Introduction

This publication is for employers who pay a per diem allowance to employees for business travel away from home on or after January 1, 1999, within the continental United States (CONUS). It gives the maximum per diem rate you can use without treating part of the per diem allowance as wages for tax purposes. For a detailed discussion on the tax treatment of a per diem allowance, see chapter 16 of Publication 535, *Business Expenses*, or Revenue Procedure 98-64, 1998-52 I.R.B. 31.

High-low method. Table 1, *Localities Eligible for \$185 (\$42 M&E) Per Diem Amount Under the High-Low Substantiation Method* lists the localities that are treated under that method as high cost localities for 1999 or the part of the year shown in column 4. Table 1 is on pages 2 and 3. All other localities within CONUS are eligible for \$115 (\$34 M&E) per diem under the high-low method.

Regular federal per diem rate method. Table 2, *Maximum Federal Per Diem Rates*, gives the regular federal per diem rate, including the separate rate for meals and incidental expenses (M&IE) for each locality. Table 2 begins on page 4. A federal agency can ask the General Services Administration to review the per diem rate in a particular locality. The process is described in footnote 4 of the table.

Travel outside CONUS. The federal per diem rates for localities outside CONUS, including Alaska, Hawaii, Puerto Rico, the Northern Mariana Islands, U.S. possessions, and all foreign localities, are published monthly. You can buy the per diem supplement, *Maximum Travel Per Diem Allowances for Foreign Areas*, from the U.S. Government Printing Office. Call (202) 512-1800 (not a toll-free number) or write: U.S. Government Printing Office, P.O. Box 371954, Pittsburgh, PA 15250-7974.

Per diem rates on the internet. You can access the federal per diem rates on the internet.

¹ Unless otherwise specified, the per diem locality is defined as “all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries.”

² Per diem localities with county definitions shall include “all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties.”

³ When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the two rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.

⁴ Federal agencies may submit a request to GSA for review of the costs covered by per diem in a particular city or area where the standard CONUS rate applies when travel to that location is repetitive or on a continuing basis and travelers’ experiences indicate that the prescribed rate is inadequate. Other per diem localities listed in this appendix will be reviewed on an annual basis by GSA to determine whether rates are adequate. Requests for per diem rate adjustments shall be submitted by the agency headquarters office to the General Services Administration, Office of Governmentwide Policy, Attn: Travel and Transportation Management Policy Division (MTT), Washington, D.C. 20405. Agencies should designate an individual responsible for reviewing, coordinating, and submitting to GSA any requests from bureaus or subagencies. Requests for rate adjustments shall include a city designation, a description of the surrounding location involved (county or other defined area), and a recommended rate supported by a statement explaining the circumstances that cause the existing rate to be inadequate. The request also must contain an estimate of the annual number of trips to the location, the average duration of such trips, and the primary purpose of travel to the locations. Agencies should submit their requests to GSA no later than May 1 in order for a city to be included in the annual review.

Evaluating the quality of our telephone services.

To ensure that IRS representatives give accurate, courteous, and professional answers, we evaluate the quality of our telephone services in several ways.

- A second IRS representative sometimes monitors live telephone calls. That person only evaluates the IRS assistor and does not keep a record of any taxpayer's name or tax identification number.
- We sometimes record telephone calls to evaluate IRS assistors objectively. We hold these recordings no longer than one week and use them only to measure the quality of assistance.
- We value our customers' opinions. Throughout this year, we will be surveying our customers for their opinions on our service.

Walk-in. You can pick up certain forms, instructions, and publications at many post offices, libraries, and IRS offices. Some libraries and IRS offices have an extensive collection of products available to print from a CD-ROM or photocopy from reproducible proofs.
