SUPPLEMENTARY INFORMATION:

On October 8, 1991, the Commission adopted a Final Rule to implement the Non-Vessel-Operating Common Carrier Amendments of 1990. Through an oversight, the Final Rule did not contain certain language relating to the transportation of used household goods and personal effects for the Department of Defense. It was the Commission's intention to indicate that although such shipments are not subject to the requirements of 46 CFR Part 583, they might nonetheless be subject to other requirements imposed by the

Department of Defense, such as alternative surety bonds. Accordingly, the Final Rule should be corrected as follows:

On page 51994, in column two, in § 583.3, paragraph (c) is corrected to read as follows:

§ 583.3 Proof of financial responsibility, when required.

* * * * *

(c) Any person which exclusively transports used household goods and personal effects for the account of the Department of Defense is not subject to the requirements of this Part, but may be subject to other requirements, such as alternative surety bonding, imposed by the Department of Defense.

By the Commission.
