Linked Birth/Infant Death Data Set: 2000 Birth Cohort Data

Data File Characteristics:
    The data were processed using Database.
    Codes may be numeric, alphabetic, or blank.

I. Denominator File:

    United States Data Set
        A. File Organization: One file
        B. Record count: 4,063,913
        C. Record length: 230
        D. Data counts: a. By occurrence: 4,063,913
                                                            b. By residence: 4,058,903
                                                            c. To foreign residents: 5,010

    Territories Data Set
        A. File Organization: One file
        B. Record count: 64,906
        C. Record length: 230

        Puerto Rico
        Data counts: a. By occurrence: 59,460
                                                            b. By residence: 59,333
                                                            c. To foreign residents: 127

        Virgin Islands
         Data counts: a. By occurrence: 1,685
                                                            b. By residence: 1,564
                                                            c. To foreign residents: 121
        Guam
        Data counts: a. By occurrence: 3,788
                                                            b. By residence   3,766
                                                            c. To foreign residents: 22

II. Numerator File:

   United States Data Set
     A. File Organization: One file
     B. Record count: 27,719
     C. Record length: 535
     D. Data counts: a. By occurrence: 27,719
                                            b. By residence: 27,690
                                            c. To foreign residents: 29

   Territories Data Set
     A. File Organization: One file
     B. Record count: 601
     C. Record length: 535

     Puerto Rico
     Data counts: a. By occurrence: 568
                                            b. By residence: 563
                                          c. To foreign residents: 5

     Virgin Islands
     Data counts: a. By occurrence: 14
                                            b. By residence: 17
                                          c. To foreign residents: 0
     Guam
     Data counts: a. By occurrence: 19
                                            b. By residence   19
                                          c. To foreign residents: 0

III. Unlinked File:

United States Data Set
   A. File Organization: One file
   B. Record count: 360
   C. Record length: 535
   D. Data counts: a. By occurrence: 360
                                         b. By residence: 358
                                       c. To foreign residents: 2

Territories Data Set
   A. File Organization: One file
   B. Record count: 7
   C. Record length: 535

Puerto Rico
Data counts: a. By occurrence: 7
                                         b. By residence: 1
                                       c. To foreign residents: 6

Virgin Islands
Data counts: a. By occurrence: 0
                                             b. By residence: 5
                                       c. To foreign residents: 0

Guam
Data counts: a. By occurrence: 0
                                         b. By residence   0
                                       c. To foreign residents: 0
