SEPARATE RATE BACKGROUND

The Department assigns a separate rate in non-market economy (“NME”) cases only if the firm can demonstrate an absence of government control, both in law (*de jure*) and in fact (*de facto*), over its export activities in accordance with the separate-rate test criteria. The Department limits its separate rate consideration to NME firms that exported or sold subject merchandise to the United States during the period of review (“POR”) in a commercial transaction.

- Completion of this Certification does not guarantee separate rate status for this POR.
- If your responses to the questions in this Certification do not demonstrate your eligibility for separate rate status, you will not be granted a separate rate for this POR.
- Each firm seeking separate rate status must submit a separate Certification regardless of any common ownership or affiliation between firms and regardless of foreign ownership.
- Firms whose Certifications are untimely, incomplete or otherwise deficient may be denied a separate rate in the administrative review.
- By completing the Certification, firms certify that they have relevant supporting documents and can submit them to the Department upon request. If a firm that has completed this form is not able to furnish supporting documents as requested by the Department, the Department may conclude the firm is not eligible for a separate rate.
- Along with requesting supporting documentation, the Department may issue questionnaires for clarification purposes. All information submitted and representations made by your firm are subject to verification.
- There is a possibility that your firm may be selected as a mandatory respondent, in which case your firm will be required to provide a response to the full antidumping questionnaire.
- The firm name provided to the Department in this Certification must be the name that appears on the firm’s business license/registration documents. All shipments to the United States declared to U.S. Customs and Border Protection must identify the firm by its legal business name, and this name must match the name that appears on the firm’s business/registration documents. If your firm is assigned separate rate status, your firm will only be able to ship under your separate rate under names that are included on your business license/registration documents.
- Firms owned wholly by entities located in market-economy countries, provided that the ultimate owners are also located in market-economy countries, (“wholly market-economy owned firms”), need not respond to questions marked with an asterisk (“*”).
