gain, enter -0-	15. _____
16. Combine lines 14 and 15. If the result is zero or a gain, enter -0-. If the result is a (loss), enter it as a positive amount	16. _____
17. Unrecaptured section 1250 gain. Subtract line 16 from line 13. If zero or less, enter -0-. Enter the result here and on Schedule D, line 19	17. _____

• **Step 3.** Generally, the amount of capital gain on each installment payment is treated as unrecaptured section 1250 gain until the total unrecaptured section 1250 gain figured in step 2 has been used in full. Figure the amount of gain treated as unrecaptured section 1250 gain for installment payments received in 2001 as the **smaller** of (a) the amount from line 26 or line 37 of your 2001 Form 6252, whichever applies, or (b) the amount of unrecaptured section 1250 gain remaining to be reported. This amount is generally the total unrecaptured section 1250 gain for the sale reduced by all gain reported in prior years (excluding section 1250 ordinary income recapture). However, if you chose not to treat all of the gain from payments received after May 6, 1997, and before August 24, 1999, as unrecaptured section 1250 gain, use only the amount you chose to treat as unrecaptured section 1250 gain for those payments to reduce the total unrecaptured section 1250 gain remaining to be reported for the sale. Include this amount on line 12.

Other sales or dispositions of section 1250 property. For each sale of property held more than 1 year (for which you did not make an entry in Part I of Form 4797), figure the **smaller** of (a) the depreciation allowed or allowable or (b) the total gain for the sale. This is the **smaller** of line 22 or line 24 of Form 4797 for the property. Next, reduce that amount by any section 1250 ordinary income recapture for the sale. This is the amount from line 26g of Form 4797 for the property. The result is the total unrecaptured section 1250 gain for the sale. Include this amount on line 12.

Line 29—Qualified 5-Year Gain

Qualified 5-year gain is long-term capital gain (other than 28% rate gain or gain on line 6 or 10 through 12 of the **Unrecaptured Section 1250 Gain Worksheet**) from the sale or other disposition of property held more than 5 years. Qualified 5-year gain is taxed at 8% to the extent the gain would otherwise be taxed at 10%. To figure your qualified 5-year gain, complete the worksheet on this page if any of the following apply.

- You sold or otherwise disposed of property at a gain that you had held for more than 5 years.
- You received a Schedule K-1 from an estate, trust, partnership, or S corporation that reports “qualified 5-year gain.”
- You received a Form 1099-DIV (or Form 2439) with “qualified 5-year gain” reported in box 2c (box 1c of Form 2439).
- You received payments from an installment sale of property that you had held for more than 5 years when you entered into the installment sale.

Example. John and Carol Maple had the following capital gains for 2001.

1. A sale of stock held for 3 years at a gain of \$3,700.
2. A sale of stock held for more than 5 years at a gain of \$500.
3. A sale of stock held for 6 years at a loss of \$1,950.
4. An \$1,800 capital gain distribution from a mutual fund reported in box 2a of Form 1099-DIV. The Form 1099-DIV also shows \$900 in box 2c.
5. A sale of a painting held for more than 5 years at a gain of \$1,800.

6. A sale of a rental home for \$101,000 purchased in 1995 for \$100,000, on which \$4,300 of allowable straight-line depreciation was claimed, for a net gain of \$5,300.

7. A Schedule K-1 from a partnership reporting \$2,300 of total long-term capital gain, \$200 “qualified 5-year gain” from capital assets, a \$5,200 net loss from trade or business (section 1231) property, and \$400 “qualified 5-year gain” from trade or business (section 1231) property.

8. A long-term capital loss carryover of \$5,800.

John and Carol Maple have total qualified 5-year gain of \$3,000 figured on the **Qualified 5-Year Gain Worksheet** as follows. They enter \$2,300 from items 2 and 5 on line 1. To complete line 2, the Maples first determine that the amount on their Form 4797, line 7, is \$100, consisting of the \$5,300 gain from item 6 and the \$5,200 loss from item 7. Because Form 4797, line 7, is more than zero, they include the \$5,300 gain from item 6 and the \$400 gain from item 7, or \$5,700, on line 2. The Maples enter zero on line 3. They enter \$900 from item 4 and \$200 from item 7, or \$1,100, on line 4. The Maples add lines 1 through 4 of the worksheet and enter \$9,100 on line 5. On line 6, they include the \$1,800 gain from item 5 because it is 28% rate gain from the sale of a collectible and \$4,300 from item 6 because it is included on line 6 of the **Unrecaptured Section 1250 Gain Worksheet**. (The Maples entered \$4,300 on line 1 of the Unrecaptured Section 1250 Gain Worksheet, zero on line 2, and \$4,300 on lines 3 and 6.) The Maples subtract the \$6,100 on line 6 of the worksheet from the \$9,100 on line 5. They enter the result, \$3,000 on line 7 of the worksheet and on Schedule D, line 29.
