Fisheries and Habitat Conservation

Active in

North Dakota — 2005

PARTNERS FOR FISH AND WILDLIFE PROGRAM ACTIVITIES

- Worked with more than 90 landowners to voluntarily restore/enhance over 12,000 acres of wetland, upland, and riparian habitats on private lands in 2005.
- Private land projects benefit sage grouse and a very extensive list of waterfowl, shorebird, and grassland nesting bird species.

NATIONAL FISH HATCHERIES IN NORTH DAKOTA

- Garrison Dam National Fish Hatchery produced:
 - 33,000 juvenile pallid sturgeons and 23,500 pallid sturgeon eggs to contribute toward recovery of the species.
 - Distributed almost 500,000 walleye and northern pike fingerlings and rainbow trout in North Dakota and Montana national wildlife refuges for restoration and recreation purposes.

TRIBAL GOVERNMENT ASSISTANCE

- Assisted the Chippewa Tribe, Turtle Mountains Band, maintain balanced fisheries in three lakes by providing 59,000 walleye fingerlings.
