

PM10 Maps

Locations where EPA Proposes to Retain the 24-Hour PM10 Standard*

PM10 Nonattainment and Maintenance Areas that do not meet the current 24-Hour PM10 standard

Counties with violating monitors in urbanized areas with a population of 100,000 or more

*EPA is proposing to revoke the current 24-hour PM10 standard everywhere except in areas where there is at least one monitor that is located in an urbanized area with a minimum population of 100,000 people and that violates the 24-hour PM10 standard based on the most recent three years of data.

Current PM10 Nonattainment Areas where EPA Proposes to Revoke the 24-Hour PM10 Standard
