U.S. Navy Marine Climatic Atlas of the World - Ver 1.1.

This CD-ROM includes analysis and display software for climatological averages of atmospheric and oceanographic data. The data are summarized with user-defined 1 and 5 degree grid areas covering the global marine environment. The summaries are produced using predominately ship data collected between 1854-1969. The major elements include air and sea temperature, dewpoint temperature, scalar wind speed, sea-level pressure, wave height, wind and ocean-current roses. This CD also allows the user to define element intervals (e.g. 5 to 10 knots, 2 degree temperature intervals). Contouring for explicitly user-defined regions and exporting data to a printer or diskette are supported. Narratives for Mediterranean ports and ocean basin climatology narratives are included in this version. \$175.00

U.S. Navy Marine Climatic Atlas of the World \$ _____ *

CAUTION: MANY ISOPLETHS OF THESE ATLASES ARE IN COLOR, AND ARE DIFFICULT TO DISTINGUISH ON MONOCHROME.

ALL ATLASES EXCEPT VOL #8 AVAILABLE FROM NATIONAL TECHNICAL INFO SERVICE 703-487-4650.

Vol I, North Atlantic Ocean (Revised)	(1974).....	\$ _____ *
Vol II, North Pacific Ocean (NTIS AD-A072 498)	(1977) Vols I & II:	\$ _____ *
Vol III, Indian Ocean (NTIS AD-A072 499)	(1976)	\$21.00
Vol IV, South Atlantic Ocean (NTIS AD-A072 500)	(1978) Vols III & IV:	\$19.00
Vol V, South Pacific Ocean (NTIS AD-A089 035)	(1979)	\$18.50
Vol VI, Arctic Ocean	(1963) Vols V & VI:	\$ _____ *
Vol VII, Antarctic Ocean	(1965)	\$ _____ *
Vol VIII, The World	(1969) Vols VII, VIII, & IX:	\$ _____ *
Vol IX, World-wide Means and Stnd. Devs. (NTIS AD-A108 222)	(1981)	\$ _____ *

Tropical Cyclones of the N. Atlantic Ocean, 1871-1992 (with updates) \$20.00

North Atlantic Tropical Cyclones, 1950-1980

(extracts from CD, National Summary Annuals) \$ _____ *

Mariners Worldwide Climatic Guide to Tropical Storms at Sea

Narrative information and charts showing storm tracks, frequency maps and tropical cyclone roses. \$ _____ *

U.S. Navy Hindcast Spectral Ocean Wave Model Climatic Atlas:

New historical environmental data set in the form of a wind and wave climatology. Data in the Atlas were produced by applying the Spectral Ocean Wave Model in hindcast mode to historical wind and pressure fields.

North Atlantic Ocean GPO Stock No. 008-042-00074-8.	\$39.00
North Pacific Ocean.	\$39.00
Mediterranean Sea	\$39.00

Wind and Wave Summaries for Selected U.S. Coast Guard Operating Areas

Describes wind and wave conditions for the U.S. East Coast, Great Lakes and Eastern Pacific. Document No. AD-A130 647, Phone 703-487-4650

Addendum to Wind and Wave Summaries for Selected U.S. Coast Guard Operating Areas

Contains additional sites for the locations given in the first summary along with U.S. West Coast and Hawaiian locations. Also included is a section on coastal site wind statistics for the U.S. Coast. \$26.50

TOTAL PRICE OF THE ITEMS BEING ORDERED: \$ _____ *

RUSH Processing (add \$60): \$ _____ *

Service and Handling Charge: \$5.00, or \$11 if ordered items total \$50 or more \$ _____ *

Foreign Surcharge: Add \$10.00 to orders < \$100; \$20.00 to all orders \$100 or more originating outside the U.S. \$ _____ *

PAYMENT made to "NOAA National Data Centers" (in U.S. dollars) is enclosed for the items priced and circled on this form, in the amount of: \$ _____ (*)Call or write for this price. \$ _____ *
