TREASURY OFFERS 2-YEAR NOTES AND 5-YEAR NOTES

The Treasury will auction \$24,000 million of 2-year notes and \$14,000 million of 5-year notes to refund \$21,566 million of publicly held securities maturing on January 31, 2008, and to raise approximately \$16,434 million of new cash.

The Federal Reserve System holds \$5,602 million of the Treasury notes maturing on January 31, 2008, in the System Open Market Account (SOMA). This amount may be refunded at the highest yield of accepted competitive tenders either in these auctions or the 20-year TIPS auction to be held January 24, 2008. The 20-year TIPS will be issued on January 31, 2008. Amounts awarded to SOMA will be in addition to the offering amount.

Up to \$1,000 million in noncompetitive bids from Foreign and International Monetary Authority (FIMA) accounts bidding through the Federal Reserve Bank of New York will be included within the offering amount of each auction. These noncompetitive bids will have a limit of \$100 million per account and will be accepted in the order of smallest to largest, up to the aggregate award limit of \$1,000 million.

Treasury Direct customers have scheduled purchases of approximately \$495 million into the 2-year note and \$60 million into the 5-year note.

The auctions being announced today will be conducted in the single-price auction format. All competitive and noncompetitive awards will be at the highest yield of accepted competitive tenders. The allocation percentage applied to bids awarded at the highest yield will be rounded up to the next hundredth of a whole percentage point, e.g., 17.13%.

The notes being offered today are eligible for the STRIPS program.

This offering of Treasury securities is governed by the terms and conditions set forth in the Uniform Offering Circular for the Sale and Issue of Marketable Book-Entry Treasury Bills, Notes, and Bonds (31 CFR Part 356, as amended).

Details about the notes are given in the attached offering highlights.

Submission of Bids:

Noncompetitive bids:

Accepted in full up to \$5 million at the highest accepted yield.

Foreign and International Monetary Authority (FIMA) bids:

Noncompetitive bids submitted through the Federal Reserve Banks as agents for FIMA accounts. Accepted in order of size from smallest to largest with no more than \$100 million awarded per account. Competitive bids:

- (1) Must be expressed as a yield with three decimals, e.g., 7.123%.
- (2) Net long position (NLP) for each bidder must be reported when the sum of the total bid amount, at all yields, and the net long position equals or exceeds the NLP reporting threshold stated above.
- (3) Net long position must be determined as of one-half hour prior to the closing time for receipt of competitive tenders.
- (4) Competitive bids from Treasury Direct customers are not allowed.
