[Docket No. NHTSA-2005-20923; Notice 1]

**Les Entreprises Michel Corbeil Inc.,
Receipt of Petition for Decision of
Inconsequential Noncompliance**

Les Entreprises Michel Corbeil Inc. (Corbeil) has determined that certain vehicles that it produced in 1998 through 2005 do not comply with S9.3(c) of 49 CFR 571.111, Federal Motor Vehicle Safety Standard (FMVSS) No. 111, "Rearview mirrors." Corbeil has filed an appropriate report pursuant to 49 CFR Part 573, "Defect and Noncompliance Reports."

Pursuant to 49 U.S.C. 30118(d) and 30120(h), Corbeil has petitioned for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential to motor vehicle safety.

This notice of receipt of Corbeil's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Affected are a total of approximately 246 Ford and GM chassis cutaway single and dual wheel school buses manufactured from January 5, 1998 through February 15, 2005. S9.3(c) requires:

Each school bus which has a mirror installed in compliance with S9.3(a) that has an average radius of curvature of less than 889 mm, as determined under S12, shall have a label visible to the seated driver. The label shall be printed in a type face and color that are clear and conspicuous. The label shall state the following: USE CROSS VIEW MIRRORS TO VIEW PEDESTRIANS WHILE BUS IS STOPPED. DO NOT USE THESE MIRRORS TO VIEW TRAFFIC WHILE BUS IS MOVING. IMAGES IN SUCH MIRRORS DO NOT ACCURATELY SHOW ANOTHER VEHICLE'S LOCATION."

The noncompliant school buses were produced without the required label.

Corbeil indicates in its petition that the number of school buses that are noncompliant is an estimate. Corbeil explains, "As we cannot establish any moment where this situation may have occurred, we have considered the NHTSA time frame from 1998 [when production began] to February 15, 2005 [when the noncompliance was corrected]." Corbeil states that during this period, 8471 of the affected type of school buses were produced. Corbeil further states:

A count was done within the ready-for-delivery bus yard. * * *From a quantity of

310 vehicles inspected, 9 vehicles were not provided with the label. * * *We have then extrapolated the recall population by [applying the ratio 9/310 or 2.9% to the population of 8471].

Corbeil believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted. Corbeil states that school bus drivers in general are instructed and aware of the use of these mirrors for pedestrian purposes only. Further, the petitioner asserts that a very small number of vehicles are affected, over a time period of eight years, and that a recall would cost approximately \$10,000 Canadian due to the need to recall all 8471 school buses produced from 1998 to 2005 to determine which do not have the label required by S9.3(c). Corbeil has corrected the problem.

Interested persons are invited to submit written data, views, and arguments on the petition described above. Comments must refer to the docket and notice number cited at the beginning of this notice and be submitted by any of the following methods. Mail: Docket Management Facility, U.S. Department of Transportation, Nassif Building, Room PL-401, 400 Seventh Street, SW., Washington, DC, 20590-0001. Title: Suspicious Activity Report by Money Services Businesses.

OMB Number: 1506-0015.

Form Number: FinCEN Form 109
(Formerly TD F 90-22.56).

Abstract: The statute generally referred to as the "Bank Secrecy Act," Titles I and II of Public Law 91-508, as amended, codified at 12 U.S.C. 1829b, 12 U.S.C. 1951-1959, and 31 U.S.C. 5311-5332, authorizes the Secretary of the Treasury, *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters, or in the conduct of intelligence or counter-intelligence activities, to protect against international terrorism, and to implement counter-money laundering programs and compliance procedures.¹ Regulations implementing Title II of the Bank Secrecy Act appear at 31 CFR part 103. The authority of the Secretary to administer the Bank Secrecy Act has been delegated to the Director of FinCEN.

The Secretary of the Treasury was granted authority in 1992, with the enactment of 31 U.S.C. 5318(g), to require financial institutions to report suspicious transactions. On March 14, 2000, FinCEN issued a final rule requiring certain categories of money services businesses, including money transmitters and issuers, sellers, and redeemers of money orders and traveler's checks, to report suspicious transactions (65 FR 13683). The final rule can be found at 31 CFR 103.20. FinCEN amended the suspicious transaction reporting rule for Money Services Business' by notice in the **Federal Register** dated February 10, 2003, (68 FR 6613), to also apply to currency dealers and exchangers. Currently, Money Services Business' report suspicious activity by filing form TD F 90-22.56, which is being revised, as explained below.

The information collected on the revised form is required to be provided pursuant to 31 U.S.C. 5318(g) and 31 CFR 103.20. This information will be made available, in accordance with

¹ Language expanding the scope of the Bank Secrecy Act to intelligence or counter-intelligence activities to protect against international terrorism was added by Section 358 of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism (USA PATRIOT ACT) Act of 2001 (the "USA Patriot Act"), Pub. L. 107-56.

strict safeguards, to appropriate criminal law enforcement and regulatory personnel for use in official performance of their duties, for regulatory purposes, and in investigations and proceedings involving terrorist financing, domestic and international money laundering, tax violations, fraud, and other financial crimes.

Suspicious activity reports required to be filed by Money Services Businesses under 31 CFR 103.20, and any suspicious activity reports filed by Money Services Businesses on a voluntary basis will be subject to the protection from liability contained in 31 U.S.C. 5318(g)(3) and the provision contained in 31 U.S.C. 5318(g)(2) which prohibits notification of any person involved in the transaction that a suspicious activity report has been filed.

The draft revised Suspicious Activity Report-Money Services Business is presented only for purposes of soliciting public comment on the form. This form should not be used at this time to report suspicious activity. A final version of the form will be made available at a later date. Current Form TD F 90-22.56 is renumbered as FinCEN Form 109. After consulting law enforcement, FinCEN proposes to revise, simplify, and shorten the format as follows. This action will enhance the industry's ease of completing the form while still obtaining critical information for law enforcement. Part I, Subject Information, item 17, vehicle license number, item 18 customer number, item 19 Occupation, item 20 Endorser name, item 21 bank account number of the endorser, and item 22 bank of first deposit have been deleted. Part II, Suspicious Instrument/ Money Transfer Information has been reformatted to delete the requirement to record and file with the SAR the serial numbers, traveler's checks, and money transfer numbers. The current TD F 90-22-56A, the continuation page, is removed from the Suspicious Activity Report reporting format. A new item in Part II has been added for reporting information about the purchase and redemption of monetary instruments. In addition, two new Part II items to record currency exchanger information have been included. Part IV, specific Law Enforcement Agency Information reporting has been deleted, although the

information can be included in Part VI, the Narrative. Finally, the instructions for completing the form have been revised and included as part of the draft.

Type of Review: Revision of currently approved information collection.

Affected public: Business or other for-profit institutions.

Frequency: As required.

Estimated Burden: Reporting average of 30 minutes per response.

Estimated Number of Respondents: 20,000.

Estimated Total Annual Responses: 200,000.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval. All comments will become a matter of public record. FinCEN Form 109a Suspicious Activity Report by Money Services Business -- Instructions**1****Safe Harbor**

Federal law (31 U.S.C. 5318(g)(3)) provides complete protection from civil liability for all reports of suspicious transactions made to appropriate authorities, including supporting documentation, regardless of whether such reports are filed pursuant to this report's instructions or are filed on a voluntary basis. Specifically, the law provides that a financial institution, and its directors, officers, employees and agents, that make a disclosure of any possible violation of law or regulation, including in connection with the preparation of suspicious activity reports, "shall not be liable to any person under any law or regulation of the United States, any constitution, law, or regulation of any State or political subdivision of any State, or under any contract or other legally enforceable agreement (including any arbitration agreement), for such disclosure or for any failure to provide notice of such disclosure to the person who is the subject of such disclosure or any other person identified in the disclosure".

Notification Prohibited

Federal law (31 U.S.C. 5318(g)(2)) provides that a financial institution, and its directors, officers, employees, and agents, who report suspicious transactions to the government voluntarily or as required by 31 CFR 103.20, may not notify any person involved in the transaction that the transaction has been reported.

Notification Required

In situations involving suspicious transactions requiring immediate attention, such as ongoing money laundering schemes, a money transmitter, a currency dealer or exchanger, or an issuer, seller, or redeemer of money orders and/or traveler's checks shall immediately notify, by telephone, an appropriate law enforcement authority. In addition, a timely SAR-MSB form shall be filed, including recording any such notification in Part VI on the form.

A. When To File A Report:

1. Money transmitters; currency dealers and exchangers; and issuers, sellers and redeemers of money orders and/or traveler's checks that are subject to the requirements of the Bank Secrecy Act and its implementing regulations (31 CFR Part 103) are required to file a suspicious activity report (SAR-MSB) with respect to:

a. Any transaction conducted or attempted by, at, or through a money services business involving or aggregating funds or other assets of at least \$2,000 (except as described in section "b" below) when the money services business knows, suspects, or has reason to suspect that:

i. The transaction involves funds derived from illegal activity or is intended or conducted in order to hide or disguise funds or assets derived from illegal activity (including, without limitation, the nature, source, location, ownership or control of such funds or assets) as part of a plan to violate or evade any Federal law or regulation or to avoid any transaction reporting requirement under Federal law or regulation;

ii. The transaction is designed, whether through structuring or other means, to evade any regulations promulgated under the Bank Secrecy Act; or

iii. The transaction has no business or apparent lawful purpose and the money services business knows of no reasonable explanation for the transaction after examining the available facts, including the background and possible purpose of the transaction.

iv. The transaction involves the use of the money services business to facilitate criminal activity.

b. To the extent that the identification of transactions required to be reported is derived from a review of clearance records or other similar records of money orders or traveler's checks that have been sold or processed, an issuer of money orders or traveler's checks shall only be required to report a transaction or a pattern of transactions that involves or aggregates funds or other assets of at least \$5,000.

2. File a SAR-MSB no later than 30 calendar days after the date of initial detection of facts that constitute a basis for filing the report.

3. The Bank Secrecy Act requires that each financial institution (including a money services business) file currency transaction reports (CTRs) in accordance with the Department of the Treasury implementing regulations (31 CFR Part 103). These regulations require a financial institution to file a CTR (FinCEN Form 104) whenever a currency transaction exceeds \$10,000. If a currency transaction exceeds \$10,000 and is suspicious, a money transmitter, or issuer, seller or redeemer of money orders and/or traveler's checks or currency dealer or exchanger **must** file two forms, a CTR to report the currency transaction and a SAR-MSB to report the suspicious aspects of the transaction. If the suspicious activity involves a currency transaction that is \$10,000 or less, the institution is only required to file a SAR-MSB. Appropriate records must be maintained in each case. See 31 CFR Part 103

OMB Number: 1557-0202.

Form Number: None.

Abstract: This information collection covers an existing regulation and involves no change to the regulation or the information collection. The OCC requests only that OMB renew its approval of the information collection in the current regulation. The regulation requires national banks to make disclosures and keep records regarding whether a property securing a loan is located in a special flood hazard area.

This information collection is required by section 303(a) and title V of the Riegle Community Development and Regulatory Improvement Act, Pub. L. 103-325, title V, 108 Stat. 2160, the National Flood Insurance Reform Act of 1994 amendments to the National Flood Insurance Act of 1968 (12 U.S.C. 4104a and 4104b) and the Flood Disaster Protection Act of 1973 (12 U.S.C. 4012a and 4106(b)), and by OCC regulations implementing those statutes located at 12 CFR 22.6, 22.7, 22.9, and 22.10.

The information collections are as follows:

12 CFR 22.6 requires a national bank to use and maintain a copy of the Standard Flood Hazard Determination Form developed by FEMA.

12 CFR 22.7 requires a national bank or its loan servicer, if a borrower has not obtained adequate flood insurance, to notify the borrower to obtain adequate flood insurance or the bank or servicer will purchase flood insurance on the borrower's behalf.

12 CFR 22.9 requires a national bank making a loan secured by a building or a mobile home to advise the borrower and the loan servicer that the property is, or is not, located in a special flood hazard area, if flood insurance is available under the National Flood Insurance Program, and if Federal disaster relief may be available in the event of flooding. The bank must maintain a record of the borrower's and loan servicer's receipts of these notices.

12 CFR 22.10 requires a national bank making a loan secured by a building or a mobile home located in a special flood hazard area to notify FEMA of the

identity of the servicer, and of any change in servicers.

These information collections ensure bank compliance with applicable Federal law, further bank safety and soundness, provide protections for banks and the public, and further public policy interests.

Affected Public: Businesses or other for-profit.

Number of Respondents: 2,300.

Total Annual Responses: 230,000.
