Re: Abandoned Pipeline Facilities Report (40 CFR §192.727(g)(2))

Dear Sir or Madam:

Pursuant to the above-referenced regulation, I enclose five reports relating to gas pipelines previously operated by Consolidated Edison Company of New York, Inc. or a predecessor thereto, which have been permanently removed from service.

As noted in the reports, these pipelines were installed in the early to mid 1900s (one installation date is unknown). We reviewed available corporate records relating to these pipelines, but were unable to determine some of the information requested. Should you have any questions about these reports, please feel free to contact me at (718) 319-2316, or by email at [ciminiellof@coned.com](mailto:ciminiellof@coned.com).

Sincerely,

  
Frank J. Ciminiello  
Chief Gas Engineer  
Consolidated Edison Co., N.Y., N.Y.

Enclosures

**Abandoned Pipeline Closure Report**

**Per**

**49 CFR Section 192.727(g)(2)**

**Pipeline Number / Name:**

#112 / 9<sup>th</sup> Avenue and Broadway, Manhattan - West 225 Street and Henry Hudson Bridge, Bronx (New York City)

**River Crossing:**

Harlem River

**Size and Type:**

12" Diameter / Coated Steel / Underwater Gas Pipeline

**Date Installed:**

Unknown

**Date Abandoned:**

Unknown

**Method of Abandonment:**

Unknown

**Certification**

To the best of my knowledge, I have provided all of the requested information that is reasonably available about the subject pipeline. Because information regarding the date of abandonment and the particular method of abandonment was not available for this pipeline, I am unable to certify that this pipeline was closed in accordance with applicable law.

  
Frank J. Cimmiello, Chief Gas Engineer  
Consolidated Edison Co., N.Y., N.Y.

**Abandoned Pipeline Closure Report**
