The Honorable Kathleen Sebelius  
Governor  
State House  
2nd Floor  
Topeka, KS 66612

Dear Governor Sebelius:

We are pleased to provide you with this first Annual State Report presented by the President's Council on Service and Civic Participation.

The State Report provides a summary of your state's commitment to the President's Volunteer Service Award Program since its inception in 2004. The Council works in partnership with businesses, nonprofit groups, schools, and other organizations across the country to honor local volunteers with the Award. More than 16,000 organizations across the nation have recognized over 400,000 Americans with this honor.

Citizens of all ages and backgrounds are giving of their time and talents to improve lives and strengthen communities. In 2005, more than 65 million Americans volunteered to help their neighbors and communities through service. The President's Volunteer Service Award is one way we pay tribute to these volunteers.

The Award is issued by the President's Council on Service and Civic Participation on behalf of the President of the United States to recognize the best in American spirit, and to encourage all Americans to improve their communities through volunteer service. The Award is given to individuals, families, and groups that have demonstrated outstanding volunteer service and civic participation over the course of a 12-month period.

Today, we challenge you to help advance this national volunteer recognition movement and celebrate the volunteer contributions of your residents especially during National Volunteer Week. I hope your office will join us in honoring your state's most valuable assets – volunteers.

Sincerely,

Kari Dunn  
Executive Director

## About the President's Council on Service and Civic Participation:

President George W. Bush established USA Freedom Corps in January of 2002, and he called on all Americans to serve a cause greater than themselves. One year later, he created the President's Council on Service and Civic Participation to help recognize the contributions of America's volunteers. The Council strives to promote and recognize outstanding volunteer service and raise awareness of the many ways in which Americans can help meet the needs of individuals within their communities and around the world. The Council brings together leaders from business, entertainment, sports, education, government, nonprofits, and the media, each of whom has demonstrated a commitment to service and volunteering in his or her own life. For more information about the President's Council and its members, please visit [www.volunteer.gov](http://www.volunteer.gov).
