CEMENT IN JUNE 2007

This report provides monthly data on the shipments of cement to final customers, and the production of clinker, in the United States from January 2006 through the current month.¹ Data on the imports of cement and clinker for the current month are also provided.

Total shipments of portland and blended cement in the United States and Puerto Rico for June 2007 were about 10.9 million metric tons (Mt). This was 11.9% lower than shipments in June 2006 (tables 2A and 2B). Shipments year-to-date totaled about 54.4 Mt, down by 11.5% compared with those (revised) of the same period in 2006. The leading producing States (California, Texas, Michigan, Pennsylvania, and Missouri, in descending order) shipped about 33% of the June total (table 1A). The leading consuming States (Texas, California, Florida, Illinois, and Ohio, in descending order) received about 35% of June's total shipments (tables 2A and 2B).

Clinker production totaled about 7.6 Mt, a 3.0% decrease compared with that in June 2006 (table 4). Production year-to-date was 42.4 Mt, down by 2.2% from that of the same period in

2006. The leading clinker-producing States (California, Texas, Pennsylvania, Florida, and Alabama, in descending order) produced about 42% of the June total.

Masonry cement shipments in June of about 0.40 Mt were 22.2% lower than shipments for June 2006 (table 2C). Shipments year-to-date were 2.26 Mt, down by 20.0% from those of the same period in 2006. The leading consuming States in June, in descending order, were Florida, California, Texas, North Carolina, and Georgia, and these States received almost 47% of the month's total shipments.

Tables 5, 6, and 7 contain import data from the U.S. Census Bureau. Data for clinker imports into the Seattle and possibly the Detroit customs districts remain incomplete owing to some shipments arriving overland from Canada on an informal entry basis. June 2007 imports of cement and clinker were about 1.9 Mt, down by almost 43% from imports in June 2006. Imports year-to-date were about 11.5 Mt, down by about 38% from those of the same period in 2006.

An e-mail notification will be sent to MI-CEMENT list service subscribers when new publications or data releases become available. For more information, refer to USGS Minerals Information Publication List Services at URL: <http://minerals.usgs.gov/minerals/pubs/listservices.html>.

¹Footnoted revisions to the historical data are those received since the publication of the previous month's edition of this report. Data for the current month may contain revisions (not indicated by footnotes) received since the publication of the preliminary edition of the current month's report.

^rRevised.

¹Data are unrounded but are believed to be accurate to no more than three significant digits.

²Includes cement manufactured from imported clinker.

³Data may not add to totals shown because of independent rounding.

⁴As reported by domestic and Canadian cement manufacturers and other importers.

^rRevised.

¹Data are unrounded but are believed to be accurate to no more than three significant digits.

²Includes cement manufactured from imported clinker.

³As reported by domestic and Canadian cement manufacturers and other importers.

⁴Data may not add to totals shown because of independent rounding.

-- Zero.

¹Data are unrounded but are believed to be accurate to no more than three significant digits.

²Includes imported cement and cement manufactured from imported clinker.

³Blended cement defined per ASTM standard C595.

⁴Includes U.S. possessions and territories.

⁵Data may not add to totals shown because of independent rounding.

-- Zero.

¹Data included in table 5.

²Includes Puerto Rico.

³Imports calculating to less than about \$90 per metric ton likely are, or include, gray portland cement that was misregistered by the importer under the white cement tariff code.

⁴Most of the tonnage listed as coming into Los Angeles from China is believed to be gray portland cement that was misregistered by the importer under the white cement tariff code.

⁵Value = c.i.f. (cost, insurance, and freight).
